In this heart-
stopping
thriller from
New York

Times
bestselling
author Brad
Taylor, Pike
Logan returns
with his most
dangerous
and personal
threat yet: a
Taskforce
Operator gone
rogue. For
years, the
extralegal
counterterrori

st unit known
as the
Taskforce has
worked in the
shadows,
anticipating
and
preventing
attacks
around the
globe. Created
to deal with a
terrorist threat
that shuns the
civilized rule

of law, it abandoned the same, operating outside of the US Constitution. Though wildly successful, it was rooted in a fear that the cure could be worse than the disease. And now that fear has come home. A Special Forces soldier is killed on an operation in Afghanistan, and complicit in the attack is a government official of an allied nation. While the US administration wants to forget the casualty, one

Taskforce member will not. When he sets out to avenge his brother's death, his actions threaten to not only expose the Taskforce's activities, but also destroy a web of alliances against a greater evil. Pike Logan understands the desire, but also the danger. Brought in to eliminate the risk, he's now forced to choose between his friend and the administration he's sworn to

protect, while unbeknownst to either of them, the soldier's death is only the beginning...
Raider
University Press of Kentucky
Drawing on journals, diaries, personal narratives, and unit histories, Hallas relates the story of WWI's "doughboys" - the men behind the American rifles. He weaves from first experiences to the bloody battle at Belleau Wood

to Marne and Argonne battlefields, crafting a uniquely personal and startlingly real conception of how boys from America became soldiers in Europe. *Mosquito Soldiers* HarperCollins Publishers Kent Anderson's stunning debut novel is a modern classic, a harrowing, authentic picture of one American soldier's experience of the Vietnam War--"unlike anything else

in war literature" (Los Angeles Review of Books). Hanson joins the Green Berets fresh out of college. Carrying a volume of Yeats's poems in his uniform pocket, he has no idea of what he's about to face in Vietnam--from the enemy, from his fellow soldiers, or within himself. In vivid, nightmarish, and finely etched prose, Kent Anderson takes us through Hanson's two tours of duty

and a bitter, ill-fated return to civilian life in-between, capturing the day-to-day process of war like no writer before or since.

Of Courage and Determination LSU Press
 Citizen soldiers have played a unique role in the wars in Iraq and Afghanistan - and their extended deployment and role in the wars battles have changed the towns, cities, and states they hail from as well. The

Devil's Sandbox - a nickname for Iraq - is the story of the 2nd Battalion of Oregon's 162nd Infantry Regiment (2/162), and provides readers an intimate look at the reality of National Guardsmen at war. Follow the 2/162 from their call-up in the summer of 2003 to their return home in the spring of 2005. Witness some of the fiercest fighting of the Iraq War and some of the most rewarding and

forward-looking civil affairs projects aimed at rebuilding the broken nation of Iraq. Read how the town in Oregon struggles to do without the people - the accountants, lawyers, mechanics, et. al. - who went to serve in the war. The Devil's Sandbox offers a rare insight into what this war means for the citizen-soldier at home and abroad, and chronicles a battalion that earned the respect of the

regular Army soldiers who fought alongside them in some of the toughest battles in the Iraq war. [America Invulnerable](#) Random House Trade Paperbacks As the United States prosecuted a bloody campaign to pacify its newly won Philippines territory at the turn of the nineteenth century, a secret mission of mercy went terribly wrong. The result was a prisoner-of-war crisis, the

likes of which our nation had never encountered before. The epic struggle for survival that followed was not only a test of the human will to live, but a crucible for heroes. And yet, what was touted as a heroic rescue operation extended a war by almost two years and cost the lives of thousands. In April 1899, Admiral George Dewey dispatched the USS Yorktown to liberate a detachment of Spanish

soldiers under siege by Filipino rebels. To reconnoiter enemy defenses, one of the Yorktown's armed cutters—manned by a crew of fifteen sailors—was sent toward shore. And then it happened. Defying orders, Lieutenant James C. Gillmore Jr. recklessly pushed upriver into heavy jungle—and headlong into an ambush that would kill four of his men. The

