### Women who Write

Polity  
Have you ever gotten  
to the place where you

just couldn't take it  
anymore? Dreams.  
Programs. Jobs.  
Relationships. There  
are so many different  
areas where we feel  
like calling it quits. It's  
time for an honest  
conversation on how  
not to give in to the

temptation to give up. Nicki Koziarz is a woman who has thrown in the towel a time or two. In fact, she's quit just about everything in her life. But with God's help, she's discovered a few habits that have helped her and others conquer the choice to quit. 5 Habits of a Woman Who Doesn't Quit will enable you to: Evaluate the internal personal struggles that make you want to quit. Cultivate consistent habits to help you progress toward your goals. Receive a fresh dose of perspective from the Bible that will help you develop perseverance. You are not made to quit! Join Nicki as she identifies five habits to help you keep going no matter what struggles may come your way.

### **The Monk Who Sold His Ferrari** Alejandro Braun

'It looks impossible to get out,' he says. And also: 'But we'll get out.' Two brothers, Big and Small, are trapped at the bottom of a well, stalked by madness and with no means of escape. Struggling for sustenance and clinging to sanity, Big forges a plan to free his little brother. Fast-paced and rich in metaphor, this extraordinary new story poses questions of fight, survival and solidarity when people are faced with devastation. Powerful, disquieting and highly original, Repila's unique allegory explores with bravery and emotion the depths of human desperation and, ultimately, our almost

unending capacity for hope. From the Trade Paperback edition. *Atlantis and Lemuria* Gracefully Global Group LLC

Why do literary theorists see reading as an act of dispassionate textual analysis and meaning production, when historical evidence shows that readers have often read excessively, obsessively, and for sensory stimulation? Posing these and other questions, this is the first major work to bring insights from book history to bear on literary history and theory. In so doing, the book charts a compelling and innovative history of theories of reading. While literary theorists have greatly contributed to our

understanding of the text-reader relation, they have rarely taken into account that the relation between a book and a reader is also a relation between two bodies: one made of paper and ink, the other flesh and blood. This is why, Karin Littau argues, we need to look beyond the words on the page, and pay attention to the technical innovations in the physical format of the book. Only then is it possible to understand more fully how media technology has changed our experience of reading, and why media history presents a challenge to our conceptions of what reading is. Each chapter places the reader in specific disciplinary and historical contexts: literature, criticism,

philosophy, cultural history, bibliography, film, new media. Overall, the history recounted in this book points to a split between modern literary study which regards reading as a reducibly mental activity, and a tradition reaching back to antiquity which assumed that reading was not only about sense-making but also about sensation. Theories of Reading: Books, Bodies and Bibliomania will be essential reading for all students and scholars of literary theory and history as well as of great interest to students of the history of the book and new media. *Los hábitos lectores de los adolescentes españoles* B&H Publishing Group

Looks at the literary contribution of various of women authors throughout the ages. *Las musas suben a la tribuna. Visibilidad y autoridad de las mujeres en el Ateneo de Madrid (1882-1939)* Nobrow Press Discusses the obstacles women have had to overcome in order to become writers, and identifies the sexist rationalizations used to trivialize their contributions La mujeres que leen son peligrosas Trama Editorial *Las mujeres, que leen, son peligrosas* **Good Night Captain Mama** Walter de Gruyter GmbH & Co KG An independent kingdom of runaway slaves founded in the late 16th century, Angola Janga was a

beacon of freedom in a land plagued with oppression. In stark black ink and chiaroscuro panel compositions, D'Saete brings history to life; the painful stories of fugitive slaves on the run, the brutal raids by Portuguese colonists, and the tense power struggles within this precarious kingdom. At turns heartbreaking and empowering, Angola Janga sheds light on a long-overlooked moment of resistance against oppression.

Texturas 41: las

mujeres y los libros

Genuève Ediciones  
Popular marriage counselor and seminar leader John Gray provides a unique, practical and proven way for men and women to communicate and

relate better by acknowledging the differences between them. Once upon a time Martians and Venusians met, fell in love, and had happy relationships together because they respected and accepted their differences. Then they came to earth and amnesia set in: they forgot they were from different planets. Using this metaphor to illustrate the commonly occurring conflicts between men and women, Gray explains how these differences can come between the sexes and prohibit mutually fulfilling loving relationships. Based on years of successful counseling of couples, he gives advice on how to counteract these differences in

communication styles, emotional needs and modes of behavior to promote a greater understanding between individual partners. Gray shows how men and women react differently in conversation and how their relationships are affected by male intimacy cycles ("get close", "back off"), and female self-esteem fluctuations ("I'm okay", "I'm not okay"). He encourages readers to accept the other gender's particular way of expressing love, and helps men and women learn how to fulfill each other's emotional needs. With practical suggestions on how to reduce conflict, crucial information on how to interpret a partner's behavior and methods for preventing emotional "trash from

the past" from invading new relationships, Men Are from Mars, Women Are from Venus is a valuable tool for couples who want to develop deeper and more satisfying relationships with their partners.

Conversaciones literarias con novelistas contemporáneos

Pushkin Press

This work tells the history and civilization of the submerged continents of Atlantis and Lemuria, which are chapters from the Akashic records.

Contents: from the Akashic records; our Atlantian forefathers; transition of the Atlantean into the Aryan root-race; Lemurian era; woman in the third root-race; humanity before the decision of sex;

beginnings of sex duality, the origin of good and evil; man's first ancestors; first, or polar, race; second, or hyperborean, race.

