GORDON DEANDRE

Perception, Cognition, and Decision Training Simon and Schuster Born in Canada to parents who emigrated from the Caribbean, P.K. Subban is a remarkable athlete and role model. A talent on the ice, playing for some of the best teams in the NHL, P.K. has set records and won the Norris Trophy, the highest honour in hockey for a defenceman. Often the centre of controversy, at one time named one of the most hated hockey players in the NHL for his outspoken attitude, he is the pride of many fans across Canada and a hero to young athletes of colour. His stand against racism relies more on actions to support others than on relating his own experiences. He is known to have made the largest donation to charity by a Canadian athlete in history, and works to build an understanding between at-risk youth and law enforcement across North America. P.K.'s story has evolved into an incredible family story of three first-generation-born-in-Canada brothers who, starting with P.K., all were drafted into the NHL. P.K. and his siblings were brought up to work hard to make their dreams come true by a father who taught in one of the toughest neighbourhoods in Toronto. A philanthropic thinker, a media favourite and force to be reckoned with on the ice — this is P.K. Subban.

Sports around the World [4 volumes] Taylor & Francis Draft Day meets Burke's Law in this incisive and entertaining behind-the-scenes look at hockey's highest ranks. Why do some franchises consistently win, while others may never get to see their players' names etched on the Cup? Why do some teams draft poorly and others draft all-star teams? Why do some teams just seem to know how to win? In *The Franchise*, *The Athletic's* Craig Custance delves into the stories about the people who make the biggest decisions in hockey. For more than three years, Custance travelled far and wide to connect with the inner circle of hockey, from the owner's suite of the Carolina Hurricanes to a private championship ring ceremony with the Vegas Golden Knights to a country club for a breakdown of the Pittsburgh Penguins. He had frank conversations with new Leafs' GM Brad

Treliving and former Leafs' GM Kyle Dubas, and discussed the revolution in women's hockey with three-time Olympic medal winner and Devils' executive Meghan Duggan. For fans of any stripe, there are stories behind memorable trades and the biggest free agent signings, and insights into how some of the most successful teams of the last two decades were built. There are never-been-told details about trade demands, a prominent hire that one general manager regretted immediately, and how one general manager risked his life to sign a player he thought could change the course of his NHL team. *The Franchise* will change the way you look at hockey. Custance shows that it all starts at the top, not on the ice. The players win, but it's the people up in the box who break down every aspect of their teams, execute the hard decisions, and make the magic happen. This is essential reading for every hockey fan who wants to get beyond the x's and o's in an absorbing testament to why teams win.

A December Stephen Curry Book Club Pick One of ESPN's 25 Can't Miss Books of 2019 "A feel-good story."—New York Times Book Review "This isn't simply a sports book. Rather, it's a book about inspiring and courageous women who just happened to be hockey players."—Korea Times The inspiring, unlikely story of the American, Canadian, South Korean and even North Korean women who joined together to form Korea's first Olympic ice hockey team. Two weeks before the opening ceremony of the 2018 Winter Olympics, South Korea's women's hockey team was forced into a predicament that no president, ambassador or general had been able to resolve in the sixty-five years since the end of the Korean War. Against all odds, the group of young women were able to bring North and South Korea closer than ever before. The team was built for this moment. They had been brought together from across the globe and from a wide variety of backgrounds—concert pianist, actress, high school student, convenience store worker—to make history. Now the special kinship they had developed would guide them through the biggest challenge of their careers. Suddenly thrust into an international spotlight, they showed the powerful meaning of

what a unified Korea could resemble. In *A Team of Their Own*, Seth Berkman goes behind the scenes to tell the story of these young women as they became a team amid immense political pressure and personal turmoil, and ultimately gained worldwide acceptance on a journey that encapsulates the truest meanings of sport and family.

The history of hockey is filled with the bizarre, the unexpected, and the hard to believe. *Hockey's Most Wanted™* chronicles 700 of the most outrageous players, coaches, and owners in hockey history. In humorous detail, Floyd Conner describes hockey's top-ten strange plays, inept players, bizarre nicknames, craziest fans, colorful characters, unlikely heroes, odious owners, worst coaches, beleaguered officials, most brutal fights, and more. Learn why Dave Reece was nicknamed "the Human Sieve," and find out which goalie once gave up fifteen goals in a game. Meet the player who was whistled for a record sixty-seven penalty minutes in a single game and another who played in the National Hockey League for five years before scoring his first goal. Imagine scoring the winning goal in the seventh and deciding game of the

Stanley Cup—for the opposing team—or how it felt to be the defenseman traded for a net. You can find all this and more in *Hockey's Most Wanted™*, a book that every hockey fan will enjoy.