survivors were dragged across mountains and through dense jungle from one pestilent prison to the next along what Gillmore called “a veritable Devil’s Causeway.” Their captivity and the torturous expedition sent to recover them, recalled today as one of the greatest marches in US Army history, features a tightly hewn cast of characters—including a frail yet

determined teenaged sailor and his hardened seafaring mates; battle-tested veterans of the Civil War and the Indian Wars; and a fiery revolutionary commander who gave orders to bury wounded Americans alive. A sweeping military epic drawing on international primary sources, *The Devil's Causeway* tells their extraordinary story in its entirety for the first time.

The Devil Soldier Simon and Schuster The first special service forces of World War II were known as the Devil's Brigade. Ferocious and stealthy combatants, they garnered their moniker from the captured diary of a German officer who wrote, "The black devils are all around us every time we come into line and we never hear them." Handpicked U.S. and Canadian soldiers trained in

mountaineering, airborne, and close-combat skills, they numbered more than 2,300 and saw action in the Aleutians, Italy, and the south of France. Co-written by a brigade member and a World War II combat pilot, the book explores the unit's unique characteristics, including the men's exemplary toughness and their ability to fight in any terrain against murderous opposition. It also profiles

some of the unforgettable characters that comprised the near-mythical force.

Conceived in Great Britain, the brigade was formed to sabotage the German submarine pens and oil storage areas along Norway's coast, but when the campaign was cancelled, the men moved on to many other missions. This World War II tale of adventure, first published in hardcover in 1966 and

made into a movie not long after, is now available in paperback for the first time.

American Sniper Crown Chace and Carr present a splendid and often entertaining account of the American pursuit of invulnerability and how this intense drive for security has shaped our 200-year history.

Sympathy for the Devil Univ of North Carolina Press An Allied unit comprised of Canadian and American

troops, the First Special Service Force or "Devil's Brigade" struck fear into the very heart of the Axis. In the dark, early days of the Second World War, the Allies found themselves with their backs against the wall. With their armies, tactics, doctrine, and equipment in tatters, the Allies turned to special operations forces to carry the fight to the Axis enemy until their conventional

forces could be built up once again. Specially selected and trained, these forces struck fear into the hearts of the enemy. One such unit, the First Special Service Force (FSSF) or Devil's Brigade, was created for a hazardous mission in Norway. This unique formation was composed of both Americans and Canadians who served side by side without distinction of nationality. A killer elite, the

FSSF consistently demonstrated courage and determination and earned itself an unrivaled combat record at Monte la Difensa and Anzio in Italy and in the invasion of southern France. A Little Devil in America Macmillan + ORM Alois Dwenger, writing from the front in May of 1942, complained that people forgot "the actions of simple soldiers. I believe that

true heroism lies in bearing this dreadful everyday life." In exploring the reality of the Landsers, the average German soldier in World War II, through letters, diaries, memoirs, and oral histories, Stephen G. Fritz provides the definitive account of the everyday war of the German front soldier. The personal documents of these soldiers, most from the Russian front, where the majority of German infantrymen

saw service, paint a richly textured portrait of the Landser that illustrates the complexity and paradox of his daily life. Although clinging to a self-image as a decent fellow, the German soldier nonetheless committed terrible crimes in the name of National Socialism. When the war was finally over, and his country lay in ruins, the Landser faced a bitter truth: all his exertions and sacrifices had

been in the name of a deplorable regime that had committed unprecedented crimes. With chapters on training, images of combat, living conditions, combat stress, the personal sensations of war, the bonds of comradeship, and ideology and motivation, Fritz offers a sense of immediacy and intimacy, revealing war through the eyes of these self-styled "little men." A fascinating

look at the day-to-day life of German soldiers, this is a book not about war but about men. It will be vitally important for anyone interested in World War II, German history, or the experiences of common soldiers throughout the world.

