The place of the editor in literary production is an ambiguous and often invisible one, requiring close attention to publishing history and (often inaccessible) archival resources to bring it into focus. In *The Art of Editing*, Tim

Groenland shows that the critical tendency to overlook the activities of editors and to focus on the solitary author figure neglects important elements of how literary works are acquired, developed and disseminated. Focusing on selected works of fiction by Raymond Carver and David Foster Wallace, authors who represent stylistic touchstones for US fiction of recent decades, Groenland presents two case studies of editorial collaboration. Carver's early stories were integral to

the emergence of the Minimalist movement in the 1980s, while Wallace's novels marked a generational shift towards a more expansive, maximal mode of narrative. The role of their respective editors, however, is often overlooked. Gordon Lish's part in shaping the form of Carver's early stories remains under-explored; analyses of Wallace's fiction, meanwhile, tend to minimise Michael Pietsch's role from the creation of *Infinite Jest* during the mid-1990s until the present day. Drawing on extensive archival research as well as interviews with editors and collaborators, Groenland illuminates the complex and often conflicting forms of agency involved in the genesis of these influential works. The energies and tensions of the editing process emerge

as essential factors in the creation of fictions more commonly understood within the paradigm of solitary authorship. The mediating role of the editor is, Groenland argues, inseparable from the development, form, and reception of these works.

Your First Bestseller Fiction University Press

When 16-year-old poetry blogger Tessa Dickinson is involved in a car accident and loses her eyesight for 100 days, she feels like her whole world has been turned upside-down. Terrified that her vision might never return, Tessa feels like she has nothing left to be happy about. But when her grandparents place an ad in the local newspaper looking for a typist to help Tessa continue writing and blogging, an unlikely answer knocks

at their door: Weston Ludovico, a boy her age with bright eyes, an optimistic smile...and no legs. Knowing how angry and afraid Tessa is feeling, Weston thinks he can help her. But he has one condition -- no one can tell Tessa about his disability. And because she can't see him, she treats him with contempt: screaming at him to get out of her house and never come back. But for Weston, it's the most amazing feeling: to be treated like a normal person, not just a sob story. So he comes back. Again and again and again. Tessa spurns Weston's "obnoxious optimism", convinced that he has no idea what she's going through. But Weston knows exactly how she feels and reaches into her darkness to show her that there is more than one way to experience the world. As Tessa grows

closer to Weston, she finds it harder and harder to imagine life without him -- and Weston can't imagine life without her. But he still hasn't told her the truth, and when Tessa's sight returns he'll have to make the hardest decision of his life: vanish from Tessa's world...or overcome his fear of being seen. 100 Days of Sunlight is a poignant and heartfelt novel by author Abbie Emmons. If you like sweet contemporary romance and strong family themes then you'll love this touching story of hope, healing, and getting back up when life knocks you down.

From Draft to Book HarperCollins Willow watched her father diminish in front of her as Alzheimer's pulled him further away each day. When a fire creates the perfect disaster, Willow's

desperation to find a cure to the disease causes her to change Samantha Ellison's life forever. Treated as an experiment, Willow injects Samantha with a serum that mimics Alzheimer's and deteriorates her brain. With Sam's mental capacity declining at an alarming rate, it won't be long until people start looking for answers. With Willow's husband as the doctor, it's only a matter of time before he uncovers the truth. The only question is whether he discovers Willow's secrets in time to save the innocent life at stake.

