RAYMOND BRODY

Reading Medieval Latin Routledge

This handbook for teachers provides both practical, up-to-date guidance and a theoretical overview on a number of key topics in Latin teaching. Using a wealth of interviews, observations and pupil transcripts, Steven Hunt title utilizes case-study evidence of excellent practice in teaching and learning from a wide variety of institutions: from outreach programmes, community schools and academies in the UK, to New York Charter Schools, KIP schools and schools in Eastern Seaboard states in the USA. Offering practical advice on topics such as essay writing, teaching controversial topics including women, slavery, ethnicity and social hierarchy, making use of primary sources and using ICT to advance language skills, the book also engages with broader questions of approach and theory. These include a survey of the three main approaches to Latin teaching: grammar-translation, communicative and reading approaches; explanation of cognitive and social approaches to learning; and analysis of the differences between intrinsic and extrinsic motivation. Moreover, traditional arguments about the value and purpose of learning Latin at

school level are re-examined in the light of current educational thinking and government policy-making. This book is invaluable for trainees, newly qualified teachers and more experienced practitioners looking for practical ideas and strategies to motivate and engage learners of Latin. A companion website www.startingtoteachlatin.org is under construction and will contain a range of resources and information for teachers.

de Romanis Book 2 Penguin UK

The 78 letters in this Anthology (41 Greek, 36 Latin and 1 bilingual, with facing English translation) are selected both for their intrinsic interest, and to illustrate the range of functions letters performed in the ancient world. Dating from between c. 500 BC and c. 400 AD, they include naive and high-style, 'real' and 'fictitious', and classical and patristic items: Cicero, Horace, Ovid, Seneca, Pliny, Julian, Basil and Augustine are juxtaposed with Phalaris, Diogenes, Chion, and the authors of letters on lead, wood, papyrus and stone. Four final items exemplify ancient epistolary theory. The Commentary, besides providing contextual and linguistic assistance, draws attention to specifically epistolary features and to different stylistic levels of Greek and Latin represented. Epistolary topics and formulae are discussed in the Introduction, which also provides biographical and bibliographical

information on all texts and authors included, and a history of letter-writing and letter-reading in antiquity.

A Guide to Neo-Latin Literature Oxford University Press
A classic anthology for GCSE. The eight thematic sections of poetry include works by Catullus, Horace, Lucretius, Martial, Ovid, Petronius, Seneca and Virgil. The eight sections of adapted prose include sections from Apuleius, Caesar, Cicero, Pliny, Sallust, Tacitus, and the Acts of the Apostles in the Vulgate. Glosses and other explanations are provided opposite each of the texts, and the writing is illustrated throughout by paintings and photographs of artifacts in the Roman world. For the student, there is a complete vocabulary at the end of the book. For the teacher, there is an accompanying handbook giving additional suggestions for discussions in the classroom.

Expurgating the Classics Cambridge University Press
Latin was for many centuries the common literary language of Europe, and Latin literature of immense range, stylistic power and social and political significance was produced throughout Europe and beyond from the time of Petrarch (c.1400) well into the eighteenth century. This is the first available work devoted specifically to the enormous wealth and variety of neo-Latin literature, and offers both essential background to the understanding of this material and sixteen chapters by leading scholars which are devoted to individual forms. Each contributor relates a wide range of fascinating but now little-known texts to the handful of more familiar Latin works of the period, such as Thomas More's *Utopia*, Milton's Latin poetry and the works of Petrarch and Erasmus. All Latin is translated throughout the volume.

A Hellenistic Anthology Cambridge University Press
Anthology of selected writings--spanning antiquity to the present--from the non-Western civilizations of Latin America. It includes introductions, headnotes, and bibliographies with literary translations of contemporary and classical writers. The selections reflect literary, religious, and philosophical traditions and reveal despite cultural differences the universality of life experiences. [publisher web site].

