Cassandra at the Wedding University of Texas Press
 "Smith's thrilling cultural insights never overshadow the wholeness of her characters, who are so keenly observed that one feels witness to their lives." —O, The Oprah Magazine "A sweeping meditation on art, race, and identity that may be [Smith's] most ambitious work yet." —Esquire A New York Times bestseller • Finalist for the National Book Critics Circle Award for Fiction • Longlisted for the Man Booker Prize An ambitious, exuberant new novel moving from North West London to West Africa, from the multi-award-winning author of *White Teeth* and *On Beauty*. Two brown girls dream of being dancers—but only one, Tracey, has talent. The other has ideas: about rhythm and time, about black bodies and black music, what constitutes a tribe, or makes a person truly free. It's a close but complicated childhood friendship that ends abruptly in their early twenties, never to be revisited, but never quite forgotten, either. Tracey makes it to the chorus line but struggles with adult life, while her friend leaves the old neighborhood behind, traveling the world as

an assistant to a famous singer, Aimee, observing close up how the one percent live. But when Aimee develops grand philanthropic ambitions, the story moves from London to West Africa, where diaspora tourists travel back in time to find their roots, young men risk their lives to escape into a different future, the women dance just like Tracey—the same twists, the same shakes—and the origins of a profound inequality are not a matter of distant history, but a present dance to the music of time. Zadie Smith's newest book, *Grand Union*, published in 2019.

"Born the child of a poor farmer in Missouri, William Stoner is urged by his parents to study new agriculture techniques at the state university. Digging instead into the texts of Milton and Shakespeare, Stoner falls under the spell of the unexpected pleasures of English literature, and decides to make it his life. Stoner is the story of that life"--

"Daniel Randolph Deal is a Southern aristocrat, having the required bloodline, but little of the nobility. A man resistant to the folly of ethics, he prefers a selective, self-indulgent morality. He is a confessed hedonist, albeit responsibly so."--Back cover

INTRODUCED BY SARAH WATERS 'Every one of her books is a treat and this is my favourite, because of its wonderful cast of characters, and because of the deftness with which Taylor's narrative moves between them ... A wonderful writer' SARAH WATERS In the faded coastal village of Newby, everyone looks out for - and in on - each other, and beneath the deceptively sleepy exterior, passions run high. Beautiful divorcee Tory is secretly involved with her neighbour, Robert, while his wife Beth, Tory's best friend, is consumed by the worlds she creates in her novels, oblivious to the relationship developing next door. Their daughter Prudence is aware, however, and is appalled by the treachery she observes. Mrs Bracey, an invalid whose grasp on life is slipping, forever peers from her window, constantly prodding her daughters for news of the outside world. And Lily Wilson, a lonely young widow, is frightened of her own home. Into their lives steps Bertram, a retired naval officer with the unfortunate capacity to inflict lasting damage while trying to do good. 'Her stories remain with one, indelibly, as though they had been some turning-point in one's own experience' - ELIZABETH BOWEN 'Always intelligent, often subversive and never dull, Elizabeth Taylor is the thinking person's dangerous housewife. Her sophisticated prose combines elegance, icy wit and freshness in a stimulating cocktail' - VALERIE MARTIN 'A magnificent and underrated mid-20th-century writer, the missing link between Jane Austen and John Updike' - DAVID BADDIEL

'It's the most marvellous discovery for everyone who loves literature' IAN McEWAN William Stoner enters the University of Missouri at nineteen to study agriculture. A seminar on English literature changes his life, and he never returns to work on his father's farm. Stoner becomes a teacher. He marries the wrong woman. His life is quiet, and after his death his colleagues remember him rarely. Yet with truthfulness, compassion and intense power, this novel uncovers a story of universal value. Stoner tells of the conflicts, defeats and victories of the human race that pass unrecorded by history, and reclaims the significance of an individual life. It is a novel to be savoured. 'Stoner is a brilliant, beautiful, inexorably sad, wise, and elegant novel' NICK HORNBY 'A terrific novel of echoing sadness' JULIAN BARNES

This book is the product of a collaborative research effort of academics and practitioners of «accompaniment» - a method whose aim is to enable mentally handicapped adults to lead autonomous lives in an ordinary environment. Its intent is to present the idiom of «accompaniment», explain its daily practice within a theoretical context, and demonstrate that handicap is a personal challenge which must be understood as a public issue. In the crucible of individual suffering which goes on day after day, a society is fashioned: as a reflection of issues which are or not put on the political agenda, in the consequences which follow, and in the discursive codes which are disseminated.

