AGUILAR BRYAN

Diagnosis HarperElement

#1 NEW YORK TIMES BESTSELLER • NOW A NETFLIX ORIGINAL SERIES With a career, a boyfriend, and a loving family, Piper Kerman barely resembles the reckless young woman who delivered a suitcase of drug money ten years before. But that past has caught up with her. Convicted and sentenced to fifteen months at the infamous federal correctional facility in Danbury, Connecticut, the well-heeled Smith College alumna is now inmate #11187-424—one of the millions of people who disappear “down the rabbit hole” of the American penal system. From her first strip search to her final release, Kerman learns to navigate this strange world with its strictly enforced codes of behavior and arbitrary rules. She meets women from all walks of life, who surprise her with small tokens of generosity, hard words of wisdom, and simple acts of acceptance. Heartbreaking, hilarious, and at times enraging, Kerman’s story offers a rare look into the lives of women in

prison—why it is we lock so many away and what happens to them when they’re there. Praise for *Orange Is the New Black* “Fascinating . . . The true subject of this unforgettable book is female bonding and the ties that even bars can’t unbind.”—People (four stars) “I loved this book. It’s a story rich with humor, pathos, and redemption. What I did not expect from this memoir was the affection, compassion, and even reverence that Piper Kerman demonstrates for all the women she encountered while she was locked away in jail. I will never forget it.”—Elizabeth Gilbert, author of *Eat, Pray, Love* “This book is impossible to put down because [Kerman] could be you. Or your best friend. Or your daughter.”—Los Angeles Times “Moving . . . transcends the memoir genre’s usual self-centeredness to explore how human beings can always surprise you.”—USA Today “It’s a compelling awakening, and a harrowing one—both for the reader and for Kerman.”—Newsweek [Serving Time Too](#) Bold Type Books

Serving Time Too: A Memoir of My Son’s Prison Years is the universally accessible story of a mother and son: what she knew about him; what she will never understand; how she helped him, and when she needed to let him go. But Rosalind Williams’ memoir is unique because her

unconditional love for Marell persisted after his conviction for murder. During his sixteen years in prison and for two-and-a-half years after his release, every aspect of Rosalind’s life was affected by her fidelity to him and by the failures of a penal system tinged with racial and class inequities. Rosalind tells a personal story with enormous significance to society. She is an unflinchingly fair, sometimes self-critical narrator who reflects upon the enticements of violence and crime, especially for African American young men, despite the values they are taught at home. Her experiences demonstrate the damage that crime and punishment inflict upon those good people who stand by loved ones during and after incarceration. This memoir will comfort anyone related to the 2.3 million people behind bars in the United States. Others will hear a call to reform and, more importantly, they will feel compassion for the offender’s family, and the offender. No other book in print takes Rosalind’s perspective on the problems of crime and incarceration.

The Prison Doctor HarperCollins UK

Doctor Dolittle heads for the high seas in perhaps the most amazing adventure ever experienced by man or animal. Told by nine-and-a-half-year-old Tommy Stubbins, crewman and future

naturalist, the voyages of Doctor Dolittle and his company lead them to Spidermonkey Island. Along with his faithful friends, Polynesia the parrot and Chee-Chee the monkey, Doctor Dolittle survives a perilous shipwreck and lands on the mysterious floating island. There he meets the wondrous Great Glass See Snail who holds the key to the greatest mystery of all.

Istanbul Istanbul Trillium

A NEW YORK TIMES BESTSELLER A New York Times Notable Book “Riveting, heartbreaking, sometimes difficult, always inspiring.” —The New York Times Book Review “An incredibly moving memoir about what it means to be a doctor.” —Ellen Pompeo As seen/heard on Fresh Air, The Daily Show with Trevor Noah, NBC Nightly News, MSNBC, Weekend Edition, and more An emergency room physician explores how a life of service to others taught her how to heal herself. Michele Harper is a female, African American emergency room physician in a profession that is overwhelmingly male and white. Brought up in Washington, D.C., in a complicated family, she went to Harvard, where she met her husband. They stayed together through medical school until two months before she was scheduled to join the staff of a hospital in central Philadelphia, when he told her he couldn't move with her. Her marriage at an end, Harper began her new life in a new city, in a new job, as a newly single woman. In the ensuing years, as Harper learned to become an effective ER physician, bringing insight and empathy to every patient encounter, she came to understand that each of us is broken—physically, emotionally, psychically. How we recognize those breaks, how we try to mend them, and where we go from there are all crucial parts of the healing process. The Beauty in Breaking is the poignant true story of Harper's journey toward self-healing. Each of the patients Harper writes about taught her something important about recuperation and recovery. How to let go of fear even when the future is murky: How to tell the truth when it's simpler to overlook it. How to understand that compassion isn't the same as justice. As she shines a light on the systemic disenfranchisement of the patients she treats as they struggle to maintain their health and dignity, Harper comes to understand the importance of allowing ourselves to make peace with the past as we draw support from the present. In this hopeful, moving, and beautiful book, she passes along the precious, necessary lessons that she has learned as a daughter, a woman, and a physician.