Short Latin Stories Graywolf Press
This OCR-endorsed Latin course for students aged 11+ is breathing new life into Latin teaching. An introduction to both the Latin language and the cultural world of the Romans, it also develops English literacy skills through derivation tasks and two-way translation exercises, which promote the understanding of English as well as Latin. Cultural topics, supported by background notes, and primary sources, included for study and analysis, enable students to engage with authentic Roman history and acquire a broad understanding on which to build in future study. - Language learning is split between Core and Additional to ensure effective differentiation and flexible timetabling. - Fun and varied exercises include word identification, word manipulation, vocab acquisition / consolidation, and translation from English into Latin. - 30 words of new vocabulary in each chapter build towards a total of 360. - Vocabulary is consistently and constantly

consolidated to give an unshakeable grounding for GCSE. - Clear and systematic explanations of grammar encourage steady progress. - Early use of Latin stories rather than isolated sentences build student confidence from the start. In this first volume students meet the gods and heroes of the Roman world, introduced through stories from Chapter 1 onwards, so that students can immediately read passages of Latin. From myths about the gods to stories about religious customs and festivals, this is the perfect way to learn about the religious framework of Roman daily life. The final chapter on prophecy, ending with stories of historical figures such as Caesar interpreting messages from the gods, prepares for the transition in the second volume to the world of men - and women - of ancient Rome.

Epigrams from the Greek Anthology Bloomsbury Publishing
Latin love elegy is one of the most important poetic genres in the Augustan era, also known as the golden age of Roman literature. This volume brings together leading scholars from Australia, Europe and North America to present and explore the Greek and Roman backdrop for Latin love elegy, the individual Latin love elegists (both the canonical and the non-canonical), their poems and influence on writers in later times. The book is designed as an accessible introduction for the general reader interested in Latin love elegy and the history of love and lament in Western literature, as well as a collection of critically stimulating essays for students and scholars of Latin poetry and of the classical tradition.

Oxford Latin Course Vintage
Lush Diodorus sets the lads on fire, But now another has him in his net - Timarion, the boy with wanton eyes . . . Meleager, AP 12.109 Encompassing four thousand short poems and more, the ramshackle classic we call the Greek Anthology gathers up a millennium of snapshots from ancient daily life. Its influence echoes not merely in the classic tradition of the English epigram (Pope, Dryden) but in Rudyard Kipling, Ezra Pound, Virginia Woolf, T. S. Eliot, H.D., and the poets of the First World War. Its variety is almost infinite. Victorious armies, ruined cities, and Olympic champions share space with lovers' quarrels and laments for the untimely dead - but also with jokes and riddles, art appreciation, potted biographies of authors, and scenes from country life and the workplace. This selection of more than 600 epigrams in verse is the first major translation from the Greek Anthology in nearly a century. Each of the Anthology's books of epigrams is represented here, in manuscript order, and with extensive notes on the history and myth that lie behind them.

Starting to Teach Latin Bloomsbury Publishing
A unique anthology that illuminates the history and the art of translating poetry into English. Into English allows readers an extraordinary opportunity to experience the process and artistry of translating poetry. Editors Martha Collins and Kevin Pruffer invited twenty-five contributors, all of them translators and most

