Independent Publishing Platform

During the last years of World War II a young paratrooper—lost and scared in the Belgian forest—has little to rely on but his memories . . . memories of his boyhood growing up poor in the cotton fields of Georgia, surrounded by the warmth and love of family and friends. Working hard, playing hard, watching out for five brothers and sisters and a girl named Ruthie, it is clear that the boy who becomes a soldier has learned to listen to his heart. Told in a flowing Southern vernacular and in strong and beautiful paintings that contrast the harshness of war with the beauty of the rural South, Peggy Mercer and Ron Mazellan have created a tale that is heart-piercing and haunting in turns—but unfailingly reminds us that we share a basic humanity.

The Man with the Iron Heart

Macmillan

A beautifully illustrated version of the classic fairy tale about a tin soldier's adventure and his love for a ballerina, retold with a twist. With her signature warmth and lyricism, Newbery winner Cynthia Rylant has crafted a new version of the classic Hans Christian Andersen fairy tale about a tin soldier who falls in love with a ballerina. As in the original story, the tin soldier's love for the beautiful ballerina is thwarted by a goblin. The tin soldier is separated from the other toys and washed down a sewer, where he encounters a rat and gets swallowed by a fish, but somehow, against all odds, he manages to end up back home only to be cast into the nursery fire. Rylant adds her own twist to the end of the tale, however, for in this version, the tin soldier and the ballerina are melded to each other, rather than melted, in the heat of the fire, so they'll never be parted again. Rylant's expert

storytelling paired with Corace's stunning illustrations create a beautiful, unforgettable tale of everlasting love.

Praise for *The Steadfast Tin Soldier*

"Gracefully written. . . . The book's large format gives plenty of scope for Corace's distinctive illustrations, precise ink drawings brightened with watercolor, gouache, and acrylic paints. Sometimes brilliantly colorful and sometimes more subdued, the scenes can be crowded with dozens of toys or other visual elements, but they show up well from a distance. The subtle depictions of the goblin and his shadow are particularly fine. A softened vision of the literary fairy tale." —Booklist "Text and illustrations weave seamlessly to create an involving, fast-paced update of a much-loved tale. Rylant's retelling is abridged, yet sprightly, and Corace's watercolor, gouache, acrylic, and pen-and-ink illustrations add nuance and whimsy to Andersen's original." —School Library Journal

Out in the Army Profile Books(GB)

On 12 May 2009 Margaret Evison's son Lieutenant Mark Evison of 1st Battalion Welsh Guards, died of wounds sustained whilst leading a patrol in Helmand Province. Hailed a hero, Mark's death was a national sacrifice, his grave to be one of many in the identical, ordered rows in a military cemetery. But to his mother Margaret it was the most intimate of griefs. In *Death of a Soldier*, she attempts to reconcile her own unanswerable sense of loss with the idea that her son died for a good cause.

[Tucky Jo and Little Heart](#) Macmillan

Now a major film, starring George Clooney, Ewan McGregor, and Jeff Bridges, this New York Times bestseller is a disturbing and often hilarious look at the U.S. military's long flirtation with the paranormal—and the psy-op soldiers

that are still fighting the battle. Bizarre military history: In 1979, a crack commando unit was established by the most gifted minds within the U.S. Army. Defying all known laws of physics and accepted military practice, they believed that a soldier could adopt the cloak of invisibility, pass cleanly through walls, and—perhaps most chillingly—kill goats just by staring at them. They were the First Earth Battalion, entrusted with defending America from all known adversaries. And they really weren't joking. What's more, they're back—and they're fighting the War on Terror. An uproarious exploration of American military paranoia: With investigations ranging from the mysterious "Goat Lab," to Uri Geller's covert psychic work with the CIA, to the increasingly bizarre role played by a succession of U.S. presidents, this might just be the funniest, most unsettling book you will ever read—if only because it is all true and is still happening today.

Heart of Fire Houghton Mifflin

From Pulitzer Prize winner James B. Stewart comes the extraordinary story of American hero Rick Rescorla, Morgan Stanley security director and a veteran of Vietnam and the British colonial wars in Rhodesia, who lost his life on September 11. When Rick Rescorla got home from Vietnam, he tried to put combat and death behind him, but he never could entirely. From the day he joined the British Army to fight a colonial war in Rhodesia, where he met American Special Forces' officer Dan Hill who would become his best friend, to the day he fell in love with Susan, everything in his remarkable life was preparing him for an act of generosity that would transcend all that went before. *Heart of a Soldier* is a story of bravery under fire, of loyalty to one's comrades, of the

miracle of finding happiness late in life. Everything about Rick's life came together on September 11. In charge of security for Morgan Stanley, he successfully got all its 2,700 men and women out of the south tower of the World Trade Center. Then, thinking perhaps of soldiers he'd held as they died, as well as the woman he loved, he went back one last time to search for stragglers. *Heart of a Soldier* is a story that inspires, offers hope, and helps heal even the deepest wounds.