Dog Soldiers
Grove/Atlantic
"A fast-moving tale of courage, cruelty, hardship, and savagery."--
Pittsburgh Post-Gazette
In North America's first major conflict,

known today as the French and Indian War, France and England--both in alliance with Native American tribes--fought each other in a series of bloody battles and terrifying raids. No confrontation was more brutal and notorious than the massacre of the British garrison of Fort William Henry--an incident memorably depicted in James Fenimore Cooper's The Last of the Mohicans.

That atrocity stoked calls for revenge, and the tough young Major Robert Rogers and his "Rangers" were ordered north into enemy territory to exact it. On the morning of October 4, 1759, Rogers and his men surprised the Abenaki Indian village of St. Francis, slaughtering its sleeping inhabitants without mercy. A nightmarish retreat followed. When, after terrible hardships, the

raiders finally returned to safety, they were hailed as heroes by the colonists, and their leader was immortalized as "the brave Major Rogers." But the Abenakis remembered Rogers differently: To them he was Wobomagond a--"White Devil." There's A Devil In The Drum [Illustrated Edition] Macmillan + ORM NATIONAL BOOK AWARD FINALIST • A sweeping, genre-bending

“masterpiece” (Minneapolis Star Tribune) exploring Black art, music, and culture in all their glory and complexity—from Soul Train, Aretha Franklin, and James Brown to The Fresh Prince of Bel-Air, Whitney Houston, and Beyoncé ONE OF THE TEN BEST BOOKS OF THE YEAR: Chicago Tribune, The Philadelphia Inquirer, The Dallas Morning News, Publishers Weekly “Gorgeous essays that reveal the

resilience, heartbreak, and joy within Black performance.” —Brit Bennett, #1 New York Times bestselling author of The Vanishing Half “I was a devil in other countries, and I was a little devil in America, too.” Inspired by these few words, spoken by Josephine Baker at the 1963 March on Washington, MacArthur “Genius Grant” Fellow and bestselling author Hanif Abdurraqib

has written a profound and lasting reflection on how Black performance is inextricably woven into the fabric of American culture. Each moment in every performance he examines—whether it’s the twenty-seven seconds in “Gimme Shelter” in which Merry Clayton wails the words “rape, murder,” a schoolyard fistfight, a dance marathon, or the instant in a game of

spades right after the cards are dealt—has layers of resonance in Black and white cultures, the politics of American empire, and Abdurraqib’s own personal history of love, grief, and performance. Touching on Michael Jackson, Patti LaBelle, Billy Dee Williams, the Wu-Tan Clan, Dave Chappelle, and more, Abdurraqib writes prose brimming with jubilation and pain. With care and generosity, he

explains the poignancy of performances big and small, each one feeling intensely familiar and vital, both timeless and desperately urgent. Filled with sharp insight, humor, and heart, *A Little Devil in America* exalts the Black performance that unfolds in specific moments in time and space—from midcentury Paris to the moon, and back down again to a cramped living

room in Columbus, Ohio.  “Saudi Arabia
 is more and
 more an
 irrational
 state—a place
 that spawns
 global
 terrorism even
 as it
 succumbs to
 an ancient
 and deeply
 seated
 isolationism, a
 kingdom led
 by a royal
 family that
 can’t get out
 of the way of
 its own greed.
 Is this the

fulcrum we
 want the
 global
 economy to
 balance on?”
 In his
 explosive New
 York Times
 bestseller, *See
 No Evil*,
 former CIA
 operative
 Robert Baer
 exposed how
 Washington
 politics
 drastically
 compromised
 the CIA’s
 efforts to fight
 global
 terrorism. Now
 in his powerful
 new book,
*Sleeping with
 the Devil*,
 Baer turns his
 attention to
 Saudi Arabia,
 revealing how
 our
 government’s

cynical
 relationship
 with our
 Middle Eastern
 ally and
 America’s
 dependence
 on Saudi oil
 make us
 increasingly
 vulnerable to
 economic
 disaster and
 put us at risk
 for further
 acts of
 terrorism. For
 decades, the
 United States
 and Saudi
 Arabia have
 been locked in
 a “harmony of
 interests.”
 America
 counted on
 the Saudis for
 cheap oil,
 political
 stability in the
 Middle East,
 and lucrative