of them also poets, to select one poem in another language and three English translations of it, and then to provide an essay about the challenges and rewards of translating it. This anthology offers the original poem and the translations side by side, so readers can compare the translations for themselves. The original poems are from across time and around the world. The poets include Sappho, San Juan de la Cruz, Basho, Rilke, Akhmatova, García Lorca, Szymborska, Amichai, and Adonis. The languages represented are many, from Latin to Chinese, Spanish, French, German, Russian, Hebrew, Arabic, and Haitian Creole. More than seventy translators are included, among them Robert Bly, Anne Carson, Ruth Fainlight, David Hinton, Rosemary Lloyd, Khaled Mattawa, and W. S. Merwin. *Into English* becomes a chorus in celebration of international poetry and translation—what George Kalogeris, quoting Virgil, describes as “song replying to song replying to song.” “*Into English* plunges the reader into a translation seminar: the joyous, argumentative, fetishistic, obsessive, and unending struggle to give poems new life in English. This generous book offers a plenitude: plural poems, plural languages, plural eras, plural translators. And summons us to add to the bounty.”—Rosanna Warren “*Into English* is the great book so many of us have waited for: an anthology that actually teaches one about craft. For what is the discussion of literary translation if not a patient, detail-oriented, step-by-step education for a poet on the masteries of word choice, precision, tone? To say that I love this very special collection is an understatement.”—Ilya Kaminsky Contributors include Kareem James Abu-Zeid, Willis Barnstone, Chana Bloch, Karen Emmerich, Danielle Legros Georges, Johannes Göransson, Joanna Trzeciak Huss, George Kalogeris, J. Kates, Alexis Levitin, Bonnie McDougall, Jennifer Moxley, Carl Phillips, Hiroaki Sato, Cindy Schuster, Rebecca Seiferle, Adam Sorkin, Susan Stewart, Cole Swensen, Arthur Sze, Stephen Tapscott, Alisa Valles, Sidney Wade, Ellen Doré Watson, and David Young.

Where the Bird Sings Best Cambridge University Press

The Letters of Pliny the Younger, also known as the Epistles of Pliny the Younger, have been studied for centuries, as they offer a unique and intimate glimpse into the daily life of Romans in the 1st century AD. Through his letters, the Roman writer and lawyer Pliny the Younger (whose full name was Gaius Plinius Caecilius Secundus) discusses philosophical and moral issues; but he also talks about everyday matters and topics related to his administrative duties. One of these letters, Letter 16 from Book VI, addressed to Tacitus, holds unparalleled historical value. In it, Pliny describes the eruption of Mount Vesuvius in AD 79, which destroyed the city of Pompeii. Many scholars claim that with his letters, Pliny invented a new literary genre: the letter written not only to establish pleasant communication with peers but also to publish it later. Pliny compiled copies of every letter he wrote throughout his life and published those he considered the best in twelve books. This edition presents selected letters chosen for their various characteristics and covering several books, focusing mainly on Books I, II, and III. The work is part of the famous collection: 501 Books You Must Read.

Epigrams from Martial Restless Books

A classic introduction to Latin literature, with translations of the

best passages from Virgil, Livy, Ovid, Seneca and many others. This classic anthology traces the development of Latin literature from the early Republican works of Cicero and Catullus, to the writers of the Empire such as Lucan and Petronius, to the later writings of St Augustine. The selections cover comedy and epic, history and philosophy, in prose and in verse, and each passage is prefaced by an introduction to the author and his influence. The translators range across history from Alexander Pope and Lord Byron to contemporaries. The result is a broad and brilliant overview of the civilization of Rome and its Empire - an ideal introduction to Latin literature. Michael Grant was born in 1914. He served as an intelligence officer during the Second World War, and subsequently held academic posts at the universities of Cambridge, Edinburgh, Khartoum and Belfast. Over his lifetime, he published nearly fifty books on the ancient world, ranging from studies of Roman coinage, to biographies of Caesar, Nero and Jesus, to books on Ancient Israel and the Middle Ages. Many of his translations were published in Penguin Classics. Professor Grant moved to Italy in 1966, where he spent most of the rest of his life until his death in 2004.

Catullus: Poems Cambridge University Press

When works such as Joyce's *Finnegans Wake* and Stein's *Tender Buttons* were first introduced, they went so far beyond prevailing linguistic standards that they were widely considered "unreadable," if not scandalous. Jed Rasula and Steve McCaffery take these and other examples of twentieth-century avant-garde writing as the starting point for a collection of writings that demonstrates a continuum of creative conjecture on language from antiquity to the present. The anthology, which spans three millennia, generally bypasses chronology in order to illuminate unexpected congruities between seemingly discordant materials. Together, the writings celebrate the scope and prodigality of linguistic speculation in the West going back to the pre-Socratics.
