'One of the best fantasy book series of the past decade' TIME

Never trust an assassin. Celaena's story continues in this second book in the #1 bestselling Throne of Glass series by Sarah J. Maas. Celaena Sardothien won a brutal contest to become the King's Champion. But she is far from loyal to the

crown. Though she goes to great lengths to hide her secret, her deadly charade becomes more difficult when she realises she is not the only one seeking justice. Her search for answers ensnares those closest to her, and no one is safe from suspicion - not the Crown Prince Dorian; not Chaol, the Captain of the Guard; not even her best friend, Nehemia, a princess with a rebel heart. Then, one terrible night, the secrets they have all been keeping lead to an unspeakable tragedy. As Celaena's world shatters, she will be forced to decide once and for all where her true loyalties lie ... and what she is willing to fight for. The second book in the #1 New York Times bestselling

Throne of Glass series returns readers to a land destroyed by liars, where one woman's truth is the only thing that can save them all.

The story of how four young bohemians on the make - Bob Dylan, Joan Baez, Mimi Baez, and Richard Farina - converged in Greenwich Village, fell into love, and invented a sound and a style that are one of the most lasting legacies of the 1960s. When Bob Dylan, age twenty-five, wrecked his motorcycle on the side of a road near Woodstock in 1966 and dropped out of the public eye, he was recognized as a genius, a youth idol, and the authentic voice of the counterculture: and Greenwich Village, where he first made his

mark as a protest singer with an acid wit and a barbwire throat, was unquestionably the center of youth culture. So embedded are Dylan and the Village in the legend of the Sixties--one of the most powerful legends we have these days--that it is easy to forget how it all came about. In *Positively Fourth Street*, David Hajdu, whose 1995 biography of jazz composer Billy Strayhorn was the best and most popular music book in many seasons, tells the story of the emergence of folk music from cult practice to popular and enduring art form as the story of a colorful foursome: not only Dylan but his part-time lover Joan Baez - the first voice of the new generation; her sister Mimi - beautiful,

haunted, and an artist in her own right; and her husband Richard Farina, a comic novelist (*Been Down So Long It Looks Like Up To Me*) who invented the worldwise bohemian persona that Dylan adopted--some say stole--and made as his own. The story begins in the plain Baez split-level house in a Boston suburb, moves to the Cambridge folk scene, Cornell University (where Farina ran with Thomas Pynchon), and the University of Minnesota (where Robert Zimmerman christened himself Bob Dylan and swapped his electric guitar for an acoustic and a harmonica rack) before the four protagonists converge in New York. Based on extensive new interviews and full

of surprising revelations, Positively Fourth Street is that rare book with a new story to tell about the 1960s. It is, in a sense, a book about the Sixties before they were the Sixties--about how the decade and all that it is now associated with it were created in a fit of collective inspiration, with an energy and creativity that David Hajdu captures on the page as if for the first time.

Travel with Olympic gold medalist Jessie Diggins on her compelling journey from America's heartland to international sports history, navigating challenges and triumphs with rugged

grit and a splash of glitter Pyeongchang, February 21, 2018. In the nerve-racking final seconds of the women's team sprint freestyle race, Jessie Diggins dug deep. Blowing past two of the best sprinters in the world, she stretched her ski boot across the finish line and lunged straight into Olympic immortality: the first ever cross-country skiing gold medal for the United States at the Winter Games. The 26-year-old Diggins, a four-time World Championship medalist, was literally a world away from the small town of Afton, Minnesota, where she first strapped on skis. Yet, for all her history-making achievements, she had never strayed far from the scrappy 12-year-old who had

insisted on portaging her own canoe through the wilderness, yelling happily under the unwieldy weight on her shoulders: “Look! I’m doing it!” In *Brave Enough*, Jessie Diggins reveals the true story of her journey from the American Midwest into sports history. With candid charm and characteristic grit, she connects the dots from her free-spirited upbringing in the woods of Minnesota to racing in the bright spotlights of the Olympics. Going far beyond stories of races and ribbons, she describes the challenges and frustrations of becoming a serious athlete; learning how to push through and beyond physical and psychological limits; and the intense

pressure of competing at the highest levels. She openly shares her harrowing struggle with bulimia, recounting both the adversity and how she healed from it in order to bring hope and understanding to others experiencing eating disorders. Between thrilling accounts of moments of triumph, Diggins shows the determination it takes to get there—the struggles and disappointments, the fun and the hard work, and the importance of listening to that small, fierce voice: I can do it. I am brave enough.

