Leverage mindful awareness and intention to achieve better outcomes Overworked and Overwhelmed: The Mindfulness Alternative offers practical insights for the executive, manager or professional who feels like their RPM is maxed out in the red zone. By making the concepts and practices of mindfulness simple, practical and applicable, this book offers actionable hope for today's overworked and overwhelmed professional. New research shows that the smartphone equipped professional is connected to work 72 hours a week. Forty eight percent of Americans report that their stress level is up and that the number one source of stress is the job pressure of a 24/7 world. What's the alternative? Top leadership coach and educator Scott Eblin offers one in *Overworked and Overwhelmed: The Mindfulness Alternative*. While mindfulness is one of the "Top Ten Trends for 2014 and Beyond," many professionals think it's just too hard to give it a try. In

this book, Eblin shows that mindfulness that makes a difference doesn't require meditating like a Buddhist monk. *Overworked and Overwhelmed* is a handbook for more mindful work and living that offers: "Must know" mindfulness basics that today's professional needs to thrive in a 24/7 world. Inspiring examples of mindfulness in action from dozens of leaders ranging from a U.S. Coast Guard Commandant to the CEO of Hilton Worldwide. Even small increases in mindfulness can lead to big changes in productivity and quality of life for the overworked and overwhelmed professional. *Overworked and Overwhelmed: The Mindfulness Alternative* is a guide for doing just that. *The Rime of the Ancient Mariner* Indiana University Press
This volume will constitute the first published English

translation of Ferdinand Ebner's seminal 1921 work, *Das Wort und die geistigen realitäten* - long available in major languages but never in English. It is frequently compared with Martin Buber's, *I and Thou*, published in 1923, which actually draws its central I-Thou insight from Ebner. In recent centuries, Philosophy reflects a turn toward the autonomous subject vs. a biblical sense of person. The limits/failures of science manifest in the horrors of World War I led to the emergence of a "Dialogical Personalist Philosophy" in reaction to the universal doubt of Cartesian thought and to German Idealism, which engages the idea or representation but not the reality of "things-in-themselves." The core of Ebner: human speech is constitutive of human existence: humans are given the "word." "Having the word" is a miraculous gift from God. It is only in the word, in language, that an "I" meets a "Thou," that relationship and self-identity can occur, and this word is given in Jesus Christ, the Word made flesh: "In the beginning was the Word"; Jesus, the Logos of St. John's Gospel, mediates

between God and man and "stands" between I and Thou. It is through Jesus that it is possible to address God in the human thou. The key to life's meaning, to the centrality of relationship, and to God's continuous action in His creation, is found in the I-Thou question: why the I can never be found in itself, and so must look in the thou, while the false I will try to possess the thou as an object of power. This is Ebner's critique of idealist thought: reality, truth, and personal identity are neither ideas, nor found in ideas, therefore, Descartes' cogito must be rejected, for the existence of the I can't be founded or proved by solitary thinking, but only in relation with a thou.

East of Eden Humanities Press International Emmanuel Levinas and Martin Buber -- considered by many the most important Jewish philosophers since the 12th century sage Maimonides -- knew each other as associates and friends. Yet although their dialogue was instructive at times, and demonstrated the esteem in which Levinas held Buber, in particular, their relationship just as often exhibited a failure to

communicate. This volume of essays is intended to resume the important dialogue between the two. Thirteen essays by a wide range of scholars do not attempt to assimilate the two philosopher's respective views to each other. Rather, these discussions provide an occasion to examine their genuine differences -- difference that both Levinas and Buber agreed were required for genuine dialogue to begin.

