HOWARD SWANSON

Pacific Studies : a Journal Devoted to the Study of the Pacific-its Islands and Adjacent

Countries Routledge
Written during the dark
hours immediately
before and during the
Second World War, C.
S. Lewis's Space
Trilogy, of which
Perelandra is the
second volume, stands
alongside such works
as Albert Camus's The
Plague and George
Orwell's 1984 as a

timely parable that has
become timeless,
beloved by succeeding
generations as much
for the sheer wonder of
its storytelling as for
the significance of the
moral concerns. For
the trilogy's central
figure, C. S. Lewis
created perhaps the
most memorable
character of his career,
the brilliant, clear-
eyed, and fiercely
brave philologist Dr.
Elwin Ransom.
Appropriately, Lewis
modeled Dr. Ransom
after his dear friend J.
R. R. Tolkien, for in the
scope of its
imaginative
achievement and the
totality of its vision of

not one but two imaginary worlds, the Space Trilogy is rivaled in this century only by Tolkien's trilogy *The Lord of the Rings*. Readers who fall in love with Lewis's fantasy series *The Chronicles of Narnia* as children unfailingly cherish his *Space Trilogy* as adults; it, too, brings to life strange and magical realms in which epic battles are fought between the forces of light and those of darkness. But in the many layers of its allegory, and the sophistication and piercing brilliance of its insights into the human condition, it occupies a place among the English language's most extraordinary works for any age, and for all time. In *Perelandra*, Dr.

Ransom is recruited by the denizens of *Malacandra*, befriended in *Out of the Silent Planet*, to rescue the edenic planet *Perelandra* and its peace-loving populace from a terrible threat: a malevolent being from another world who strives to create a new world order, and who must destroy an old and beautiful civilization to do so. *American Agriculturist*

Thinking About America? India sends more of its students,

employees, spouses, and brains abroad than most other countries in the world. Many of them go to America; and when they arrive, they are in for the culture shock of their lives. From having to immediately modify their name (Annapoorna becomes Anna) to knowing how to field curious Americans' questions ("Do you speak Indian?"), it can be an overwhelming transition. In *Ketchup & Curry: Your Guide to Life and Success in America*, Vivek Sreedhar helps bridge the gap between Indian and American culture in a humorous and informative manner through the eye popping adventures of Subramaniam Venkataraman

Parthasarathy (Subbu) in America. Starting his American life being called a FOB (fresh off the boat), and having his name butchered, Subbu is thrown into the dollar-to-rupee conversion and Bollywood to Hollywood drama. From then on begins the long and emotional journey of Subbu's transformation as he goes from Slumdog to Swag and learns the ABCDs of being an IBCD (Indian Born Confused Desi). He even starts dating for real (not shaadi.com). When Subbu returns to India, the culture shock comes back to haunt him, keeping his heart torn between his American girlfriend, Angela, and his childhood friend Sulokshana. He struggles to find where

his heart really lies: within the bustling streets of Detroit or the humid, homely galis of southern India. What does he do...choose Angela or Sulokshana...America or India? "A hilarious guide to life and success in America. Must read for anyone aspiring to go abroad!" - Vikram Krishnan, Partner at Oliver Wyman "Finally! A book that screams the story of every Indian who came to America to live the American Dream!"- Vijayata Sanghvi, Statistical Analyst at PRA International "Very informative and funny, this book is a great read for Indians moving to the States." - Dr. Anupama Shekar, Ph.D., University of Wisconsin-Madison "This book should

appeal to both first time travelers looking for perspectives on life in America as well as fully integrated immigrants who will look back at their life and smile at how far they have come."- Shavin Shahnawaz, Manager at Deloitte Consulting. The Essays of Michael Seigneur de Montaigne Princeton Architectural Press The novella was an important medieval and Renaissance prose narrative form that developed out of exempla and didactic literature and contributed to modern narrative forms. This is the first collection of essays dedicated to comprehensive scholarship on the Italian novella. The essays range from work on the

Decameron , the epitome of the genre, to studies of sixteenth century authors who often utilized transgressive or sexual themes in their novellas.

