University of Texas Press
"Chef Matthew Wendel provides a first-hand account of his years working for President George W. Bush and his family at Camp David and at their Texas home on Prairie Chapel Ranch. He

offers a collection of recipes, photographs, stories, and memories of daily life as senior advance representative in the Office of Presidential Advance and as the personal chef and personal assistant to the president. Included with recipes of the author's signature hot cinnamon rolls and fried chicken are the Bush family's favorite dishes, meals that world

leaders were served, and a behind-the-scenes look at how he prepared for head of state visits and shopped for the first family. Wendel's account reveals a unique window into the hard work, detail, and protocol involved in working for the first family and reveals how the president welcomed world leaders using both his home and the power of sharing a meal in an

intimate setting as a bridge-building diplomatic tool. Smoked beef tenderloin, stacked enchiladas, hot rolls, soups, and plenty of fresh salads were staples for the Bushes, but cheeseburgers became a tradition for their luncheons with world leaders at Prairie Chapel Ranch. Providing wholesome, delicious, comforting food to guests was their way of saying "Welcome. We're glad you are here." -- Amazon.com. Simon and Schuster Margaret Carlson presents

her columns and views on motherhood, feminism, and politics, and includes how she became Time magazine's first woman columnist.

Speech-less Simon and Schuster With his unmatched investigative skill, Bob Woodward tells the behind-the-scenes story of how President George W. Bush and his top national security advisers led the nation to war. Extensive quotations from the secret deliberations of the National Security Council and firsthand

revelations of the private thoughts, concerns and fears of the president and his war cabinet, make **BUSH AT WAR** an unprecedented chronicle of a modern presidency in a time of grave crisis. Based on interviews with more than a hundred sources and four hours of exclusive interviews with the president, **BUSH AT WAR** reveals Bush's sweeping, almost grandiose vision for remaking the world. Woodward's virtual wiretap into the White House Situation Room

reveals a stunning group portrait of an untested president and his advisers, three of whom might themselves have made it to the presidency. In *BUSH AT WAR*, Bob Woodward once again delivers a reporting tour de force.

Days of Fire Crown

The presidency of George W. Bush has led to the worst foreign policy decision in the history of the United States -- the bloody, unwinnable war in Iraq. How did this happen? Bush's fateful decision was rooted in

events that began decades ago, and until now this story has never been fully told. From Craig Unger, the author of the bestseller *House of Bush, House of Saud*, comes a comprehensive, deeply sourced, and chilling account of the secret relationship between neoconservative policy makers and the Christian Right, and how they assaulted the most vital safeguards of America's constitutional democracy while pushing the country into the catastrophic quagmire in the Middle

East that is getting worse day by day. Among the powerful revelations in this book: Why George W. Bush ignored the sage advice of his father, George H.W. Bush, and took America into war. How Bush was convinced he was doing God's will. How Vice President Dick Cheney manipulated George W. Bush, disabled his enemies within the administration, and relentlessly pressed for an attack on Iraq. Which veteran government official, with the assent of the president's father,

protested passionately that the Bush administration was making a catastrophic mistake -- and was ignored. How information from forged documents that had already been discredited fourteen times by various intelligence agencies found its way into President Bush's State of the Union address in which he made the case for war with Iraq. How Cheney and the neocons assembled a shadow national security apparatus and created a disinformation pipeline to

mislead America and start the war. A seasoned, award-winning investigative reporter connected to many back-channel political and intelligence sources, Craig Unger knows how to get the big story -- and this one is his most explosive yet. Through scores of interviews with figures in the Christian Right, the neoconservative movement, the Bush administration, and sources close to the Bush family, as well as intelligence agents in the CIA, the Pentagon, and

Israel, Unger shows how the Bush administration's certainty that it could bend history to its will has carried America into the disastrous war in Iraq, dooming Bush's presidency to failure and costing America thousands of lives and trillions of dollars. Far from ensuring our security, the Iraq War will be seen as a great strategic pivot point in history that could ignite wider war in the Middle East, particularly in Iran. Provocative, timely, and disturbing, *The Fall of the*

House of Bush stands as the most comprehensive and dramatic account of how and why George W. Bush took America to war in Iraq.

The Price of Loyalty Simon and Schuster

#1 NEW YORK TIMES BESTSELLER • A vibrant collection of oil paintings and stories by President George W. Bush honoring the sacrifice and courage of America's military veterans. With Forewords by former First Lady Laura Bush and General Peter Pace, 16th Chairman of the Joint Chiefs of Staff.