Written in My Own Heart's Blood London : T. Nelson

In her now classic novel *Outlander*, Diana Gabaldon told the story of Claire Randall, an

English ex-combat nurse who walks through a stone circle in the Scottish Highlands in 1946, and disappears . . . into 1743. The story unfolded from there in seven bestselling novels, and CNN has called it “a grand adventure written on a canvas that probes the heart, weighs the soul and measures the human spirit across [centuries].” Now the story continues in *Written in My Own Heart’s Blood*. 1778: France declares war on Great Britain, the British army leaves Philadelphia, and George Washington’s troops leave Valley Forge in pursuit. At this moment, Jamie Fraser returns from a presumed watery grave to discover that his best friend has

married his wife, his illegitimate son has discovered (to his horror) who his father really is, and his beloved nephew, Ian, wants to marry a Quaker. Meanwhile, Jamie’s wife, Claire, and his sister, Jenny, are busy picking up the pieces. The Frasers can only be thankful that their daughter Brianna and her family are safe in twentieth-century Scotland. Or not. In fact, Brianna is searching for her own son, who was kidnapped by a man determined to learn her family’s secrets. Her husband, Roger, has ventured into the past in search of the missing boy . . . never suspecting that the object of his quest has not left the present. Now, with Roger out of the way, the kidnapper

can focus on his true target: Brianna herself. Written in My Own Heart's Blood is the brilliant next chapter in a masterpiece of the imagination unlike any other.

Captivating and action-packed, *From Blood and Ash* is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa. *A Maiden...* Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she

would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers. *A Duty...* The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. *A Kingdom...* Forsaken by the gods and feared by mortals, a fallen kingdom is

rising once more, determined to take back what they believe is theirs through violence and vengeance. And as the shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found unworthy by the gods, but also her life when every blood-soaked thread that holds her world together begins to unravel. This controversial and stirring account of one of the bloodiest battles of the Great War recounts a heroic but disastrous engagement which left a lasting rift between the British and Australians.

Drawing from a wealth of unpublished sources and eyewitness accounts, Jonathan Walker's study of the Battle of Bullecourt is vital to an understanding of the difficulties that faced Great War commanders. Central

to *The Blood Tub* is a reassessment of Sir Hubert Gough, one of the Great War's most colourful generals. In the late spring of 1917, the Allies attacked at Arras, and a combined British and Australian force under General 'Thrustor' Gough assaulted the fortress village of Bullecourt. Despite using the new wonder weapon, the tank, Gough's first attack ended in disaster and bitter recriminations. He then launched a second massive attack. For the next two weeks, the Battle of Bullecourt dominated British offensive action on the Western Front. It was the excessive brutality and ferocity of the hand-to-hand fighting that earned Bullecourt the name 'Blood Tub.' Memoirs of the

Autobiography is one of the most popular of written forms. From Casanova to Benjamin Franklin to the Kardashians, individuals throughout history have recorded their own lives and experiences. These personal writings are central to the work of literary critics, philosophers, historians and psychologists, who have found in autobiographies from across the centuries not only an understanding of the ways in which lives have been lived, but the most fundamental accounts of what it means to be a self in the world. In this Very Short Introduction Laura Marcus defines

what we mean by 'autobiography', and considers its relationship with similar literary forms such as memoirs, journals, letters, diaries, and essays. Analysing the core themes in autobiographical writing, such as confession, conversion and testimony; romanticism and the journeying self; Marcus discusses the autobiographical consciousness (and the roles played by time, memory and identity), and considers the relationship between psychoanalysis and autobiography. Exploring the themes of self-portraiture and performance, Marcus also discusses the ways in which fiction and autobiography have shaped each

other. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Jacqueline Woodson, the acclaimed author of *Red at the Bone*, tells the moving story of her childhood in mesmerizing verse. Raised in South Carolina and New York, Woodson always felt halfway home in each place. In vivid poems, she shares what it was like to grow up as an African American in the 1960s and 1970s, living with the remnants of Jim Crow and her growing

awareness of the Civil Rights movement. Touching and powerful, each poem is both accessible and emotionally charged, each line a glimpse into a child's soul as she searches for her place in the world. Woodson's eloquent poetry also reflects the joy of finding her voice through writing stories, despite the fact that she struggled with reading as a child. Her love of stories inspired her and stayed with her, creating the first sparks of the gifted writer she was to become. A National Book Award Winner A Newbery Honor Book A Coretta Scott King Award Winner Praise for Jacqueline Woodson: Ms. Woodson writes with a sure understanding of the thoughts of young

• A coming-of-age classic about a young girl growing up in Chicago • Acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. “Cisneros draws on her rich [Latino] heritage...and seduces with precise, spare prose, creat[ing] unforgettable

characters we want to lift off the page. She is not only a gifted writer, but an absolutely essential one.” —The New York Times Book Review The House on Mango Street is one of the most cherished novels of the last fifty years. Readers from all walks of life have fallen for the voice of Esperanza Cordero, growing up in Chicago and inventing for herself who and what she will become. “In English my name means hope,” she says. “In Spanish it means too many letters. It means sadness, it means waiting.” Told in a series of vignettes—sometimes heartbreaking, sometimes joyous—Cisneros’s masterpiece is a classic story of

childhood and self-discovery and one of the greatest neighborhood novels of all time. Like Sinclair Lewis's *Main Street* or Toni Morrison's *Sula*, it makes a world through people and their voices, and it does so in language that is poetic and direct. This gorgeous coming-of-age novel is a celebration of the power of telling one's story and of being proud of where you're from.

