 An explosion of little architectural magazines in the 1960s and 1970s instigated a radical transformation in architectural culture, as the magazines acted as a site of innovation and debate. Clip/Stamp/Fold takes stock of seventy little magazines from this period. The book brings together a remarkable range of documents and original research which the project has produced during its continuous travels over the last four years starting with the exhibition at the Storefront in November 2006. The book features transcripts from the "Small Talks" events in which editors and designers were invited to discuss their magazines; a stocktaking of over 100 significant issues that tracks the changing density and progression of the little magazine phenomenon; transcripts of more than forty interviews with magazine editors and designers from all over the world; a selection of magazine facsimiles; and a fold out poster that offers a mosaic image of more than 1,200 covers examined during the research.

 The Word Biblical Commentary delivers the best in biblical scholarship, from the leading scholars of our day who share a

commitment to Scripture as divine revelation. This series emphasizes a thorough analysis of textual, linguistic, structural, and theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from a solid base of biblical scholarship.

 This acclaimed post-apocalyptic novel of hope and terror from an award-winning author "pairs well with 1984 or The Handmaid's Tale" and includes a foreword by N. K. Jemisin (John Green, New York Times). When global climate change and economic crises lead to social chaos in the early 2020s, California becomes full of dangers, from pervasive water shortage to masses of vagabonds who will do anything to live to see another day. Fifteen-year-old Lauren Olamina lives inside a gated community with her preacher father, family, and neighbors, sheltered from the surrounding anarchy. In a society where any vulnerability is a risk, she suffers from hyperempathy, a debilitating sensitivity to others' emotions. Precocious and clear-eyed, Lauren must make her voice heard in order to protect her loved ones from the imminent disasters her small community stubbornly ignores. But what begins as a fight for survival soon leads to something much more: the birth of a new faith . . . and a startling vision of human destiny.