Growing out of President Bush's own outreach and the ongoing work of the George W. Bush Institute's Military Service Initiative, Portraits of Courage brings together sixty-six full-color portraits and a four-panel mural painted by President Bush of members of the United States military who have served our nation with honor since 9/11—and whom he has come to know personally. Our men and women in uniform have faced down enemies, liberated millions, and in doing so

showed the true compassion of our nation. Often, they return home with injuries—both visible and invisible—that intensify the challenges of transitioning into civilian life. In addition to these burdens, research shows a civilian-military divide. Seventy-one percent of Americans say they have little understanding of the issues facing veterans, and veterans agree: eighty-four percent say that the public has "little awareness" of the issues facing them and their families. Each painting in

this meticulously produced hardcover volume is accompanied by the inspiring story of the veteran depicted, written by the President. Readers can see the faces of those who answered the nation's call and learn from their bravery on the battlefield, their journeys to recovery, and the continued leadership and contributions they are making as civilians. It is President Bush's desire that these stories of courage and resilience will honor our men and women in uniform,

highlight their family and caregivers who bear the burden of their sacrifice, and help Americans understand how we can support our veterans and empower them to succeed. President Bush will donate his net author proceeds from PORTRAITS OF COURAGE to the George W. Bush Presidential Center, a non-profit organization whose Military Service Initiative works to ensure that post-9/11 veterans and their families make successful transitions to civilian life with a focus on

gaining meaningful employment and overcoming the invisible wounds of war. Shrub Simon and Schuster Forty-three men have served as President of the United States. Countless books have been written about them. But never before has a President told the story of his father, another President, through his own eyes and in his own words. A unique and intimate biography, the book covers the entire scope of the elder President Bush's life and career, including

his service in the Pacific during World War II, his pioneering work in the Texas oil business, and his political rise as a Congressman, U.S. Representative to China and the United Nations, CIA Director, Vice President, and President. The book shines new light on both the accomplished statesman and the warm, decent man known best by his family. In addition, George W. Bush discusses his father's influence on him throughout his own life, from his childhood in West Texas to his early

campaign trips with his father, and from his decision to go into politics to his own two-term Presidency.

The Fall of the House of Bush Crown

When a frightened little mouse seeks shelter from a storm, a wonderful adventure begins! The Mouse in the House is a tale of a small creature seeking to hide from the thunder and the rain. Once inside the house, the curious little guy explores every room, finding things he never knew existed. Before long,

the mouse realizes he has stumbled upon something so wonderful. Come inside with the mouse and see just how wonderful the house can be!

Bush on the Home Front Twelve

A global look at contemporary, ingenious, and yet comfortable transformations of former industrial spaces into stylish modern residences As space for land development in cities shrinks and city dwellers tire of cookie-cutter apartment towers, a love for historical buildings has

returned. The initial interest in "lofts" began in SoHo, New York, in the 1970s, and the love of warehouse buildings—often in attractive waterside locations—has since become a global phenomenon. Drawing on her personal experience living in a Grade II listed mill, Sophie Bush has amassed a wealth of knowledge and understanding about which ingredients make an industrial building perfect for contemporary living. Warehouse Home is

the ultimate resource for everything from how best to preserve and complement original architectural features to style ideas for adapting vintage and reclaimed pieces for modern décor. The first section, "Architectural Features," looks at how to make the most of a space while retaining its original features, such as exposed brickwork and concrete floors. It also draws on examples of former industrial buildings across the world that have been renovated to create

distinctive homes and workspaces. The second section, "Decorative Details," provides tips on how to recreate the warehouse aesthetic in any home, from repurposing pallets and breeze-blocks as furniture to transforming exhaust cones into unique lighting fixtures. A reference section provides ideas on where to source everything from furniture to finishes.

The Matriarch Harper Collins

"Mrs. Bush offers a ... portrait of her life in and

out of the White House, from her small-town schoolgirl days in Rye, New York, to her fateful union with George H.W. Bush, to her role as First Lady of the United States"--Back cover. James in the House of Aunt Prudence Simon and Schuster

When it comes to reporting on politics, nobody does it smarter or funnier than bestselling author Molly Ivins. In *Shrub*, Ivins focuses her Texas-size smarts on the biggest politician in her home state: George

Walker Bush, or "Shrub," as Ivins has nicknamed Bush the Younger. A candidate of vague speeches and an ambiguous platform, Bush leads the pack of GOP 2000 presidential hopefuls; "Dubya" could very well be our next president. What voters need now is an original, smart, and accessible analysis of Bush--one that leaves the "youthful indiscretions" to the tabloids and gets to the heart of his policies and motivations. Ivins is the perfect woman for the job.