The essays of Michael de Montaigne, translated into English ... Ninth edition. The translator identified in the preface as Charles Cotton

Bogie Number 2003 by Harish Naval is a satirical novel in which a group of college students, pursuing Tourism Diploma, go on a train journey to visit various historical cities across India. The novel is set around 1976. The parents of these students were born in Independent India when after years

of dominance by British Empire, there was a sudden exposure to a liberal lifestyle. It was an era of twisted sense of family and social values. While going through this roller-coaster expedition, the perplexed young minds encounter dark fragments of Culture, Education, Public Services, Politics and Society. Contradictions and dilemmas raise their ugly heads. Soon, 'Bogie Number 2003' embarks on a turbulent ride of subverted ideologies and becomes all the more absorbing, entertaining and sensational.

Am I Small? Adim

Obere?

Did you ever want to teach your kids the basics of Slovak ? Learning Slovak can be fun with this picture book. In this book you will find the following features: Slovak Alphabets. Slovak Words. English Translations.

Am I small? Som malá?: Children's Picture Book English-Slovak (Bilingual Edition)

A little mouse walks into the Lost & Found,

but can only speak Slovak. How will Mr and Mrs Frog figure out what the mouse is missing...? Aimed at children aged 2-7, the unique 'Story-powered language learning method' combines humour, story and emotion to gently and memorably introduce kids to more than forty simple and fun Slovak words and phrases.

"The kids were so busy laughing they didn't realise they were learning." Kyle Buchanan, Dad of two, London. It's an Slovak bilingual children's book with a difference, that helps lay the foundations of a love of languages.

Reviews: "I love that I can introduce my kids to a new language without it feeling like homework." Zoe Reynolds, UK "Let's

read it again." Noah, aged 4.5 "Utterly charming story, making use of children's natural approach to learning language" Madalena Xanthopoulou, Founder, The Alma Collective. Expert on raising multilingual children. "A wonderful book to introduce a new language into the classroom. Lots to talk about and really captlivating illustratlons." Rohan Plunkett, Deputy Head, Akiva Primary School. How does the Story Powered Language Learning Method work? Unlike an Slovak picture dictionary, traditional Slovak books for kids or other Slovak language learning books for children, the Fabulous Lost and Found uses the 'Story-powered

Language Learning Method' to teach Slovak to kids by tapping into a child's natural abilities. There are three steps: We create an emotionally engaging and funny story for children and adults to enjoy together, just like any of the other Slovak books for children. Studies show that social interaction, like enjoying a book together, is critical in language learning. Through the story, we introduce a relatable character who speaks only in the new language. This helps build empathy and a positive attitude towards people who speak different languages. These are both important aspects in laying the foundations for lasting language acquisition in

a child's life. As the story in this Slovak picture book progresses, the child naturally works with the characters to discover the meanings of a wide range of fun new words and phrases. Strategic use of humour ensures that this subconscious learning is rewarded with laughter; the child feels good and the first seeds of a lifelong love of language are sown. Message from the Author Mark Pallis There is a special magic about learning words another language and using them: I truly think it warms the heart. I've learnt jokes or songs in ten languages so far and it's brought me so much joy. This Slovak book for children is first and foremost a really enjoyable story, but it's

also my way of helping little learners engage with a new language, empathise with strangers and ultimately build a love of languages. And it happens without them realising. Any parent who has ever tried to smuggle vegetables into pasta sauce will know that you can get a lot of good stuff into things without kids realising. This book is the same! Slovak for kids can be fun. I want you all to have fun together and enjoy the story. All the learning is a bonus; the icing on the cake (or the extra veg in the sauce!). The idea that after a few reads, kids will be able to go up to a native speaker and tell them in their own language: 'I've lost my hat' fills me with joy. Imagine how proud the child

will feel. And imagine how proud you'll feel too! I hope you have as much fun reading this Slovak book for kids as I had writing it. Learn Slovak kids! Mark

Nelson's Perpetual Loose-leaf Encyclopaedia

V roku 1865 napísal anglický spisovateľ a matematik Lewis Carroll román Alica v krajine zázrakov. Rozpráva o dievčatku menom Alica, ktoré spadne králičou norou do podzemného sveta fantázie, kde neplatia bežné pravidlá a zákony. Do sveta, ktorý je obývaný prazvláštnymi tvormi a plný bizarných dobrodružstiev. Publikácia ponúka skrátenú verziu románu, ktorá je určená pre mierne pokročilých študentov angličtiny. Anglický

text dopĺňa slovenský zrkadlový preklad.