This fascinating narrative tells the story of a remarkable regiment at the center of Civil War history. The real-life adventure emerges from accounts of scores of soldiers who served in the 4th Michigan Infantry, gleaned from their diaries, letters, and memoirs; the reports of their officers and commanders; the stories by journalists who covered them; and the recollections of the Confederates who fought against them. The book includes tales of life in camp, portraying the Michigan soldiers as

everyday people—recounting their practical jokes, illnesses, political views, personality conflicts, comradeship, and courage. The book also tells the true story of what happened to Colonel Harrison Jeffords and the 4th Michigan when the regiment marched into John Rose's wheat field on a sweltering early July evening at Gettysburg. Beyond the myths and romanticized newspaper stories, this account presents the historical evidence of Jeffords's heroic, yet tragic, hand-to-hand struggle for his regiment's U.S. flag.

"There was very fine, an elegant pain, hardly a pain at all, like the swift and fleeting burn

of a drop of hot candle wax...Then the blood welled up and began to distort the pure, stark edges of my delicately wrought wound. "The chaos in my head spun itself into a silk of silence. I had distilled myself to the immediacy of hand, blade, blood, flesh." There are an estimated two to three million "cutters" in America, but experts warn that, as with anorexia, this could be just the tip of the iceberg of those affected by this little-known disorder. Cutting has only just begun to enter public consciousness as a dangerous affliction that tends to take hold of adolescent girls and can last, hidden and untreated, well into adulthood. Caroline Kettlewell is an intelligent woman with

a promising career and a family. She is also a former cutter, and the first person to tell her own story about living with and overcoming the disorder. She grew up on the campus of a boys' boarding school where her father taught. As she entered adolescence, the combination of a family where frank discussion was avoided and life in what seemed like a fishbowl, where she and her sister were practically the only girls the students ever saw, became unbearable for Caroline. She discovered that the only way to find relief from overpowering feelings of self-consciousness, discomfort, and alienation was to physically hurt herself. She began cutting her

arms and legs in the seventh grade, and continued into her twenties. Why would a rational person resort to such extreme measures? How did she recognize and overcome her problem? In a memoir startling for its honesty, humor, and poignancy, Caroline Kettlewell offers a clear-eyed account of her own struggle to survive this debilitating affliction.

For readers of Hideous Kinky, Dadland and Bad Blood; the astonishing, beguiling story of Sarah Aspinall's harum scarum childhood, and a love letter to a woman who defied convention to live a life less ordinary. My Mother attracted

unusual people and events to her, and she made things happen.... Sarah Aspinall grew up in the glittering wake of her irrepressible mother Audrey. Born into poverty in 1930s Liverpool, Audrey had always known that she was destined for better things and was determined to shape that destiny for herself. From the fading seaside glamour of Southport, to New York and Hollywood, to post-war London and the stately homes of the English aristocracy, Audrey stylishly kicked down every door she encountered, on a ceaseless quest for excitement - and for love. Once Sarah was born, she became Audrey's companion on her adventures, travelling the world, scraping together an

education for herself from the books found in hotels or given to her by strangers, and living on Audrey's charm as they veered from luxury to poverty - an accessory to her mother's desperate search for 'the one'. As Sarah grew older, she realised that theirs was a life hung about with mysteries. Why, for instance, had they spent ages living in a godforsaken motel in the Kill Devil Hills, North Carolina? Who was the charming Sabet Sabescue, and what was his hold over Audrey during several months in Cairo? And what on earth happened to the heirlooms that an ancient heiress, Miss Gillette, gave Sarah when they visited her in Palm Springs? And why, when they

returned to Southport was Audrey ostracised by the society she so longed to be part of? *Diamonds at the Lost and Found* tells the story of how Sarah eventually pulled free of her mother's gravitational pull to carve out a destiny of her own. It is a beguiling testament to dreams, defying convention and exasperated love.

A shockingly honest memoir about life on the pro tennis circuit during its golden years by one of McEnroe's and Connors' chief rivals, Bill Scanlon. In the golden age of tennis, when players were just learning how to become media personalities, men like John McEnroe, Jimmy

Connors, Björn Borg and Ivan Lendl ruled the court. In a tell-all memoir, former top 10 seeded tennis star and chief McEnroe rival, Bill Scanlon, presents an unfettered look at the good old days of tennis when some of the most colorful (and infamous) players in history went head-to-head and the game was changed forever. *Bad News For McEnroe* is in part a revelation of the feud between McEnroe and the author that began when they were teenagers, but the essence of this book are the wonderful and surprising on- and off-the-court high jinks of such notable players as Guillermo Vilas, Borg, McEnroe, Ilie Nastase and Connors, all of whom Scanlan played and knew intimately, from locker room fights

to on-court breakdowns and blow-ups. A story that could not have come from anyone but a true insider, Scanlon's tale of life on the pro tennis circuit will shock and delight tennis fans everywhere.

 both men and women,  
 some of them famous,  
 and some of it S&M,  
 and Lidia discovers the  
 power of her sexuality  
 to help her forget her  
 pain. The forgetting  
 doesn't last, though,  
 and it is her hard-  
 earned career as a

 and the love of her  
 husband and son, that  
 ultimately create the  
 life she needs to  
 survive.
