German books in print Camden House

Computer and video games are leaving the PC and conquering the arena of everyday life in the form of mobile applications—the result is new types of cities and architecture. How do these games alter our perception of real and virtual space? What can the designers of physical and digital worlds learn from one another?

Work on Myth Alison Green Books

In the same way Caravaggio was the inspiration behind "Jewels in Painting," so Fra Angelico is the starting point for "Children in Painting." It was while I was looking at his "Last Judgement" in the convent of San Marco in Florence that two child angels filled me with happiness. They are meeting in Paradise and embrace with tenderness before entering the dance of eternal happiness. They make you believe in true love. Fra Angelico is divine but is a child so? From the day of his birth until the age of ten, one might believe so. This is the reason why no child over ten features in this book. Having a child is a universal desire. A child is life, a child is love. Having to choose amongst an infinite number of pictures, I have attempted to select the most representative ones in Italian, German, Dutch, Flemish, Spanish, English, American, Swiss and French painting, in which children play, laugh, kiss, cry, eat or sleep. Each of them reveals a masterpiece, in which the

artist has exchanged his knowledge for a marvellous innocence. the ordinary becomes extraordinary, truth reveals beauty and beauty reveals truth. This book is as much for adults as it is for children, who will hopefully be encouraged to delve further into the world of art. To understand it is to start loving it: admire it and let yourself be carried away from everyday's routine.

Praise for New York Times bestseller *The Firebird*: "Kearsley blends history, romance and a bit of the supernatural into a glittering, bewitching tale."—Kirkus *An Ancient Castle, a Tragic Love, and a Web of Secrets Begins to Unravel...* Emily Braden has stopped believing in fairy tales and happy endings. When her fascinating but unreliable cousin Harry invites her on a holiday to explore the legendary town of Chinon, and promptly disappears—well, that's Harry for you. As Emily makes the acquaintance of Chinon and its people, she begins to uncover dark secrets beneath the charm. Legend has it that during a thirteenth-century siege of the castle that looms over the city, Queen Isabelle, child bride of King John, hid a "treasure of great price." And in the last days of the German occupation during World War II, another Isabelle living in Chinon, a girl whose love for an enemy soldier went tragically awry. As the dangers of the past become disastrously real, Emily is drawn ever more deeply into a labyrinth of mystery as twisted as the streets and tunnels of the ancient town itself. "A mix of intrigue and adventure...in a style similar to that of Mary Stewart or Barbara Erskine, Kearsley does an excellent job evoking the atmosphere of Chinon with its brooding castle."—The Winnipeg Free Press "Kearsley's action-packed mystery-romance, set in a medieval French town, shows

the same deft plotting that won Kearsley the Catherine Cookson prize for *Mariana*."—Chatelaine

The Hunger Games Allyn & Bacon

The first book to examine Goethe's writings on the daemonic in relation to both Classical philosophy and German Idealism. For Plato, the daemonic is a sensibility that brings individuals into contact with divine knowledge; Socrates was also inspired by a "divine voice" known as his "daimonion." Goethe was introduced to this ancient concept by Hamann and Herder, who associated it with the aesthetic category of genius. This book shows how the young Goethe depicted the idea of daemonic genius in works of the Storm and Stress period, before exploring the daemonic in a series of later poetic and autobiographical works. Reading Goethe's works on the daemonic through theorists such as Lukács, Benjamin, Gadamer, Adorno, and Blumenberg, Nicholls contends that they contain arguments concerning reason, nature, and subjectivity that are central to both European Romanticism and the Enlightenment. Angus Nicholls is Claussen-Simon Foundation Research Lecturer in German and Comparative Literature at the Centre for Anglo-German Cultural Relations in the Department of German, Queen Mary, University of London. *Literatur-Katalog* Scholastic

This book is a groundbreaking history of balance, exploring how a new model of equilibrium emerged during the medieval period.

Housesitting at the ultra-modern apartment of a composer friend in a glum Eastern European city, a British copywriter accidentally spills wine on the apartment's priceless wooden floor and endures a psychologically disastrous week of perfectionist repair and maintenance.

Season of Storms Northwestern University Press

Nearly twenty-five hundred years ago the Greek thinker Heraclitus supposedly uttered the cryptic words "Phusis kruptesthai philei." How the aphorism, usually translated as "Nature loves to hide," has haunted Western culture ever since is the subject of this engaging study by Pierre Hadot. Taking the allegorical figure of the veiled goddess Isis as a guide, and drawing on the work of both the ancients and later thinkers such as Goethe, Rilke, Wittgenstein, and Heidegger, Hadot traces successive interpretations of Heraclitus' words. Over time, Hadot finds, "Nature loves to hide" has meant that all that lives tends to die; that Nature wraps herself in myths; and (for Heidegger) that Being unveils as it veils itself. Meanwhile the pronouncement has been used to explain everything from the opacity of the natural world to our modern angst. From these kaleidoscopic exegeses

and usages emerge two contradictory approaches to nature: the Promethean, or experimental-questing, approach, which embraces technology as a means of tearing the veil from Nature and revealing her secrets; and the Orphic, or contemplative-poetic, approach, according to which such a denuding of Nature is a grave trespass. In place of these two attitudes Hadot proposes one suggested by the Romantic vision of Rousseau, Goethe, and Schelling, who saw in the veiled Isis an allegorical expression of the sublime. "Nature is art and art is nature," Hadot writes, inviting us to embrace Isis and all she represents: art makes us intensely aware of how completely we ourselves are not merely surrounded by nature but also part of nature.

