CALLAHAN RUSH

Why Does He Do That? John Wiley & Sons Incorporated

The experts reveal how to interpret and understand your dog's symptoms and what steps to take to ensure its health. This comprehensive and practical book is designed to assist dog owners in understanding their pets' bodies and health based on signs and symptoms of disease, and in determining the most

common medical problems that might cause particular symptoms. Adopting the "decision chart" format from popular symptom guides for human ailments, such as the American Medical Association's Guide to Your Family's Symptoms and Take Care of Yourself, five leading veterinarians have designed a user-friendly chart system that will guide a pet owner from noting the symptom and observing the dog's behavior to understanding the associated signs of an illness, the possible conditions, and the best steps to take. Filled with more than two hundred charts in an easy-to-follow

two-color format and medical drawings, The Veterinarians' Guide to Your Dog's Symptoms is the indispensable reference for dog owners. It not only considers the problems of sick and injured pets, but also addresses the needs of healthy animals. It has all the information a dog owner needs:

- What a healthy dog should look like
- Flow charts to the 150 most common symptoms
- Training and behavior issues, such as housebreaking and aggression
- Emergency first aid, including how to apply bandages and create a makeshift muzzle
- A glossary of veterinary diagnostic tests and medical terms

With

this unique combination of medical information and advice, plus an innovative chart system, *The Veterinarians' Guide to Your Dog's Symptoms* will enable pet owners to help their dogs live long, healthy, and happy lives.

The Other End of the Leash McConnell Publishing Limited

Is it possible to meet the right person at the wrong time? I had my friends. I had football. I had a future I was set on, until her. Eleanor Kingston was the girl. The one I'd choose if I could, but all I had to give was one night. My life had been decided for me, my future predetermined. There's no room left for football or love. If you get only one life, how hard would you fight to live it on your own terms? I had my family. My career was set. I was back to begin the life I was meant to lead when I met him. We promised each other no tomorrow, no names, only one night. But fate had other plans. Sebastian Beneventi may think he's protecting me, but I'm no damsel in distress. No more running, it's time to fight for what I want for a change.

Good Old Dog Del Rey

At last, a book about your pet that emphasizes total care, training and companionship! You'll not only learn about the specie-specific traits of your special pet, you'll also learn what the world's like from your pet's perspective; how to feed, groom and keep your pet healthy; and how to enjoy your pet through training and activities you can do together. *The Siberian Husky* is written by a breed expert and includes a special chapter on training by Dr. Ian Dunbar, internationally renowned animal behaviorist, and chapters on getting active with your dog by long-time Dog Fancy magazine columnist Bardi McLennan. Best of all, the book is filled with info-packed sidebars and fun facts to make caring for your pet easy and enjoyable.

Touch the Night Simon and Schuster

Can a group of ten year old mates (and one scruffy dog) really outwit the most fiendish, cunning teachers in the universe and, after millions of years, finally make school cool?!

The UNIX-haters Handbook NAL

You've experienced the shiny, point-and-click surface of your Linux computer--now dive below and explore its depths with the power of the command line. The Linux Command Line takes you from your very first terminal keystrokes to writing full programs in Bash, the most popular Linux shell (or command line). Along the way you'll learn the timeless skills handed down by generations of experienced, mouse-shunning gurus: file navigation, environment configuration, command chaining, pattern matching with regular expressions, and more. In addition to that practical knowledge, author William Shotts reveals the philosophy behind these tools and the rich heritage that your desktop Linux machine has inherited from Unix supercomputers of yore. As you make your way through the book's short, easily-digestible chapters, you'll learn how to:

- Create and delete files, directories, and symlinks
- Administer your system, including networking, package installation, and process management
- Use standard input and output, redirection, and pipelines
- Edit files with Vi, the world's most popular text editor
- Write shell scripts to automate common or boring

tasks • Slice and dice text files with cut, paste, grep, patch, and sed Once you overcome your initial "shell shock," you'll find that the command line is a natural and expressive way to communicate with your computer. Just don't be surprised if your mouse starts to gather dust.

Puppy Primer Dogwise Publishing

Describes methods for increasing the learning capacity and emotional stability of a dog so that it can perform useful tasks

Plenty in Life Is Free *Howell Book House

Raise that new puppy successfully with this understandable and user-friendly primer! Includes socialization, how to raise a confident puppy, children and puppies, basic obedience/manners, how to praise or correct, crate training, play biting, housetraining, through adolescence and problem-solving (submissive urination, home alone, barking, car sickness, more)

Posh Pups HarperCollins UK

Talkative Bash has a big problem in soccer: His beloved dog, Lucy, is a pro at nabbing the ball, but sometimes at the wrong moment. Coach wants to ban Lucy from soccer practice and games, separating Bash from a companion who

boosts his confidence in sports -- and life. Can Bash talk the coach into letting Lucy stay?

