The Western

Our business

deteriorating.

All these

problems,

John Ralston

Saul argues,

are largely the

result of our

blind faith in

the value of

reason. Over

the past 400 years, our “rational elites” have turned the modern West into a vast, incomprehensible, directionless machine, run by process-minded experts—“Voltaire’s bastards”—whose cult of scientific management is empty of both sense and morality. Whether in politics, art, business, the military, entertainment, science, finance, academia or journalism, these experts

share the same outlook and methods. The result, Saul maintains, is a civilization of immense technological power whose ordinary citizens are increasingly excluded from the decision-making process. In this wide-ranging anatomy of modern society and its origins—whose “pages explode with insight, style and intellectual rigor” (Camille Paglia, *The Washington Post*)—Saul

presents a shattering critique of the political, economic and cultural establishments of the West. 120 Rue de la Gare London : J.M. No one wants another mouth to feed, so she lives in a Surplus Hall, where unwanted children go to learn valuable lessons . . . at

least she wasn't put down at birth. One day, a new inmate arrives. Anna's life is thrown into chaos. He says things about her parents and the Outside that couldn't possibly be true . . . Or could they? Thrilling, passionate and beautifully written, this dystopian novel is perfect for fans of *The Hunger Games*. Jules Vallès *Entangled: Teen Boredom and melancholy in*

the experience of reading Contemporary graphic novels show an interesting shift from the extraordinary to the ordinary in slice-of-life stories in which nothing happens. Present-day graphic accounts are inhabited by melancholic characters whining about the lack of meaning in life. This book examines this intriguing transition and brings a historical, aesthetic and

narratological approach to comics in which boredom is not only a topic, but also awakens a deliberate affective response in the very experience of reading. This volume brings together close readings of work by Lewis Trondheim, Chris Ware and Adrian Tomine. With a foreword by Raphaël Baroni (University of Lausanne). *Catalogue de l'histoire de France ...* Fantagraphics Books

Horace Grondin, deputy head of the Sureté, is in fact Charles Bassicousse, sentenced sixteen years earlier for a murder he did not commit and obsessed with wreaking his revenge on Antoine Tarpagnan, the man he believes did commit the crime. Tarpagnan, an army captain, has fallen in love with Gabriella Pucci, the mistress of Paris's greatest villain. As Tarpagnan

searches the underworld for Gabriella, unknown to him, Grondin is searching for him. Reminiscent of Victor Hugo's LES MISERABLES, with the zest for characterisation of Dickens, Vautrin's novel revels in the chaos and passion of the period culminating in the savage repression of the Commune. The final climactic moments between Grondin and Tarpagnan take place on the barricades

as Paris descends into a fury of bloodletting and panic. Fiction on a grand scale, Vautrin's multi-peopled novel exuberantly recreates the moment. **Gardens of the Moon** Phoenix Three decades after his death, Michel Foucault remains one of the towering intellectual figures of the last half-century. His works on sexuality, madness, the prison, and medicine are

enduring classics. From 1971 until his death in 1984, Foucault gave public lectures at the famous Collge de France. These seminal events, attended by thousands, created the benchmarks for contemporary social enquiry. The lectures comprising *Abnormal* begin by examining the role of psychiatry in modern criminal justice, and its method of categorising individuals who

"resemble their crime before they commit it." Building on the themes of societal self-defence developed in earlier works, Foucault shows how defining "normality" became a prerogative of power in the nineteenth century, shaping the institutions- from the prisons to the family-meant to deal with "monstrosity," whether sexual, physical, or spiritual. The Collge de France

lectures add immeasurably to our appreciation and understanding of Foucault's thought. *Le Cri de Paris* A&C Black Discover the New York Times bestseller that SLJ called "A fantastic plot that makes readers think about the blurred lines between right and wrong." After a brutal nuclear war, the United States was left decimated. A small group of survivors eventually banded together, but

only after more conflict over which family would govern the new nation. The Westfalls lost. Fifty years later, peace and control are maintained by marrying the daughters of the losing side to the sons of the winning group in a yearly ritual. This year, it is my turn. My name is Ivy Westfall, and my mission is simple: to kill the president's son—my soon-to-be husband—and return the Westfall family

to power. But Bishop Lattimer is either a very skilled actor or he's not the cruel, heartless boy my family warned me to expect. He might even be the one person in this world who truly understands me. But there is no escape from my fate. I am the only one who can restore the Westfall legacy. Because Bishop must die. And I must be the one to kill him... The Book of Ivy

