An essential emotional literacy tool for children with 60+ definitions inside! Join Aroha and her friends as they share how different emotions feel in the body and find the words for how they truly feel! A useful resource for parents, carers and educators to help children recognise, label and understand their many emotions. Notable Book in the Storylines Children's Literature Trust of NZ Book Awards 2021 Finalist in the 2022 NZ Book Awards for Children &

Young Adults (Elsie Locke Award for Non-Fiction) 'This book is a much-needed tool for children and those caring for them. By showing that a wide range of emotions each have their own unique value and purposes, this book helps to both normalise and encourage understanding towards the big emotions and feelings that, although sometimes demonised, are experienced by each and every one of us at some point in our lives.' — DANIELLE WHITBURN, Mental Health Foundation of New Zealand
5-Star Life VIZ Media LLC
 Thanks to intelligence acquired by the upper echelons of the Japanese Imperial Demon Army, the human resistance

knows that vampire nobles are massing in Nagoya prior to an attack on the human stronghold of Tokyo in one month's time. Yuichiro's squad joins a secret mission to exterminate them, but the Moon Demon Company is very unimpressed with their lack of polish. Can these rookies prove their worth in real combat? -- VIZ Media
Fairy Tail

 A playful reflection on animals and video games, and what each can teach us about the

other Video games conjure new worlds for those who play them, human or otherwise: they've been played by cats, orangutans, pigs, and penguins, and they let gamers experience life from the perspective of a pet dog, a predator or a prey animal, or even a pathogen. In *Game*, author Tom Tyler provides the first sustained consideration of video games and animals and demonstrates how thinking about animals and games together can prompt fresh thinking about both. *Game* comprises thirteen short essays, each of which examines a particular video game, franchise, aspect of gameplay, or production in which animals are featured, allowing us to reflect

on conventional understandings of humans, animals, and the relationships between them. Tyler contemplates the significance of animals who insert themselves into video games, as protagonists, opponents, and brute resources, but also as ciphers, subjects, and subversive guides to new ways of thinking. These animals encourage us to reconsider how we understand games, contesting established ideas about winning and losing, difficulty settings, accessibility, playing badly, virtuality, vitality and vulnerability, and much more. Written in a playful style, *Game* draws from a dizzying array of sources, from children's television, sitcoms, and regional

newspapers to medieval fables, Shakespearean tragedy, and Edwardian comedy; from primatology, entomology, and hunting and fishing manuals to theological tracts and philosophical treatises. By examining video games through the lens of animals and animality, Tyler leads us to a greater humility regarding the nature and status of the human creature, and a greater sensitivity in dealings with other animals.

unforgettable journey through middle school with this incredible collection.

Splatoon: Squid Kids Comedy Show, Vol. 1
Routledge

Satoru Iwata was the global president and CEO of Nintendo and a gifted programmer who played a key role in the creation of many of the world's best-known games. He led the production of innovative platforms such as the Nintendo DS and the Wii, and laid the groundwork for the development of the wildly successful Pokémon Go game and the Nintendo Switch. Known for his analytical and imaginative mind, but even more for his humility and people-first approach to leadership, Satoru Iwata was beloved by

game fans and developers worldwide. In this motivational collection, Satoru Iwata addresses diverse subjects such as locating bottlenecks, how success breeds resistance to change, and why programmers should never say no. Drawn from the "Iwata Asks" series of interviews with key contributors to Nintendo games and hardware, and featuring conversations with renowned Mario franchise creator Shigeru Miyamoto and creator of EarthBound Shigesato Itoi, Ask Iwata offers game fans and business leaders an insight into the leadership, development, and design philosophies of one of the most beloved figures in gaming history. -- VIZ
