Hiding in Plain Sight

FriesenPress

This is the true story of Grace O'Malley, or Granuaile, who ruled on land and sea in Connaught over 400 years ago. A Pirate Queen and Chieftain,

she became a legend. We meet Grace as a young girl on Ireland's west coast. Her father is a strong chieftain and loves the sea. Despite her parents' objections, Grace becomes a better sailor than any of her father's crew and so the adventures of the Pirate Queen begin. We set sail on her galley to Spain where war with

England affects Grace and Ireland. We meet her husbands, Donal of the Battles and Richard in Iron, and are on board ship for her son's birth and pirate attacks. After many escapades we sail to London for her famous meeting with Queen Elizabeth I. And we stay with her in her castle at Rock Fleet where she dies in 1603. This non-fiction account is a must for children who love Irish history! Similar to: Michael Collins: Most Wanted Man by Vincent McDonnell and Tom Crean: Ice Man by Michael Smith. *The Ballad of the Pirate Queens* National Geographic Kids A 17-year-old pirate captain INTENTIONALLY allows herself to get captured by enemy pirates in

this thrilling YA adventure from debut author Tricia Levenseller. [Arabelle the Queen of Pirates](#) Houghton Mifflin Harcourt Hiding in Plain Sight: Women Warriors throughout Time and Space takes the many, long-standing dimensions of military history, including the various modalities of warfare across cultures and periods, and integrates them with the more recent and very substantial contributions of social history, women's history, black history, feminist theory, LGBTQ community, and other perspectives. By providing an extensive annotated bibliography of the new findings, the work provides the reader with an exciting compilation of new

knowledge placed within a longstanding military historical framework, one which provides a broader study and understanding of warfare into which to put the very recent, disparate findings culled from many disciplines. The book reaffirms that women have long been deeply embedded in the practice of warfare, not simply as victims or minor curiosities, but as important actors—tactically, strategically, in combat, and directing warfare from afar—just as their male counterparts. The concomitant amalgam also shows that certain types and patterns of warfare such as the defense of castles and fortresses, commanding a ship or

a fleet, revolutionary warfare, and today's drone and cyber-forms of warfare have been more conducive to female activity than other forms of warfare, even as women are also present in a wider variety of other broader temporal and geographical dimensions of the history of warfare. *Hiding in Plain Sight* is the only extensive annotated bibliography currently available which provides such a holistic overview of recent scholarship by grounding that scholarship in the existing military canon and history. [Pirates of the Carolinas for Kids](#) Macmillan
Cassandra Leung's been a sea monster trainer ever since she could walk, raising genetically engineered

beast to defend ships crossing the NeoPacific ... until pirates snatch her from the blood-stained decks.

Life Under the Jolly

Roger Penguin

Two women who sailed with Calico Jack Rackham and his pirates in the early 1700's do their best to defend their ship while the men on board are busy drinking.

Seafaring Women

Arcturus Publishing

For centuries, the sea has been regarded as a male domain, but in this illuminating historical narrative, maritime scholar David Cordingly shows that an astonishing number of women went to sea in the great age of sail. Some traveled as the wives or mistresses of captains; others were smuggled aboard by officers or seamen.

And Cordingly has unearthed stories of a number of young women who dressed in men's clothes and worked alongside sailors for months, sometimes years, without ever revealing their gender. His tremendous research shows that there was indeed a thriving female

population—from pirates to the sirens of myth and legend—on and around the high seas. A landmark work of women's history disguised as a spectacularly entertaining yarn, *Women Sailors and Sailor's Women* will surprise and delight.

Daughter of the Pirate

King Charlesbridge

Publishing

As Grania O'Malley grows, tales of her courage and heroic

deeds travel across Ireland. But when she comes up against a ruthless governor, even fearless Grania is stymied. So she turns to a woman more powerful than she, in this heart-stopping tale by the author of *Mirette on the High Wire*.

DIY Programming and Book Displays Clarion Books

Few stories have the power to stay with us the way the tales we hear in childhood do. Great children's book authors have at their disposal countless techniques to channel young imaginations and appeal directly to their audience's tender sensibilities. They craft colorful characters whose circumstances and actions resonate with readers in a way that carries through

well into adulthood. The creators of some of the most whimsical, witty, thought-provoking, and powerful children's books of all time—including Lewis Carroll, Dr. Seuss, Beatrix Potter, Maurice Sendak, and Laura Ingalls Wilder, among many others—are presented in this exciting volume.

Pirate Queens North Star Editions, Inc.

An exhilarating Viking saga filled with the rich history, romantic adventure and political intrigue that have made Diana Gabaldon's *Outlander*, George R. R. Martin's *Game of Thrones*, as well as Phillippa Gregory's historical fiction and Neil Gaiman's *Norse Mythology* popular bestsellers. Six years

after The Half-Drowned King, Ragnvald Eysteinnsson is now king of Sogn, but fighting battles for King Harald keeps him away from home, as he confronts treachery and navigates a political landscape that grows more dangerous the higher he rises. Ragnvald's sister Svanhild has found the freedom and adventure she craves at the side of the rebel explorer Solvi Hunthiofsson, though not without a cost. She longs for a home where her quiet son can grow strong, and a place where she can put down roots, even as Solvi's ambition draws him back to Norway's battles again and keeps her divided from her brother. As a growing rebellion unites King Harald's

enemies, Ragnvald suspects that some Norse nobles are not loyal to Harald's dream of a unified Norway. He sets a plan in motion to defeat all of his enemies, and bring his sister back to his side, while Svanhild finds herself with no easy decisions, and no choices that will leave her truly free. Their actions will hold irrevocable repercussions for the fates of those they love and for Norway itself. The Sea Queen returns to the fjords and halls of Viking-Age Scandinavia, a world of violence and prophecy, where honor is challenged by shifting alliances, and vengeance is always a threat to peace. A General History of The Pyrates Del Rey Bold in her Breeches

takes a wholly fresh look at these mythical figures and places them in their true historical and cultural contexts. From Artemisia to the contemporary women pirates of today, via eighteenth-century Grace O'Malley and nineteenth-century Cheng I Sao, we learn why women took to piracy, what it was actually like, how they were regarded by people of their own time and what history has done to their stories.

