Monster: A Graphic Novel Walker Childrens
Read the remarkable true story of a young boy's journey from civil war in east Africa to a refugee camp in Sudan, to a childhood on welfare in an affluent American suburb, and eventually to a full-tuition scholarship at Harvard University. Following his father's advice to "treat all people-even the most unsightly beetles-as though they were angels sent from heaven," Mawi overcomes the challenges of language

barriers, cultural differences, racial prejudice, and financial disadvantage to build a fulfilling, successful life for himself in his new home. *Of Beetles and Angels* is at once a harrowing survival story and a compelling examination of the refugee experience. With hundreds of thousands of copies sold since its initial publication, and as a frequent selection as one book/one school/one community reads, this unforgettable memoir continues to touch and inspire readers. This special expanded fifteenth anniversary edition includes a new introduction and afterword from the author, a discussion guide, and more.

At his death in 1990, Walker Percy left a considerable legacy of uncollected nonfiction. Assembled in *Signposts in a Strange Land*, these essays on language, literature, philosophy, religion, psychiatry, morality, and life and letters in the South display the imaginative versatility of an author considered by many to be one the greatest modern American writers.

Can you live your life by what The Twilight Zone has to teach you? Yes, and maybe you should. The proof is in this lighthearted collection of life lessons, ground rules, inspirational thoughts, and stirring reminders found in Rod Serling's timeless fantasy series. Written by veteran TV critic, Mark Dawidziak, this unauthorized tribute is a celebration of the classic anthology show, but also, on another level, a kind of fifth-dimension self-help book, with each lesson supported by the morality tales told by Serling and his writers. The notion that "it's never too late to reinvent yourself" soars through "The Last Flight," in which a World War I flier who goes forward in time and gets the chance to trade cowardice for heroism. A visit from an angel blares out the wisdom of "follow your passion" in "A Passage for Trumpet." The meaning of "divided we fall" is driven home with dramatic results when neighbors suspect neighbors of being invading aliens in "The Monsters Are

Due on Maple Street." The old maxim about never judging a book by its cover is given a tasty twist when an alien tome is translated in "To Serve Man."

Post-World War II America has often been mythologized by successive generations as an exceptional period of prosperity and comfort. At a time when the Cold War was understood to be a battle of ideas as much as military prowess, the entertainment business relied heavily on subtle psychological marketing to promote the idea of the American Dream. The media of the 1950s and 1960s promoted an idealized version of American life sustained by the nuclear family and bolstered by a booming consumer economy. The seemingly wholesome and simple lifestyles portrayed on television screens, however, belied a torrent of social, economic, and political struggles occurring at the time. By the late 1950s, television writers were increasingly constrained to distract audiences from

confronting counternarratives to the Dream. Among the programs that railed against this trend was Rod Serling's television masterpiece The Twilight Zone. Now considered an enduring classic, the allegorical nature of the show provides a window into the many overlooked issues that plagued Cold War America. In *Monsters on Maple Street: The Twilight Zone and the Postwar American Dream*, David J. Brokaw describes how the TV show reframed popular portrayals of white American wish fulfillments as nightmares, rather than dreams. Brokaw's close reading of the show's sociopolitical dimensions examines how the series' creators successfully utilized science fiction, horror, and fantasy to challenge conventional thinking - and avoid having their work censored - around topics such as sexuality, technology, war, labor and the workplace, and white supremacy. In doing so, Brokaw helps us understand how the series exposed the underbelly of the American Dream and left indelible impressions in the minds of its viewers for decades to come.

NATIONAL BESTSELLER • A coming-of-age classic about a young girl growing up in Chicago • Acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. “Cisneros draws on her rich [Latino] heritage...and seduces with precise, spare prose, creat[ing] unforgettable characters we want to lift off the page. She is not only a gifted writer, but an absolutely essential one.” —The New York Times Book Review The House on Mango Street is one of the most cherished novels of the last fifty years. Readers from all walks of life have fallen for the voice of Esperanza Cordero, growing up in Chicago and inventing for herself who and what she will become. “In English my name means hope,” she says. “In Spanish it means too many letters. It

means sadness, it means waiting.” Told in a series of vignettes—sometimes heartbreaking, sometimes joyous—Cisneros’s masterpiece is a classic story of childhood and self-discovery and one of the greatest neighborhood novels of all time. Like Sinclair Lewis’s *Main Street* or Toni Morrison’s *Sula*, it makes a world through people and their voices, and it does so in language that is poetic and direct. This gorgeous coming-of-age novel is a celebration of the power of telling one’s story and of being proud of where you’re from.

magnetic novel about two families, strangers to each other, who are forced together on a long weekend gone terribly wrong. From the bestselling author of *Rich and Pretty* comes a suspenseful and provocative novel keenly attuned to the complexities of parenthood, race, and class. *Leave the World Behind* explores how our closest bonds are reshaped—and unexpected new ones are forged—in moments of crisis. Amanda and Clay head out to a remote corner of Long Island expecting a vacation: a quiet reprieve from life in New York City, quality time with their teenage son and daughter, and a taste of the good life in the luxurious home they've rented for the week. But a late-night knock on the door breaks the spell. Ruth and G. H. are an older couple—it's their house, and they've arrived in a panic. They bring the news that a sudden blackout has swept the city. But in this rural area—with the TV and internet now down, and no cell phone service—it's hard to know what to believe. Should Amanda and Clay trust this couple—and vice versa? What happened back in New York? Is the vacation home, isolated from civilization, a truly safe place

for their families? And are they safe from one other?

Modern Christians have been bombarded by objections launched against the Christian faith from popular secular authors, bloggers, and stars from the entertainment industry. The church is quickly beginning to acknowledge the need for apologetics due to the number of youth and adults alike leaving the faith. But how does one respond to these objections? For the laity of the church, this is especially difficult, as many are left without the proper training to know how to answer these objections. In *The Layman's Manual on Christian Apologetics*, the essentials of apologetics are taken from the ivory towers of academia and are made available to those who have not obtained seminary training or for those thinking about attending seminary. In this

book, three major areas of apologetics are covered. The first unit engages the nature of truth and what can be known. The second unit deals with the existence of God and issues involving God's existence. The last unit tackles historical objections to the resurrection of Jesus and early Christianity. *The Layman's Manual on Christian Apologetics* delivers heavy apologetic issues with the laity in mind and blends in personal illustrations to make the material applicable.