**Bienaventurados los que leen** Editorial

Ariel

Text in Spanish. En su intención teórica original, que abarca tanto las teorías literarias posmodernas como las feministas, este libro plantea modelos y lecturas de las realidades en las que se ven inscritas las autoras y sus obras desde una mirada de género. A su vez, intenta generar una propuesta didáctico-pedagógica que permita a los estudiantes universitarios analizar críticamente tanto la obra de las autoras aquí seleccionadas como el marco teórico

que servirá de referencia para sus estudios posteriores. Las mujeres que escriben también son peligrosas Ministerio de Educación  
 «You shall not kill, son, you shall not kill, because no man can be the same after taking another man's life.» Fernando, a young literary editor and the son of a persecuted Spanish Republican, decides to flee a Spain battered by the Civil War. His friends, Catalina and Eulogio, escaping their own circumstances, join him in the adventure. The three young friends live a great story of unwavering friendship and loyalty which takes them on a journey through Second World War Alexandria, occupied Paris, Lisbon,

Prague, Boston and Chile. An ode to friendship Fernando, Catalina and Eulogio have grown together in a Madrid neighborhood close to the Encarnación convent. The Spanish Civil War has just ended and the young trio try to recover from the impact it had on their lives and those of their families. Fernando lives with his mother, Isabel, awaiting his father's liberation -incarcerated because of his Republican ideals-, hoping for an absolution that never arrives. Catalina lives on the same street. Her family has come to ruins during the Civil War and in order to confront their debts, her father plans to marry her to a man she despises. Eulogio is the one whose war losses

are greatest. His father died in combat and he himself returned from war a cripple after a heroic act which saved Marvin's life, a young American who arrived in Spain in 1936 to study literature, and when war broke, decided to stay and portray the pain of conflict in a celebrated poem anthology. The future's perspectives look grimmer each day for the three friends. They decide to unite their destinies and embark on a new life away from Madrid to save the little that they have left.

**El lugar de las mujeres en la historia** Harper Collins  
Johann Wolfgang Goethe no solo fue el máximo exponente de su época como escritor. Su obra da cuenta además de una

minuciosa dedicación a la investigación de las ciencias naturales y de una vida profundamente marcada por la naturaleza. Con una enorme fuerza narrativa, Stefan Bollmann explora en esta biografía la olvidada visión goethiana del mundo natural y nos ofrece a su vez una imagen de Goethe completamente nueva. Dedicado al estudio de diversos campos, que fueron la base intelectual de su amistad con figuras como Alexander von Humboldt, la vida de este genio nos revela no solo la importancia de la experiencia al aire libre, sino la idea del entorno natural visto como una totalidad orgánica y cambiante que depende de la

interconexión de todas las formas de vida en la Tierra. Un libro que no solo nos muestra lo que Goethe representó en el contexto de la época, sino cómo el conocimiento de la naturaleza puede ser una fuente para comprender nuestra humanidad.

No Busque Señales al Elegir un Compañero

Universitat de València  
Relegadas

tradicionalmente a un papel secundario y a menudo pasivo en la sociedad, las mujeres encontraron muy pronto en la lectura una manera de romper

las estrecheces de su mundo. La puerta abierta al conocimiento, la imaginación, el acceso a otro mundo, un mundo de libertad e independencia, les ha permitido desarrollarse y adoptar, poco a poco, nuevos roles en la sociedad. A través de un recorrido por las numerosas obras de arte que reflejan la estrecha relación entre libros y mujeres, Stefan Bollmann rinde un sentido homenaje a las mujeres y confirma el excepcional poder que confiere la lectura.

Lean In Fantagraphics Books

This book contributes to bridge the gap between different scholarly communities interested in the entanglements of culture and politics in the international arena.

It sheds light on existing connections in their parallel evolution with a thorough literature review, complemented by several case studies showing the fruitful character of their interdisciplinary mobilisation. Through the notions of cultural relations, intellectual cooperation and cultural diplomacy, the book draws on a soft power perspective to offer a shared, novel, and interdisciplinary theoretical framework to approach cultural institutions and organisations that have been previously examined as isolated objects: for example, cultural institutes, international organisations, literary magazines, and literary contests. The interdisciplinary nature

of this volume justifies the relevance of its content for scholars working in the history of international relations, international cultural relations and intellectual history, comparative literature, sociology of literature and global literary studies.

#### At Risk

Studentlitteratur AB

La literatura ha sido tradicionalmente un terreno reservado a los hombres y, hasta bien entrado al siglo XX, las pocas mujeres que se atrevían a tomar la pluma solían utilizar seudónimos masculinos para ocultar semejante acto de rebeldía. Sin embargo, ya en el siglo XIII algunas mujeres se atrevían a escribir en un mundo en el que sólo unas poquísimas privilegiadas tenían

acceso siquiera a la lectura. Esta interesante y reveladora obra, llena de ilustraciones y fotografías, propone repasar la trayectoria de las escritoras más destacadas que ha dado la historia, como las hermanas Brönte, Jane Austen, George Sand o Virginia Woolf.

#### Las mujeres que

caminaron con Jesús U

of Nebraska Press

From a debut author comes a gorgeous and emotionally resonant debut novel about a half-Japanese teen who grapples with social anxiety and her narcissist mother in the wake of a crushing rejection from art school. 5 1/2 x 8 5/16.

#### **Wild Animals of the North** Knopf

Relationships can be difficult. This guide presents the scientific

reasons why men and women are different, covering topics such as why men shouldn't lie to women and why men are quiet and women like to talk.
