Holy Bible (NIV) Wm. B. Eerdmans Publishing

Critical to the sustainability of this growing movement is the ability of Christians to read, reflect on, and see the implications of the Bible for themselves and their daily contexts – their frontlines. It's a goal that we've pursued through a variety of publications - the work series, Frutifulness on the Frontline, and the Whole of Life for Christ. What we have not done is to self-consciously equip people to read different genres of the Bible through a whole-life lens. In light of this, we're developing a series of Bible studies which align with LICC's mission and activities and support biblical literacy in the UK church more broadly. The study series has emerged from the regular Bible Days we've been running over the last years for leaders and preachers. The whole-life aspect of the Bible is seen not only in the big story it tells, but also in the different kinds of writings it contains – stories and songs, laws and letters, proverbs and parables, poetry and prophecy. It's the specific lens of genre which has provided insight into the Word of God for the whole of life through LICC's Bible Days. The Proposal We propose to publish a 7-study series for individuals and small groups around the main genres of the Bible that will enable Christians to: · Study seven single books of the Bible (independently of one another, though they form a series) · Develop insight and skills in reading 7 different genres of Bible literature · Reflect on the implications of each book and genre for the whole of life · Develop applications which support and direct their life as disciples in their everyday, frontline contexts In addition, the series will: · Provide a resource to church leaders that supports their preaching and programmes in creating sustainable whole-life discipling communities Complement a 'Preaching Pack'

"The fear of the Lord is the beginning of wisdom." In the Wisdom literature of the Bible we first hear the cool voice of a teacher calling us to think—to think hard and humbly. "How long will fools hate knowledge?" cries Wisdom in the book of Proverbs. Then in Job comes the anguished voice of the questioner, earnest enough to seek answers, honest enough to doubt easy ones. In Ecclesiastes the chastened tone of the Preacher warns of the vanity of all life under the sun. Sensitive to both literary form and theological content, Derek Kidner introduces Proverbs, Job and Ecclesiastes, explaining their basic character and internal structure. He also summarizes and evaluates the wealth of modern criticism focused on each book. Looking at all three books together, Kidner shows how their many voices compare, contrast and ultimately give a unified view of life. Kidner extends his analysis to include Ecclesiasticus and The Wisdom of Solomon from the Apocrypha, and he reprints excerpts from non-Israelite works that parallel the three major books treated.

Of all of the possible curriculum choices used for the education of our children, the most important textbook of all is that which God Himself presented in the book of Proverbs. This book is the core curriculum. It is God's book on how to live life on planet earth. To disregard this book in the education of our children would be a colossal error. With this Study Guide on the book of Proverbs, you will learn God's basic truths as they speak to the classical philosophical divisions of epistemology, metaphysics, and ethics. You will grapple with the tensions of determinism and human responsibility. You will find an entire system of priorities for life's ethics and purposes. You will find the basic constituents of a biblical social system, as well as principles for sound economics,

government, and general business management. The book includes both a proper theology, anthropology, and human psychology. *Proverbs, Ecclesiastes* Zondervan

Wisdom. We need it. We want it - but often look for it in all the wrong places. Every day our life circumstances dictate the need for wisdom. From the simple, everyday choices to the more complex and life changing - we need wisdom for successful decision-making. Challenging situations and relationships regularly come in life, often leaving us confused and needing guidance. We read self-help books and ask people for advice. We get educated in different ways or look online for help, yet often come up empty-handed. We need wisdom that isn't subjective or unproven. We need wisdom that leaves us hopeful and confident; alleviating fears and giving us peace. And yet, as we search for it in the world, we often find it lacking and confusing. Where do we find solid wisdom for navigating life's paths? Solomon will tell us in the book of Proverbs that wisdom begins with the fear of God. Setting our heart on God and trusting in Him is where wisdom begins. Out of that relationship comes a commitment to seek God, obey Him, and trust Him with all of life's choices. In God is found wisdom because He, alone, knows the beginning from the end. His wisdom goes beyond the seen to the unseen. He alone speaks wisdom into all of life's circumstances. The search is over for finding wisdom! Proverbs is the "how to" for life and it will lead you to the heart of God and His wisdom. It isn't a book of formulas. It is a life-giving book of Godly principles and priorities written by a king, under the inspiration of the Holy Spirit, who was the wisest man in the world. Solomon shares what he learned when he followed wisdom's path, and also what happened when he wandered off of it. As King Solomon will say in Proverbs 2:4-6, "If you seek her [wisdom] as silver, and search for her as for hidden treasures; then you will understand the fear of the LORD, and find the knowledge of God. For the LORD gives wisdom; from His mouth come knowledge and understanding." Join us for this thirteen week study from the book of Proverbs as we gain God's wisdom to navigate all of life's challenges and honor Him with our decision-making. Throughout the study we will also be highlighting women of the Bible so that we may learn from both their wise and unwise decisions.

**The Wisdom of Proverbs, Job and Ecclesiastes** Thomas Nelson

Over twenty-five years in the making, this much-anticipated commentary promises to be the standard study of Proverbs for years to come. Written by eminent Old Testament scholar Bruce Waltke, this two-volume commentary is unquestionably the most comprehensive work on Proverbs available. Grounded in the new literary criticism that has so strengthened biblical interpretation of late, Waltke's commentary on Proverbs demonstrates the profound, ongoing relevance of this Old Testament book for Christian faith and life. A thorough introduction addresses such issues as text and versions, structure, authorship, and theology. The detailed commentary itself explains and elucidates Proverbs as "theological literature." Waltke's highly readable style -- evident even in his original translation of the Hebrew text -- makes his scholarly work accessible to teachers, pastors, Bible students, and general readers alike.

Acquiring wisdom is both a human task and a divine gift. Wisdom aims at the formation of character, and there is no better guide than the Book of Proverbs. The Proverbs teach us how to be wise and self-controlled, and how to do what is honest, right and fair. In these pages, Fr. Mitch Pacwa, host of EWTN Live, will help you make the most of the treasure-trove of practical advice found in the Book of Proverbs. He explains in a succinct and readable way how God's blessing is related to our behavior, how you can be life God, and how to live in accord with His law. Because each Proverb is true in a certain sense and applicable in a certain way, Fr. Pacwa helps you relate each Proverb to your particular state in life as well as to your own spiritual journey. The message of Proverbs is simple, yet difficult to live out. Read these pages, and you'll come to understand the practical side of righteousness, and you'll begin to grow in wisdom through patience, prayer, and God's grace.
