 Yank, the Army Weekly was a military publication sold to deployed soldiers during World War II. To boost soldiers' morale, each issue contained a pin-up girl. These lovely ladies were some of the most famous actresses, models, and dancers of their time. This book features the pin-up girls in the 1944 issues of Yank. Inside you'll find photos of Lauren Bacall, Elyse Knox, Ann Savage, Ingrid Bergman, K.T. Stevens, Chili Williams, Angela Greene, Peggy Corday, Jeanne Craine, Rita Hayworth, and many more. Bios are included for each girl, one of which was an Olympic figure skater.

The Great American Pin-up Rachel Johnson
 "A Best Film Book of 2013" - The Huffington Post To the soldiers in the armed forces during World War II, the pin-up girl was more than a symbol of lust. What the fighting man needed during that tumultuous period were entities of beauty that informed them there was goodness left in this world worth fighting for. The girls who posed for pin-up purposes best represented the beauty that yet existed. So on their barracks walls were images of Betty

Grable and Rita Hayworth. Painted on the outside of their aircraft were life-size copies of Jane Russell and Gene Tierney. In their duffel bags were photographs of Veronica Lake and Rochelle Hudson. These famous celebrities, by posing for the boys in the military, used their uncommon appeal to reinforce in the mind of the sailor, soldier and marine that fairness was still present and needed to be defended. Their role was not simply objects of lust, but something more profound, which informed the fighting men that America was behind them—applauded them for their patriotism and sacrifices.

Virtually every humor and men's magazine, ranging from Judge in the mid-'40s to Sex to Sexy in the '60s and '70s, boasted two, if not a dozen, of Wenzel's pin-up cartoons. Quick with pen and ink, Wenzel was equally adept with the brush, and nowhere was this more evident than in his work for the Humorama line of girlie digests.

Women have been tricking men for thousands of years, and female tricksters have been appearing in classic and popular

texts at least since the *Thousand and One Nights*. While there are many studies of tricksters, few have focused on the chicanery of women, and none have dealt with the ways in which the female trickster is constructed in America. *Madcaps, Screwballs, and Con Women* is the first book to explore the cultural work performed by female tricksters in the "new country" of American mass consumer culture. Beginning with such nineteenth-century novels as *Capitola the Madcap* and moving through twentieth-century novels, films, radio, and television shows, Lori Landay looks at how popular heroines use craft and deceit to circumvent the limitations of femininity. She considers texts of the 1920s such as Elinor Glyn's *It* and Anita Loos's *Gentlemen Prefer Blondes*; films of Mae West, as well as other Depression-era and wartime film comedy; the postwar television series *I Love Lucy*; and such contemporary texts as "Roseanne," "Ellen," and "Batman." In addition, Landay explores the connections between these texts and advertisements selling products that encourage female deception and trickery.
