Holiness is a
work of

disarming
simplicity, yet
in not
simplistic. It
recognizes
and respects
the
complexities,
struggles, and
rationalization
s inside our
hearts, even
as it

challenges us
to greater
depth of soul.
It's a profound
book-
deceptively so
because of its
accessible
language-that
introduces us
to what's deep
inside the
wells of our

ancient
spiritual
traditions, and
allow to
what's deep
inside the
multiple
crevasses
layering our
own hearts.

URBAN
DREAMS...Dan
iel Butler and
Bel Crewe are
increasingly
dissatisfied
with the
direction of
their lives.
First they find
each other;
then they
fantasise
about the
great escape.
Fired by
Daniel's
dream of self-
sufficiency

and spurred
on by Bel's
pregnancy,
they sell their
London flats
to buy a
remote and
dilapidated
farmhouse
high up in the
Welsh hills.
RURAL
REALITIES...It
is New Year's
Eve, and Bel is
six months
pregnant. It
has been
raining for two
months and
the locals talk
of a big
freeze. They
have no
waterproof
clothing and
no form of
heat. Bel is
desperate, but
Daniel is in
paradise. As
tensions

inevitably
show, surely
things can
only get
better...?

SAINT TERESA
OF AVILA
(1515-1582)
rank among
the most

Catholicism
and among
the classics of
all religious
traditions...
and her own
life story is
considered
one of the
finest

autobiographies in any language. From her carefree childhood through her life as an ascetic Carmelite nun, from her visions of Satan through her worship of God, this is her passionate yet earthy retelling of her struggles with temptation, her work founding and ruling convents, and her devotion to God. Hailed by those seeking spiritual succor as one of the most accessible

guides to achieving a closer relationship to God through prayer, this extraordinary book remains a commanding entry to numinous Christianity. **The Life of St. Teresa of Avila** Hodder Education The groundbreaking treatment of the doctrine of the Trinity by one of the most important theologians of the century is here reprinted on the 30th anniversary of its original publication. In

this treatise, Karl Rahner analyzes the place of the doctrine of the Trinity within Catholic theology and develops his own highly original and innovative reading of the doctrine, including his now-famous dictum. the "Miami Herald", is determined to discover the truth about William Craig, an 82-year-old Scot and Second World War hero who is on death row for killing a senator's son who raped his granddaughter. Although Deborah admires the old man, her interest in the case and her resolve to save Craig from execution is personal as much as professional. She understands the revenge

he took because she has been the victim of white date rape. Taking on the powers that be, Deborah exposes the blackmail and corruption that lay at the heart of Craig's trial. As she unearths a conspiracy involving the embittered senator, a right-wing governor and a Florida mafia boss, she inevitably becomes a target for those who would kill to protect their secrets. In the desperate

final countdown to save Craig, she too may be forced to disregard the law...

Selling Politics investigates the secret world of political consultants, the men who create an image of their clients for the public eye.
Author Laurence Rees argues that the roots of political propaganda lie in Nazi Germany with

Hitler's master of visual propaganda, Dr Josef Goebbels. Goebbels' passion for cinema led him to discover the 'Great Truth', namely that in order for film propaganda to persuade it must entertain rather than inform. Over the past thirty years the use of film and television propaganda had flourished, particularly in the United States where a candidate's ability to woo voters on the screen is

fundamental to his success in a presidential election. Rees shows how television manipulates its viewers into making judgements based purely on the visual image and explains why propaganda works best when it engages the emotions rather than the intellect. We see clearly how these insidious techniques have also played a key role in contemporary British politics as consultants

have followed the example of their American counterparts. Written in 1992, a year that encompassed a general election in Britain and a presidential election in the United States, *Selling Politics* is a book for our times. It will fascinate readers who care about the practice of politics and the way democracy functions as the 21st century approaches. **Coming Down the Mountain**

 In the middle of the Pacific, a gigantic hurricane accidentally triggered by nuclear explosions spawns

dozens more in its wake. A world linked by a virtual-reality network experiences the devastation first hand, witnessing the death of civilization as we know it and the violent birth of an emerging global consciousness . Vast in scope, yet intimate in personal detail, *Mother of Storms* is a visionary fusion of cutting-edge cyberspace fiction and heart-stopping storytelling in

the grand tradition, filled with passion, tragedy, and the triumph of the human spirit. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

breadth of the submissions illustrates the multiplicity of approaches taken in contemporary Syriac studies, and while no overall limitations were set for the contributions, a lively interest in Jacob of Serug remains evident.