Dating SUNY Press Martin Buber's classic philosophy of dialogue, I and Thou, is at the core of Kenneth Paul Kramer's scholarly and impressive Living Dialogue: Practicing Buber's I and Thou. In three main parts, paralleling the three of I and Thou, and focusing upon Buber's key concepts -- nature, spirit becoming forms, true community, the real I, the eternal Thou, turning, - and the two fundamental dialogues-the I-Thou and the I-It- the book clarifies, puts into practice and vigorously affirms the moral validity of Buber's philosophy, with its extension to love, marriage, the family, the community, and God, in

the conviction that genuine dialogue will effect better relations with one another, the world and God. Well-researched, and replete with a glossary of Buberian terms, practice exercises for true dialoguing, and discussion questions, Living Dialogue emerges as an invaluable guide to I and Thou. Highlights: - A lens through which to see and understand the philosopher and his work anew. - A must-read for undergraduates, as well as relationship counselors, therapists, and general readers, who will benefit from the work's clarity and ease of expression. - Includes a foreword by Maur

Dialogue as a Trans-disciplinary Concept Cengage Learning "The condition Buber calls the 'eclipse of God' is the reality that modern life and the teachings of many scholars have in many ways destroyed the opportunity for intimacy with an eternal, ever-present, Thou, or God. Based in part on a series of lectures he gave in the

United States in 1951, this book examines Buber's interpretations of Western thinking and belief around this notion of lost intimacy or direct contact with the Divine, focusing particularly on the relationships between religion and philosophy, ethics, and Jungian psychology." --Reference and Research Book News

ON BUBER, like other titles in the Wadsworth Philosopher's Series, offers a concise, yet comprehensive, introduction to this philosopher's most important ideas. Presenting the most important insights of well

over a hundred seminal philosophers in both the Eastern and Western traditions, the Wadsworth Philosophers Series contains volumes written by scholars noted for their excellence in teaching and for their well-versed comprehension of each featured philosopher's major works and contributions. These titles have proven valuable in a number of ways. Serving as standalone texts when tackling a philosopher's original sources or as helpful resources for focusing philosophy students' engagements with these philosopher's often conceptually daunting works, these titles have also gained extraordinary popularity with a lay readership and quite often serve as "refreshers" for philosophy instructors.

The Text as Thou establishes Martin Buber's central concept of "I-Thou" as the heart of a dialogical theory of textual interpretation and a narrative method for explicating Jewish philosophy and theology. Part One takes up Buber's application of his hermeneutic method to the texts of Hasidism and the Bible and the way in which that method can be

applied to secular texts as well. His development of a dialogical hermeneutics links Buber to such contemporary theorists as Gadamer, Ricoeur, and Bakhtin. Part Two demonstrates that narrative provides privileged access to Buber's thought. By the retelling of Hasidic tales, biblical stories, and autobiographical anecdotes with powerful immediacy and concreteness, Buber succeeds in a daring attempt to formulate a modern narrative Jewish theology. Taken together, Buber's dialogical hermeneutics and narrative theology constitute a key element in the contemporary revival of the Jewish midrashic imagination.

A Land of Two Peoples Duquesne

I and Thou is a summons calling us to dialogue today. Like the call Buber himself received, the book invites us to encounter the Other, our counterparts both human and eternal. Buber's spiritual awakening, his engagement with his people and his times, his wide reading, and his grief are contexts that open up this call to us to join with him in the fullness of a life of dialogue. If we follow

Buber into his study, into the struggle of his inner life, into his achievement of dialogical existence--he opens up the wonders of I and Thou to us as his testament and his call to us to turn to dialogue, and he shows us the path to the fulfillment of that life. This book ushers us to that place.

I AND THOU is one of the most important books of Western Theology. In it, Martin Buber, heavily influenced by the writings of Nietzsche, unites the proto-Existentialist currents of modern German thought with the Judeo-Christian tradition, powerfully updating faith for modern times. Since its first appearance in Germany in 1923, this slender volume has become one of the epoch-making works of our time. This work is the centerpiece of Buber's philosophy. It lays out a view of the world in which human beings can enter into relationships using their innermost and whole beings to form true partnerships. This is the original English translation, and it was prepared in the author's presence.

