*German Short Stories For Beginners* Georgetown University Press

As society becomes more global, you should equip yourself with knowledge of foreign languages. What better language to start with than German? German has a reputation for being a difficult language to learn especially for English speakers. While there is some truth to that - its grammar rules are more complicated and it has sounds that don't exist in the English language - learning a new language will always be a challenge, no matter what it is, to foreign language learners. This book, *Learn German for Beginners*, offers an effective way to learn the basics of German. But first, let's be clear about what this book isn't. If you're looking for a book that offers a method for mastering a language in few simple steps, this isn't it. If you want a book that can make you fluent in German in no time, this also isn't it. In fact, if you found a book or any language learning resource promising those kinds of things, throw them away. Learning a new language takes time and dedication. Unless you're gifted, there's no shortcut. So, what can you expect from this book? Chapter 1 is all about the basics.

You'll learn about the German alphabet, which is similar to the English alphabet but sounds differently, how to pronounce words the right way, and how to deal with numbers. This chapter will also show you that you already know a significant amount of German words even before you decided to study it. The second chapter deals with nouns and its companion, the articles. It explains how to identify which nouns are masculine, feminine, or neuter and how to form the plural. As an English speaker, the concept of having gendered nouns may be unusual. This chapter is filled with examples so you can start familiarizing yourself with them. In Chapter 3 you will learn about verbs and how to conjugate them. It also explains the different verb tenses that you are most likely to use and encounter as a beginner in the German language. Chapter 4 is about the German case system. This is one of the topics that makes many learners of the German language scratch their head. Cases may seem strange when you first encounter them but if you're still familiar with the concepts of English grammar, understanding cases won't be difficult and you'll only need to memorize the rules. You'll also learn in this chapter how to form your own simple German sentences. In Chapter 5, you'll learn about adjectives, adverbs, and prepositions. This chapter discusses in detail the different rules

on how to properly use these words when you build sentences. Chapters 6 to 10 contains words and expressions that you will find useful for everyday situations and for when you go on a trip to a German-speaking country. Finally, each chapter ends with a set of exercises so you can gauge how well you're doing on your German learning journey. So, if you want to improve your reading, writing, and speaking skills in this language, you need to make a change. Decide for yourself that you want to gain more opportunities. Take this risk. You will not regret it. This book is everything you need as a beginner. So, what are you still waiting for? Start reading this book to fulfill your goals! Scroll to the top of the page and select the buy now button.

#### **German for Musicians** Psychology Press

This book aims to take users from scratch to having a solid base in German within six months, and to feel comfortable with the language in as little as three months. In only half an hour a day users will move ahead naturally until they are at ease with all the basic structures needed for communication and become familiar with the basic words and grammar of German. The method comprises two phases: the passive phase, in which users simply repeat what they hear and read, and the active phase, in which users begin to create sentences and imagine themselves in a variety of everyday situations.

#### *How to Get Really Good at German* Quercus

Dive deep into the realms of the German language. Master all the ins and outs of German grammar and you'll feel much more comfortable about the language. In this course we'll explore all the main areas of German grammar, pronunciation and spelling. For media-enabled devices there are some videos and lots of audio exercises. Discover How Fantastically Ordered the German Language Is and How Marvelous It Is To Use It Correctly.\* Pronunciation and Spelling\* Conjugation Patterns, German Tenses\* Number and Gender of Nouns\* Declension Patterns, German Cases\* Articles, Pronouns, Prepositions and Conjunctions\* Word Order in Declarative and Interrogative Sentences\* Cardinal and Ordinal Numbers, Date and Time\* Direct and Indirect Objects\* Verb Forms, Participles\* Special Verbs - Modal and Reflexive Verbs\* Verbs with Separable and Inseparable Prefixes\* Comparison of Adjectives and Adverbs\* Possessives\* Diminutives\* Compound Nouns\* Ways to Express the Future\* Compound and Complex Sentences, Coordination and Subordination of Clauses\* Passive Voice\* ... and much more Become a Highly Skilled User of German - It's All Well Within Your Reach. German is definitely one of the most popular languages in the world. There's a whole bunch of benefits to knowing German. Let me just mention a few. In our global society you can make use of it in business, becoming a more valuable worker, in private life, on vacation, chatting online, reading Goethe or watching satellite TV. In some parts of the world, like for instance in Europe, German is taught as the foreign language number two, just after English. And I could go on and on like that... This is an intensive course, which means it covers the basics from level zero (absolute beginner) and then you wander across all the lectures and learn quite a lot of stuff. The language is concise and clear. You should have no difficulty following it and understanding. A lot of stuff and a lot of practice. Contents and Overview This course is pretty comprehensive. It contains all the basic areas of German grammar. Starting off with German spelling and pronunciation, touching upon all the main grammatical categories in the first sections and then going into much more detail in the following sections. The language I use is simple and should be easily understood by absolute beginners. This course is divided into 16 sections, each of them covering a broad topic subdivided into lectures. The pace is up to you, you can go through the easier parts faster and then take

