LOGAN NOEMI

Beowulf Anchor
When a young girl
ventures through a hidden
door, she finds another
life with shocking
similarities to her own.
Coraline has moved to a
new house with her

parents and she is
fascinated by the fact that
their 'house' is in fact only
half a house! Divided into
flats years before, there is
a brick wall behind a door
where once there was a
corridor. One day it is a
corridor again and the
intrepid Coraline wanders
down it. And so a
nightmare-ish mystery
begins that takes Coraline
into the arms of

counterfeit parents and a
life that isn't quite right.
Can Coraline get out? Can
she find her real parents?
Will life ever be the same
again?

A widely celebrated
translator's vivid,
accessible, and elegantly

concise rendering of an ancient English masterpiece Beowulf tells the story of a Scandinavian hero who defeats three evil creatures--a huge, cannibalistic ogre named Grendel, Grendel's monstrous mother, and a dragon--and then dies, mortally wounded during his last encounter. If the definition of a superhero is "someone who uses his special powers to fight evil," then Beowulf is our first English superhero story, and arguably our best. It is also a deeply

pious poem, so bold in its reverence for a virtuous pagan past that it teeters on the edge of heresy. From beginning to end, we feel we are in the hands of a master storyteller. Stephen Mitchell's marvelously clear and vivid rendering re-creates the robust masculine music of the original. It both hews closely to the meaning of the Old English and captures its wild energy and vitality, not just as a deep "work of literature" but also as a rousing entertainment that can

still stir our feelings and rivet our attention today, after more than a thousand years. This new translation--spare, sinuous, vigorous in its narration, and translucent in its poetry--makes a masterpiece accessible to everyone.

The Earliest English Poems Del Rey

An amber bead. A gold and glass drinking horn. A ring engraved with Thor's hammer - all artifacts from a Germanic tribe that carved a space for itself through brutality and violence on a

windswept land . Brimhild weaves peace and conveys culture to the kingdom, until the secret of her birth threatens to tear apart the fragile political stability. This is her story – the tale of Grendel’s Mother. She is no monster as portrayed in the Old English epic, Beowulf. We learn her side of the story and that of her defamed child. We see the many passages of her life: the brine-baby who floated mysteriously to shore; the hall-queen presiding over the triumphant building of the

golden hall Heorot and victim of sexual and political betrayal; the exiled mere-wife, who ekes out a marginal life by an uncanny bog as a healer and contends with the menacing Beowulf; and the seer, who prophesizes what will occur to her adopted people. We learn how the invasion by brutal men is not a fairy tale, but a disaster doomed to cycle relentlessly through human history. Only the surviving women can sing poignant laments, preserve a glittering

culture, and provide hope for the future.

Tolkien and C.S. Lewis W. W. Norton & Company Presents the prose translation of the Old English epic that Tolkien created as a young man, along with selections from lectures on the poem he gave later in life and a story and poetry he wrote in the style of folklore on the poem's themes. *Crown and Political Society in England, 1327-1377* Houghton Mifflin Harcourt A verse translation of the first great narrative poem

in the English language that captures the feeling and tone of the original.

The Classic 1913
Translation HMH
 Daniel Ladinsky's stunning interpretations of 365 soul-nurturing poems—one for each day of the year—by treasured Persian lyric poet Hafiz. The poems of Hafiz are masterpieces of sacred poetry that nurture the heart, soul, and mind. With learned insight and a delicate hand, Daniel Ladinsky explores the many emotions addressed in these verses. His

renderings, presented here in 365 poignant poems—including a section based on the interpretations of Hafiz by Ralph Waldo Emerson—capture the compelling wisdom of one of the most revered Sufi poets. Intimate and often spiritual, these poems are beautifully sensuous, playful, wacky, and profound, and provide guidance for everyday life, as well as deep wisdom to savor through a lifetime.

Harper Collins
 Presents a new translation

of the Anglo-Saxon epic chronicling the heroic adventures of Beowulf, the Scandinavian warrior who saves his people from the ravages of the monster Grendel and Grendel's mother.

[Sir Gawain and the Green Knight, Pearl, and Sir Orfeo](#) punctum books
 A stunning experimental translation of the Old English poem "Beowulf," over 30 decades old and woefully neglected, by the contemporary poet Thomas Meyer, who studied with Robert Kelly at Bard, and emerged

from the niche of poets who had been impacted by the brief moment of cross-pollination between U.K. and U.S. experimental poetry in the late 1960s and early 1970s, a movement inspired by Ezra Pound, fueled by interactions among figures like Ed Dorn, J.H. Prynne, and Basil Bunting, and quickly overshadowed by the burgeoning Language Writing movement. Meyer's translation -- completed in 1972 but never before published -- is sure to stretch readers'

ideas about what is possible in terms of translating Anglo-Saxon poetry, as well as provide new insights on the poem itself. According to John Ashberry, Meyer's translation of this thousand-year-old poem is a "wonder," and Michael Davidson hails it as a "major accomplishment" and a "vivid" recreation of this ancient poem's "modernity."