Seven Drafts The Creative Penn Education is the new currency. Regardless of what business or industry you are in; if you wish to sell what you have to others, your commercial survival depends on you becoming the EDUPRENEUR. Consumers

are tired of sales pitches and promises, and instead are seeking information and knowledge. By giving it to them you get to demonstrate your capability and expertise as much as they get to experience it - making you choice number 1 for their needs. Edupreneurs strategically share their expertise in a way that provides unprecedented global reach, immeasurable impact on the lives of others, and unlimited income potential. Every single person on Earth has an abundant and unique set of skills, experiences, and knowledge that could be turned into commercially profitable products and services. In this book, Sarah Cordiner will take you through the fundamentals of monetising your expertise and profitably sharing what you know with the world. Whether you

are an absolute beginner in creating and selling information and education-based products and services, or are up-levelling to a serious education-based business operation; this book will help you get there. Inside this book: How to commercialise your skills, knowledge, and expertise and start profiting from what is already in your head. How to create your own unique 'funnel of service', so that you no longer need to 'sell', and instead have your customers coming eagerly to you for your advice and expertise. A deep dive into the 10 stages of designing and building a highly successful information or education-based business so that you maximise your impact and income. How to price your informational and educational products and services; including courses,

consulting, workshops and more. Where and how to sell your educational products for maximum exposure and sales - particularly online courses. The critical elements of an online education based business. What online tools, apps and products you need and how they all fit together for maximum profitability, scalability, and automation. How to use your expertise to become a well-known leader in your industry.

For anyone who has a story that needs to be told ... or who dreams of writing and publishing a novel ... or who has ever thought, "I could have written that book " now there is a practical, inspirational and dependable guidebook

that will skillfully coach the first-time novelist from idea stage to publishable manuscript. In *HOW TO WRITE A NOVEL IN 100 DAYS*, bestselling author and veteran writing teacher John Coyne guides the beginning or experienced novelist with a proven daily formula that he has used to write and publish a dozen widely read novels. Packed with advice, tips, encouragement, tasks, wisdom, questions and inspiration from Day 1 to Day 100, Coyne's easy-to-follow manual will steer writers of all abilities to a finished, full-length, publishable manuscript in as little as four months. "The only two things you need to write a novel are the ability to write a simple English sentence and the desire to write," says Coyne in the book's introduction. "You can do it." That

fundamental belief and Coyne's unwavering encouragement permeate *HOW TO WRITE A NOVEL IN 100 DAYS*. It's like having your own personal writing coach constantly at your side. Coyne has devoted a lifetime to the written word - as a student, a journalist, an author, an editor and a teacher. He earned bachelor's and master's degrees in English literature. He has been published in national magazines such as *Smithsonian*, *Glamour*, *TV Guide* and *Travel & Leisure*. He is the bestselling author of 12 novels and a total of more than 25 books of fiction and nonfiction in many genres, including mystery, horror, romance, sports, history and instructional/how to. Coyne's impressive teaching credentials are also evident in this, his newest book. He has taught

creative writing at the high school and college levels, conducted writing workshops in major cities throughout the United States and online, and taught English and writing in Africa. HOW TO WRITE A NOVEL IN 100 DAYS is the culmination of Coyne's vast experience and success as a novelist and a teacher, an indispensable guide that will help "unlock" amazing stories waiting to be told by anyone who dares to be a writer. "Alex Douglas always wanted to be a hero. But nothing heroic ever happened to Alex. Nothing, that is, until his eleventh birthday [which fell on September 11, 2001]. Then everything changed"--P. [4] of cover.
Nothing Is Beautiful Sourcebooks, Inc.

Learn how to make your story soar! In the physical world, gravity, force, and other elements of physics govern your abilities and can be utilized to enhance your every movement. In the world of writing, story physics can be harnessed in much the same way to make your novel or screenplay the best it can be. In *Story Physics*, best-selling author Larry Brooks introduces you to six key literary forces that, when leveraged in just the right way, enable you to craft a story that's primed for success--and publication. Inside *Story Physics*, you'll learn how to:

