## SANCHEZ HOPE

---

*The Lost Secret of Death* North Star Editions, Inc.

An enchanting summer romance set on the gorgeous Irish coast, where fresh starts are made, love beckons and secrets are sure to unfold... In the tiny village of Sandy Cove in Ireland, Ella Caron is trying to recover. When she moved from Paris to a beautiful coastguard cottage on the sea, she wanted peace and quiet and the space to grieve after her mother's death. She never imagined that her mother's eccentric best friend Lucille would insist on moving in to keep her company. With Lucille by her side, Ella finds herself laughing more than she has in years and it soon becomes clear that Lucille has her own reasons for coming to Sandy Cove: she wants Ella to help her move to her own little cottage by the sea. But then Lucille's son Rory comes to town and her dream is under threat: he wants her in Tipperary, where she can safely grow old in their family home. Ella admires Lucille's sense of adventure but she can't help but wonder if Rory is right. Especially when she sees the rickety old cottage Lucille intends to buy and realises that the real reason she wants to escape could turn Rory's life upside down. As Ella and Rory get closer, sharing a moment under the stars that feels meant to be, Ella finds herself caught between the man she is falling for and the loyalty she has to Lucille. Ella knows that she must convince Lucille to tell her family the truth, but it may force them to leave her and Sandy Cove for good... A dreamy Irish romance that will warm your heart and show you that it's never too late for a second chance. For fans of Debbie Macomber, Sheila O'Flanagan and Mary Alice Monroe. What readers are saying about Susanne O'Leary: 'OMG! OMG!! I cannot remember the last time I was so gutted to come to the end of a book!! I absolutely fell in love and it genuinely felt like I was packing my bags and being whisked away from my Irish holiday... Absolutely gorgeous!!!... an absolutely stunning, heart-warming romance that will have you heading off to Ireland in the blink of an eye.' Bookworm 86, 5 stars

**Remaking a Lost Harmony** Simon & Schuster

Reveals the radical ancient practice of living resurrection, in which initiates ritually died and were reborn into a state of higher consciousness • Explores living resurrection initiation practices from world cultures, including Egyptian, Greek, Gnostic, Chinese, Celtic, and Native American traditions • Describes the secret chambers and temples where Mystery Schools practiced "raising the dead" • Shows why this practice was branded a heresy and suppressed by the Church More than two thousand years before the resurrection of Jesus, initiates from spiritual traditions around the world were already practicing a secret mystical ritual in which they metaphorically died and were reborn into a higher spiritual state. During this living resurrection, they experienced a transformative spiritual awakening that revealed the nature of reality and the purpose of the soul, described as "rising from the dead." Exploring the practice of living resurrection in ancient Egyptian, Phoenician, Greek, Persian, Indian, Japanese, Chinese, Celtic, and Native American traditions, Freddy Silva explains how resurrection was never meant for the dead, but for the living--a fact supported by the

suppressed Gnostic Gospel of Philip: "Those who say they will die first and then rise are in error. If they do not first receive the resurrection while they live, when they die they will receive nothing." He reveals how these practices were not only common in the ancient world but also shared similar facets in each tradition: initiates were led through a series of challenging ordeals, retreated for a three-day period into a cave or restricted room, often called a "bridal chamber," and while out-of-body, became fully conscious of travels in the Otherworld. Upon returning to the body, they were led by priests or priestesses to witness the rising of Sirius or the Equinox sunrise. Silva describes some of the secret chambers around the world where the ritual was performed, including the so-called tomb of Thutmose III in Egypt, which featured an empty sarcophagus and detailed instructions for the living on how to enter the Otherworld and return alive. He reveals why esoteric and Gnostic sects claimed that the literal resurrection of Jesus promoted by the Church was a fraud and how the Church branded all living resurrection practices as a heresy, relentlessly persecuting the Gnostics to suppress knowledge of this self-empowering experience. He shows how the Knights Templar revived these concepts and how they survive to this day within Freemasonry. Exploring the hidden art of living resurrection, Silva shows how this personal experience of the Divine opened the path to self-empowerment and higher consciousness, leading initiates such as Plato to describe it as the pinnacle of spiritual development.

*Secret to an Open Door* Hubrecht (Alain)

"A tour thousand year old mystery lurks in the hills of Georgia. While investigating a strange series of ancient codes, an archaeologist vanishes, and a professor he entrusted with the secret is murdered. Former government agent, Sean Wyatt, learns of his friend's disappearance as well as the assassinations and must race against the clock to unravel the clues to the ancient mystery. But to save him, he will have to fight off highly trained mercenaries in hand to hand combat, violent shootouts, and high speed car chases through the Blue Ridge Mountains. And in the end, what he learns will change the history books as we know them."--