A physician with thirty-five years of experience treating people with brain injuries shares the latest research on concussions and best practices for care. The explosion of attention to sports concussions has many of us thinking about the addled brains of our football and hockey heroes. But concussions happen to everyone, not just elite athletes. Children fall from high chairs, drivers and cyclists get into accidents, and workers encounter unexpected obstacles on the job. Concussions are prevalent, occurring even during everyday activities. In fact, in less time than it takes to read this sentence, three Americans will experience a concussion. The global statistics are no less staggering. *Shaken Brain* offers expert advice and urgently needed answers. Elizabeth Sandel, MD, is a board-certified physician who has spent more than three decades treating patients with traumatic brain injuries, training clinicians, and conducting research. Here she explains the scientific evidence for what happens to the brain and body after a concussion. And she shares stories from a diverse group of patients, educating readers on prevention, diagnosis, and treatment. Few people understand that what they do in the aftermath of their injury will make a

dramatic difference to their future well-being; patient experiences testify to the best practices for concussion sufferers and their caregivers. Dr. Sandel also shows how to evaluate risks before participating in activities and how to use proven safety strategies to mitigate these risks. Today concussions aren't just injuries—they're big news. And, like anything in the news, they're the subject of much misinformation. *Shaken Brain* is the resource patients and their families, friends, and caregivers need to understand how concussions occur, what to expect from healthcare providers, and what the long-term consequences may be.

For 25 years prior to expansion in 1967, big-league pro hockey consisted of only six teams and about 120 players. A document called the "C-Form," signed by young, often poor, Canadian boys, could bind a player to one franchise for life, thus insuring a team's future. Intense rivalries brewed, as the game, the rink it was played on, and the equipment players wore evolved. Offenses increased as the curved stick and the booming "slap shot" became all the rage. *Hockey's Glory Days* relives these exciting decades, when the Montreal Canadiens made 10 consecutive appearances in the Stanley Cup finals, winning the last five, and when the Chicago Blackhawks and Toronto Maple Leafs dominated the '60s. The book features more than 126 player and team photos, plus individual and team statistics for every season from 1949-50 to 1968-69. Hockey's best forwards, goaltenders, and defensemen are profiled. The authors—experts in their

field—include photographs and statistics of greats the likes of Gordie Howe, Bobby Hull, Maurice "Rocket" Richard, Bobby Orr, Phil Esposito, and Jacques Plante. *Hockey's Glory Days* even includes the "best" and "worst" statistics and trivia from this era. *Hobey Baker* PediaPress

Stories from behind the scenes of one of hockey's longest running and most popular broadcasts, *Hockey Night in Canada's* *Satellite Hot Stove*, from an insider who's seen it all. For more than twenty years, hockey fans tuned in during intermission on Saturday nights to watch one of the most popular segments in the game's long broadcasting history. They'd hear news from around the league, the latest rumours and gossip, and—of course—some of the most controversial opinions of the day. No, we're not talking about Coach's Corner. The *Satellite Hot Stove* was a revolutionary show for talking about the game we love. Here, during the second intermission of the first game of every *Hockey Night in Canada* broadcast, pundits, and insiders would convene in studios across North America—in arenas and other locales—to discuss the biggest topics. *Hot Stove* was the best place to get news, opinions, and a good laugh. And Al Strachan was in the middle of it all. A bestselling author and award-winning sports journalist, he has been writing and talking about hockey for more than forty years. As a regular TV pundit on *Hot Stove*, he witnessed the most exciting and talked-about episodes in the modern game. And more than once, his unfiltered, say-it-as-it-is style added controversy of its own, too. In this new book, he relives the best stories of his long career, from working with some of the biggest personalities, on and off the ice, to the hijinks that went on behind the cameras. From embarrassing himself in front of Scotty Bowman, to cooking up a plan with Wayne Gretzky to save hockey, and frank conversations with Ken Dryden and hockey's elite, *Hockey's Hot Stove* delivers all new hockey stories you won't hear anywhere else.