Discover an American masterpiece. This unassuming story about the life of a quiet English professor has earned the admiration of readers all over the globe. William Stoner is born at the end of the nineteenth century into a dirt-poor Missouri farming family. Sent to the state university to study agronomy, he instead falls in love with English literature and embraces a scholar's life, so different from the hardscrabble existence he has known. And yet

as the years pass, Stoner encounters a succession of disappointments: marriage into a "proper" family estranges him from his parents; his career is stymied; his wife and daughter turn coldly away from him; a transforming experience of new love ends under threat of scandal. Driven ever deeper within himself, Stoner rediscovers the stoic silence of his forebears and confronts an essential solitude. John Williams's luminous and deeply moving novel is a work of quiet perfection. William Stoner emerges from it not only as an archetypal American, but as an unlikely existential hero, standing, like a figure in a painting by Edward Hopper, in stark relief against an unforgiving world.

Who killed Uncle Bill? Alafair W Tucker is desperate to find out. One August evening in 1914, a bushwhacker ended a pleasant outing by blowing a hole in Bill McBride, kidnapping and ravaging Bill's fiance, and wounding Alafair's daughter Mary. Does Mary know who did the low-down deed? If she does, the bullet that grazed her knocked that information right out of her head. All she remembers is that it has something to do with the Fourth of July. Or is there more? The answer seems to be floating piece by tiny piece to the surface of Mary's consciousness. Several malicious acts testify to the fact that Bill's killer is still around and attempting to cover his tracks. The question is, can Mary remember before the murderer manages to eliminate everyone who could identify him? The law is hot on the bushwhacker's trail. Alafair thinks there is little she can do to help the sheriff, but that will never stop her from trying. She has no qualms about driving Mary to distraction with her persistent snooping and constant hovering. If there's a chance she can protect Mary from further harm or help her remember, she'll do anything she can. Even confront a vicious killer.

In a snowbound village in the heart of the Swiss Alps, a husband and wife find their lives breaking apart in the days and months following the death of their firstborn. Meanwhile, on the far side of the world in the couple's hometown of Sydney, a man on the margins of Australian society commits an act of shocking violence that galvanises international attention. As the husband recognises signs of his own grief in both the survivors and the perpetrator, his fixation on the details of the case feeds into insomnia, trauma, and an obsession with the terms on which we give value to human lives. At the Edge of the Solid World is a compulsive, compelling and lyrical novel, told with extraordinary empathy and emotional intelligence. It is the story of a child's life cut short after just one day. Of a mother and father bereft at the loss of the future they'd imagined. Of an unspeakable crime, public outrage, anguish on the streets and a media frenzy that engineers heroes and villains, martyrs and scapegoats. Most of all, it is a profound meditation on the nature of loss, the resilience and fragility of the family unit and the stories we tell to explain the world. Praise for *Blood and Bone* by Daniel Davis Wood '[Blood and Bone] fulfils two objectives: shedding light on a dark past, and exploring intellectual and aesthetic problems that the writing of such a story might create. The story is grounded in factual material and Wood has filled the gaps with imagined scenes and conversations, but the tale is made seamless by a tight structure and a hypnotic style that seems to owe something to the work of Gerald Murnane.' —Kerryn Goldsworthy, *The Sydney Morning Herald*