**The Lost Starship** White Pine Press

\*National Bestseller\* A sweeping account of America's oldest unsolved mystery, the people racing to unearth its answer, and the sobering truths--about race, gender, and immigration--exposed by the story of the Lost Colony of Roanoke. In 1587, 115 men, women, and children arrived at Roanoke Island on the coast of North Carolina. Chartered by Queen Elizabeth I, their colony was to establish England's first foothold in the New World. But when the colony's leader, John White, returned to Roanoke from a resupply mission, his settlers were nowhere to be found. They left behind only a single clue--a "secret token" carved into a tree. Neither White nor any other European laid eyes on the colonists again. What happened to the Lost Colony of Roanoke? For four hundred years, that question has consumed historians and amateur sleuths, leading only to dead ends and hoaxes. But after a chance encounter with a British archaeologist, journalist Andrew Lawler discovered that solid answers to the mystery were within reach. He set out to unravel the enigma of the lost settlers, accompanying competing researchers, each hoping to be the first to solve its riddle. Thrilling and

absorbing, *The Secret Token* offers a new understanding not just of the first English settlement in the New World but of how the mystery and significance of its disappearance continues to define and divide our country.

*The Secret Lake Arrow*

Twenty-five short stories from the Hispanic Caribbean. In Pedro Peix's *Requiem for a Wreathless Corpse*, a family tries to capitalize on the death of a relative who was a famous guerrilla, while the story, *Now That I'm Back, Ton*, is on a man's disappointment following his return home.

*Secret of the Lost Settlement* Hampton Roads Publishing

Twins Jess and Josh discover a time-compass in their attic that whisks them back to ancient Crete, where they participate in a bull-riding contest and have a close encounter with the Minotaur.

*The Secret* Penguin

The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels, are buried. The key to finding each can be found within the twelve full color paintings and verses of *The Secret*. Yet *The Secret* is much more than that. At long last, you can learn not only the whereabouts of the Fair People's treasure, but also the modern forms and hiding places of their descendants: the Toll Trolls, Maitre D'eamons, Elf Alphas, Tupperwerewolves, Freudian Sylphs, Culture Vultures, West Ghosts and other delightful creatures in the world around us. *The Secret* is a field guide to them all. Many "armchair treasure hunt" books have been published over the years, most notably *Masquerade* (1979) by British artist Kit Williams. *Masquerade* promised a jewel-encrusted golden hare to the first person to unravel the riddle that Williams cleverly hid in his art. In 1982, while everyone in Britain was still madly digging up hedgerows and pastures in search of the golden hare, *The Secret: A Treasure Hunt* was published in America. The previous year, author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum. Preiss was killed in an auto accident in the summer of 2005, but the hunt for his casques continues.

*Presidents' Secret Wars* Anchor

The story of the migration, under conditions of extreme secrecy, of some 16,000 Ethiopian Jews to Israel, in which Israeli intelligence agents, American diplomats, international refugee organizations, and Sudanese officials all had vital roles. It is told by a *Readers' Digest* roving editor who calls it "the story of a good deed that even today almost no one wants to take credit for."

*The Long-Lost Secret Diary Of The World's Worst Knight* National Geographic Books

When the four friends receive a strange sketch, their lives change abruptly. They start an

investigation because they want to know where exactly the sketch came from. When they realize that they are on to a big secret which ends up in dangerous situations. They steal an old manuscript in Paris, they participate in an ancient game and have to carry a body through Florence without getting caught. There is no time to lose. Risking their own lives they continue their search. Will they ever learn the truth about the biggest secret ever: The Lost Leonardo?

*Lost in the Labyrinth* Red Wheel/Weiser

Unlocking the Hidden Chapters of Napoleon Hill's THINK AND GROW RICH Not since the original publication of *Think and Grow Rich* in 1937 has there been a book that revolutionizes how an ordinary individual can manifest abundance, wealth and happiness in every aspect of life. *The Lost Secret* provides a distillation of the key components of *Think and Grow Rich* and provides what Napoleon Hill and manifestation experts believe are the two Lost Chapters that were intended to be part of the 1937 edition. Both author and publisher believe that these two chapters were intentionally deleted by The Ralston Society, the original publisher, for being too advanced for readers of that era. These two chapters provide insights into the nature of vibrational manifestation in alignment with present-day quantum physics that would have seemed like unfounded speculation back in 1937. Although it's impossible to prove through historical or scientific analyses that these two Lost Chapters were in fact written by Napoleon Hill, those most familiar with his writings and concepts are united in agreeing that these two chapters reflect Hill's inimitable advice and wisdom, completing the gift that the original *Think and Grow Rich* was to the world. Together with the insights provided by author Monica Main—who has used these techniques to generate millions of dollars in wealth—you have in your hands one of the most extraordinary books ever published! MONICA MAIN is a successful entrepreneur and self-made millionaire who has used unconventional wealth-attraction techniques to best leverage her massive success. FOREWORD BY JACK CANFIELD *The Lost Secrets of Prayer* Rudolf Steiner Press

A mystery in 11 episodes designed for near beginners to elementary-level students of English.

