Star quarterback Bobby Framingham, one of the most talented high school football players in California, knows he's different from his teammates. They're like brothers, but they don't know one essential thing: Bobby is gay. Can he still be one of the guys and be honest about who he is? When he's outed against his will by a student reporter, Bobby must find a way to

earn back his teammates' trust and accept that his path to success might be more public, and more difficult, than he'd hoped. An affecting novel about identity that also delivers great sportswriting.

Through the Eyes of Blue
Taylor & Francis
The Six: A Story about Boys, Laughter, and a Lifelong Friendship is a feel-good memoir about an unforgettable group of high

school buddies and their antic-filled coming of age in the 1980s. Frank Alessandra's hilarious stories of youth and camaraderie accurately speak to the less expressive bonds and support structure of male friendship. But even though male friends may not be comfortable openly sharing troubles the way women do, hidden beneath the surface of these fun-filled tales is a

heartwarming connection between six boys, as they rely on one another to get through the trials and tribulations of growing into young men. Along this journey, they confront real problems: shattered dreams, deep regrets, heartbreak, and racism. Whenever life presented such a challenge, The Six rallied, and over time, they realize that what they share is about more than just the laughs. In the end, the

grown men understand why it is they hang on to each other and the priceless support their thirty-year friendship still provides. "Good male friendships started in childhood can last a lifetime and sustain a man in his later years." - Dr. Geoffrey Greif, University of Maryland School of Social Work "Male friendship can provide support, strengthen identity, and offer

meaningful companionship. It's certainly something worth the effort for men to develop and maintain in their lives." - Peter M. Nardi, Ph.D., Sociology, Pitzer College. For more than 20 years, Frank Alessandra has relied on an annual get-together with five childhood buddies to soothe the stresses of adult life. Together, the men reminisce about hilarious events from their younger days. A

sentimental desire to share these stories of youth and innocence inspired Alessandra to uncover a passion for storytelling through writing. A financial analyst by trade, he graduated with honors from Moravian College and received an MBA with honors from Lehigh University. He lives in Flemington, New Jersey, and has two teenaged daughters, Alyssa and

Growing up in "the ward" in Houston, Texas, Brooklyn feels like her family is always evolving. First, her mother, Mama Betty, takes in a newborn whose mother couldn't care for her	anymore, and then Brooklyn's three cousins come to live with her. And to top it off, Brooklyn's sister, Pearl, just had a baby of her own. Add in Brooklyn's elderly live in grandmother, and Brooklyn feels like she's lost in the shuffle. After Brooklyn's father, Tommy Boy, is sent to prison, Mama Betty does what she can to keep the family together. But the more Brooklyn feels pushed to the side and
---	---	---

unwanted, the more she feels pressured to look for love in other places—often resulting in harsh consequences and a life full of drama. It's not until after a failed suicide attempt that Brooklyn realizes she needs to change and then accepts the Lord into her life as her Savior. It is only through God's help and love that Brooklyn will be able to overcome life's obstacles and seek His ultimate plan

for her. Will she rely on God's help to free herself from the obstacles keeping her from His plan for her life? *Left, but Not Alone* John Wiley & Sons Perfect for fans of Patrick Ness's *A Monster Calls*, and with beautiful colour illustrations throughout, *Cappy and The Whale* is a unique and wonderful Ukrainian story which Puffin are proud to publish in English for the very first time.

One morning I glanced out the window and saw a whale floating in the sky. The whale was blue and grey, large and clumsy, yet he was just rolling along and gliding on the warm sunny breeze with surprising grace. When eight-year-old Cappy discovers a whale swimming outside of his bedroom window, it's fair to say he's quite surprised. Given how long he's spent in hospital,

Cappy has had plenty of time to read a LOT of books on animals, and he's never heard of a whale that can fly. What with his leukaemia, Cappy's used to not being allowed to do things he wants - like eating sweets, playing with dogs, or roaming too far from his protective family - so he's delighted when the amazing whale not only speaks to him, but asks him to join him for a ride in the sky. Soon, Cappy and the

whale are the best of friends, and together they will go on an amazing journey of imagination, hope and curiosity.

