The History Book John Wiley & Sons

The Religions Book Penguin

The Biology Book Llewellyn Worldwide
 What if religions are neither all true nor all nonsense? The long-running and often boring debate between fundamentalist believers and non-believers is finally moved forward by Alain de Botton's inspiring new book, which boldly argues that the supernatural claims of religion are entirely false—but that it still has some very important things to teach the secular world. Religion for Atheists suggests that rather than mocking religion, agnostics and atheists should instead steal from it—because the world's religions are packed with good ideas on how we might live and arrange our societies. Blending deep respect with total impiety, de Botton (a non-believer himself) proposes that we look to religion for insights into how to, among other concerns, build a sense of community, make our relationships last, overcome feelings of envy and inadequacy, inspire travel and reconnect with the natural world. For too long non-believers have faced a stark choice between either swallowing some peculiar doctrines or doing away with a range of consoling and beautiful rituals and ideas. At last, in Religion for Atheists, Alain de Botton has fashioned a far more interesting and truly helpful alternative.

The History Book Vintage

Learn about the scriptures of the Old and New Testament in The Bible Book. Part of the fascinating Big Ideas series, this book tackles tricky topics and themes in a simple and easy to follow format. Paganism Penguin

The Sherlock Holmes Book, the latest in DK's award-winning Big Ideas Simply Explained series, tackles the most "elementary" of subjects--the world of Sherlock Holmes, as told by Sir Arthur Conan Doyle. *The Sherlock Holmes Book* is packed with witty illustrations, clear graphics, and memorable quotes that make it the perfect Sherlock Holmes guide, covering every case of the world's greatest detective, from *A Study in Scarlet* to *The Adventure of Shoscombe Old Place*, placing the sorties in a wider context. Stories include at-a-glance flowcharts that show how Holmes reaches his conclusions through deductive reasoning, and character guides provide handy reference for

readers and an invaluable resource for fans of the Sherlock Holmes films and TV series. The Sherlock Holmes Book holds a magnifying glass to the world of Sir Arthur Conan Doyle's legendary detective.

HarperChristian + ORM

William Lobbell's journey of faith—and doubt—may be the most compelling spiritual memoir of our time. Lobbell became a born-again Christian in his late 20s when personal problems—including a failed marriage—drove him to his knees in prayer. As a newly minted evangelical, Lobbell—a veteran journalist—noticed that religion wasn't covered well in the mainstream media, and he prayed for the Lord to put him on the religion beat at a major newspaper. In 1998, his prayers were answered when the Los Angeles Times asked him to write about faith. Yet what happened over the next eight years was a roller-coaster of inspiration, confusion, doubt, and soul-searching as his reporting and experiences slowly chipped away at his faith. While reporting on hundreds of stories, he witnessed a disturbing gap between the tenets of various religions and the behaviors of the faithful and their leaders. He investigated religious institutions that acted less ethically than corrupt Wall St. firms. He found few differences between the morals of Christians and atheists. As this evidence piled up, he started to fear that God didn't exist. He explored every doubt, every question—until, finally, his faith collapsed. After the paper agreed to reassign him, he wrote a personal essay in the summer of 2007 that became an international sensation for its honest exploration of doubt. *Losing My Religion* is a book about life's deepest questions that speaks to everyone: Lobbell understands the longings and

satisfactions of the faithful, as well as the unrelenting power of doubt. How he faced that power, and wrestled with it, is must reading for people of faith and nonbelievers alike.

Traveling Mercies Penguin

Discover how humans created their world from the objects they left behind - from the US Constitution to the first iPhone - in DK's latest history book. From the beginning of human history, the one thing that has defined us is our talent for making things, from basic technology and everyday objects, such as bowls and hand axes, to high-tech inventions, such as supersonic aircraft, smart devices, and Mars rovers. Objects speak volumes about a civilization, telling us how our ancestors lived - as well as what they believed in and valued. A bronze cat mummy shows us how highly the ancient Egyptians valued their feline companions, while a mechanical tiger toy tells the story of rising tensions between an Indian sultan and European colonizers. With stunning, exclusive photography, *History of the World in 1000 Objects* shows you the objects that our ancestors treasured - from the jewelry worn by the Mesopotamians to the prized ritual vessels used by the people of the Shang Dynasty - and gives you insight into what gave each culture its own identity. From astrolabes and airplanes to vacuum cleaners and X-rays, DK uses its hallmark visual style to weave the extraordinary legacy of our creativity into a unique view of world history that will change the way you see the objects all around us.

12 Major World Religions Penguin

"For as long as history has been with us, religion has been a feature of human

life. There is no known culture for which we have an ethnographic or an archaeological record that does not have some form of religion. Even in the secular societies that have become more common in the past few centuries, there are people who consider themselves religious and aspire to practise the rituals of their religion. These religions vary in form, style and size from small cults numbering a few hundred people centred around a charismatic leader to worldwide organizations numbering tens, or even hundreds, of millions of adherents with representations in every country. Some, like Buddhism, take an individualistic stance (your salvation is entirely in your own hands), some like the older Abrahamic religions view salvation as more of a collective activity through the performance of appropriate rituals, and a few (Judaism is one) have no formal concept of an afterlife. Some like Christianity and Islam believe in a single all- powerful God,

The Business Book Penguin

The Religions Book DK Publishing (Dorling Kindersley)

Why are we here? How should we live? What happens after we die? Why does evil exist? Religion For Dummies explains how the world's great religions answer questions that persist through generations. Authors Rabbi Marc Gellman and Monsignor Thomas Hartman are trusted religious advisors known as the God Squad. With wonderful wit and incredible wisdom, they host a daily talk show which reaches nearly 4 million homes in the New York area, and have appeared on numerous TV and radio shows. This book is not a scholarly theological treatise; it's a lively, practical, hands-on resource that will help you better understand your own religion and others. You'll explore: Religion's role in the family and in the

workplace The beliefs and practices of Christianity, Judaism, Islam, and other religions Religion's impact during major passages in life such as birth, death, and marriage How to join a religion and how to pray How religion can help you deal with issues in every day life such as conflict, adversity, marriage, divorce, and more Religious rituals and ethics Religion for Dummies touches on lesser-known religions (such as,

Zoroastrianism, Jainism, Sikhism). It explores how people of various faiths pray, celebrate life and death, and view moral issues. The book does not tell you what to believe, but rather encourages you to live as you believe and let your religion infuse every aspect of your life. It doesn't give simple answers to haunting, complex questions; it helps you find your own answers and pursue your own spiritual path!