*A Lifetime of Secrets* Jaico Publishing House

These hilarious fictional diaries put us inside the heads of hapless figures from history. Meet Roderick - a scrawny, unremarkable teenager keeping a diary of his life in the Middle Ages. When he's chosen to become a knight on a quest to find a holy relic (the fingers of St Stephen), Roderick is determined to prove his honour and graduate from zero to hero. 'Get Real' fact boxes feature throughout, providing historical context and further information, as well as a timeline, historical biographies and a glossary in the end matter.

*The Lost Secret of the New Covenant* Independently Published

Our understanding of Jesus in the gospels is wrong. Jesus was an other-worldly being who came to teach humanity about the truth of our origins and what the future looks like for our species. The lost secret is at last revealed with evidence found in ancient documents such as the hidden truth in the gnostic gospels and in the Dead Sea Scrolls. The real meaning behind the miracles and teachings of Jesus in the gospels has never been made more apparent. Only a few have been able to uncover the true nature of Jesus by reading in between the lines and cracking the secret which the Church has known about and kept concealed for centuries. What is released in this book can change the nature of the Christianity forever and more importantly, the landscape of how we understand God, religion

and where we come from. If you are a truth seeker and are prepared to explore the forgotten secret of who Jesus really was, then take a leap into "The Lost Secret".

**The Long-Lost Secret Diary of the World's Worst Tomb Hunter** National Geographic Books  
There's no place like home...and no end to the nightmare... Samantha is in her last year of high school at a very exclusive all-girls school in upstate New York. It has been four years since she gave birth to her daughter and since the death of her sister, Cassie. One day, Samantha's roommate, Ellie, convinces her to attend a fraternity party. There Samantha meets a handsome young man named Ethan. The two develop a romantic relationship, but Samantha's memories of her rape prevent her from consummating their union, and she confesses to Ethan that she has a daughter. He is surprised, but promises to attend her graduation and meet her father and uncle. But when Ethan brings her back, Samantha discovers a wild party going on in her room, and her girlfriends, including her roommate, Ellie, mock Samantha. Thinking she's also lost Ethan, Samantha walks out, unaware that circumstances will soon culminate in a shocking series of events—including madness, betrayal, and murder.

Admiral Byrd's Lost Secret Diary Rediscovered William Morrow

"A novel with a strong factual base and an ancient civilization's forgotten secrets. Extraordinary revelations, completely unknown history, strange machines, secret temples and rituals finally revealed." 6000 years ago, the Sumerians made careful records for the phases of Venus, year after year. 2500 years ago, the Ancient Greeks built highly complex machines that could predict the position of the planets over more than 1000 years. They probably used these instruments to plan festivities and games, and also to help them govern. Festivities and games that led to attractive young men and women being encouraged to procreate to produce a new generation of leaders. Divinization rituals, whose basic principles are still unknown to us, were also surely related to astronomical calculations. The Esseniens predicted, several centuries in advance, the birth of people who were highly skilled in the government of a nation. This knowledge lasted until the Age of Enlightenment, but it was lost afterwards. The only thing remaining is astrology devoid of its original science, and clairvoyants operating without following any method. The Freemasons try to keep the secret of the ultimate objective - the improvement of the human race - but probably do not have the tools that our ancient kings and emperors secretly used to govern and conquer the world.

*The Secret Explorers and the Lost Whales* Llewellyn Worldwide

A stunning debut from a Australian writer - the story of a treasure hunt through a vast New York bookshop.

The Lost Knowledge CreateSpace

In 1947 Admiral Richard E. Byrd was summoned to Washington, D.C. and questioned extensively about his claims that he had entered a hole in the Antarctic ice and found an advanced ancient civilization. He was ordered never to mention the finding or to reveal his discovery to the public. He obeyed until days before his death. Here is his story. Make of it what you will.

**The Lost Secret** HarperCollins UK

Book description to come.

*The Shadow of Solomon* The Salariya Book Company

Dive into the world of The Secret Explorers and learn about ocean life in this action-packed first installment in a brand-new fiction series. Meet The Secret Explorers! This group of brilliant kids comes together from all four corners of the globe to fix problems, solve mysteries, and gather knowledge all over the planet - and beyond. Whenever their help is needed, a special sign will appear on a door. They step through to the Exploration Station and receive their mission... In The Lost Whales, marine life expert Connor needs to use his underwater expertise to help save a pod of humpback whales that have lost their way. Along with space expert Roshni, he sets out in a submarine to search for a way to steer the whales back on track, but encounters unexpected problems along the way, including lost baby whales and a fleet of boats. Will The Secret Explorers manage to succeed in their mission? Packed with fun illustrations and facts about humpback whales, marine life, and how climate change is affecting the oceans, this thrilling adventure is perfect for emerging readers. The action-packed narrative keeps kids engaged and makes learning about the natural world fun.
