A not so serious look at a not so serious subject - SEX. Sex and Fun. It certainly does not purport to be a serious topic on the subject of sex but rather a light-hearted look at some positions (some would say 'impossible' positions and some positions that require great strength) that you might find yourself in. (Some might say finding your way out of them could be quite dangerous.) Just enjoy the book for what it is. Lighthearted and certainly not too serious. The illustrations are wonderful and the very subtle facial changes that occur in each position are well worth looking at. Enjoy.....both the book and the positions.....if you can.

The sad truth is that most women end up faking an orgasm to avoid the awkward tension when her male knows he hasn't got her there. But not anymore. You now finally understand that the female orgasm is about more than just the physical act and you now know pretty much all you're going to need to get to that wonderful place." "I want you to remember exactly that. The orgasm isn't purely physical; the emotional and psychological elements are still so, so important. It's possible for a person to orgasm without even being touched. It's hard, sure, but it is certainly possible. I just need to demonstrate to you the significance of the mind here. It's a key part of getting a female to her ultimate climax. Think about tantric sex. Now, you might not know a lot about tantric sex, but the idea is that sex is considered virtually spiritual in nature - it's linked to a higher state of being. So clearly sex is more than the mere physical act of stimulating the nerves." "If you're successful here, then the chances are that she won't have anything to say - she will quite literally become speechless! When a female experiences such a hard orgasm she physically won't be able to say anything! She will be so overwhelmed by the sensation that there is no need for words. If you accomplish this then well done, you've done what very few guys ever manage to accomplish because they simply don't know or understand how to. But you do." Want to know more and learn 101 exciting sex positions? You know what to do.