Dog Training by Bash Turner Publishing Company

It's a dog's life...and we'd all love to live it! In her enchanting, elegantly photographed volume, Ilene Hochberg captures the alluring lifestyles of well-off pooches.

These dogs sit in the lap of luxury, enjoying everything from filet mignon and organic biscuits to Louis Vuitton carriers and Coach leather coats. Some even have their own treadmill to stay slim and trim! Countless adorable pictures showcase poodles in lamé, lace, and pearls; Dobermans shod in paw-saving sneakers; and diamond-studded jewelry for Fido's evening out. For owners who want to lavish some love on their dogs while spending less, there are also budget-friendly, bare-bones ideas.

Griff Howell Books

In this groundbreaking bestseller, Lundy Bancroft—a counselor who specializes in working with abusive men—uses his knowledge about how abusers think to help women recognize when they are being controlled or devalued, and to find

ways to get free of an abusive relationship. He says he loves you.

So...why does he do that? You've asked yourself this question again and again.

Now you have the chance to see inside the minds of angry and controlling men—and change your life. In *Why Does He Do That?*

you will learn about: • The early warning signs of abuse • The nature of abusive thinking • Myths about abusers • Ten abusive personality types • The role of drugs and alcohol • What you can fix, and what you can't • And how to get out of an abusive relationship safely "This is without a doubt the most informative and useful book yet written on the subject of abusive men. Women who are armed with the insights found in these pages will be on the road to recovering control of their lives."—Jay G. Silverman, Ph.D., Director, Violence Prevention Programs, Harvard School of Public Health

Clicker Training for Obedience Simon and Schuster

Twenty-three-year-old Bill Putney enlisted in the Marines in 1943 in search of military glory. Instead, Putney, a licensed veterinarian, was relegated to the Dog Corps. Putney became the Commanding

Officer of the 3rd War Dog Platoon, and later the chief veterinarian and C.O. of the War Dog Training School at Camp Lejeune, North Carolina. At Lejeune Putney helped train America's dogs for war in the Pacific. He later led them into combat in the invasion of Guam in 1944, the first liberation of American soil in World War II. *Always Faithful* is the story of the dogs that fought in Guam and across the islands of the Pacific, a celebration of the four-legged soldiers that Putney both commanded and followed. It is a tale of immense courage, but also of incredible sacrifice. On Guam, as on islands such as Iwo Jima and Okinawa, the Japanese were infamously tenacious, refusing to surrender as long as there was a hole left to crawl into. Rooting out the enemy was an awful, painstaking job. To this task, Putney's dogs were well suited. Used for scouting, attack, carrying messages, detecting mines, and also as guards, the war dogs were so well trained that they could locate nonmetallic mines that had been buried for months deep underground; their hearing was so precise they could detect enemy trip wires by listening to them "sing" in the breeze.

Their record in action was perfect. More than 550 patrols on the island of Guam were led by dogs; not one patrol was ambushed. But for this success, the dogs, always out in front, paid a terrible price. Although Putney worked feverishly as veterinarian and C.O. to keep the dogs alive, many were lost. After the war, Putney returned home only to discover that the dogs he had served with were being put to sleep. These dogs were ex-household pets, recruited from civilians with the promise that they would someday be returned. Outraged, Putney fought for the dogs' right to go home. He won, and headed the overwhelmingly successful program to "detrain" the dogs so they could return to their families. Alas, quickly learned, the lesson was quickly forgotten. The dogs of Korea and Vietnam did not come home. Then, in the final days of his administration, President Clinton signed into law a bill that allows military handlers to bring home the dogs with which they work. Once again, Putney was at the front of the charge. For anyone who has ever read *Old Yeller*, or the books of Jack London, here is a real-life story, never before told, that beats any fiction. At once

wistful tribute and stirring adventure, *Always Faithful* describes what may be the greatest man-dog effort of all time. It will both astound and move you.