business relationships for the United States, while providing a voracious market for the kingdom's vast oil reserves. With money and oil flowing freely between Washington and Riyadh, the United States has felt secure in its relationship with the Saudis and the ruling Al Sa'ud family. But the rot at the core of our "friendship" with the Saudis was dramatically revealed when it became apparent that

fifteen of the nineteen September 11 hijackers proved to be Saudi citizens. In *Sleeping with the Devil*, Baer documents with chilling clarity how our addiction to cheap oil and Saudi petrodollars caused us to turn a blind eye to the Al Sa'ud's culture of bribery, its abysmal human rights record, and its financial support of fundamentalist Islamic groups that have been directly linked

to international acts of terror, including those against the United States. Drawing on his experience as a field operative who was on the ground in the Middle East for much of his twenty years with the agency, as well as the large network of sources he has cultivated in the region and in the U.S. intelligence community, Baer vividly portrays our decades-old relationship with the increasingly

dysfunctional and corrupt Al Sa'ud family, the fierce anti-Western sentiment that is sweeping the kingdom, and the desperate link between the two. In hopes of saving its own neck, the royal family has been shoveling money as fast as it can to mosque schools that preach hatred of America and to militant fundamentalist groups—an end game just waiting to play out. Baer not only reveals the outrageous

excesses of a Saudi royal family completely out of touch with the people of its kingdom, he also takes readers on a highly personal search for the deeper roots of modern terrorism, a journey that returns time again and again to Saudi Arabia: to the Wahhabis, the powerful Islamic sect that rules the Saudi street; to the Taliban and al Qaeda, both of which Saudi Arabia helped to underwrite;

and to the Muslim Brotherhood, one of the most active and effective terrorist groups in existence, which the Al Sa'ud have sheltered and funded. The money and arms that we send to Saudi Arabia are, in effect, being used to cut our own throat, Baer writes, but America might have only itself to blame. So long as we continue to encourage the highly volatile Saudi state to bank our oil

under its sand—and so long as we continue to grab at the Al Sa’ud’s money—we are laying the groundwork for a potential global economic catastrophe. To Hell and Back Hachette+OR M Includes the First World War Illustrations Pack – 73 battle plans and diagrams and 198 photos “A classic. Lucy enlisted, with his brother in the RIR 1912, 2nd Bn. in France &

gives a very fine account of the 1914-1915 campaign. His brother was killed at the Aisne & Lucy was eventually sent home for a rest: “My leave... was a nightmare. My sleep was broken & full of voices & the noises of war. The voices were those of officers & men who were dead... One morning was discovered standing up in bed facing a wall ready to repel an imaginary dawn attack.”

Lucy was commissioned , returned to his bn. and fought at 3rd Ypres & Cambrai until wounded. John Lucy, an Irishman from Cork, enlisted in an Ulster regiment, The Royal Irish Rifles, with his younger brother in January 1912, and after six months at the Depot they joined the 2nd Bn in Dover. Subsequently they moved to Tidworth where the battalion was on 4 August 1914, in 7th Bde 3rd Division; ten

days later they were in France. There follow brilliant accounts of Mons, Le Cateau and the retreat to the Marne, the turn of the tide and the Battle of the Aisne where his brother was killed. The battalion was involved in desperate fighting in front of Neuve Chapelle in October 1914, losing 181 killed in four days and virtually ceasing to exist, reduced to two officers and 46 men. Brought up to strength it

suffered the same fate at First Ypres. This is a superb book, one of the best written by a 'ranker', all the better for being one of the very few to describe those early battles of 1914. As a critic wrote in 1938, 'it is easily the best [war book] written by an Irishman' - arguably still true. A great bonus is the description of life in the ranks in that long long ago just before the Great War."-

