This abundantly illustrated anthology brings together sixteen essays by artists, scholars and ritual experts who examine the sacred arts of Haitian Vodou from multiple perspectives. Among the many topics covered are the ten major Vodou divinities: Vodou's roots in the Fon and Kongo kingdoms of Africa and its transformation in the experiences of slavery, and the encounter with European spiritual systems; Vodou praxis, including its bodily and communal disciplines, the cult of St. James Major (Ogou), and the cult of twins.In the final section, essays by Elizabeth McAlister, Patrick Polk, Tina Girouard, and Randall Morris look at Vodou arts and artists, Oleyant, and the legacy of ironworker Georges Liautaud.The Envoi, by Donald J.Cosentino, is devoted to the Gedes, spirits of death and regeneration.

Originally published in London in 1857 and never before available in paperback, *The Garies and Their Friends* is the second novel published by an African American and the first to chronicle the experience of free blacks in the pre-Civil War northeast. The novel anticipates themes that were to

become important in later African American fiction, including miscegenation and 'passing, ' and tells the story of the Garies and their friends, the Ellises, a 'highly respectable and industrious coloured family.'

TO PRESUME to multiply books in this day of excellent writers and learned book-makers is a rash thing perhaps for a novice. It may even be a presumption that shall be met by the production itself being driven from the market by the keen, searching criticism of not only the reviewers, but less noted objectors. And yet there are books that meet a ready sale because they seem like "Ishmaelites"--against everybody and everybody against them. Whether this work shall ever accomplish the design of the author may not at all be determined by its sale. While I hope to secure some pecuniary gain that I may accompany it with a companion illustrating what our women have done, yet by no means do I send it forth with the sordid idea of gain. I would rather it would do some good than make a single dollar, and I echo the wish of "Abou Ben Adhem," in that sweet poem of that name, written by Leigh Hunt. The angel was writing at the table, in his vision. The names of those who love the Lord. Abou wanted to know if his was there--and the angel said "No." Said Abou, I pray thee, then, write me as one that loves his fellow-men. That is what I ask to be recorded of me. The angel wrote and vanished. The next night It came again, with a great awakening light. And showed the names whom love of God had blessed. And lo! Ben Adhem's name led all the rest. I desire that the book shall be a help to students, male and female, in the way of information concerning our great names. I have noticed in my long experience as a teacher, that many of my students were wofully ignorant of the work of our great colored men--even ignorant of their names. If they knew their names, it was some indefinable something they had done--just what, they could not tell. If in a slight degree I shall here furnish the data for that class of rising men and women, I shall feel much pleased. Herein will be found many who had severe trials in making their way through schools of different grades. It is a suitable book, it is hoped, to be put into the hands of intelligent, aspiring young people everywhere, that they might see the means and manners of men's elevation, and by this be led to undertake the task of going through high schools and colleges. If the persons herein mentioned could rise to the exalted stations which they have and do now hold, what is there to prevent any young man or woman from achieving greatness? Many, yea, nearly all these came from the loins of slave fathers, and were the babes of women in bondage, and themselves felt the leaden hand of slavery on their own bodies; but whether slaves or not, they suffered with their brethren because of color. That "sum of human villainies" did not crush out the life and manhood of the race. I wish the book to show to the world--to our oppressors and even our friends--that the Negro race is still alive, and must possess more intellectual vigor than any other section of the human family, or else how could they be crushed as slaves in all these years since 1620, and yet to-day stand side by side with the best blood in America, in white institutions, grappling with abstruse problems in Euclid and difficult classics, and master them? Was ever such a thing seen in another people? Whence these lawyers, doctors, authors, editors, divines, lecturers, linguists, scientists, college presidents and such, in one quarter of a century?