Inside This Place, Not of It HarperCollins

Pada usia ketiga puluh enam, Paul Kalanithi merasa suratan nasibnya berjalan dengan begitu sempurna. Paul hampir saja menyelesaikan masa pelatihan luar biasa panjangnya sebagai ahli bedah saraf selama sepuluh tahun. Beberapa rumah sakit dan universitas ternama telah menawari posisi penting yang diimpikannya selama ini. Penghargaan nasional pun telah diraihinya. Dan kini, Paul hendak kembali menata ikatan pernikahannya yang merenggang, memenuhi peran sebagai sosok suami yang ia janjikan. Akan tetapi, secara tiba-tiba, kanker mencengkeram paru-parunya, melumpuhkan organ-organ penting dalam tubuhnya. Seluruh masa depan yang direncanakan Paul seketika menguap. Pada satu hari ia adalah seorang dokter yang menangani orang-orang yang sekarat, tetapi pada hari berikutnya, ia adalah pasien yang mencoba bertahan hidup. Apa yang membuat hidup berharga dan bermakna, mengingat semua akan sirna pada akhirnya? Apa yang Anda lakukan saat masa depan tak lagi menuntun pada cita-cita yang diidamkan, melainkan pada masa kini yang tanpa akhir? Apa artinya memiliki anak, merawat kehidupan baru saat kehidupan lain meredup? When Breath Becomes Air akan membawa kita bergelut pada pertanyaan-pertanyaan penting tentang hidup dan seberapa layak kita diberi pilihan untuk menjalani kehidupan. [Mizan, Bentang Pustaka, Memoar, Biografi, Kisah, Medis, Terjemahan, Indonesia]

The Prison Doctor W. W. Norton & Company

FIVE THINGS YOU MIGHT NOT KNOW ABOUT WOMEN'S PRISONS 1. You can buy clothes from the Avon catalogue. 2. The Governor gets called the 'Gold Command' when there's an emergency. 3. Tampons are unlimited, soap is not. 4. The best paid job a prisoner can do is sewing pillow cases for other prisons. 5. More than half the women in prison have been victims of more serious crimes than the crimes they've committed. Life in UK prisons is a secret world that only leaks out of its barbed wire walls in contradictory sensationalist headlines and Panorama documentaries: disgraceful conditions versus phones and TV, drug epidemics and gangs versus self-harm and overcrowding. So what's the truth? What do prisoners really do each day? Why are they in there while we're not? And what happens once they leave? Helped by some women who've been inside, Mim Skinner - a prison teacher and community support worker - is here to set the record straight and shine a light on what it's really like to work and live inside as a woman. As eye-opening and funny as it is engrossing and heartbreaking, this is the first account of the unique world that exists inside a UK high-security women's prison and the stories of the women imprisoned there.

Jailbirds Crown

The beloved New York Times bestselling author reflects on home, family, friendships and writing in this deeply personal collection of essays. "The elegance of Patchett's prose is seductive and inviting: with Patchett as a guide, readers will really get to grips with the power of struggles, failures, and triumphs alike." —Publisher's Weekly “Any story that starts will also end.” As a writer, Ann Patchett knows what the outcome of her fiction will be. Life, however, often takes turns we do not see coming. Patchett ponders this truth in these wise essays that afford a fresh and intimate look into her mind and heart. At the center of *These Precious Days* is the title essay, a surprising and moving meditation on an unexpected friendship that explores “what it means to be seen, to find someone with whom you can be your best and most complete self.” When Patchett chose an early galley of actor and producer Tom Hanks' short story collection to read one night before bed, she had no idea that this single choice would be life changing. It would introduce her to a remarkable woman—Tom's brilliant assistant Sooki—with whom she would form a profound bond that held monumental consequences for them both. A literary alchemist, Patchett plumbs the depths of her experiences to create gold: engaging and moving pieces that are both self-portrait and landscape, each vibrant with emotion and rich in insight. Turning her writer's eye on her own experiences, she transforms the private into the universal, providing us all a way to look at our own worlds anew, and reminds how fleeting and enigmatic life can be. From the enchantments of Kate DiCamillo's children's books (author of *The Beatryce Prophecy*) to youthful memories of Paris; the cherished life gifts given by her three fathers to the unexpected influence of Charles Schultz's Snoopy; the expansive vision of Eudora Welty to the importance of knitting, Patchett connects life and art as she illuminates what matters most. Infused with the author's grace, wit, and warmth, the pieces in *These Precious Days* resonate deep in the soul, leaving an indelible mark—and demonstrate why Ann Patchett is one of the most celebrated writers of our time.

