Based on the highly acclaimed reviews of American Reference Books Annual, RRB features only those resources that have been recommended for purchase by small and medium-sized academic, public, or school libraries. Written by over 200 subject specialists, the reviews will help librarians quickly identify the best, most affordable, and most appropriate new reference materials in any given field. All reviewer comments--both positive and negative--have been retained, since even recommended works may be weak in one respect or another. If your budget precludes ARBA, this tool will provide you with the necessary information for the development of your collection. Features 530 critical reviews of reference books, CD-ROMs, and Web sites from the years 2004-2006 written by academic, public, and school librarians or professionals in the field. The reviews are selected based on their appropriateness for school libraries, small college libraries, or small public libraries (i.e., lower priced, highest quality, etc.), and feature a coded letter (i.e., C, P,

S) indicating the type of library for which the medium is recommended. The reviews are pulled from ARBA 2006.

Observations on divers passages of Scripture [by T. Harmer]. By T. Harmer. With additions and corrections by A. Clarke Libraries Unlimited

As Bing Crosby once put it, Tiny Tim represents 'one of the most phenomenal success stories in show business'. In 1968, after years of playing dive bars and lesbian cabarets on the Greenwich Village scene, rubbing shoulders with the likes of Bob Dylan and Lenny Bruce, the forty-something falsetto-voiced, ukulele-playing Tiny Tim landed a recording contract with Sinatra's Reprise label

and an appearance on NBC's Laugh-In. The resulting album, God Bless Tiny Tim, and its single, 'Tip-toe Thru' The Tulips With Me', catapulted him to the highest levels of fame. Soon, Tiny was playing to huge audiences in the USA and Europe, while his marriage to the seventeen-year-old 'Miss' Vicki was broadcast on The Tonight Show in front of an audience of fifty million. Before long, however, his star began to fade. Miss Vicki left him, his earnings evaporated, and the mainstream turned its back on him. He would spend the rest of his life trying to revive his career, with many of those attempts taking a turn toward the absurd. But while he is often characterized as an oddball curio, Tiny Tim was a master interpreter and student of early American popular song, and his story is one of Shakespearean tragedy framed around a bizarre yet loveable public persona. Here, drawing on dozens of new interviews, never-before-seen diaries, and years of original research, author Justin Martell brings that story to life with the first serious biography of one of the most fascinating yet misunderstood figures in popular music.

Né à l'aube des années 1990 dans les pages de (À Suivre), Face de Lune met en scène une île dont la population vit sous un joug dictatorial, en proie à des vagues gigantesques qui ravagent tout sur leur passage. Une île en attente d'un sauveur. Lequel sera un personnage sans visage, capable de dompter les vagues. Récit graphiquement très ambitieux dont le scénario interroge, en creux, l'histoire du XXe siècle, Face de Lune a ouvert le bal de 20 années de collaborations fructueuses entre François Boucq et Alejandro Jodorowsky : la rencontre de deux géants du 9e Art.

A serial killer haunts the city streets, a stalker of isolated women who leaves a Santa Claus hat at the scene of his crimes. Pavel, a Russian émigré, assists the police investigation as a sketch artist. But Pavel's true calling is as a tattoo artist, and the so-called Bad Santa killings conjure up memories of the nightmarish world in which he learned his craft: a Russian prison camp that shattered his childhood and destroyed his family. Shifting between the living hell of a 1940s Siberian gulag and the crime-ridden chaos of New York City during the 1970s, this graphic novel's stunning artwork provides an atmospheric backdrop to its tale of corruption, murder, and revenge. Author Jerome Charyn was acclaimed by The New York Review of Books as "a fearless writer. Brave and brazen." This edition of Little Tulip, which was originally published in French, features Charyn's new English translation. Award-winning illustrator François Boucq also collaborated with Charyn on the acclaimed graphic novels The Magician's Wife and Billy Budd, KGB. Suggested for mature readers.

If you live in the city but want to be close to nature . . . If you call the countryside home but have no time to step outside . . . If you are confined to an office fifty hours a week . . . If your home needs the soothing touch of the natural world . . . In The New Terrarium, Tovah Martin, one of America's favorite gardeners, introduces you to the whimsical yet practical world of gardens under glass—a no-fuss way to bring snippets of nature indoors. Wherever you are, in whatever little time you have, terrariums are the perfect tool for nature lovers and gardeners everywhere. With gorgeous photography, The New Terrarium reveals how this classic garden tool has been reimagined in a modern way. When encased in glass, plants thrive with almost no help from outside their little enclosed world, so you can host a plant almost anywhere—in your apartment where the air is dry or in your cubicle where there's little natural light. Tucked inside something crystal and contained, the bounty of the forest or treasures from the beach or the meadow can merge seamlessly into your home or office environment. It's amazing how some frothy fern fronds or colorful blossoms can transform a room by giving it a burst of vibrant green life. With clear, simple step-by-step instructions and photographs to inspire and guide you along the way, Martin shares her years of experience growing and tending terrariums and shows how terrariums can enrich your life, including: • different venues for cultivating your terrarium • plants that flourish in these gardens under glass • ideas and designs for creating your first terrarium • how to care for and maintain the environment you've made Martin has designed a unique range of imaginative terrarium projects, including ones that are suitable for children, enliven the seasons, incorporate plant propagation, and show off a nature collection. Whether you are a gardener or city-dwelling nature lover, The New Terrarium is the perfect way to spark your creativity, while helping you to bring your favorite plants into your home and giving them a place to thrive. Les Jours Heureux - tome 2 - Nouvelle vague

In the 1630s the Netherlands was gripped by tulipmania: a speculative fever unprecedented in scale and, as popular history would have it, folly. We all know the outline of the story—how otherwise sensible merchants, nobles, and artisans spent all they had (and much that they didn't) on tulip bulbs. We have heard how these bulbs changed hands hundreds of times in a single day, and how some bulbs, sold and resold for thousands of guilders, never even existed. Tulipmania is seen as an example of the gullibility of crowds and the dangers of financial speculation. But it wasn't like that. As Anne Goldgar reveals in Tulipmania, not one of these stories is true. Making use of extensive archival research, she lays waste to the legends, revealing that while the 1630s did see a speculative bubble in tulip prices, neither the height of the bubble nor its bursting were anywhere near as dramatic as we tend to think. By clearing away the accumulated myths, Goldgar is able to show us instead the far more interesting reality: the ways in which tulipmania reflected deep anxieties about the transformation of Dutch society in the Golden Age. "Goldgar tells us at the start of her excellent debunking book: 'Most of what we have heard of [tulipmania] is not true.' . . . She tells a new story."—Simon Kuper, Financial Times
