 A must-have prep guide for taking the CISSP certification exam. If practice does, indeed, make perfect, then this is the book you need to prepare for the CISSP certification exam! And while the six-hour exam may be grueling, the preparation for it doesn't have to be. This invaluable guide offers an

unparalleled number of test questions along with their answers and explanations so that you can fully understand the "why" behind the correct and incorrect answers. An impressive number of multiple-choice questions covering breadth and depth of security topics provides you with a wealth of information that will increase your confidence for passing the exam. The sample questions cover all ten of the domains tested: access control; telecommunications and

network security; information security governance and risk management; application development security; cryptography; security architecture and design; operations security; business continuity and disaster recovery planning; legal, regulations, investigations, and compliance; and physical and environmental security. Prepares you for taking the intense CISSP certification exam with an impressive and unique 2,250 test prep questions

and answers Includes the explanation behind each answer so you can benefit from learning the correct answer, but also discover why the other answers are not correct Features more than twice the number of practice questions of any other book on the market and covers nine times the number of questions tested on the exam With CISSP certification now a requirement for anyone seeking security positions in corporations and government, passing the exam is critical. Packed

with more than 2,000 test questions, CISSP Practice will prepare you better than any other resource on the market.

Wiley CIA Exam Review 2013, Part 1, Internal Audit Basics John Wiley & Sons
 The most comprehensive Certified Internal Auditor Exam preparation guide available One exam, three volumes of preparation. Here is the best source to help you prepare for the Certified Internal Auditor (CIA) exam covering the new syllabus, effective 2013. Wiley CIA Exam Review, Volume 3: Business Analysis and

Information Technology addresses topics such as governance and business ethics; risk management; organizational structure, business processes, and risks; communication; management and leadership principles; information technology and business continuity; financial management; and global business environment. Includes fully developed theories and concepts, as opposed to superficial outlines found in other study guides Offers indicators that help candidates allot

study time based on the weight given to each topic on the exam Indicates the level of difficulty expected for each topic on the exam as either "Awareness" or "Proficiency" so more time and effort can be assigned for the proficiency topics than for the awareness topics Presents highly comprehensive coverage of theory with glossary of technical terms Every volume in the Wiley CIA Exam Review series offers a successful learning system of visual aids and

memorization techniques that enable certification candidates to form long-lasting impressions of covered material.

Wiley CIAexcel Exam Review 2023 John Wiley & Sons