Winona: A Tale of Negro Life in the South and Southwest (1902-1903) is a novel by African American author Pauline Elizabeth Hopkins. Originally published in The Colored American Magazine, America's first monthly periodical covering African American arts and culture, Winona: A

Tale of Negro Life in the South and Southwest is a groundbreaking novel that addresses themes of race and colonization from the perspective of a young girl of mixed descent. As white settlers moved westward across North America, they not only displaced the indigenous population, but brought into contact peoples from opposite ends of Earth. On an island in the middle of Lake Erie, White Eagle—recently displaced after the dissolution of the Buffalo Creek reservation—has built a home for himself and his African American wife. Adopting her son Judah, White Eagle establishes a life for his family apart from the prejudices and violence of American life. A daughter, Winona, is born soon after, and grows to be proud of her rich cultural heritage. When two white hunters stumble upon the island, however, and when White Eagle is soon found dead, his family is left to the mercy of an uncaring, hostile nation. Winona: A Tale of Negro Life in the South and Southwest is a heartbreaking work of historical fiction from a true pioneer of American literature, a woman whose talent and principles afforded her the vision necessary for illuminating the injustices of life in a nation founded on slavery and genocide. With a beautifully designed cover and professionally typeset manuscript, this edition of Pauline Elizabeth Hopkins' Winona: A Tale of Negro Life in the South and Southwest is a classic work of African American literature reimagined for modern readers.

Zora Neale Hurston produced some of the most provocative literature of the twentieth century.

This book examines the numerous scenes of violence against women in her fictional works and the development of her feminist ideals. This groundbreaking book is the first full-length discussion of Hurston's repetitive rendering of violently controlled women. It gives significant insight into why Hurston's themes often questioned the power dynamics of heterosexual relationships. It also explores the effect of death and loss on Hurston's life and reveals intertwined relationships between writing and healing.

Within the Circle is the first anthology to present the entire spectrum of twentieth-century African American literary and cultural criticism. It begins with the Harlem Renaissance, continues through civil rights, the Black Arts Movement, and on into contemporary debates of poststructuralist and black feminist theory. Drawing on a quote from Frederick Douglass for the title of this book, Angelyn Mitchell explains in her introduction the importance for those "within the circle" of African American literature to examine their own works and to engage this critical canon. The essays in this collection--many of which are not widely available today--either initiated or gave critical definition to specific periods or movements of African American literature. They address issues such as integration, separatism, political action, black nationalism, Afrocentricity, black feminism, as well as the role of art, the artist, the critic, and the audience. With selections from Langston Hughes, Sterling Brown, W. E. B. DuBois, Zora Neale Hurston, Richard Wright, James Baldwin, Toni Morrison, Barbara Smith, Alice Walker, Henry Louis Gates, Jr., and many others, this definitive collection provides a dynamic model of the cultural, ideological, historical, and aesthetic considerations in African American literature and literary criticism. A major contribution to the study of African American literature, this volume will serve as a foundation for future work by students and scholars. Its importance will be recognized by all those interested in modern literary theory as well as general readers concerned with the African American experience. Selections by (partial list): Houston A. In many ways, however, much work is still required in this fertile field. Reinterpreting the Haitian Revolution and Its Cultural Aftershocks, the first collection of essays edited by Martin Munro and Elizabeth Walcott-Hackshaw, addressed the repercussions of the Haitian Revolution in Haiti, the Caribbean, North America and Europe. This present volume develops and complements the previous collection to meet the growing demand for original scholarly work on Haiti. Widening the cultural lens to include diasporic studies, art, and questions of race and gender, Echoes of the Haitian Revolution exposes how the history of Haiti has shaped our ideas of race, nation and civilization in ways that we are often unaware of. Haiti's lessons continue to engage us in a dynamic dialog that compels us to question and revisit received arguments. The essays collected here provoke and stimulate these necessary conversations by approaching the legacies and repercussions of the revolution from a cultural perspective.

In this ambitious book, Girard employs the latest tools of the historian's craft, multi-archival research in particular, and applies them to the climactic yet poorly understood last years of the Haitian Revolution. Haiti lost most of its archives to neglect and theft, but a substantial number of documents survive in French, U.S., British, and Spanish collections, both public and private. In all, this book relies on contemporary military, commercial, and administrative sources drawn from nineteen archives and research libraries on both sides of the Atlantic.
