'Wholly unique and utterly captivating.'
Marie Lu Hanna is the station captain's pampered daughter; Nik the reluctant member of a notorious crime family. But while the pair are struggling with the realities of life aboard the galaxy's most boring space station, little do they know that Kady Grant and the Hypatia are headed right toward Heimdall, carrying

news of the Kerenza invasion. When an elite BeiTech strike team invades the station, the two are thrown together to defend their home. But alien predators are picking off the station residents one by one, and a malfunction in the station's wormhole means the space-time continuum might be ripped apart before dinner. Soon Hanna and Nik aren't just fighting for their own survival; the fate of everyone on the Hypatia—and possibly the known universe—is in their hands. But relax. They've totally got this. They hope.

Picking up about five minutes after Illuminae ends, Gemina is an electrifying sequel.

The Queen's Resistance Simon and Schuster

Kinslayer is Book Two in Jay Kristoff's critically acclaimed Lotus War series that began with Stormdancer, featuring an unforgettable heroine and a stunningly original Japanese dystopian steampunk world A SHATTERED EMPIRE The mad Shogun Yoritomo has been assassinated by the Stormdancer Yukiko, and the threat of civil war looms over the Shima Imperium. The toxic blood lotus flower continues to ravage the land, the deadlands splitting wider by the day. The machine-worshippers of the Lotus Guild conspire to renew the nation's broken dynasty and crush the growing

rebellion simultaneously - by endorsing a new Shogun who desires nothing more than to see Yukiko dead. A DARK LEGACY Yukiko and the mighty thunder tiger Buruu have been cast in the role of heroes by the Kagé rebellion. But Yukiko herself is blinded by rage over her father's death, and her ability to hear the thoughts of beasts is swelling beyond her power to control. Along with Buruu, Yukiko's anchor is Kin, the rebel Guildsman who helped her escape from Yoritomo's clutches. But Kin has his own secrets, and is haunted by visions of a future he'd rather die than see realized. A GATHERING STORM Kagé assassins lurk within the Shogun's palace, plotting to end the new dynasty before it begins. A waif from Kigen's gutters begins a friendship that could undo the entire

empire. A new enemy gathers its strength, readying to push the fracturing Shima imperium into a war it cannot hope to survive. And across raging oceans, amongst islands of black glass, Yukiko and Buruu will face foes no katana or talon can defeat. The ghosts of a blood-stained past.

“In this intelligent novel Hammesfahr has etched with precision the thoughts of a woman on the edge of madness.”—Der Spiegel Cora Bender killed a man. But why? What could have caused this quiet, lovable young mother to stab a stranger in the throat, again and again, until she was pulled off his body? For the local police it was an open-and-shut case. Cora confessed;

there was no shortage of proof or witnesses. But Police Commissioner Rudolf Grovian refused to close the file and began his own maverick investigation. So begins the slow unraveling of Cora’s past, a harrowing descent into a woman’s private hell. Hailed as Germany’s Patricia Highsmith, Petra Hammesfahr has written a dark, spellbinding novel. At the top of the bestseller list, *The Sinner* has been reprinted sixteen times and sold over 760,000 copies at home. Translated into eleven languages, this is the first Hammesfahr title published in English. Petra Hammesfahr, born in 1951, left school at thirteen, became pregnant by an alcoholic at seventeen, and began writing novels at the age of forty. Her first thriller was turned down 159 times,

but eventually success arrived. Hammesfahr has written over twenty crime and suspense novels. She also writes scripts for television and film. She is married with three children and lives near Cologne.

The first in an epic new fantasy series, introducing an unforgettable new heroine and a stunningly original dystopian steampunk world with a flavor of feudal Japan. A DYING LAND The Shima Imperium verges on the brink of environmental collapse; an island nation once rich in tradition and myth, now decimated by clockwork industrialization and the machine-worshippers of the Lotus Guild. The skies are red as blood, the land is choked with toxic pollution, and the great spirit animals that once

roamed its wilds have departed forever. AN IMPOSSIBLE QUEST The hunters of Shima's imperial court are charged by their Shogun to capture a thunder tiger – a legendary creature, half-eagle, half-tiger. But any fool knows the beasts have been extinct for more than a century, and the price of failing the Shogun is death. A HIDDEN GIFT Yukiko is a child of the Fox clan, possessed of a talent that if discovered, would see her executed by the Lotus Guild. Accompanying her father on the Shogun's hunt, she finds herself stranded: a young woman alone in Shima's last wilderness, with only a furious, crippled thunder tiger for company. Even though she can hear his thoughts, even though she saved his life, all she knows for certain is he'd rather

see her dead than help her. But together, the pair will form an indomitable friendship, and rise to challenge the might of an empire. The Bane Chronicles HarperCollins The debut graphic novel from Thai-Italian illustrator Elisa Macellari, Papaya Salad tells the story of her great-uncle Sompong who found himself in Europe on military scholarship on the eve of World War II. A gentle and resolute man in love with books and languages, in search of his place in the world, Sompong chronicles his life during the war and falling for his wife, finding humor and joy even as the world changes irrevocably around him This Winner of the 2019 Autori di Immagini Silver Medal in the Comics category tells the human story of the War, from a

perspective not typically seen. "An historical and emotional journey through my family and my roots that are grown between Europe and Asia. A personal narrative that needs to be shared and hopefully arouses empathy in the reader." -- Elisa Macellari

For fans of Marie Lu comes the first book

in an epic series that bends the sci-fi genre into a new dimension. "A truly beautiful novel that redefines the form." —Victoria Aveyard, bestselling author of *Red Queen* This morning, Kady thought breaking up with Ezra was the hardest thing she'd have to do. This afternoon, her planet was invaded. The year is 2575, and two rival megacorporations are at war over a planet that's little more than a speck at the edge of the universe. Now with enemy fire raining down on them, Kady and Ezra—who are barely even talking to each other—are forced to evacuate with a hostile warship in hot pursuit. But their problems are just getting started. A plague has broken out and is mutating with terrifying results; the fleet's AI may actually be their enemy; and nobody in charge will say

what's really going on. As Kady hacks into a web of data to find the truth, it's clear the only person who can help her is the ex-boyfriend she swore she'd never speak to again. Told through a fascinating dossier of hacked documents—including emails, maps, files, IMs, medical reports, interviews, and more—Illuminae is the first book in a heart-stopping trilogy about lives interrupted, the price of truth, and the courage of everyday heroes. An original eNovella set in the world of the Lotus War before the events of *Stormdancer*... Your blood-red skies are filled with smoke. Your bleach-white histories with lies. You walk sleeping. Wake senseless. Breathing deep of toxic blooms and forgetting all that has gone before. But I remember. I remember when two brothers waged bloody war over the right to sit in their father's empty chair. I remember when orphaned twins faced each other across a field of crimson and steel, the fate of the Shima Shogunate hanging in the poisoned sky

between them. I remember when a blind boy stood before a court of storms and talons, armed only with a thin sword and a muttered prophecy and a desperate dream of saving the world. I remember when the skies above Shima were not red, but blue. Filled with thunder tigers. I remember when they left you. And I remember why. Let me tell you, monkey-child.