Letters from the Pit Little, Brown Spark

SUNDAY TIMES TOP TEN BESTSELLER As seen on BBC Breakfast Horrifying, heartbreaking and eye-opening, these are the stories, the patients and the cases that have characterised a career spent being a doctor behind bars.

The Uncaged Sky HMH Books For Young Readers

The moving memoir of one of the most senior-ranking combat physicians to have served on the battlefields of the second Iraq war.

The Prison Healer Hodder & Stoughton

Neil 'Sam' Samworth spent eleven years working as a prison officer in HMP Manchester, aka Strangeways. A tough Yorkshireman with a soft heart, Sam had to deal with it all - gangsters and gangbangers, terrorists and psychopaths, addicts and the mentally ill. Men who should not be locked up and men who should never be let out. here, he tells his shocking and at times darkly funny account of life in a high security prison. Sam tackles cell fires and self-harmers, and goes head to head with some of the most dangerous men in the country. He averts a Christmas Day riot after turkey is taken off the menu and replaced by fish curry, and stands up to officers who abuse their position. He describes being attacked by prisoners, and reveals the problems caused by radicalisation and the drugs flooding our prisons.

Memoirs from the Women's Prison Random House

After three decades as a successful ear surgeon, William Wright, MD is bored beyond belief. He dabbles with retirement, but finds idleness infuriating. He has to do something. Then he sees an ad for a doctor's position from the Colorado Department of Corrections at a supermax prison. Now that, he thinks, would be different. His wife has some thoughts on the matter too. She thinks her husband just lost his mind and is on a collision course with a prison shiv. After his first day on the job, he wonders if she wasn't onto something. His first patient is an arrogant, callous youth convicted of five cold-blooded murders. Dr. Wright has to steel himself not to bolt. Nothing prepares a doctor for life at the Colorado State Penitentiary. He quickly discovers treating maximum security convicts is like treating recalcitrant murderous four-year-olds. Always willing to threaten their doctors with bodily harm, they are more interested in scamming drugs than treatment. Told with self-deprecating humor and scathing wit, *Maximum Insecurity* describes Dr. Wright's adventures practicing medicine in a supermax correctional facility without, he's glad to

say, getting killed even once.

Four Thousand Weeks Bookbaby

Contains material originally published in single magazine form as Doctor Who: Prisoners of Time #1-12.

Maximum Insecurity Farrar, Straus and Giroux

"If Kafka had been a feminist, his prisoner might have had Nawal el Sa'adawi's feistiness, maybe, like her, he would have hoed a prison garden, led veiled and unveiled cellmates in rebellious calisthenics, strategized with a murderess to foil state illogic. This book gives me hope, even makes me laugh."—Cynthia Enloe, author of *The Morning After*

This Is Going to Hurt Verso Books

'Very funny and frank' Independent 'Reads like Scrubs: The Blog ... funny and awful in equal measure' Observer * * * * * The bestselling real life story of a hapless junior doctor, based on his columns written anonymously for the Telegraph. IF YOU'RE GOING to be ill, it's best to avoid the first Wednesday in August. This is the day when junior doctors graduate to their first placements and begin to face having to put into practice what they have spent the last six years learning. Starting on the evening before he begins work as a doctor, this book charts Max Pemberton's touching and funny journey through his first year in the NHS. Progressing from youthful idealism to frank bewilderment, Max realises how little his job is about 'saving people' and how much of his time is taken up by signing forms and trying to figure out all the important things no one has explained yet -- for example, the crucial question of how to tell whether someone is dead or not. Along the way, Max and his fellow fledgling doctors grapple with the complicated questions of life, love, mental health and how on earth to make time to do your laundry. All Creatures Great and Small meets Bridget Jones's Diary, this is a humorous and accessible peek into a world which you'd normally need a medical degree to witness. If you enjoy *Trust Me, I'm a (Junior) Doctor*, don't miss the follow-up titles *Where Does It Hurt?* and *The Doctor Will See You Now*.