HarperCollins
"So marvelously improbable, so rich in exotic detail, that it often reads more like a historical thriller than the serious work of history that it is."—Los Angeles Times
With the same flair for history and narrative that distinguished his bestseller, *The Alienist*, Caleb Carr tells the incredible story of Frederick Townsend Ward, the American

mercenary who fought for the emperor of China in the Taiping rebellion, history's bloodiest civil war. The Devil Soldier is a thrilling, masterfully researched biography of the kind of adventurer the world no longer sees. Praise for The Devil Soldier "If ever a book of history were made for the movies, Caleb Carr's The Devil Soldier is it."—Chicago Tribune "Good, thorough, scholarly but absorbing."—Edward Rice, author of Captain Sir Richard Francis Burton *The Devil's Sandbox* Naval Institute Press Popular images of women during the American Civil War include self-sacrificing nurses, romantic spies, and brave ladies maintaining hearth and home in the absence of their men. However, as DeAnne Blanton and Lauren M. Cook show in their remarkable new study, that conventional picture does not tell the entire story. Hundreds of women assumed male aliases, disguised themselves in men's uniforms, and charged into battle as Union and Confederate soldiers—facing down not only the guns of the adversary but also the gender prejudices of society. They Fought Like Demons is the first book to fully explore

and explain these women, their experiences as combatants, and the controversial issues surrounding their military service. Relying on more than a decade of research in primary sources, Blanton and Cook document over 240 women in uniform and find that their reasons for fighting mirrored those of men—patriotism, honor, heritage, and

a desire for excitement. Some enlisted to remain with husbands or brothers, while others had dressed as men before the war. Some so enjoyed being freed from traditional women’s roles that they continued their masquerade well after 1865. The authors describe how Yankee and Rebel women soldiers eluded detection, some for many years, and even merited

promotion. Their comrades often did not discover the deception until the “young boy” in their company was wounded, killed, or gave birth. In addition to examining the details of everyday military life and the harsh challenges of warfare for these women—which included injury, capture, and imprisonment—Blanton and Cook discuss the female warrior as an icon in

<p>nineteenth-century popular culture and why twentieth-century historians and society ignored women soldiers' contributions. Shattering the negative assumptions long held about Civil War distaff soldiers, this sophisticated and dynamic work sheds much-needed light on an unusual and overlooked facet of the Civil War experience. <i>Don Jose</i> Random</p>	<p>House The award-winning combat historian and author of Washington's Immortals honors the Unknown Soldier with this "gripping story" of America's part in WWI (Washington Times). The Tomb of the Unknown Soldier is sacred ground at Arlington National Cemetery. Originally constructed in 1921 to hold one of the thousands of unidentified American soldiers lost in</p>	<p>World War I, it now receives millions of visitors each year. "With exhaustive research and fluid prose," historian Patrick O'Donnell illuminates the saga behind the creation of the Tomb itself, and the stories of the soldiers who took part in its consecration (Wall Street Journal). When the first Unknown Soldier was laid to rest in Arlington, General John Pershing selected eight of America's</p>
--	--	---

most decorated veterans to serve as Body Bearers. These men appropriately spanned America's service branches and specialties. Their ranks include a cowboy who relived the charge of the light brigade, an American Indian who heroically breached mountains of German barbed wire, a salty New Englander who dueled a U-boat for hours in a fierce gunfight, a

tough New Yorker who sacrificed his body to save his ship, and an indomitable gunner who, though blinded by gas, nonetheless overcame five machine-gun nests. In telling the stories of these brave men, O'Donnell shines a light on the service of all veterans, including the hero they brought home. Their stories present an intimate narrative of America's

involvement in the Great War, transporting readers into the midst of dramatic battles that ultimately decided the conflict. *Doughboy War* Random House The classic WWII memoir by America's most decorated soldier shares a "vivid, gripping, mature picture of combat" (The New York Times Book Review). Originally published in 1949, *To Hell and Back* was a bestselling