With her trademark wit and down-home wisdom, Molly Ivins shares three pieces of advice on judging a politician: "The first is to look at the record. The second is to look at the record. And third, look at the record." In this book, Ivins takes a good, hard look at the record of the man who could be the leader of the free world. Beginning with his post-college military career, Ivins tracks Dubya's winding, sometimes unlikely path from a failed congressional bid to a

two-term governorship. Bush has made plenty of friends and supporters along the way, including Texas oil barons, evangelist Billy Graham, and co-investors in the Texas Rangers baseball team. "You would have to work at it to dislike the man," she writes. But for all of Bush's likeability, Ivins points to a disconcerting lack of political passion from this ascending presidential candidate. In her words, "If you think his daddy had trouble with 'the vision thing,' wait till you

meet this one." Witty, trenchant, and on target, Ivins gives a singularly perceptive and entertaining analysis of George W. Bush. To head to the voting booth without it would be downright un-American. From Shrub: The Short but Happy Political Life of George W. Bush " The past is prologue in politics. If a politician is left, right, weak, strong, given to the waffle or the flip-flop, or, as sometimes happens, an able soul who performs well under pressure, all that will be in

the record." , Bush's welfare record: "Texas pols like to 'git tuff' on crime, welfare, commies, and other bad stuff. Bush proposed to git tuff on welfare recipients by ending the allowance for each additional child-- which in Texas is \$38 a month." , Bush and the Christian right: "Bush has learned to dance with the Christian right. It has been interesting and amusing to watch the process. Interesting because it's sometimes hard to tell who's leading and who's following; amusing

because when a scion of Old Yankee money gets together with a televangelist with too much Elvis, the result is swell entertainment." , Bush's environmental record: Since Governor Bush's election, Texas air quality has been rated the worst in the nation, leading all fifty states in overall toxic releases, recognized carcinogens in the air, cancer risk, and ten other categories of pollutants. , Bush's military career: "Bush was promoted as the Texas Air National Guard's anti-drug

poster boy, one of life's little ironies given the difficulty he has had answering cocaine questions all these years later. 'George Walker Bush is one member of the younger generation who doesn't get his kicks from pot or hashish or speed,' reads a Guard press release of 1970. 'Oh, he gets high, all right, but not from narcotics.'" To Start a War Crown A New York Times Top 10 Best Book of the Year A Washington Post Notable Book Theirs was the most captivating American

political partnership since Richard Nixon and Henry Kissinger: a bold and untested president and his seasoned, relentless vice president. Confronted by one crisis after another, they struggled to protect the country, remake the world, and define their own relationship along the way. The real story of George W. Bush and Dick Cheney is far more fascinating than the familiar suspicion that Cheney was the power behind the throne. Drawing on hundreds of

interviews with key players, and thousands of pages of private notes, memos, and other internal documents, Baker paints a riveting portrait of a partnership that evolved dramatically over time, during an era marked by devastating terror attacks, the Iraq War, Hurricane Katrina, and financial collapse. Peter Baker has produced a monumental and definitive work that ranks with the best of presidential histories. *Recipes from the President's Ranch*

Random House
#1 NEW YORK TIMES BESTSELLER • In this powerful new collection of oil paintings and stories, President George W. Bush spotlights the inspiring journeys of America's immigrants and the contributions they make to the life and prosperity of our nation. The issue of immigration stirs intense emotions today, as it has throughout much of American history. But what gets lost in the debates about policy are the stories of immigrants themselves, the people

who are drawn to America by its promise of economic opportunity and political and religious freedom—and who strengthen our nation in countless ways. In the tradition of *Portraits of Courage*, President Bush's #1 New York Times bestseller, *Out of Many, One* brings together forty-three full-color portraits of men and women who have immigrated to the United States, alongside stirring stories of the unique ways all of them are pursuing the American Dream.