- Understand and harness the six storytelling forces that are constantly at work in your fiction.
- Transform your story idea into a dramatically compelling concept.
- Optimize the choices you make in terms

of character, conflict, subplot, subtext, and more to render the best possible outcome. These literary forces will elevate your story above the competition and help you avoid the rejection pile. With *Story Physics*, you won't just give your story wings--you'll teach it how to fly. "Larry Brooks speaks my kind of language about story. Any writer, even those trucking in the world of nonfiction, will benefit from going deeper into the physics of storytelling as Brooks explains in these pages." - James Scott Bell, best-selling author of *Plot & Structure* "Larry Brooks has done it again! If you liked *Story Engineering*, I suspect you're going to love *Story Physics*, which dives even deeper into the essence of story. *Story Physics* is an essential addition to every novelist's bookshelf." - Randy

Ingermanson, author of *Writing Fiction for Dummies*

[The Shock of the Fall](#) Bookbaby

Karl Iglesias breaks new ground by focusing on the psychology of the reader. Based on his acclaimed classes at UCLA Extension, *Writing for Emotional Impact* goes beyond the basics and argues that Hollywood is in the emotion-delivery business, selling emotional experiences packaged in movies and TV shows. Iglesias not only encourages you to deliver emotional impact on as many pages as possible, he shows you how, offering hundreds of dramatic techniques to take your writing to the professional level.

Eleven Maintraining Pty Limited

"*The Memoir Midwife*" teaches you the nine specific steps needed to self-publish

your book. Think of this as the self-publishing version of "What to Expect When You're Expecting." It's meant to let you know what you're in for and provide you with the confidence you need to push forward with your self-publishing goals.

Story Physics Createspace Independent Publishing Platform

Congratulations You just finished writing your first novel "What do I do next?" If you're like I was, that was the first question you asked yourself. Do you remember what I said last time? In "Nine Day Novel: Writing?" Steve, I totally remember: You said, "Bravo Pop champagne and..." You remember that part after the champagne about calling someone, right? Your Editor-the Last Line of Defense. But editors cost a lot of

money and wouldn't be helpful if we could minimize some of that expense by doing a little bit of editing ourselves? Before we send it off to an expensive professional? Don't make the mistake I did On my first novel, I debated for months between paying an editor and whether I should just "edit" the entire thing myself. After all, how hard it be, right? Predictably, money won out, and I chose poorly, publishing my first book before a professional editor had proofread it. That was a big mistake. That one decision set my writing career back about a year. Why? Because my book languished on Amazon as yet another unprofessional, unfinished and unwanted draft, posing as a completely finished novel. I got discouraged, disappointed and down. It took months

before I overcame my fear of what a professional editor would say about my first novel. Because that was the real reason I had edited it myself all along. A great editor will make your novel shine. Picture your reader, trying to follow the fantastic story that you painstakingly outlined, researched and wrote. As they read, their eyes are interrupted by misspellings, grammatical errors, improper word usage and dialogue that's punctuated poorly. Finally, unable to stay engaged through those constant interruptions, they give up and close your book. We're not going to let that happen. Your editor will have the single biggest impact on the professional look and feel of your novel. But that doesn't mean we can't do a little bit of "editing" ourselves. In fact, inside this book, I'll

show you how you can do quite a bit of self-editing before your draft needs to go to an editor. And that'll save you money. Removing the mystery. To many beginning authors, editing is a mysterious and often misunderstood process. In this book, I'll define the types of editing you need, outline the parts that you can and should do yourself, and then explain the process that your editor will go through as they clean up what's left. No idea where to find an editor? I'll show you how to find a good one on popular freelancing sites. If that doesn't work, I'll give you the contact information of my own editor. Then I'll introduce you to a piece of software that'll save you countless hours in turnaround time, working with your editor. And I'll walk you through the

steps my writing partner and I use to fix our own drafts before they go to our editor. Editing is much easier if you make fewer mistakes in the first place. Seems simple, right? It should be. For that reason, I felt it was important for this book to have two parts to it: How to clean up what you had already written ... and how to minimize all that cleanup by knowing what and how to write fiction sentences in the first place. So the first half of the book is about editing process and work-flow. And the second half is a refresher course on the very basics of writing fiction sentences. And the bonuses... I created tutorial videos to show you exactly how I've cut Word loose and now collaborate directly with my editors inside Scrivener. So whether you've never worked with an editor