phenomenon and later became a major motion picture starring Audie Murphy as himself. It remains one of the most harrowing personal narratives of the Second World War and a perennial classic of military nonfiction. Rejected from both the marines and the paratroopers because he was too small, Murphy was desperate to see action and determined to serve his

country. Eventually, he found a home with the infantry and fought through campaigns in Sicily, Italy, France, and Germany. Although still under twenty-one years old on V-E Day, he was credited with having killed, captured, or wounded 240 Germans. He emerged from the war as America's most decorated soldier, having received twenty-one medals, including our highest

military decoration, the Congressional Medal of Honor. The Devil Soldier University Press of Kentucky "Few authors write about espionage, terrorism, and clandestine hit squads as well as Taylor does."—Houst on Press Pike Logan is on the desperate hunt for a man who is about to betray his country—and ignite a horrific new world war—in this pulse-pounding

thriller from New York Times bestselling author and former special forces officer Brad Taylor Pike Logan and Jennifer Cahill are enjoying a sunny vacation down under when they get disturbing news: their friend and colleague Clifford Delmonty is in serious trouble. While working as a contractor at an Australian F-35 facility, the former Taskforce member—call sign

Dunkin—saw something he shouldn't have, and now he's on the run from Chinese agents. Pike and Jennifer soon discover that Dunkin's attackers are a dangerous link to a much larger scheme that could launch a full-on conflict between China and Taiwan. In its quest for dominance, China is determined to reclaim Taiwan—a pivotal ally the United States has sworn to protect. Pike learns that the

Chinese have a devious plan to bait the island nation into all-out war by destabilizing the government and manipulating an artificial intelligence defense system. As the threat reaches a boiling point, Pike alone realizes that what they're seeing isn't actually real. A soldier who has always been trained to fight and win, Pike must now track down and neutralize the missing man who

holds the key. With the help of Jennifer, the Taskforce team, and a brave Taiwanese intelligence agent, he races to prevent a catastrophic conflict from consuming a whole region of the world. A Devil of a Whipping HarperCollins In 1941 the Japanese invaded the Philippines with overwhelming force and forced the surrender of American troops at Bataan and Corregidor.

Prisoners of war were subjected to brutal captivity and thousands did not survive. This is the story of an American soldier who survived and became a hero. When American troops liberated the Niigata POW camp after the Japanese surrender, Corporal Joseph O. Quintero greeted them with a homemade American flag that had been sewn together in secrecy. The son of

Mexican immigrants, Joseph Quintero grew up in a converted railroad caboose in Fort Worth, Texas, and joined the Army to get \$21 a month and three meals a day. He manned a machine gun in the defense of Corregidor before his unit was captured by the Japanese. When prisoners of war were transported to Japan, Joseph survived a razor-blade appendectomy on the "hell

ship" voyage. In the prison camp he cared for his fellow prisoners as a medic and came to be known as Don Jose. Joseph's narrative is an enlisted man's view of the war with first-hand descriptions of conditions in the POW camps and personal glimpses of what he and his buddies did, endured and talked about. The authors have drawn on other histories and official documents to put his story

into perspective and focus on a little-known chapter of World War II. **I Am Soldier of Fortune** Simon and Schuster A dramatic and moving tribute to the military's unsung heroes, American Patriots tells the story of the black servicemen and women who defended American ideals on the battlefield, even as they faced racism in the ranks and segregation on the home

front. Through hundreds of original interviews with veterans of every war since World War I, historic accounts, and photographs, Gail Buckley brings these heroes and their struggles to life. We meet Henry O. Flipper, who withstood silent treatment from his classmates to become the first black graduate of West Point in 1877. And World War II infantry medic Bruce M. Wright, who crawled

through a minefield to shield a fallen soldier during an attack. Finally, we meet a young soldier in Vietnam, Colin Powell, who rose through the ranks to become, during the Gulf War, the first black chairman of the Joint Chiefs of Staff. Fourteen years in the making, American Patriots is a landmark chronicle of the brave men and women whose courage and determination changed the course of American history.