Beano Dennis & Gnasher: Battle for Bash Street School (Beano Fiction)

O'Reilly Media

NEW YORK TIMES BESTSELLER • Pierce Brown's relentlessly entertaining debut channels the excitement of *The Hunger Games* by Suzanne Collins and *Ender's Game* by Orson Scott Card. "Red Rising ascends above a crowded dystopian field."—USA Today ONE OF THE BEST BOOKS OF THE YEAR—Entertainment Weekly, BuzzFeed, Shelf Awareness "I live for the dream that my children will be born free," she says. "That they will be what they like. That they will own the land their father gave them." "I live for you," I say sadly. Eo kisses my cheek. "Then you must live for more." Darrow is a Red, a member of the lowest caste in the color-coded society of the future. Like his fellow Reds, he works all day, believing that he and his people are making the surface of Mars livable for future generations. Yet he toils willingly, trusting that his blood and sweat will one day result in a better world

for his children. But Darrow and his kind have been betrayed. Soon he discovers that humanity reached the surface generations ago. Vast cities and lush wilds spread across the planet. Darrow—and Reds like him—are nothing more than slaves to a decadent ruling class. Inspired by a longing for justice, and driven by the memory of lost love, Darrow sacrifices everything to infiltrate the legendary Institute, a proving ground for the dominant Gold caste, where the next generation of humanity's overlords struggle for power. He will be forced to compete for his life and the very future of civilization against the best and most brutal of Society's ruling class. There, he will stop at nothing to bring down his enemies . . . even if it means he has to become one of them to do so. Praise for Red Rising "[A] spectacular adventure . . . one heart-pounding ride . . . Pierce Brown's dizzyingly good debut novel evokes *The Hunger Games*, *Lord of the Flies*, and *Ender's Game*. . . . [Red Rising] has everything it needs to become meteoric."—*Entertainment Weekly* "Ender, Katniss, and now Darrow."—Scott Sigler "Red Rising is a sophisticated vision. . . .

Brown will find a devoted audience."—*Richmond Times-Dispatch*
Don't miss any of Pierce Brown's Red Rising Saga: RED RISING • GOLDEN SON • MORNING STAR • IRON GOLD • DARK AGE • LIGHT BRINGER

StarPet Simon and Schuster

A world-famous animal trainer whose dogs have appeared in dozens of television commercials, including the classic Chuck Wagon dog food ads and many movies.

Discover how to "think like a dog" and use that knowledge to work for you, housebreaking and basic obedience, special techniques for serious problems, and more. Photographs. (Animals)

Go, Dog. Go! Dog Training by Bash

A guide to choosing the right breed for you by noted author, Bash Diba.

Train Your Dog Like a Pro Andrews UK Limited

Learn to communicate with your dog—using their language "Good reading for dog lovers and an immensely useful manual for dog owners."—*The Washington Post* An Applied Animal Behaviorist and dog trainer with more than twenty years' experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our

relationship with dogs—sharing insights on how "man's best friend" might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to "get dominance" over your dog can cause problems • Why "rough and tumble primate play" can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than "alpha wanna-bes!" Fascinating, insightful, and compelling, *The Other End*

of the Leash is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

The Linux Command Line, 2nd Edition

Dogwise Publishing

This book is for all people who are forced to use UNIX. It is a humorous book--pure entertainment--that maintains that UNIX is a computer virus with a user interface. It features letters from the thousands posted on the Internet's "UNIX-Haters" mailing list. It is not a computer handbook, tutorial, or reference. It is a self-help book that will let readers know they are not alone.

[The Genius of Dogs](#) Ballantine Books

The perfect gift for dog lovers and readers of *Inside of a Dog* by Alexandra Horowitz—this New York Times bestseller

offers mesmerizing insights into the thoughts and lives of our smartest and most beloved pets. Does your dog feel guilt? Is she pretending she can't hear you? Does she want affection—or just your sandwich? In their New York Times bestselling book *The Genius of Dogs*, husband and wife team Brian Hare and Vanessa Woods lay out landmark discoveries from the Duke Canine Cognition Center and other research facilities around the world to reveal how your dog thinks and how we humans can have even deeper relationships with our best four-legged friends. Breakthroughs in cognitive science have proven dogs have a kind of genius for getting along with people that is unique in the animal kingdom. This dog genius revolution is

transforming how we live and work with dogs of all breeds, and what it means for you in your daily life with your canine friend.

[The Leader in Me](#) Signet

"Do you have an impossible dog? ... You may not know it but there are certain breeds that were developed to work independently. Those breeds, and mixes, include Hounds, Terriers, Northern Breeds, and Livestock Guardian dogs. If you have a Pigs Fly kind of dog you need to work with her independent nature not against it to get good manners and even high level performance." --Amazon.com.

Training with Mo Houghton Mifflin Harcourt Offers insights into effective communication with a dog, showing how to interpret face and body language and barks.