before or you just want to save some time, money and headache editing your next draft, I wrote this book for you *These Precious Days* WordFire +ORM Is this the year you are finally going to share your message with the world? Don't let the idea of having to write a book hold you back. It's easier than you think, and you don't even have to actually write the book yourself... Never thought about writing a book? Maybe you should consider it! Publishing a book will give you expert status, help spread your message and increase sales of your other products and services. It may even kick-start or boost your public speaking career. Writing, publishing and promoting a book has never been easier. You can do it in a week. This guide will teach you: The best kept secrets to a

quick start for writing, promotion and sales Smart writing process hacks Alternatives to writing the book yourself Self-publishing The keys to launching a successful book, superfast "I just published my book. What I haven't been able to achieve in the past three years I did in just 7 days!" Chris About the authors Esther Jacobs (The Netherlands, 1970) is an international (TEDx) speaker and author. Esther has given over 1000 keynotes and is (co)author of 21 books. Her workshops have helped over 400 entrepreneurs to write their book. The NO EXCUSES LADY helps leaders and entrepreneurs to transform their challenges into opportunities. Marie Stern (Germany, 1982) is an "Amazon Self-Publishing Ninja." She authored 7 bestselling Amazon books, even though

she wasn't even good at writing in school. However, she spent many hours browsing and reading in bookstores, discovering the secret behind successful books. As a former data mining analyst, she knows how important research is and how to find structure in any process. Marie helped many non-writers have their book written and likes to share her best knowledge on how to self-publishing and sell books. Esther and Marie met at a conference, where they were giving a book writing workshop. They decided to write this book in just one day, using their own tested method. And now they're inviting you to try it, too!

Let's Write a Short Story! Cassial Books
"Brilliant, time-tested and clear" advice that will help writers at all stages, in all genres, write their very best book-and then make it better. As a freelance editor for more than a decade, Williams has shepherded books from rough draft to polished manuscripts bought by Big Five houses, university and literary presses, and for independent publishers. Now, she distills everything she's learned from editing hundreds of drafts, coaching writers past creative blocks, and navigating authors through querying and publication, into this useful guide for every step from idea to book. Seven Drafts: Self-Edit Like a Pro from Blank

Page to Book divides writing and revision into distinct stages, with a new focus in each draft. Williams' frank, funny voice encourages writers to tackle even big editing tasks with a sense of humor and a feeling that someone who understands is on their side. With plenty of fresh examples, insider wisdom, and snappy footnotes, *Seven Drafts* teaches story, character, elements of writing craft and structure, how to seek and use feedback, and the publication process.

Do you want to write more but feel frustrated at your lack of time? Are you doing 'busy' work instead of moving toward your creative goals? Is your To-Do list overwhelming? It's time to stop, reassess and take control. This book will

help you discover the path to becoming a productive writer. Learn how to: - Identify what's really stopping you from reaching your goals - Say no and set boundaries for others — and for yourself - Find more time to write - Make the most of your writing time - Dictate your words for a more efficient and healthy writing life - Use outsourcing to buy yourself more creative time - Work with co-writers to produce more books - Use tools for specific aspects of productivity - Focus on physical and mental health to boost your productive time I've been writing and publishing for over a decade and in this book, I'll share my lessons learned in order to help you become more productive and, hopefully, save you time, money and heartache along the way. If you want to become a more

productive writer, download a sample or buy now.

If He Had Been with Me Notion Press
The oil got used up. The planet got warmer. But a few short centuries are not sufficient time to change the human psyche. Stressed lives—all lives nowadays—confronted with nature remain as Thomas Hobbes described them: solitary, poor, nasty, brutish, and short. But for those willing to risk everything and set out into The Nothing, one hope remains: a portal to another world. A better world. Some won't make it, and those who do will never be heard from again. But they risk all to try. To find salvation, to find a place where they could finally rest, would be enough.