A poet's memoir of taking an unplanned trip to the Bahamas and meeting a fishing guide who changed his life: "A splendid book."—Jim Harrison in *The New York Times Book Review* Chris Dombrowski, a poet and passionate fly-fisher, had a second child on the way and an income hovering perilously close to zero when he received a miraculous email: can't go, it's all paid for, just book a flight to Miami. Thus began a journey that would eventually lead to the Bahamas and to David Pinder, a legendary bonefishing guide. Bonefish are prized for their elusiveness and their tenacity. And no one was better at hunting them than Pinder, a Bahamian whose accuracy and patience were virtuosic. He knows what the fish think, said one fisherman, before they think it. By the time Dombrowski meets him, though, Pinder has been abandoned by the industry he helped build. With cataracts from a lifetime of staring at the water and a tiny severance package after forty years of service, he watches as the world of his beloved bonefish is degraded by tourists he himself did so much to

attract. But as Pinder's stories unfold, Dombrowski discovers a profound integrity and wisdom in the bonefishing guide's life. "A poet and Montana-based fly-fishing guide recounts his trip to the Bahamas, where he met an aging guide who taught him about fish and life...loosely links reflections on his experiences catching and releasing bonefish, the history and geography of the Bahamas, the construction of fishing rods, stories he has told his children, and the difference between fishing or hunting for sport and for dinner."—Kirkus Reviews "Thematically complex, finely wrought, and profoundly life-affirming."—Publishers Weekly (starred review) *Levinas & Buber* Citadel Press
This book is an in-depth conversation between philosophies of Dialogue, particularly as espoused by Martin Buber, and teachings from the wisdom traditions of the East, particularly Zen Buddhism and its Pure Land School. It argues that God is the between of I and Thou. Writings from Sufism, Hasidism, Hinduism and other spiritual traditions are excerpted as well, as they

all draw their teachings from similar primordial moments of deep poetic insight. Dialogical philosophy articulates the principle of relationship, which is discussed throughout the book in its various contexts and different modalities.

Ecstatic Confessions is Martin Buber's unique, personal gathering of the testimonies of mystics throughout the centuries expressing their encounters with the divine. It features the author's seminal introduction to mysticism, "Ecstasy and Confession," which probes the nature of what Buber terms the "most inward of all experiences. . . . God's highest gift." Buber sifted through texts from oriental, pagan, Gnostic, Eastern Orthodox, Catholic, Protestant, Jewish, and Muslim sources down the centuries to cull those moving records that manage to convey some quality of an experience

that is essentially beyond the power of words to capture. Ecstatic Confessions orchestrates these reports from the edge of human experience into a revealing look at the nature of the ecstatic experience itself and the tension arising from the mystic's compelling need to give witness to an event that can never truly be verbalized. Ecstatic Confessions illuminates the intellectual development of its author even as it probes the almost insurmountable barrier between language and authentic mystical experience, which is, in essence, beyond the grasp of rational constructs.

Distinguished philosopher Hilary Putnam, who is also a practicing Jew, questions the thought of three major Jewish philosophers of the 20th century—Franz Rosenzweig, Martin Buber, and Emmanuel

Levinas—to help him reconcile the philosophical and religious sides of his life. An additional presence in the book is Ludwig Wittgenstein, who, although not a practicing Jew, thought about religion in ways that Putnam juxtaposes to the views of Rosenzweig, Buber, and Levinas. Putnam explains the leading ideas of each of these great thinkers, bringing out what, in his opinion, constitutes the decisive intellectual and spiritual contributions of each of them. Although the religion discussed is Judaism, the depth and originality of these philosophers, as incisively interpreted by Putnam, make their thought nothing less than a guide to life.

A masterpiece of Biblical scope, and the magnum opus of one of America's most enduring authors, in a commemorative hardcover edition In his journal, Nobel Prize winner John Steinbeck called East of Eden "the

first book," and indeed it has the primordial power and simplicity of myth. Set in the rich farmland of California's Salinas Valley, this sprawling and often brutal novel follows the intertwined destinies of two families—the Trasks and the Hamiltons—whose generations helplessly reenact the fall of Adam and Eve and the poisonous rivalry of Cain and Abel. The masterpiece of Steinbeck's later years, East of Eden is a work in

which Steinbeck created his most mesmerizing characters and explored his most enduring themes: the mystery of identity, the inexplicability of love, and the murderous consequences of love's absence. Adapted for the 1955 film directed by Elia Kazan introducing James Dean, and read by thousands as the book that brought Oprah's Book Club back, East of Eden has remained vitally present in American culture for over half a century.
