65 Years a Blue-Collar Rifle Shooter By: Robert Francis Brigode After the past sixty-five years as a blue-collar rifle shooter, Robert Francis Brigode has learned a few things about precision shooting. 65 Years a Blue-Collar Rifle Shooter details the facts Brigode's

mentors gave him over the years. The modern-day white-collar cost is much too high than needed for great outcomes for a new shooter. With this in mind, Brigode hopes to help new shooters manage a blue-collar cost now and in upcoming years.

"This is a book about how technology has affected the music industry through a series of disruptions that have taken place ten times over the past century. Whenever technological innovations result in a compelling new way to distribute music to the public, the music industry changes in myriad and fundamental ways to adjust to the new format. And while the technologies themselves have evolved over the decades, the changes within the business follow a distinct pattern. Key Changes describes this pattern: it defines an analytical structure, the 6C Framework, that explains how the music business transformed in each era. The ten disruptions are the formats for distributing recorded music: phonograph records, radio, LPs, tapes, CDs, television, digital downloads, streaming, and streaming video; and then into the future with voice response and AI technologies, where the changes are in progress now. Each of these has a chapter in the book. The book concludes with an examination of how the 6C Framework applies across the timeline of various music formats, as well as to technologically induced changes in other industries, ranging from movies to sports to coffee, and it offers some observations about how blockchain technology could be the source of the next set of disruptive innovations in the music industry"--

 Jukebox Empire

They are the Brotherhood of the Wheel: a secret society of truckers, bikers, nomads, and others who defend America's roads and rails from unnatural threats lying in wait for unwary travelers. Now a missing-

person case leads to a string of roadside murders and mutilations that stretches back decades—and to a cult of murderous clowns who are far more than mere urban legends. Greasepaint and lunatic grins are the last things their victims ever see. And as if that's not trouble enough, trucker Jimmy Aussapile and his allies must also cope with a violent civil war within an outlaw biker gang long associated with the Brotherhood, as well as run-ins with a rival gang led by a fierce werewolf biker chick who fights tooth and claw to protect her pack. From Depression-era hobo camps to a modern-day trailer park hiding unearthly secrets, fear lurks just beyond the headlights for the Kings of the Road.