Gymnastics is Riley's life, until she becomes stranded with her best friend's brother in a storm... Riley has one goal, to make it to the Olympics and nothing will stand in her way... Juggling school, homework, and her time at the gym, Riley doesn't have time for romance. Especially when it comes in the form of nineteen-year-old moody Russ. Russ

knows that he and Riley can't be together. Forget the fact that she's his little sister's best friend, she's still in high school, and doesn't seem to care about anything other than her future. So why can't he stay away from her? Will Riley realise before it's too late that there are more important things than winning? Meet Me at the Gym is the enchanting second book in the Arrowsmith

High series. If you like forbidden love, older brooding guys and a steely determined heroine, then you will love MJ Ray's sweet YA Romance. AuthorHouse Based on the multiple lives and tumultuous times of Vance Moran, Ghosts of Time takes the reader on an extraordinary, often unbelievable real-life adventure. An abusive childhood in the swamps of Louisiana, a

family breadwinner at age six, alone by the age of twelve and being a professional boxer does not prepare Vance for what he faces as a US Military pilot at eighteen on a secret mission behind enemy lines in the scorching, barren wastelands of Northern Africa during World War II. Few have survived the tortures he endured and returned home to piece one's life together.

Vance Moran perseveres with rugged determination to overcome overwhelming odds. This book is based on more than sixteen hours of recorded conversations plus additional anecdotal references by Vance Moran.

Touch Me MJ Ray Today, coaching is recognized to be one of the most effective human resource development processes available, and it is becoming increasingly popular in organizations of all sizes.

Faced with historically low levels of employee engagement (as little as 13% according to Gallup's latest survey), business leaders see coaching as key to unlocking the human talent, creativity, and innovation that is hiding in plain sight in their workplaces. And rather than bring in external coaches for this purpose, they want to integrate coaching into their company culture—a

2015 study by the International Coaching Federation (ICF) and the Human Capital Institute (HCI) found that 81% of organizations surveyed planned to train managers/leaders in coaching skills. The Master Coach is written for these leaders, and is perfectly positioned to become the definitive book on the topic. Drawing on the wealth of experience that has made Gregg

Thompson and Blueprint Leadership Development the choice of numerous Fortune 100 companies, it illuminates the essence of what it takes to be a great coach. The Master Coach will appeal to leaders at all organization levels, showing them how to make a significant shift in their attitudes, values and behaviors and become more coach-like in all of their daily interactions and conversations.

The Master Coach is based on the simple but profound 3Cs Coaching Model. This proven approach asserts that to master the art of coaching one must have an exemplary Character that invites the trust of others, be able to form rapid Connections with others at deeply personal level, and have the ability to initiate and guide intense, attitude-changing Conversations

. At every step, Thompson reminds readers that coaching is not merely about what the coach says or does; it is about who he or she is. **The Silent Female Scream** Routledge Azumah Nelson has been described as the greatest boxer to come out of Africa. Born the year after his home nation of Ghana gained independence, he played a major part in putting this new country

on the world map. A glittering amateur career saw him win every title except an Olympic medal, as Ghana boycotted the 1980 Games when he was a favourite to win. After turning professional, he took a last-minute bout for the world title with the great Salvador Sanchez, a bout that changed his life. Two years later, in 1984, he won the WBC Featherweight World Title. Like many

champions, he rose from humble beginnings, suffered tragedy along the way, but he won and remained a world champion at featherweight and super featherweight for eleven years. Very few champions have carried such a burden of expectation, and Azumah delivered success at a time when his country needed a hero. He never faltered and won the respect of

many across the world.

Within *The Craft of the Secure Base Coach*, the authors take a new and combined approach to the professions of coaching and counselling to provide a guide for professionals wanting to better assist individuals and teams in periods of transition. Based on up-to-date scientific insights, and

grounded in concepts from attachment theory, this book explores the themes of life transition based on the authors' own Transition Cycle model, and how professional coaches and counsellors can become a secure base for their clients during sometimes traumatic and transitional periods in their lives. Consisting of two parts, the first part of this book focuses on how to become a secure base

coach, using case studies to illustrate how readers can affect real change with their clients when providing humanity and proximity to the professional relationship. The second part provides a more practical guide to working with individuals and groups, and how to apply the themes of the Transition Cycle to help with guiding transition. This will be a valuable resource for

coaches, counsellors and therapists, as well as those currently in training. It will also be of use to leaders wishing to learn more about their coaching skills, as well as social workers and grief counsellors/therapists. *Behind the Iron Curtain: Tears in the Perfect Hockey "GULAG" Anchor Don't Put Me In, CoachAnchor A Complete Collection of State Trials*