Beowulf, like The Iliad and The Odyssey, is a foundational work of Western literature that originated in mysterious circumstances. In The Transmission of Beowulf,

Leonard Neidorf addresses philological questions that are fundamental to the study of the poem. Is Beowulf the product of unitary or composite authorship? How substantially did scribes alter the text during its transmission, and how much time elapsed between composition and preservation? Neidorf answers these questions by distinguishing linguistic and metrical regularities, which originate with the Beowulf poet, from patterns of textual

corruption, which descend from copyists involved in the poem's transmission. He argues, on the basis of archaic features that pervade Beowulf and set it apart from other Old English poems, that the text preserved in the sole extant manuscript (ca. 1000) is essentially the work of one poet who composed it circa 700. Of course, during the poem's written transmission, several hundred scribal errors crept into its text. These errors are interpreted in the central chapters of the book as

valuable evidence for language history, cultural change, and scribal practice. Neidorf's analysis reveals that the scribes earnestly attempted to standardize and modernize the text's orthography, but their unfamiliarity with obsolete words and ancient heroes resulted in frequent errors. The Beowulf manuscript thus emerges from his study as an indispensable witness to processes of linguistic and cultural change that took place in England between the eighth and eleventh

centuries. An appendix addresses J. R. R. Tolkien's *Beowulf: A Translation and Commentary*, which was published in 2014. Neidorf assesses Tolkien's general views on the transmission of *Beowulf* and evaluates his position on various textual issues.

Grendel's Mother Sheba Blake Publishing
New York Times bestselling author Maria Dahvana Headley presents a modern retelling of the literary classic *Beowulf*, set in American suburbia as two

mothers—a housewife and a battle-hardened veteran—fight to protect those they love in *The Mere Wife*. From the perspective of those who live in Herot Hall, the suburb is a paradise. Picket fences divide buildings—high and gabled—and the community is entirely self-sustaining. Each house has its own fireplace, each fireplace is fitted with a container of lighter fluid, and outside—in lawns and on playgrounds—wildflowers seed themselves in neat

rows. But for those who live surreptitiously along Herot Hall's periphery, the subdivision is a fortress guarded by an intense network of gates, surveillance cameras, and motion-activated lights. For Willa, the wife of Roger Herot (heir of Herot Hall), life moves at a charmingly slow pace. She flits between mommy groups, playdates, cocktail hour, and dinner parties, always with her son, Dylan, in tow. Meanwhile, in a cave in the mountains just beyond the limits of Herot

Hall lives Gren, short for Grendel, as well as his mother, Dana, a former soldier who gave birth as if by chance. Dana didn't want Gren, didn't plan Gren, and doesn't know how she got Gren, but when she returned from war, there he was. When Gren, unaware of the borders erected to keep him at bay, ventures into Herot Hall and runs off with Dylan, Dana's and Willa's worlds collide. [A Translation and Commentary](#) Bantam Classics

The Mere Wife Halban Publishers

Never before published in a single volume, Tolkien's four novellas ("Farmer Giles of Ham, Leaf by Niggle, Smith of Wootton Major," and "Roverandom") and one book of poems ("The Adventures of Tom Bombadil") are gathered together in a fully illustrated set.

Language, Culture, and Scribal Behavior Beacon Press

Reveals the complex friendship between the two literary figures, noting their shared academic experiences at Oxford University, Lewis's influence on Tolkien's completion of *The Lord of the Rings*, and the differences in their temperaments and spiritual beliefs. Original.

Beowulf Renaissance Society of America
Unique and beautiful, *Beowulf* brings to life a society of violence and honor, fierce warriors and bloody battles, deadly monsters and famous

swords. Written by an unknown poet in about the eighth century, this masterpiece of Anglo-Saxon literature transforms legends, myth, history, and ancient songs into the richly colored tale of the hero *Beowulf*, the loathsome man-eater Grendel, his vengeful water-hag mother, and a treasure-hoarding dragon. The earliest surviving epic poem in any modern European language. *Beowulf* is a stirring portrait of a heroic world—somber, vast, and magnificent.
