Make Your Large-Scale Macramé Dreams Come True If you've ever seen a stunning piece of macramé and dreamed of someday being able to make your own . . . now you can! Consider this book your master class on creating large-scale macramé. Natalie Ranae is renowned for her large custom designs. As the follow-up to her bestselling introductory book *Macramé at Home*, here she takes things up a notch. Combining her years of design expertise and friendly teaching style, Natalie guides you step by step through 12 amazing pieces. From floor-to-ceiling backdrops for your wedding or special event to impressive wall art and multi-plant hangers for your home, these designs are big, bold, beautiful and guaranteed to make an unforgettable statement in any space.

Natalie also shares two design tutorials for her most popular macramé pieces: headboards. These showstopping pieces are best suited for those with previous experience in macramé. The process is achievable thanks to Natalie's detailed directions and step-by-step photos. Whether you recreate the designs exactly as shown, make your own modifications or use this as an inspiring look-book, every page will have you swooning over Natalie's boho-chic style and the intricate details in these stunning macramé pieces. Macrame Projects David & Charles

If you grew up in the 1970s or have been on Pinterest in the last several years, you are likely familiar with the term macrame. Macrame projects have intricate designs created with several knots, and they come in various shapes and sizes. The most common examples on the internet are wall hangings, but there is so much more you can do with this technique and material. In this book, you will learn to create 6 beautiful and creative projects: - Simple Macra Table Runner Diy - Macrame Plant Hanger

Diy - Diy Macrame Tote Bag - Macrame Fringe Tassel Pillow - Diy Hanging Macrame Chair - Boho Macrame Wall Hanging These are beginner and intermediate level macrame projects I had created. Hopefully help you create one of your own or draw inspiration from! Modern Macrame Page Street Publishing Create beautiful macramé projects that invoke the sacred elements of Earth, Air, Water, Fire and Spirit. The idea of classical 'elements' is common to many belief systems including Ancient Greek, Egyptian, Babylonian, Hinduism and Buddhism, as well as Chinese and Japanese philosophies. The five elements of the Pagan religion Wicca represent the five points of the pentagram, a powerful sacred symbol. No matter what your beliefs, paying attention to the forces of nature can bring a greater sense of spirituality and calm to your life, which is equally true of the craft of macramé, which like all handicrafts has proven benefits for wellbeing. This unique and beautiful book celebrates each of the Earth's sacred elements with projects that even beginners to

macramé can tackle with ease. In nature, each element has its own specific properties, colours and stones associated with it, which these projects incorporate to dramatic effect. The 20 projects include dreamcatchers, wall hangings, home accessories and jewellery, which all draw their inspiration from nature and the elements. Many of the projects have crystals incorporated into them, for the good vibrations and healing energy they bring. You'll also learn how to dip-dye macrame for wonderful ombre effects and work with a variety of different coloured cords to bring beauty and interest to your pieces. Make a tree of life hoop to connect with the earth, a dreamcatcher to protect you during sleep, a hanging fruit bowl to feed and nourish you, and a plant hanger to purify your air. Make a necklace to bring out your inner goddess, a crystal suncatcher to capture your fire, or some coasters for your altar candles to sit on. With 20 projects to choose from you will find a whole host of ways to enjoy macramé in a new intentional, spiritual light. Author

Rebecca Millar is best known as the creator of Vanir Creations, who has amassed a huge online following for her dreamy macramé hoops and moon catchers. Entirely self-taught, Rebecca now generously shares her secrets in this book, which demystifies the craft with simple explanations of the knots and techniques required.
