"This book charts this influence and describes the unique effect electronic communication has on organizations, communities, nations, and cultures"--Provided by publisher.

The Routledge Handbook of Second Language Acquisition and Pedagogy of Persian Springer Nature Garden visitation has been a tourism motivator for many years and can now be enjoyed in many different forms. Private garden visiting, historical garden tourism, urban gardens, and a myriad of festivals, shows and events all allow the green-fingered enthusiast to appreciate the natural world. This book traces the history of garden visitation and examines tourist motivations to visit gardens. Useful for garden managers and tourism students as well as casual readers, it also examines management and marketing of gardens for tourism purposes, before concluding with a detailed look at the form and tourism-based role of gardens in the future.

Lonely Planet Iran Oakland CA

Here is a dramatic, first-person account of how the United States won the war in Iraq, only to see the peace lost by an unengaged administration, with Iraqis terrorized and the new "caliph" of ISIS promising, "I'll see you in New York." Military contractor Carter Andress was the ultimate boots-on-the-ground "civilian" in Iraq. While reporters, aid workers, diplomats, and even U.S. soldiers were often cut off from the "ground truth" in Iraq by the blast walls protecting the Green Zone and our bases, Andress was in the thick of things: driving through insurgent-infested territory, negotiating with hostile tribes, and witnessing the transformation of Iraq from chaos and violence to a stable multi-ethnic, multi-sectarian democracy that needed only minimal American support to defend itself

- support, however, that thanks to the Obama administration was not forthcoming. A page-turner of a story, but also an incredibly important account of what actually happened in the Iraq War and afterwards, *Victory Undone* is a book every American needs to read.

The Internationalists Lonely Planet Iran

Reviews the history, geography, and culture of the Middle East, describing the cities, historical sites, and attractions in each country and recommending hotels and restaurants.

Iran EDT srl

Antisemitism and anti-Zionism are complex, delineable, yet inter-related social-psychological phenomena. While antisemitism has been described as an irrational, age-old prejudice, anti-Zionism is often represented as a legitimate response to a 'rogue state'. Drawing upon media and visual sources and rich interview data from Iran, Britain and Israel, *Antisemitism and Anti-Zionism: Representation, Cognition and Everyday Talk* examines the concepts of antisemitism and anti-Zionism, tracing their evolution and inter-relations, and considering the distinct ways in which they are manifested, and responded to, by Muslim and Jewish communities in Iran, Britain and Israel. Providing insights from social psychology, sociology and history, this interdisciplinary analysis sheds light on the pivotal role of the media, social representations and identity processes in shaping antisemitism and anti-Zionism. As such, this provocative book will be of interest to social scientists working on antisemitism, race and ethnicity, political sociology and political science, media studies and Middle Eastern politics.

Iran Editora Contexto

In all the Middle East, there is no other country quite like Iran. For one thing, its people are almost all Shiite Muslims. That is rare in a region where most Muslims are Sunnis. Iran's Shiite religion affects nearly everything that happens there. That is because the nation is a theocracy one run by religious leaders and based on religious principles. And there is much more to Iran than religion. Colorful and varied as any Persian carpet, Iran is a rich pattern of peoples and customs. It is a large and beautiful country, too. Its mountains, deserts, and plains are home to some of the world's most endangered and special creatures. Iran's Persian past is still evident. In fact, Persian, not Arabic, is the official language. Iran's people make the nation truly special. As part of their Persian heritage, they are among the most generous and kind-hearted in the world. Just step inside and say Salaam That is your key for a fascinating visit to Iran.

Attachment Volume 5 Number 3 Lonely Planet

A comprehensive country-by-country examination of the history, domestic politics, and foreign policies of the Middle East and North Africa.

Lonely Planet Central Asia Lonely Planet

The Routledge Handbook of Second Language Acquisition and Pedagogy of Persian offers a detailed overview of the field of Persian second language acquisition and pedagogy. The Handbook discusses its development and captures critical accounts of cutting edge research within the major subfields of Persian second language acquisition and pedagogy, as well as current debates and problems, and goes on to suggest productive lines of future research. The book is divided into the following four parts: I) Theory-driven research on second language acquisition of Persian, II) Language skills in second language acquisition of Persian, III) Classroom research in second language acquisition and

pedagogy of Persian, and IV) Social aspects of second language acquisition and pedagogy of Persian. The Routledge Handbook of Second Language Acquisition and Pedagogy of Persian is an essential reference for scholars and students of Persian SLA and pedagogy as well as those researching in related areas.

Lonely Planet Dubai & Abu Dhabi Lonely Planet

From the much-acclaimed novelist and essayist, a beautifully rendered, poignant collection of personal essays, chronicling immigrant and Iranian-American life in our contemporary moment. Novelist Porochista Khakpour's family moved to Los Angeles after fleeing the Iranian Revolution, giving up their successes only to be greeted by an alienating culture. Growing up as an immigrant in America means that one has to make one's way through a confusing tangle of conflicting cultures and expectations. And Porochista is pulled between the glitzy culture of Tehrangeles, an enclave of wealthy Iranians and Persians in LA, her own family's modest life and culture, and becoming an assimilated American. Porochista rebels--she bleaches her hair and flees to the East Coast, where she finds her community: other people writing and thinking at the fringes. But, 9/11 happens and with horror, Porochista watches from her apartment window as the towers fall. Extremism and fear of the Middle East rises in the aftermath and then again with the election of Donald Trump. Porochista is forced to finally grapple with what it means to be Middle-Eastern and Iranian, an immigrant, and a refugee in our country today. *Brown Album* is a stirring collection of essays, at times humorous and at times profound, drawn from more than a decade of Porochista's work and with new material included. Altogether, it reveals the tolls that immigrant life in this country can take on a person and the joys that life can give.