more time to study the more sophisticated ones. At the end of my course, students will be able to... - use full, grammatically correct sentences- read and write simple texts- apply the rules of the language to make an infinite number of utterances - talk about yourself, other people, animals, things and whatever- talk / write about the present, the past and the future- pronounce and spell German words correctly- ask questions and answer them both positively and negatively- give orders and commands, ask someone to do something for you- count and talk about numbers, date and time- describe and compare people and things- modify your language by means of adverbs and other linguistic means- use the correct conjugation and declension patterns- much more Who should take this course? Who should not? - This course is best suited for students who want to learn German in a systematic way, diving into its grammar and being eager to understand how the language works, how all the inflections, articles, tenses, cases etc. should be used correctly.- This is a beginner course but is also suitable for students who already have some knowledge of German but would like to refresh it in an ordered and systematic way.- This course is NOT suitable for students who only want to learn some everyday vocabulary or expressions like how to order food in a restaurant, book a ticket or something like that but don't care about grammar.

#### **15-Minute German** Simon and Schuster

Take Your "5-Day German Language Challenge" Learn German In 5 Days Why are you reading this? Because: - You want to speak the secret gem language of the United States. - You want to expand your professional network and reach in Europe. - You want to be able to travel to the many countries that speak German. - You want to study abroad for cheap or free college education in Germany. - You want to have the easiest and fastest way to study German for beginners. German is the most opportune language that you can learn. Why? Did you know that it is the most widely spoken language in Europe, as well as has a strong speaker base in North America? In other words, it can unlock many hidden doors for you professionally at work and

expand yourself personally at home and in life. Let's look at some of the most advantageous reasons to why you should learn German: Employment Edge – This one is obvious. Someone who is bilingual is going to be more desirable at a job than someone who only speaks one language. Germany is a huge economic player when it comes to Europe and a large one across the globe as well. Knowing German will give you a secret edge in the professional sphere. Education Benefit – Did you know that most of the universities in Germany are free to attend? Even if they aren't completely free, their price is a lot more affordable than in the United States and other places. When you learn German, you can have the opportunity to travel to Germany and enjoy the benefit of having a free or low-cost education. Personal Relationship – Do you have a family relative, a close friend, or a romantic partner who speaks German? Wouldn't it be nice to be able to communicate with them? Not only that but if they live in Germany, then you can use it for when you go and visit them and show off your newfound knowledge. Travel Convenience – If you're traveling to Europe, German's one of the most prevalent languages spoken there. In fact, it's the official language of countries such as Austria, Belgium, Liechtenstein, Luxemburg, and Switzerland. So you won't just be able to use it when you're traveling to Germany, but if you go to Switzerland for a skiing vacation, you'll be in good company. Simple Language – Unlike other languages like Italian, Spanish and French, which are romantic languages, German belongs to the same Germanic language tree as English, making it surprisingly easier to learn than most people may think. There are even German words that are used in English to this day such as "angst" and "kindergarten." Not only that but once you learn German, if you want to learn another language such as Danish, Dutch, Norwegian or Swedish, it will make it a lot easier. Do you still need more convincing to pick up the German language? There are just a ton of advantages to knowing German. The "5-Day German Language Challenge" will open up that whole new world for you to enrich your life faster than you may ever know possible.

#### *Learn German the Fast and Fun Way Harmony*

Are you looking for an incredibly good manuscript for learning German? Are you frustrated because you want to leave for a trip to Germany, but you can't due to your lack of German language knowledge? Do you know what is the hardest thing to find in a language learning manuscript? If you want to know the answer, then keep reading... Attention: to start on your path to learning, you do not have to purchase the whole series, instead, you can buy this book only. However, the purchase of the complete series of four books is recommended for a richer and more detailed study of the language in question. Probably you have already tried to learn German by watching your favorite movies and series, and maybe you could not see them until the end, giving up right away because they were talking too fast and you could not understand that much. If this happened to you, you probably thought that learning German is too difficult, if not impossible for you... Science helps you here. Did you know that we memorize and learn information more easily through stories? Because our brain likes it, it has been so used from an early age, with the stories they told us, cartoons etc. In this way it is more inclined to learn. As a result, it is easier to learn and memorize a new language by reading stories. There are several manuscripts similar to this one for learning German but they are not really optimal or suitable for beginners for different reasons: complicated terms are used, the stories are too long, lack of vocabulary, excessive amount of grammatical errors, lack of techniques and suggestions to help the reader to memorize effortlessly and other carelessness that you will not find in this