Where Does it Hurt? Bentang Pustaka

Dr Shahed Yousaf spends his time running between emergencies - from overdoses to assaults, from cell fires to suicides - with one hand perpetually hovering over the panic button. Being a prison doctor is not for the faint-hearted. An outsider on the inside, in *Stitched Up* he introduces us to a cast of unforgettable characters, including killers, con men and auto-cannibals. To Dr Yousaf, they are patients first and prisoners second - because any one of us could end up on the wrong side of the law. Dedicated to caring for people on the margins of society, he tells us honestly and compassionately what it's like to be their doctor in a system that's chronically overcrowded, drastically under-resourced and all too easy to ignore. But while the system is failing, he and his colleagues are doing their very best to prop it up. In stories that are frequently harrowing, sometimes humorous and always hard-hitting, we discover how difficult it is to be locked up - but that there is still hope for all those who dare to care.

Prisoners of Our Thoughts W. W. Norton & Company

A brutally frank memoir about doctors and patients in a health care system that puts the poor at risk. No Apparent Distress begins with a mistake made by a white medical student that may have hastened the death of a working-class black man who sought care in a student-run clinic. Haunted by this error, the author—herself from a working-class background—delves into the stories and politics of a medical training system in which students learn on the bodies of the poor. Part confession, part family history, *No Apparent Distress* is at once an indictment of American health care and a deeply moving tale of one doctor's coming-of-age.

The Prison Teacher Penguin

For any woman who has experienced illness, chronic pain, or endometriosis comes an inspiring memoir advocating for recognition of women's health issues In the fall of 2010, Abby Norman's strong dancer's body dropped forty pounds and gray hairs began to sprout from her temples. She was repeatedly hospitalized in excruciating pain, but the doctors insisted it was a urinary tract infection and sent her home with antibiotics. Unable to get out of bed, much less attend class, Norman dropped out of college and embarked on what would become a years-long journey to discover what was wrong with her. It wasn't until she took matters into her own hands -- securing a job in a hospital and educating herself over lunchtime reading in the medical library -- that she found an accurate diagnosis of endometriosis. In *Ask Me About My Uterus*, Norman describes what it was like to have her pain dismissed, to be told it was all in her head, only to be taken seriously when she was accompanied by a boyfriend who confirmed that her sexual performance was,

indeed, compromised. Putting her own trials into a broader historical, sociocultural, and political context, Norman shows that women's bodies have long been the battleground of a never-ending war for power, control, medical knowledge, and truth. It's time to refute the belief that being a woman is a preexisting condition.

[These Precious Days](#) Rowman & Littlefield

A work of fantasy, *I Who Have Never Known Men* is the haunting and unforgettable account of a near future on a barren earth where women are kept in underground cages guarded by uniformed groups of men. It is narrated by the youngest of the women, the only one with no memory of what the world was like before the cages, who must teach herself, without books or sexual contact, the essential human emotions of longing, loving, learning, companionship, and dying. Part thriller, part mystery, *I Who Have Never Known Men* shows us the power of one person without memories to

reinvent herself piece by piece, emotion by emotion, in the process teaching us much about what it means to be human.

The Voyages of Doctor Dolittle Seven Dials

NEW YORK TIMES BESTSELLER • An “extraordinary, unforgettable” (Michelle Alexander, author of *The New Jim Crow*) memoir of redemption and second chances amidst America’s mass incarceration epidemic, from a member of Oprah’s SuperSoul 100 Shaka Senghor was raised in a middle-class neighborhood on Detroit’s east side during the height of the 1980s crack epidemic. An honor roll student and a natural leader, he dreamed of becoming a doctor—but at age eleven, his parents’ marriage began to unravel, and beatings from his mother worsened, which sent him on a downward spiral. He ran away from home, turned to drug dealing to survive, and ended up in

prison for murder at the age of nineteen, full of anger and despair. Writing *My Wrongs* is the story of what came next. During his nineteen-year incarceration, seven of which were spent in solitary confinement, Senghor discovered literature, meditation, self-examination, and the kindness of others—tools he used to confront the demons of his past, forgive the people who hurt him, and begin atoning for the wrongs he had committed. Upon his release at age thirty-eight, Senghor became an activist and mentor to young men and women facing circumstances like his. His work in the community and the courage to share his story led him to fellowships at the MIT Media Lab and the Kellogg Foundation and invitations to speak at events like TED and the Aspen Ideas Festival. In equal turns, *Writing My Wrongs* is a page-turning portrait of life in the shadow of poverty, violence, and fear; an unforgettable story of redemption; and a compelling witness to our country’s need for rethinking its approach to crime, prison, and the men and women sent there.
