The first complete English translation of Aristaenetus in nearly three centuries
Through allusion and

adaption of earlier authors, Aristaenetus recounts tales that are the stuff of comedy, erotic poetry, and ancient novel. Here we read of lovers who use every trope of erotic literature to praise their beloveds in over-the-top speeches. Aristaenetus amazes us with tales of paramours hatching complicated schemes to achieve their desires, while wily go-betweens help smooth their way. He presents us with accounts of unfaithful spouses who barely avoid capture in the midst of hair-raising and amusing infidelities. This sixth century collection is perfect for anyone interested in classical and postclassical literature. Features: English translation and Greek text on facing

pages Introduction with history of the text Discussion of intertextual connections with Greco-Roman authors *The Social and Psychological Contexts of Language* Routledge This book examines the need for a new way of describing sustainable tourism and also looks at the frameworks needed to rethink how to apply this to communities, private operators and protected area managers. It makes it clear that tourism is just one of many human activities that affects host communities. The work includes informative and provocative case studies with realistic applications. References included in the book will help graduate students

formulate new hypotheses and suggest literature for them. Tools and techniques useful to tourism practitioners suggest innovative approaches to marketing, management and community development.

A superb storyteller who keeps his readers in thrall'—Statesman It is said that if the smell of the Himalayas creeps into a man's blood, he will return to the hills again and again. Master storyteller Ruskin Bond shows how this love may persist to death and beyond. The agents of the supernatural may be gentle like the fairy folk in 'On Fairy Hill', or

malevolent like the well-dressed diners of 'The Prize'; humorous like the very proper witch, Miss Bellows, in 'The Black Cat', or tragic like the haunting Gulabi in 'Wilson's Bridge'. Bond aficionados will meet familiar faces in other stories and be thrilled by the gripping mystery, 'Who Killed the Rani?' This exciting collection, animated by the brooding presence of the Himalayas, establishes Bond as a connoisseur of the mysterious and macabre.
