'Neither a travel book, nor a vast prose poem, nor a history, nor philosophy, nor voyage of discovery, but often all at once' Independent on Sunday WITH AN INTRODUCTION BY RICHARD FLANAGAN In this fascinating journey Claudio Magris, whose knowledge is encyclopaedic and whose curiosity limitless, guides his reader from the source of the Danube in the Bavarian hills through Austro-Hungary and the Balkans to the Black Sea. Along the way he raises the ghosts that inhabit the houses and monuments - from Ovid to Kafka and Canetti - and in so doing sets his finger on the pulse of Central Europe, the vital crucible of a culture that draws on influences of East and West, of Christendom and Islam.

The Cambridge Companion to the Italian Novel Lloyd's Register

This beloved account about an intrepid young Englishman on the first leg of his walk from London to Constantinople is simply one of the best works of travel literature ever written. At the age of eighteen, Patrick Leigh Fermor set off from the heart of London on an epic journey—to walk to Constantinople. *A Time of Gifts* is the rich account of his adventures as far as Hungary, after which *Between the Woods and the Water* continues the story to the Iron Gates that divide the Carpathian and Balkan mountains. Acclaimed for its sweep and intelligence, Leigh Fermor's book explores a remarkable moment in time. Hitler has just come to power but war is still ahead, as he walks through a Europe soon to be forever changed—through the Lowlands to Mitteleuropa, to Teutonic and Slav heartlands, through the baroque remains of the Holy Roman Empire; up the Rhine, and down to the Danube. At once a memoir of coming-of-age, an account of a journey, and a dazzling exposition of the English language, *A Time of Gifts* is also a portrait of a continent already showing

ominous signs of the holocaust to come.

The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

The Danube has always been a border and a bridge. Between the 17th and the 19th centuries, commercial networks were formed between the Ottoman Empire and Central and Eastern Europe creating diaspora communities and connecting the Mediterranean, the Black Sea, and the Continental world of commerce.

David Bouley, universally praised as one of the best chefs cooking today, has written his first cookbook, a cause for celebration. Along with Chef Mario Lohninger and Melissa Clark, he shares his recipes from Austria and other regions of the Danube in a stunning, beautifully illustrated, one-of-a-kind cookbook. *East of Paris* is a cookbook that embraces Austrian culture, lifestyle and cuisine as interpreted by Chef David Bouley. Universally praised as one

of the best chefs cooking today, Bouley, in collaboration with Executive Chef Mario Lohninger, has adapted and lightened Austrian cuisine, introducing innovative cooking techniques to indigenous ingredients and classic regional dishes. This cuisine, along with some traditional recipes and those by some of Austria's most celebrated chefs, is the basis for the book. It also explores the cultural significance of Austrian cuisine, both currently and historically, and how it plays a part in the rich recreational and sports tradition that Austria enjoys.

Translating Travel Northwestern University Press

Translating Travel examines the relationship between travel writing and translation, asking what happens when books travel beyond the narrow confines of one genre, one literary system and one culture. The volume takes as its starting point the marginal position of contemporary Italian travel writing in the Italian literary system, and proposes a comparative reading of originals and translations designed to highlight the varying reception of texts in different cultures. Two main themes in the book are the affinity between the representations produced by travel and the practices of translation, and the complex links between travel writing and genres such as ethnography, journalism, autobiography and fiction. Individual chapters are devoted to Italian travellers' accounts of Tibet and their English translations; the hybridization of journalism and travel writing in the works of Oriana Fallaci; Italo Calvino's sublimation of travel writing in the stylized fiction of *Le città invisibili*; and the complex network of literary references which marked the reception of Claudio Magris's *Danubio* in different cultures.

Human Impact on Danube Watershed Biodiversity in the XXI Century Lexington Books

At the London Congress in 1883 Sir

Charles Dilke said that there were many people who knew a little about the Danube, but that there was not a single one who knew the subject thoroughly. This remark, and the fact that the Allied and Associated Powers have declared, in the various Treaties signed in Paris in 1919 and 1920, that they are to draw up a "General Convention" for the Regulation of traffic on the Danube and all other rivers declared international by those Treaties, have encouraged me to write this work. As the subject is a very comprehensive one I have divided it into two parts. The first part deals very minutely with the history of navigation on the Danube down to the year 1856. The second part contains fewer details, and is more in the nature of an outline, and covers the period from 1856 to the present day, and will form the subject of a later work. I have been very much indebted to Mr. Thomas W. Mc Callum, M.A., Lecturer at the University of Vienna, and Professor at the University of International Trade, not only for the great help he has given me in correcting this work, but also for his valuable information and advice on numerous scientific questions. I also wish to express my sincere thanks to Sections rat Dr. Bittner and to Dr. Fritz Antonius of the Court

Archives in Vienna for all their kind help. *Language to Language* Nam H Nguyen Published in 1993: The first modern scholarly edition of the author's play, not published until 1778. Sebastian reclaims his betrothed from Antonio; the Duchess avenges herself on the Duke for making her drink from her father; and Abberzanes and Francesca have an illicit affair. The witches are credible forces of evil. *The Origins of Geology in Italy* Elsevier This book explores Kafka's sometimes surprising connections with key Italian writers, from Italo Calvino to Elena Ferrante, who shaped Italy's modern literary landscape. *The Legend of the Mutilated Victory* Geological Society of America As a writer, Carlo Levi has had the misfortune to be known as the author of one book, *Christ Stopped at Eboli*, the account of his years of internal banishment by the Fascist authorities to a remote village in the south of Italy. That book was recognised as a masterpiece of anti-Fascist literature and as a sensitive investigation of the way of life of a people at the margins of European civilisation. It enjoyed enormous success in the post-war period not only in Italy but also in Britain and the USA, and has been continuously in

print since its first publication. However, Levi was also a painter of some repute, a novelist, a journalist, a critic of art and society, a political commentator, and above all, a wholly idiosyncratic travel writer whose reports on the countries and regions he visited, including Sicily, Sardinia, Germany, the USSR and India, were also reflections on Italy. This book attempts to assess the totality of Levi's achievement. Come scrittore, Carlo Levi ha avuto la sfortuna di essere celebrato come autore di un libro solo, *Cristo si è fermato ad Eboli*, la narrativa dei suoi anni di confino nel Mezzogiorno sotto il regime fascista. Sin dal momento della sua pubblicazione nel primo dopoguerra, questo libro è stato riconosciuto come capolavoro della letteratura anti-fascista e come indagine penetrante della cultura di un popolo ai margini della civiltà europea. Comunque, Levi fu anche pittore di grande talento, romanziere, critico d'arte, critico della società, commentatore politico e viaggiatore-scrittore di libri di viaggi sui generis. I suoi articoli, che poi divennero libri, sui paesi e sulle regioni che visitò - la Sicilia, la Sardegna, la Germania e l'India - si rivelarono anche riflessioni sulla condizione dell'Italia. Questa raccolta di saggi è una rivalutazione della totalità delle opere di Carlo Levi.