Operation Dark Heart Pen & Sword Military

A West Point English professor discusses teaching literature to young men and women preparing for war, describing the changes that have occurred since September 11, what it means to be a civilian teaching at a military academy, and what books and movies mean to her students.

Life of a Soldier W. W. Norton & Company

This book describes Mike Reynolds' military career from private soldier to major general, a career that took him to the Far and Middle East, all over Europe and to North America. It was a life dominated initially by the Cold War and later by terrorist campaigns. It was a life full of fascinating and extraordinary experiences such as commanding a company of eight platoons of infantry recruits at the age of twenty-four, jumping the rank of colonel to become a brigadier and, as a major general, commanding contingents from seven nations in what was nick-named the NATO Fire Brigade.

A Piece of My Heart Multnomah

The stunning sequel to *Daughter of the Moon Goddess* delves deeper into beloved Chinese mythology, concluding the epic story of Xingyin—the daughter

of Chang'e and the mortal archer, Houyi—as she battles a grave new threat to the realm, in this powerful tale of love, sacrifice, and hope. After winning her mother's freedom from the Celestial Emperor, Xingyin thrives in the enchanting tranquility of her home. But her fragile peace is threatened by the discovery of a strange magic on the moon and the unsettling changes in the Celestial Kingdom as the emperor tightens his grip on power. While Xingyin is determined to keep clear of the rising danger, the discovery of a shocking truth spurs her into a perilous confrontation. Forced to flee her home once more, Xingyin and her companions venture to unexplored lands of the Immortal Realm, encountering legendary creatures and shrewd monarchs, beloved friends and bitter adversaries. With alliances shifting quicker than the tides, Xingyin has to overcome past grudges and enmities to forge a new path forward, seeking aid where she never imagined she would. As an unspeakable terror sweeps across the realm, Xingyin must uncover the truth of her heart and claw her way through devastation—to rise against this evil before it destroys everything she holds dear, and the worlds she has grown to love . . . even if doing so demands the greatest price of all.

A Soldier at Heart Simon and Schuster King mesmerizes readers with fiction deeply rooted in the sixties, exploring in five interconnected narratives, spanning 1960 to 1999, the haunting legacy of the Vietnam War. "Engaging . . . King's gift of storytelling is rich".--"The Los Angeles Times Book Review".

The Heart of a Military Mom Biteback Publishing

Faulkner's first novel, published in 1926, is one of the most memorable works to emerge from the First World War.

HarperCollins

What if V-E Day didn't end World War II in Europe? What if, instead, the Allies had to face a potent, even fanatical, postwar Nazi resistance? Such a movement, based in the fabled Alpine Redoubt, was in fact a real threat, ultimately neutralized by Germany's flagging resources and squabbling officials. But had SS Obergruppenführer Reinhard Heydrich, the notorious Man with the Iron Heart, not been assassinated in 1942, fate might have taken a different turn. We might likely have seen a German guerrilla war launched against the conquerors, presaging by more than half a century the protracted conflict with an unrelenting enemy that now engulfs the United States and its allies in Iraq. How might today's clash of troops versus terrorists have played out in 1945? In this imagined world, Nazi forces resort to unconventional warfare, using the quick and dirty tactics of terrorism—booby traps, time bombs, mortar and rocket strikes in the night, assassinations, even kamikaze-style suicide attacks—to overturn what seemed to be a decisive Allied victory. In November 1945, a truck bomb blows up the Nuremberg Palace of Justice, where high-ranking Nazi officials are about to stand trial for war crimes. None of the accused are there when the bomb goes off, but their judges, all of

them present and accounted for, are annihilated. Worse acts of terrorism follow all over Europe. Suddenly the Allies—especially the United States—must battle an invisible enemy and sacrifice countless lives in a long, seemingly pointless, unwinnable conflict. On the home front, patriotism corrodes, political fortunes are made and lost in the face of an antiwar backlash, and a once-proud country wonders how the righteous fight for freedom overseas has collapsed into a hopeless quagmire. At once a novel of thrilling military suspense, intriguing alternate history, and profound insight into contemporary affairs, *The Man with the Iron Heart* is a tour de force by a storyteller of exceptional imaginative power.

Do you need someone encouraging you, especially when you are learning to let go of your child to military service? How about when they are difficult places or in harm's way? Do you feel stressed or worried? You are not alone. Elaine Brye and Army Mom Strong have combined their efforts to create a powerful, emotional and inspirational pictorial book of encouragement and support for military moms of all branches. The authors are veteran military moms who have supported many moms through the challenges that come with sending a child into harm's way. "The Heart of a Military Mom" gives you valuable insights to help you to stand strong in the face of fear and on the home front. It is the first in a series of supportive books to inspire you to create a more fulfilling journey as a military mom.

