James Goodfellow left the police because  
of his narcolepsy. As a private  
investigator, he helps a Chinese friend  
whose brother is murdered for a  
mysterious ceramic plate. This proves to  
be a clue to the whereabouts of  
invaluable antiques of the Shou dynasty.

In tracking the three-thousand-year-old  
artifacts, James uncovers a plot by the  
Illuminati to develop a lethal virus that  
eliminates all defenses against disease.  
In preventing a cataclysmic destruction  
of the Asiatic people, he is helped by a  
Triad assassin and, in doing so, becomes  
the target of three groups who want him  
dead. While fighting for survival, James  
viral condition keeps triggering sleep at  
the most inopportune moments.

For many Britons France has provided their first taste of that alien world called 'abroad' - and sometimes their last. Richard Guise has tracked down ten travellers' tales from three centuries, before venturing forth himself to follow

some of their wanderings across the country. He finds out what's left from the sights they saw and how dramatically the country and its people changed over these turbulent times - taking in the years of the Grand Tour, the Revolution and the Napoleonic era; the coming of the railways, holidays and guide books; two world wars, recovery and prosperity; and the twenty-first-century threat of terrorism. His virtual companions include two Grand Tourers (Philip Thicknesse and Tobias Smollett - nicknamed Smelfungus), the man rumoured to have inspired Karl Baedeker, a future chairman of London County Council and Richard's own father, a D-Day survivor. They're not all complimentary about France and the French...

Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a

colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work

experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

**How to be a Hotel Receptionist** Wiley  
This volume investigates the frameworks that can be applied to reading Caribbean

author Jean Rhys. While *Wide Sargasso Sea* famously displays overt forms of literary influences, Jean Rhys's entire oeuvre is so fraught with connections to other texts and textual practices across geographical boundaries that her classification as a cosmopolitan modernist writer is due for reassessment. *Transnational Jean Rhys* argues against the relative isolationism that is sometimes associated with Rhys's writing by demonstrating both how she was influenced by a wide range of foreign - especially French - authors and how her influence was in turn disseminated in myriad directions. Including an interview with Black Atlantic novelist Caryl Phillips, this collection charts new territories in the influences on/of an author known for her dislike of

literary coteries, but whose literary communality has been underestimated. *International Labour Documentation* How to be a Hotel Receptionist

The official line is clear: the United Kingdom does not "participate in, solicit, encourage or condone" torture. And yet, the evidence is irrefutable: when faced with potential threats to their national security, the gloves always come off. Drawing on previously unseen official documents and the accounts of witnesses, victims and experts, prize-winning investigative journalist Ian Cobain looks beyond the cover-ups, the equivocations, and the attempts to dismiss brutality as the work of a few rogue interrogators, to get to the truth. From the Second World War to the War on Terror, via Kenya and Northern

Ireland, *A Secret History of Torture* shows how the West have repeatedly and systematically resorted to torture, turning a blind eye where necessary, bending the law where they can, and issuing categorical denials all the while. What emerges is a picture of Britain that challenges our complacency on human rights and exposes the lie behind their reputation for fair play.

This is a captivating mystery of the best kind - the sort that really happened. While walking through a cliff-top graveyard in the village of Morwenstow on the coast of Cornwall, Jeremy Seal stumbled across a wooden figurehead which once adorned the *Caledonia*, a ship wrecked on the coast below in 1842. Through further investigation, he began to suspect the locals, and in particular the parson, Robert Hawker, of luring the ship to her destruction on Cornwall's jagged shore. Wrecking is known to have been widespread along several stretches of England's coast. But is that what happened in Morwenstow? Seal weaves history, travelogue and vivid imaginative reconstruction into a

marvellous piece of detective work.

This book sheds light on the important role played by interpreters during the Spanish Civil War, offering a historical overview of the ways in which interpreters on both sides mediated the myriad linguistic, cultural, and ethical

difficulties of wartime communication. Drawing on archives, interpreters' memoirs, and testimonies from their own children, the volume extends beyond traditional historiographic accounts to demonstrate the significance of interpreters' work in facilitating communication during the war across a range of settings, including in combat, hospitals, interrogations, detention camps, and propaganda. Baigorri-Jalón showcases the diverse backgrounds of these interpreters through individual and collective portraits, paying special attention to the work of the many women working as interpreters during the conflict. In turning its attention to lessons from the past, the book reaffirms the work of interpreters in present-day international conflicts toward better

understanding the ethical dilemmas they face, in wars, humanitarian aid, demobilization tasks, and multilingual criminal proceedings. This volume, the first book in the Routledge Research on Translation and Interpreting History series, will be of interest to scholars in translation and interpreting studies, particularly those interested in historical and sociological approaches as well as Spanish Civil War scholarship.

The fully revised edition of this well-known text by an experienced author, consultant and educator follows the structure and approach which has proved so successful since its first publication in 1980. The book examines the hotel as a business providing commercial hospitality. It focuses on

markets, money and people, and uses examples from hotel operations throughout the world. This new edition is the outcome of a thorough revision of an established text. The new material includes a comprehensive profile of the hotel business in the 1990's and includes data, quotes and extracts from a wide range of authoritative industry sources.

Stranger than Fiction: The Rajiv Gandhi Assassination Notion Press

Rajiv Gandhi, Former Prime Minister of India, was assassinated on May 21st 1991 in Sriperumbudur, Tamil Nadu. A special investigation team was formed by the CBI to investigate the case. The SIT version is that the conspiracy was hatched by Prabhakaran in connivance with Pottu Amman and Akila. Hence the whole act was committed by the LTTE

alone. However, both the Verma Commission, which was set up to probe the security lapses leading to the assassination, and the Jain Commission, which was set up to probe the wider conspiracy, have raised enough questions to warrant a suspicion that there is a wider conspiracy and many of the culprits have been left untouched. This book investigates whether the LTTE did it alone. Who could have been involved in the conspiracy other than the LTTE? It asks questions that have been asked and questions that have not been asked too. The author has also provided answers but only based on evidence, circumstantial and otherwise. Based on the evidence, the dots can be connected and the question of who the larger culprits are in the assassination can be

ascertained.

An empowering story of empathy, courage, and hope, based on the author's real-life experience immigrating to the US as a child and working at the front desk of the motel where her parents work. Ten year-old Mia Tang moved to the US for a better life, a freer life, but so far, it's a life where she runs the front desk of a motel while her parents clean rooms. And she's not even allowed to use the swimming pool.

Based on author Kelly Yang's real-life experience immigrating to America from China and running a motel with her parents, this novel explores how one little girl overcomes language barriers, discrimination, and her own lack of confidence to find her voice – and use it

to make a difference. This is a sensitive story of tolerance and diversity that will resonate with readers of all cultures who have experienced the challenges of feeling like an outsider.
