Nora Helmer is a dutiful young wife and mother of three children whose attempt to secure her family's future may ultimately lead to its destruction. Ibsen's play explores female identity and independence in a male dominated society. The Helmer family consists of Torvald and Nora, as well as three children: Ivar, Bobby and Emmy. From the outside, they appear to live a happy and idyllic life. Yet, a secret from Nora's past threatens to destroy everything she loves. One of Torvald's employees blackmails Nora, hoping she can influence her husband in the workplace. When she doesn't succeed, Torvald is informed of her misdeeds. This leads to a life-changing confrontation that forces Nora to reevaluate her marriage and desire for a family. *A Doll's House* is one of Ibsen's most forward-thinking plays. It was deemed scandalous for its depiction of a wife who prioritizes her own well-being over others. It's an insightful examination of how gender roles dominated nineteenth century Europe. With an eye-catching new cover, and professionally typeset manuscript, this edition of *A Doll's House* is both modern and readable.

A renowned historian and Resistance fighter - later executed by the Nazis - analyzes at first hand why France fell in 1940. Marc Bloch wrote *Strange Defeat* during the three months following the fall of France, after he returned home from military service. In the midst of his anguish, he nevertheless "brought to his study of the crisis all the critical faculty and all the penetrating analysis of a first-rate historian" (Christian Science Monitor). Bloch takes a

close look at the military failures he witnessed, examining why France was unable to respond to attack quickly and effectively. He gives a personal account of the battle of France, followed by a biting analysis of the generation between the wars. His harsh conclusion is that the immediate cause of the disaster was the utter incompetence of the High Command, but his analysis ranges broadly, appraising all the factors, social as well as military, which since 1870 had undermined French national solidarity. "Much has been, and will be, written in explanation of the defeat of France in 1940, but it seems unlikely that the truth of the matter will ever be more accurately and more vividly presented than in this statement of evidence." - New York Times Book Review. "The most wisdom-packed commentary on the problem set [before] all intelligent and patriotic Frenchmen by the events of 1940." - Spectator.

Strange Defeat Ecole des Loisirs

This fascinating new study shows how the CIA and the British secret service, in collaboration with the military alliance NATO and European military secret services, set up a network of clandestine anti-communist armies in Western Europe after World War II. These secret soldiers were trained on remote islands in the Mediterranean and in unorthodox warfare centres in England and in the United States by the Green Berets and SAS Special Forces. The network was armed with explosives, machine guns and high-tech communication equipment hidden in underground bunkers and secret arms caches in forests and mountain

meadows. In some countries the secret army linked up with right-wing terrorist who in a secret war engaged in political manipulation, harrasement of left wing parties, massacres, coup d'états and torture. Codenamed 'Gladio' ('the sword'), the Italian secret army was exposed in 1990 by Italian Prime Minister Giulio Andreotti to the Italian Senate, whereupon the press spoke of "The best kept, and most damaging, political-military secret since World War II" (Observer, 18. November 1990) and observed that "The story seems straight from the pages of a political thriller." (The Times, November 19, 1990). Ever since, so-called 'stay-behind' armies of NATO have also been discovered in France, Spain, Portugal, Germany, Belgium, the Netherlands, Luxemburg, Denmark, Norway, Sweden, Finland, Switzerland, Austria, Greece and Turkey. They were internationally coordinated by the Pentagon and NATO and had their last known meeting in the NATO-linked Allied Clandestine Committee (ACC) in Brussels in October 1990.

Et pas le moindre. Car une violente explosion a détruit le chantier du stade olympique, quelques mois à peine avant les jeux. Parmi les débris, la police retrouve les restes d'une femme. Il s'agit de Christina Furhage, la charismatique présidente du Comité olympique suédois. Le pays

entier redoute la prochaine attaque terroriste, qui semble inévitable. Pour Annika, ce n'est pas si simple. Mais en voulant démasquer le poseur de bombes, Annika risque fort d'apparaître sur la liste de ses prochaines cibles...

A Doll's House

A moving story for any child who has felt lonely, worried, or anxious and found solace in friendship with a beloved pet. Summer is here and Tyra spends many happy days lying in the warm grass with her new cat, Vivaldi. What could be better than staring up into the blue sky with a purring kitten on your tummy? But soon it's September, and while getting her backpack ready for the first day of school, Tyra feels everything she is going back to and a hard painful lump forms in her throat. School is a place of no words for Tyra, a place where the girls stare at her and stop talking when she walks by, a place where she feels completely alone. Only music can put an end to this feeling, music and her cat. Maybe, just maybe, things will be different this year now that it's not Tyra alone anymore, but Tyra and her cat. Vivaldi is a book for anyone who's ever felt alone, anyone who's ever worried or been anxious, and anyone who knows what a difference one friend can make.