Redcoat Praeger

The "fascinating" #1 New York Times bestseller that awakened the world to the destruction of American Indians in the nineteenth-century West (*The Wall Street Journal*). First published in 1970, *Bury My Heart at Wounded Knee* generated shockwaves with its frank and heartbreaking depiction of the systematic annihilation of American Indian tribes across the western frontier. In this nonfiction account, Dee Brown focuses on the betrayals, battles, and massacres suffered by American Indians between 1860 and 1890. He tells of the many tribes and their renowned chiefs—from Geronimo to Red Cloud, Sitting Bull to Crazy Horse—who struggled to combat the destruction of their people and culture. Forcefully written and meticulously researched, *Bury My Heart at Wounded Knee* inspired a generation to take a second look at how the West was won. This ebook features an illustrated biography of Dee Brown including rare photos from the author's personal collection.

Heart of a Soldier Laurel Leaf

Elizabeth D. Samet and her students learned to romanticize the army "from the stories of their fathers and from the movies." For Samet, it was the old World War II movies she used to watch on TV, while her students grew up on *Braveheart* and *Saving Private Ryan*. Unlike their teacher, however, these students, cadets at the United States Military Academy at West Point, have decided to turn make-believe into real life. West Point is a world away from Yale, where Samet attended graduate school and where nothing sufficiently prepared her for teaching literature to young men and women who were training to fight a war. Intimate and poignant, *Soldier's Heart* chronicles the various tensions inherent in that life as

well as the ways in which war has transformed Samet's relationship to literature. Fighting in Iraq, Samet's former students share what books and movies mean to them—the poetry of Wallace Stevens, the fiction of Virginia Woolf and J. M. Coetzee, the epics of Homer, or the films of James Cagney. Their letters in turn prompt Samet to wonder exactly what she owes to cadets in the classroom. Samet arrived at West Point before September 11, 2001, and has seen the academy change dramatically. In *Soldier's Heart*, she reads this transformation through her own experiences and those of her students. Forcefully examining what it means to be a civilian teaching literature at a military academy, Samet also considers the role of women in the army, the dangerous tides of religious and political zeal roiling the country, the uses of the call to patriotism, and the cult of sacrifice she believes is currently paralyzing national debate. Ultimately, Samet offers an honest and original reflection on the relationship between art and life.

Soldier's Heart Thomas Nelson Inc
The history of the government's treatment of returning combat veterans has been long absent from the public's awareness. Lately, a plethora of documentaries presenting the wounded veterans' plights are currently making their way into the American public's consciousness. After their initial treatments, the wounded service members from the wars in Iraq and Afghanistan face an ongoing battle to receive appropriate care and financial assistance. The Department of Veteran Affairs has historically been drastically underfunded, understaffed, and overworked. The costs and consequences of war are unpredictable.

America is unprepared. A book most relevant to the current situation of our government's treatment of the homecoming warrior is *Soldier's Heart* by Lee Burkins. This book is possibly the most honest inquiry of war and its consequent trauma ever written by a combat soldier. Burkins, a former Green Beret, writes with the emotional firepower of an automatic weapon. Novelistic in nature, *Soldier's Heart* weaves and braids the grime, blood, and guts of the experience of war with the world's past historical treatment of the warrior returned home. He humorously reveals the uncompromising assault he and a handful of pugnacious veterans made upon the bureaucracy's neglect of the combatants. Sit in a Veterans rap group, walk the jungles with the tribal warriors Burkins led in combat and follow the inner world of a warrior's struggle to comprehend the reasons behind humanity's penchant for war and the government's reluctance to acknowledge the trauma now known as Post Traumatic Stress Disorder. (A story from *Soldier's Heart*

The Heart of a Soldier Vintage
A fifteen-year-old soldier in World War II meets a sweet young girl in the Philippines who helps him remember what he is fighting for as he helps her and others of her village avoid starvation, and many years later she returns his kindness.

Stories from a Soldier's Heart
ABRAMS

In June 1861, when the Civil War began, Charley Goddard enlisted in the First Minnesota Volunteers. He was 15. He didn't know what a "shooting war" meant or what he was fighting for. But he didn't want to miss out on a great adventure. The "shooting war" turned out to be the horror of combat and the

wild luck of survival; how it feels to cross a field toward the enemy, waiting for fire. When he entered the service he was a boy. When he came back he was different; he was only 19, but he was a man with "soldier's heart," later known as "battle fatigue."

I Am a Soldier, Too Bookouture

Shaffer delivers an exciting, eyewitness account of fighting terrorism in Afghanistan using the military's most cutting-edge espionage tactics. Just before St. Martin's Press release of the

book, The Department of Defense and the Defense Intelligence Agency, demanded the author and the publisher produce the book for review. They, and "other interested U.S. intelligence agencies" met with the author to review changes and redactions that they required be made, before the book could be published, in order to "not damage our national security, harm our troops, or harm U.S. military intelligence efforts or assets." Thus, there are sections with redactions in the final book.
