Lord Balaji and His Holy Abode of Tirupathi LOCATED ON THE VERDANT FOOTHILLS of the Eastern Ghats, Tirupathi is both a cultural hub and a major pilgrimage site. Nestled in its Tirumala Hills is the famous temple of Sri Venkateswara Swami, fondly called Balaji by his worshippers. Devotees believe that Sri Venkateswara, a form of Lord Vishnu, answers the prayers of all those who seek his help and performs the greatest miracles in granting their wishes. As a result, the temple draws millions of pilgrims to its doors and is the busiest pilgrimage centre in the world. Sri Venkateswara: Lord Balaji and His Holy Abode of Tirupathi is a compilation of numerous folk legends on the benevolent Balaji. The book also offers an insight into the 1000yearold customs and traditions of the sacred Tirumala Hills. Written as a mark of gratitude to the Lord, the book details all the rituals, sevas and festivals associated with him. Here also are captured glimpses of the many teerthas, lakes and waterfalls of Tirumala. Along with this is a wealth of information for visitors and devotees alike on the various educational, medical and developmental activities of Tirupathi.

For at least 1500 years, temple design, construction and worship have followed the canon of the āgama-s. Shouldn't temple management also follow the āgama-s? Steeped in a history of more than two millennia, the real bequest of India's ancient temples is that they are still living sacred spaces. The gods that were invoked in these temples more than a thousand years ago, continue to reside in the sanctums and gaze benevolently upon their devotees. The bells ring for morning service as they did a thousand years ago. The ācārya waves the ārati just as another ācārya did a thousand years ago. No other organization in the world can boast of such amazing continuity. The secret to this longevity lies in the āgama-s. Āgama-s are the traditional canon believed to be as old as the Vedas, with detailed manuals on temple-building, consecration and ritual worship. While the world outside the temples - a world of kings and kingdoms - has changed, temples continue to follow the āgama-s in letter and spirit in their everyday religious function, notwithstanding the many changes in administrative formats. By studying the activities of the temple, material and manpower required, qualifications and roles prescribed for the temple professionals, this thesis attempts to reconstruct an āgamic temple management framework, using the Kāmikāgama as primary text with other āgama-s, secondary literature and inscriptional evidence as required.

What is Advaita Vedanta? What means or instruments does it utilize in its attempt to comprehend Reality? What is the nature of its aim? If we begin by answering these questions, we will be ready to follow with the right intelligence the message given by the great SANKARA in Vivekacudamani. The path which is outlined here is not for the majority, quite the contrary. It is for those who, having attained "maturity," tend towards full Awakening. It is for those who want to bring about a profound revolution within themselves; and this requires an act of courage, of steadfastness and, at the same time, of great humility. Advaita Vedanta is for those who, tired of a long pilgrimage, have finally stopped and in the silence of their own hearts have decided to launch a powerful attack on that terrible and treacherous enemy who lives not outside of us but right within us, and thus realize full liberation from all psycho-physical conflict and bondage. As darkness and its effects vanish when the sun rises, so, when realization of non-dual beatitude dawns, do bondage and suffering vanish without a trace (Vivekacudamani, sutra 319) SANKARA has been one of the greatest philosophers of India. He dedicated his brief and intense life (788-820) to re-establish the authority of the ruti, to codify the Advaita Vedanta, the doctrine of Non-duality, and to anchor the Metaphysical Tradition of the Veda through the foundation of monasteries (ma]ha) and monastic orders. With his bhasya (commentary) to the Upanisad, the Brahmasutra, and the Bhagavadgita, and with his own writings, Sankara has profoundly influenced not only India's philosophical development, but that of the entire world. RAPHAEL is author and Master in the Western Metaphysical Tradition as well as the Vedanta. For over 35 years, he has written a series of books on the pathway of Non-duality (Advaita). He has translated directly from the original Sanskrit and Edited a number of key Vedanta texts. His entire work is a conscious reunification of both Western and Eastern Traditions into Unity of Tradition.

Vivekacudamani, the Crest Jewel of Discernment Devotees of Sri Sri Ravi Shankar Ashram India is facing its worst water crisis ever, and some believe that by 2030 it will fail to meet half its water demand. Water availability per person in India has been decreasing for decades, leaving parts of the country in a cruel Day Zero situation, shuttering factories and pushing farmers over the brink. As the climate heats up, it is likely that swathes of land will be submerged, water-related extremes will reshape industry and famine will revisit the country. In this fascinating, deeply researched book Mridula Ramesh takes us through 4,000 years of history to track how India's water has reached this critical point. From stories of ancient water-engineering marvels in the Indus Valley and Tamil Nadu to how water shaped medieval Delhi; from the burning fields of the country's north-west to the hilsa's curtailed journey; and from the forests of Kanha and dams in Arunachal to Kanpur's tanneries, Watershed uncovers how India's fate is gradually being sealed by the extremes of drought and floods. Armed with this understanding, Mridula Ramesh lays out pragmatic, scalable solutions that can work for both India's temperamental water and its democratic exigencies. She describes how determined water warriors are showing the way forward - from the fields of Bihar and Maharashtra to communities within Bengaluru's apartments and in the arid tracts of Rajasthan - and asserts that managing our water will usher in not just resilience but also the jobs India needs. Sobering and persuasive, Watershed is an urgent call to action to every Indian citizen to do what it takes to secure our shared future.

The birds said- 'O Jaimini! This was the way, sage Markandeya had narrated the divine tales to Kraustuki. A person who either studies this Purana or listens to it achieves great accomplishment. All

his desires are fulfilled and he enjoys a long life. He becomes free from all his sins. Markandeya Purana is the seventh among all the eighteen Puranas. Listening to it helps a man to atone for all the sins committed during the period of one hundred crore Kalpas. The virtues attained by listening to Markandeya Purana are equivalent to the virtues attained by making donations at Pushkar or by studying all the Vedas.'Jaimini replied- 'O birds! You have enlightened my mind by narrating the tales of Markandeya Purana and have made it free from all sorts of confusion. May the almighty God bless you, may you enjoy a long life free from all the diseases.'Saying like this, Jaimini went back to his hermitage.

Krishna is utterly incomparable, he is so unique. Firstly, his uniqueness lies in the fact that although Krishna happened in the ancient past he belongs to the future, is really of the future. Man has yet to grow to that height where he can be a contemporary of Krishna's. He is still beyond man's understanding; he continues to puzzle and battle us. Only in some future time will we be able to understand him and appreciate his virtues. And there are good reasons for it.

Bharatiya Katha Vaibhava 1 Aurea Vidya

The word dharma, originally from the Sanskrit, refers to the inherent, unchanging nature of something - sugar's dharma is to be sweet, water's dharma is to be wet, and fire's dharma is to emit heat and light. Dharma also refers to our natural duty. We humans have ordinary dharma and an ultimate dharma that relates to who we are at soul level. That dharma requires that we ask existential questions and then seek ultimate answers - questions such as Who am I? Why am I here? and What is my ultimate purpose? Dharma, the Way of Transcendence is a compilation of lectures on human dharma given by His Divine Grace A. C. Bhaktivedanta Swami Prabhupada in 1972 as he toured India. Here he teaches that the dharma of all humans and every other living embodied soul - is service. No one can exist for a moment without serving someone or something else, even if it's only the mind and senses. So the question is, whom or what can we serve if we want to be truest to ourselves?