Featuring men and women from thirty-five countries and nearly every region of the world, *Out of Many, One* shows how hard work, strong values, dreams, and determination know no borders or boundaries and how immigrants embody values that are often viewed as distinctly American: optimism and gratitude, a willingness to strive and to risk, a deep sense of patriotism, and a spirit of self-reliance that runs deep in our immigrant heritage. In these pages, we meet a

North Korean refugee fighting for human rights, a Dallas-based CEO who crossed the Rio Grande from Mexico at age seventeen, and a NASA engineer who as a girl in Nigeria dreamed of coming to America, along with notable figures from business, the military, sports, and entertainment. President Bush captures their faces and stories in striking detail, bringing depth to our understanding of who immigrants are, the challenges they face on their paths to citizenship,

and the lessons they can teach us about our country's character. As the stories unfold in this vibrant book, readers will gain a better appreciation for the humanity behind one of our most pressing policy issues and the countless ways in which America, through its tradition of welcoming newcomers, has been strengthened by those who have come here in search of a better life. [Congressional Record](#) Simon and Schuster House of Bush, House of Saud Simon and Schuster

House of Bush, House of Saud Simon and Schuster Presents a behind-the-scenes view of the presidency of George W. Bush, from meetings with troops in war zones to relaxed times with his family to important meetings with his inner circle.

A Charge to Keep Scribner Book Company
A sobering expos of the secret relationship between neo-conservative policy makers and the Christian right argues that Middle East instability reflects an ongoing battle

between fundamentalist groups, in a behind-the-scenes account that cites Bush's role in promoting the war in Iraq and ultimately bringing about his own downfall. By the author of *House of Bush*, *House of Saud*. 200,000 first printing.

A Matter of Character
Penguin

While visiting his great-aunt, a young boy spends the afternoon being chased through the house by an assortment of creatures led by the Mouse King.

The Mouse in the House

Simon and Schuster Newsbreaking and controversial -- an award-winning investigative journalist uncovers the thirty-year relationship between the Bush family and the House of Saud and explains its impact on American foreign policy, business, and national security. *House of Bush, House of Saud* begins with a politically explosive question: How is it that two days after 9/11, when U.S. air traffic was tightly restricted, 140 Saudis, many immediate kin to Osama Bin Laden, were

permitted to leave the country without being questioned by U.S. intelligence? The answer lies in a hidden relationship that began in the 1970s, when the oil-rich House of Saud began courting American politicians in a bid for military protection, influence, and investment opportunity. With the Bush family, the Saudis hit a gusher -- direct access to presidents Reagan, George H.W. Bush, and George W. Bush. To trace the amazing weave of Saud-

Bush connections, Unger interviewed three former directors of the CIA, top Saudi and Israeli intelligence officials, and more than one hundred other sources. His access to major players is unparalleled and often exclusive -- including executives at the Carlyle Group, the giant investment firm where the House of Bush and the House of Saud each has a major stake. Like Bob Woodward's *The Veil*, Unger's *House of Bush, House of Saud* features unprecedented reportage;

like Michael Moore's *Dude, Where's My Country?* Unger's book offers a political counter-narrative to official explanations; this deeply sourced account has already been cited by Senators Hillary Rodham Clinton and Charles Schumer, and sets 9/11, the two Gulf Wars, and the ongoing Middle East crisis in a new context: What really happened when America's most powerful political family became seduced by its Saudi counterparts? [Portraits of Courage](#)

Crown/Archetype

A look at the real George W. Bush behind the public image draws on interviews with key players in the Bush administration, as well as with friends and colleagues, to reveal a man of clearly defined moral instinct and leadership style.

The War Within St.

Martin's Press

Conventional wisdom has it that the Middle East crisis is the product of a clash of civilizations between Islam and the West. THE FALL OF THE

HOUSE OF BUSH frames that conflict as part of an entirely different paradigm -- namely, the ongoing war between faith and reason, between fundamentalisms (Islamic, Jewish, Christian) and the modern, scientific, post-Enlightenment world. It tells the story of how radical, neoconservative ideologues secretly formed an alliance with the Christian Right in the Bush White House -- and how, driven by delusional idealism and ideological and religious zeal, they waged unilateral and pre-

emptive war in the Middle East as well as a domestic war against reason, science and civil liberties. Extending the investigative reach deployed so devastatingly in HOUSE OF BUSH, HOUSE OF SAUD, Craig Unger's brilliant exposé shows the real intentions -- and likely outcomes -- of the Bush administration's true playbook.

The Fall of the House of Bush Grand Central Publishing