John McGahern's astounding memoir of his childhood: 'A glowing masterpiece.' Hilary Mantel 'The one Irish writer everyone should read.' Colm Tóibín As wise and compelling a book as any of his elegiac and graceful novels.' David Mitchell 'I have admired, even loved, McGahern's work since his first novel ... Memoir strips the skin off his fiction as he faces a desperate early life with great force and tenderness.' Melvyn Bragg This is the story of John McGahern's childhood, his mother's death, his father's anger and violence, and how, through his discovery of books, his dream of becoming a writer began. At the heart of *Memoir* is a son's unembarrassed tribute to his mother. His memory of walks with her through the narrow lanes to the country schools where she taught and his happiness as she named for him the wild flowers on the bank remained conscious and unconscious presences for the rest of his life. A classic family story, told with exceptional restraint and tenderness, *Memoir* cannot fail to move all those who read it. 'Magnificent ... Stand[s] supreme in the Irish canon.' Now a major motion picture starring Nicolas Cage and directed by Gabe Polsky. In his National Book Award-winning novel *Augustus*, John Williams uncovered the secrets of ancient Rome. With *Butcher's Crossing*, his fiercely intelligent, beautifully written western, Williams dismantles the myths of modern America. It is the 1870s, and Will Andrews, fired up by Emerson to seek "an original relation to nature," drops out of Harvard and heads west. He washes up in *Butcher's Crossing*, a small Kansas town on the outskirts of nowhere. *Butcher's Crossing* is full of restless men looking for ways to make money and ways to waste it. Before

long Andrews strikes up a friendship with one of them, a man who regales Andrews with tales of immense herds of buffalo, ready for the taking, hidden away in a beautiful valley deep in the Colorado Rockies. He convinces Andrews to join in an expedition to track the animals down. The journey out is grueling, but at the end is a place of paradisaical richness. Once there, however, the three men abandon themselves to an orgy of slaughter, so caught up in killing buffalo that they lose all sense of time. Winter soon overtakes them: they are snowed in. Next spring, half-insane with cabin fever, cold, and hunger, they stagger back to *Butcher's Crossing* to find a world as irremediably changed as they have been.

I'm not, at heart, a jumper; it's not my sort of thing . . . I think I knew all the time I was sizing up the bridge that the strong possibility was I'd go home, attend my sister's wedding as invited, help hook-and-zip her into whatever she wore, take the bouquet while she received the ring, through the nose or on the finger, wherever she chose to receive it, and hold my peace when it became a question of speaking now of forever holding it.' It is the hottest June on record and the longest day of the year. Cassandra Edwards -tormented, intelligent, mordantly witty - leaves her graduate studies and her Berkeley flat to drive through the scorching heat to her family's ranch. There they are all assembled: her philosopher father, smelling sweetly of five-star Hennessy; her kind, fussy grandmother; her beloved, identical twin sister Judith, who is about to be married - unless Cassandra can help it.

For the first time, a collected edition of the major works of John Williams, including the acclaimed novel *Stoner*. John Williams's three major works have come to be recognized as modern American classics and are collected in this Library of America volume for the first time. In *Butcher's Crossing*, he unsettles the conventions of the Western novel to tell the haunting story of a buffalo hunting expedition that exposes the savagery and greed behind the myth of the frontier. In *Stoner*, he portrays power politics in academe and the quiet heroism of a midwestern English professor dedicated to the honest and dogged pursuit of his craft. In *Augustus*, set in ancient Rome, Williams again takes on the subject of power—more particularly, in the author's own words, "the ambivalence between the public necessity and the private want or need." Rounding out the volume are three essays by Williams on writing fiction and his speech upon accepting the National Book Award for *Augustus* in 1973.

First published in 1948, *Nothing but the Night* marked the auspicious beginning of John Williams' career as a novelist--a career that would go on to include the classics *Stoner* and the National Book Award winning *Augustus*. In the person of Arthur Maxley, Williams investigates the terror and the waywardness of

a man who has suffered an early traumatic experience. As a child, Maxley witnessed a scene of such violence and of such a nature that the evocation of Greek tragedy is inescapable. Now, years later, we move through a single significant day in the grown Arthur Maxley's life, the day when he is to meet his father, who has been absent for many years. With rare economy and clarity, the story moves at an ever-increasing pace to its unforgettable end.
