Cassia Spohn and Katharine Tellis assess the criminal justice system's response to sexual assault, exploring the complex dynamics that shape the actions of police and prosecutors. The authors draw on unparalleled access to Los Angeles detectives, prosecutors, and case files to make sense of the factors that affect the outcomes of sexual assault claims. Following cases from victim report, to police investigation, to the decision to charge; or not to charge; they provide new insights into why shockingly few sexual assault claims lead to an eventual criminal conviction.

PREFACE. THE Author of this very practical treatise on Scotch

Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up

in our large towns will bear us out when we say that, on the whole, a day's loch-fishing is the most convenient. One great matter is, that the loch-fisher is dependent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a day's river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with

catching trout in a loch as the angler. Well, we don't deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

 Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter (Bloodaxe, 1986)* was shortlisted for the Commonwealth Poetry Prize.

Cesar Millan—nationally recognized dog expert—helps you see the world through the eyes of your dog so you can finally eliminate problem behaviors. From his appearances on *The Oprah Winfrey Show* to his roster of celebrity clients to his reality television series, Cesar Millan is America's most sought-after dog-behavior expert. But Cesar is not a trainer in the traditional sense—his expertise lies in his unique ability to comprehend dog psychology. Tracing his own amazing journey from a clay-walled farm in Mexico to the celebrity palaces of Los Angeles, Cesar recounts how he learned what makes dogs tick. In *Cesar's Way*, he shares this wisdom, laying the groundwork for you to have stronger, more satisfying relationships with your canine companions. Cesar's formula for a contented and balanced dog seems impossibly simple: exercise, discipline, and affection, in

that order. Taking readers through the basics of dog psychology and behavior, Cesar shares the inside details of some of his most fascinating cases, using them to illustrate how common behavior issues develop and, more important, how they can be corrected. You'll learn:

- What your dog really needs may not be what you're giving him
- Why a dog's natural pack instincts are the key to your happy relationship
- How to relate to your dog on a canine level
- There are no "problem breeds," just problem owners
- How to choose a dog who's right for you and your family
- The difference between discipline and punishment
- And much more!

Filled with fascinating anecdotes about Cesar's longtime clients, and including forewords by the president of the International Association of Canine Professionals and Jada Pinkett Smith, this is the only book you'll need to forge a stronger, more rewarding connection with your four-legged companion.

I Will Survive is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You

Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.