The Century Book of Facts

"Caracas Litoral, Venezuela looks at the challenges, obstacles, and opportunities facing the reconstruction of coastal communities near Caracas, after mudslides devastated these areas in December 1999. Already in the midst of informal land development, affluent weekend residents from Caracas had awkwardly occupied this dramatic and precarious strip of coastland between the Gulf of Mexico and the Avila Mountain--"also shared with the national airport and second largest seaport. In a city where most of the urban population lives in informal

housing, the contested nature of redevelopment-- "emergent social, economic, and cultural patterns confronting traditional patterns of settlement--"could easily be predicted. Fully bilingual, in English and Spanish, this book explores opportunities that unite the various constituencies through innovative programming, sustainable geological/hydrological infrastructure, and economically viable housing and commercial development. Boston Journal of Chemistry and Popular Science Review Bilingual Edition English-Igbo "Am I small?" - Tamia is not sure and keeps asking various animals that

she meets on her journey. Eventually she finds the surprising answer... Reviews "This is baby's favorite book!" -Amazon Customer Review from the United States "for children who enjoy lingering over pages full of magical creatures and whimsical details [...] told in simple and engaging words and imaginative pictures."- Kirkus Reviews "This has been my daughter's favourite book since she was 4 months old. The sentences are nice and short so she doesn't lose interest in the pictures while I'm reading each page." - Amazon Customer Review from the UK "Muito legal esse livro. Singelo, divertido e relacionado ao universo da criança.

Bom pra desenvolver o vocabulário. As ilustrações são lindas. Meu filho adorou." - Amazon Customer Review from Brazil "You are small or big depending on with what you relate to. A simple cute book which exactly portrays this message." -Amazon Customer Review from India "Muy buen libro infantil. Dinámico, orgánico, perfecto para aprender en romaji. De fácil lectura y con una protagonista realmente encantadora" -Amazon Customer Review from Mexico "Beautifully illustrated and cleverly written." -Amazon Customer Review from Australia "We are in love with this book!" - Amazon Customer Review from the United States "Written in a very simple way but with a profound

message for both adults and kids." - Amazon Customer Review from the United States "Whenever I have time to read to her, she wants this book. And she repeats words. That's insanely cute." -Amazon Customer Review from Canada "Mia figlia di due anni e mezzo è entusiasta dei disegni bellissimi e dei colori. Apprezza anche le vicende di una bimba nè grande nè piccola ma giusta così." - Amazon Customer Review from Italy "My three year olds love it and the story's concept will grow with them for several years to come making it a keeper." - Amazon Customer Review from the U.S. "A nuestra hija le ha encantado. [...] Estamos muy satisfechos con la

compra." -Amazon Customer Review from Spain "I got this book to read with my granddaughters, one from the US and one from Portugal. It is so incredibly cute! They loved it, and I did too. I highly recommend this book!" -Amazon Customer Review from the U.S. "Ce petit livre est tout ce que j'aime !!! Le graphisme, les couleurs, tout y est magnifiquement soigné, poétique et charmant !!! [...] Une merveille de beauté et de magie à ne pas loucher !!!" -Amazon Customer Review from France "My little boy loves this as a bedtime story. It's colourful and quirky. [...] I thought it would be uninteresting to a child, to be read to in another language, but he asks for 'Bin ich klein' and it melts my

heart!" -Amazon Customer Review from the United Kingdom "readers will emerge from this book feeling slightly more confident about themselves- whatever their size." -ForeWord Clarion Reviews "This is done with simplicity at its finest. The art is whimsical, the message is clear and most of all my grandson loves it. I would recommend this book to any child provider as part of their reading library." - Amazon Customer Review from the U.S. Languages Available for every country in at least one official language. Please note: This book is a bilingual picture book with a 1:1 translation created by human translators (see translator's credits for details).