My Friend Anna Random House

A History of Cookbooks provides a sweeping literary and historical overview of the cookbook genre, exploring its development as a part of food culture beginning in the Late Middle Ages. Studying cookbooks from various Western cultures and languages, Henry Notaker traces the transformation of recipes from brief notes with ingredients into detailed recipes with a specific structure, grammar, and vocabulary. In addition, he reveals that cookbooks go far beyond offering recipes: they tell us a great deal about nutrition, morals, manners, history, and menus while often providing entertaining reflections and commentaries. This innovative book demonstrates that cookbooks represent an interesting and important branch of nonfiction literature.

Backgammon Simon & Schuster (UK)

First in the ground-breaking HUNGER GAMES trilogy. In a vision of the near future, a terrifying reality TV show is taking place. Twelve boys and twelve girls are forced to appear in a live event

called *The Hunger Games*. There is only one rule: kill or be killed. But Katniss has been close to death before. For her, survival is second nature.

Thirteen is the legal thriller Lee Child, Michael Connelly, and Ruth Ware are raving about and readers can't put down. "Outstanding - an intriguing premise, a tense, gripping build-up, and a spectacular climax. This guy is the real deal. Trust me." —Lee Child "A dead bang BEAST of a book that expertly combines Cavanagh's authority on the law with an absolutely great thrill ride. Books this ingenious don't come along very often."

—Michael Connelly It's the murder trial of the century. And Joshua Kane has killed to get the best seat in the house - and to be sure the wrong man goes down for the crime. Because this time, the killer isn't on trial. He's on the jury. But there's someone on his tail. Former-conman-turned-criminal-defense-attorney Eddie Flynn doesn't believe that his movie-star client killed two people. He suspects that the real killer is closer than they think - but who would guess just how close? "A brilliant, twisty, ingeniously constructed puzzle of a book. Steve Cavanagh pulls off an enviable premise with panache." —Ruth Ware

Tabby McTat is purr-fectly happy, singing along all day with Fred the busker. But when Fred gives chase to a thief, the two are separated. Will they ever find each other again? A heart-warming story of friendship, loyalty - and kittens! 'Our five\year-old gave

it the thumbs up, and that's about the best endorsement you can get.' *News of the World*

Springer Science & Business Media

In this rich examination of how we inherit and transform myths, Hans Blumenberg continues his study of the philosophical roots of the modern world. *Work on Myth* is in five parts. The first two analyze the characteristics of myth and the stages in the West's work on myth, including long discussions of such authors as Freud, Joyce, Cassirer, and Valéry. The latter three parts present a comprehensive account of the history of the Prometheus myth, from Hesiod and Aeschylus to Gide and Kafka. This section includes a detailed analysis of Goethe's lifelong confrontation with the Prometheus myth, which is a unique synthesis of "psychobiography" and history of ideas. *Work on Myth* is included in the series *Studies in Contemporary German Social Thought*, edited by Thomas McCarthy.

Leyla and Linda Celebrate Ramadan MIT Press

NEW YORK TIMES BESTSELLER ONE OF TIME'S 100 BEST BOOKS OF THE YEAR *Sex and the City* meets *Bad Blood* and *Catch Me if You Can* in the astonishing true story of Anna Delvey, a young con artist posing as an heiress in New York City—as told by the former *Vanity Fair* photo editor who got seduced by her friendship and then scammed out of more than \$62,000. Rachel DeLoache Williams's new friend Anna Delvey, a self-proclaimed German heiress, was worldly and ambitious. She was also generous—picking up the tab for lavish dinners at *Le Coucou*, infrared sauna sessions at *HigherDOSE*, drinks at the 11 Howard Library bar, and regular workout sessions with a celebrity personal trainer. When Anna proposed an all-expenses-paid trip

to Marrakech at the five-star La Mamounia hotel, Rachel jumped at the chance. But when Anna's credit cards mysteriously stopped working, the dream vacation quickly took a dark turn. Anna asked Rachel to begin fronting costs—first for flights, then meals and shopping, and, finally, for their \$7,500-per-night private villa. Before Rachel knew it, more than \$62,000 had been charged to her credit cards. Anna swore she would reimburse Rachel the moment they returned to New York. Back in Manhattan, the repayment never materialized, and a shocking pattern of deception emerged. Rachel learned that Anna had left a trail of deceit—and unpaid bills—wherever she'd been. Mortified, Rachel contacted the district attorney, and in a stunning turn of events, found herself helping to bring down one of the city's most notorious con artists. With breathless pacing and in-depth reporting from the person who experienced it firsthand, *My Friend Anna* is an unforgettable true story of "glamour, greed, lust for power" (The New York Times), and female friendship.