Le tableau de Paris* IndyPublish.com Jacques Tardi's graphic novel Goddamn This War! is split into six chronological chapters, one for each year of WWI, drawn in a pen-ink-

and-watercolor technique, with the bold colors of the early chapters fading into a grimy near-monochrome as the war drags on. It is told, with insight, dark wit and despair, as a first-person reminiscence/narration by an unnamed soldier.

She felt no very acute pain at the time, but later on an abscess formed, which got well, but presently reopened, and a low fever supervened that confined her to her bed. There, in the long, long evenings, she would fold her little one in her one sound arm and croon over him in a

hot, feverish whisper bits of her favorite ditty: "The fisherman, when dawn is nigh, Peers forth to greet the kindling sky. . . ." Above all, she loved the refrain that recurred at the end of each verse with only the change of a word. It was her little Jean's lullaby, who became, at the caprice of the words, turn and turn about, General, Lawyer, and ministrant at the altar in her fond hopes.

You Are There is an unexpected collaboration between the darkly cynical Jacques Tardi and the playful fantasist Jean-Claude Forest (of Barbarella fame). It is set on a small island off the coast of France, where unscrupulous landowners have succeeded in overtaking the land from the last heir of a previously wealthy family. His

domain now reduced to the walls that border the patches of land he used to own, the half-mad fellow prowls the walls all day, eking out a living by collecting tolls at each gate. His seemingly hopeless struggle to recover his birthright becomes complicated as the government sees a way of using his plight for the sake of political expediency, and the romantic intervention of

the daughter of one of the landowners (who has her own sordid history with the politician) engenders further difficulties. Set in Tardi's preferred early 20th century milieu, *You Are There* is drawn in his crisp 1980s neo-"clear line" style, gorgeously detailed, with impossibly deep slabs of black. *New York Mon Amour* BoD - Books on Demand A historical tour de force, *The Invention*

of the Jewish People offers a groundbreaking account of Jewish and Israeli history. Exploding the myth that there was a forced Jewish exile in the first century at the hands of the Romans, Israeli historian Shlomo Sand argues that most modern Jews descend from converts, whose native lands were scattered across the Middle East and Eastern Europe. In this iconoclastic work, which spent

nineteen weeks on the Israeli bestseller list and won the coveted Aujourd'hui Award in France, Sand provides the intellectual foundations for a new vision of Israel's future. **The Voice of the People** FeniXX "Audin plays with codes, numbers and dates to create a fascinating and unsettling story."—Le Temps This debut novel by mathematician and Oulipo member

Michèle Audin retraces the lives of French mathematicians over several generations through World Wars I and II. The narrative oscillates stylistically from chapter to chapter—at times a novel, fable, historical research, or a diary—locking and unlocking codes, culminating in a captivating, original reading experience. Michèle Audin is the author of several works of mathematical theory and

history and also published a work on her anticolonialist father's torture, disappearance, and execution by the French during the Battle of Algiers. **Le cri du peuple. Les blouses. La rue à Londres. Le tableau de Paris** Leuven University Press Collecting together Manhattan, a grimy story of depression, madness and suicide in New York City, whose appearance in

the premiere issue of RAW magazine was key to the virtuoso aesthetic of the publication and three other tales of the Big Apple rendered by Tardi with the same panache as he does for Paris or the trenches of WW1 - in one spectacular volume. Also featured is the Coackroach Killer, a violent, surreal conspiracy thriller that

features a striking two-colour black and red technique and remains one of the cartoonist's most startling works. *Making the Declaration Work L'AGE D'HOMME* The third edition of the Historical Dictionary of the Democratic Republic of the Congo looks back at the nearly 48 years of independence, over a century

of colonial rule, and even earlier kingdoms and groups that shared the territory. This is done through a chronology, an introductory essay, a bibliography, and over 800 cross-referenced dictionary entries on civil wars, mutinies, notable people, places, events, and cultural practices.