manuscript. Here you will find: - Tips and techniques about learning languages, and Key insights into learning German - The fundamentals of the German language - Some of the most complex issues of the German language - Verb conjugations in the Present Tense - 8 Dual-Language lessons in parallel text broken down into verb tenses - Core vocabulary which can be used in multiple situation - The Present Simple Tense with the verb "Sein" - The Present Tense - The various ways in which verbs can be conjugated - The present simple tense with regular and irregular verbs - 1 empowering lesson with all the tenses together and much more! In fact, even if you have never spoken or written in German, no need to worry because this book was designed specifically for people like you... At the end of each story, there are 10 questions and suggested answers that will guide you in each of your answers. In addition to get the most out of this manuscript you'll find a parallel translation of the stories in English and at the beginning of each lesson, there is a glossary that contains the words of the story that will follow. This will help you to memorize the most important words of each story. In conclusion with all these advantages it will be scientifically impossible not to learn German. If you are ready to learn quickly and effortlessly German, just buy a copy now of this manuscript to start speaking German fluently.

Millions of people learn German but only a very small percentage of learners can actually speak it fluently. Why is that? People in general are quick to point out that some are naturally built more than others to learn German and other languages. This is not necessarily true, however, since we have all come to learn and speak our native language fluently. If you find yourself overwhelmed trying to memorize thousands of German grammar rules and vocabulary words or struggling to speak German with native speakers, try this book! This is not a basic German for beginners textbook designed to teach German but a book that will teach you how to learn German the smart way and get you to fluency faster using highly effective language learning methods and techniques. There exists hundreds of German language coursebooks, German short stories books, and basic German for beginners textbooks, but without smart language learning techniques and strategies, you are likely to forget what you have studied and reviewed and especially during a conversation. There exists an easier and more fun way to build your overall German language ability. In How to Get Really Good at German, discover how you can easily conquer German language learning using highly effective methods and strategies used by polyglots

(language learning experts). These methods and techniques can even be used to learn German grammar, phrases, and vocabulary from TV shows, videos, music, and video games. Learn German smarter and faster starting today!

German Short Stories For Beginners Academy Der Sprachclub  
It's true that some people spend years studying German before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of German, #LanguageHacking shows you how to learn and

speak German through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in German from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book. You don't need to go abroad to learn a language any more.

**Learn German for Beginners** Peter Lang Publishing

Is it possible to learn German for beginners quick and easy? The answer is: yes! Simply because German and English are not so different from each other. In fact, you know a lot of German already! Both languages share thousands of similar words and have similar sentence structures. This is how anyone who knows English can actually pick up basic German easily - and speak it right away! And the best thing is that you don't need to study a lot of grammar or words. It just needs a teaching method to point out the similarities and some practice... GboE method is right for you if you:- plan a trip to Germany, Austria or Switzerland- want an easy to learn approach to German- want to be able to speak German within a few days- want to avoid complicated German grammar rules- want to start speaking German right away with what you already know from English- want to hear and pronounce German the native way correctly- want to learn some of the 100 most frequently used German words (with an easy to remember technique)- want to learn 1699 German words which are similar to English (and therefore easy to remember)- struggle picking up German with "normal/ classic/ traditional" methods which most other language courses use- want a real German "boost" because you are planning to take a German class in High School, College or at a regular language school and you want to start in a "pole position" to impress your teacher and classmates What you get with the Basic package:- learn 1699 German words- 5 lessons- access to pronunciation audio files- access to speaking video lessons Content: Lesson 1: Arrival - Germany/ Austria/ Switzerland Situation: Arrival at a German, Swiss or Austrian airport, transfer to the hotel What you learn: Say what you need, what you look for and what (public transportation) you take, the German Akkusativ (accusative), more Top 100 Words (most frequent German words) Words: 187 new words Pronunciation audio files: 32:03 minutes Speaking video lessons: 41:40 minutes Lesson 2: At the hotel Situation: At the hotel What you

**Complete German** Routledge

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

*Fluent Forever* Independently Published

Comprehensive and clear explanations of key grammar patterns and structures are reinforced and contextualized through authentic materials. You will not only learn how to construct grammar correctly, but when and where to use it so you sound natural and appropriate. *German Grammar You Really Need to Know* will help you gain the intuition you need to become a confident communicator in your new language.