Women in American History [4 volumes] PM Press

This four-volume set documents the complexity and richness of women's contributions to American history and culture, empowering all students by

demonstrating a more populist approach to the past. Based on the content of most textbooks, it would be easy to reach the erroneous conclusion that women have not contributed much to America's history and development. Nothing could be further from the truth. Offering comprehensive coverage of women of a diverse range of cultures, classes, ethnicities, religions, and sexual identifications, this four-volume set identifies the many ways in which women have helped to shape and strengthen the United States. This encyclopedia is organized into four chronological volumes, with each volume further divided into three sections. Each

section features an overview essay and thematic essay as well as detailed entries on topics ranging from Lady Gaga to Ladybird Johnson, Lucy Stone, and Lucille Ball, and from the International Ladies of Rhythm to the International Ladies Garment Workers Union. The set also includes a vast variety of primary documents, such as personal letters, public papers, newspaper articles, recipes, and more. These primary documents enhance users' learning opportunities and enable readers to better connect with the subject matter.

Pirate Queen of Ireland

Boydell & Brewer Ltd
The story of the most famous female pirate in history provides a remarkable personal

odyssey from a time when women were almost powerless and at the lowest level of the social order on both sides of the Atlantic. This new biographical work fills considerable gaps in Anne Bonny's life beyond her mythology to rescue an actual person for posterity. After turning her back on everything she knew growing up in South Carolina to find a sense of personal freedom, Anne Bonny sailed the Caribbean's pristine waters during the Golden Age of Piracy in the early eighteenth century. Few accurate records exist about these law-breakers, whose lifestyles called for hanging. Fortunately, Anne Bonny was a notable exception to the rule, as she was

caught off the Jamaican coast and tried by a court of law, whose records have fortunately survived. So, who was the real Anne Bonny? A heartless prostitute, a bloodthirsty psychopathic, or a compassionate woman of faith and courage? Such a fundamental question has not been adequately answered by historians for 300 years. It is now time to take a fresh look at the life of Anne Bonny to present a corrective view into not only her story but also the seldom explored, but incredibly rich, field of women's history. The Anne Bonny mythology is today popularly told in Starz channel's *Black Sails* and the video game *Assassin's Creed: Daughter of the Siren*

Queen Charlesbridge
 "A collection of fact-filled profiles, poetry, and illustrations of women pirates who made their mark on the high seas. Each profile includes an original poem presented against a backdrop of full-color art by illustrator Sara Woolley Gomez. The profile is followed by information about the real life and times of these daring women"--
Anne Bonny the Infamous Female Pirate
 Random House Trade Paperbacks
 Over the last couple of decades, an ideological battle has raged over the political legacy and cultural symbolism of the "golden age" pirates who roamed the seas between the Caribbean Islands and the Indian Ocean from roughly 1690 to 1725.

They are depicted as romanticized villains on the one hand and as genuine social rebels on the other. *Life Under the Jolly Roger* examines the political and cultural significance of these nomadic outlaws by relating historical accounts to a wide range of theoretical concepts—reaching from Marshall Sahlins and Pierre Clastres to Mao Zedong and Eric J. Hobsbawm via Friedrich Nietzsche and Michel Foucault. With daring theoretical speculation and passionate, respectful inquiry, Gabriel Kuhn skillfully contextualizes and analyzes the meanings of race, gender, sexuality, and disability in golden age pirate communities, while also surveying the breathtaking array

of pirates' forms of organization, economy, and ethics. *Life Under the Jolly Roger* also provides an extensive catalog of scholarly references for the academic reader. Yet this delightful and engaging study is written in language that is wholly accessible for a wide audience. This expanded second edition includes two new prefaces and an appendix with interviews about contemporary piracy, the ongoing fascination with pirate imagery, and the thorny issue of colonial implications in the romanticization of pirates.

What Is Nonfiction? Gill & Macmillan Ltd
Lintang's dream of adventure on the high seas comes true when Captain Shafira invites

her to join her pirate crew, but Lintang's best friend, Bayani, has stowed away and is keeping secrets.--
Sea Queens Black Rose
 The capable, confident, and occasionally ruthless heroine of *Daughter of the Pirate King* is back in this action-packed sequel that promises rousing high seas adventures and the perfect dash of magic. Alosa's mission is finally complete. Not only has she recovered all three pieces of the map to a legendary hidden treasure, but the pirates who originally took her captive are now prisoners on her ship. Still unfairly attractive and unexpectedly loyal, first mate Riden is a constant distraction, but now he's under her orders. And she takes great

comfort in knowing that the villainous Vordan will soon be facing her father's justice. When Vordan exposes a secret her father has kept for years, Alosa and her crew find themselves in a deadly race with the feared Pirate King. Despite the danger, Alosa knows they will recover the treasure first . . . after all, she is the daughter of the Siren Queen. In *Daughter of the Siren Queen*, Tricia Levenseller brings together the perfect mix of thrilling action, tense battle scenes, and a heart-pounding romance.
The Abyss Surrounds Us Rowman & Littlefield
