Eleven-year-old Clay must find a home on the streets of New York City in this award-winning, heartbreakingly honest novel. He was eleven years old, and he had never felt so alone in his life. Clay Garrity lived a normal life until his father lost his job and abandoned the family. Now his pregnant mother has deserted him too, leaving Clay alone in a welfare hotel with a jar of peanut butter and half a loaf of bread. Fearing being placed in foster care, Clay runs away. Alone in the city, Clay wanders down streets with boarded-up buildings and through dark alleys, until he comes to a small triangular park that looks like an island in a stream. In the light of a street lamp, he sees cardboard boxes, blankets, bundles—and people. Some are lying on benches, others inside boxes. Two of the men, Calvin and Buddy, offer to share their shelter, and Clay is grateful to have a place to stay during the bitter November cold. Before long, Calvin, Buddy, and Clay form a family amid the threatening dangers and despair of the streets. Clay knows that leaving the streets and going into foster care means that he may never see his parents again. But if he stays, he may not survive at all. An ALA Best Book for Young Adults, this acclaimed novel offers an intensely moving and candid look at the all-too-real lives of homeless teens.

For David Logan, a time of distress means taking the higher road. During a drought, the Logan family shares their well water with their neighbors, black and white alike. But David's brother Hammer finds it hard to share with Charlie Simms, who torments them because they are black. Hammer's pride and Charlie's meanness are a dangerous combination, and tensions between the boys build and build—until they explode. * "A compelling novel about prejudice and the saving power of human dignity."—School Library Journal, starred review

This book is about effective literacy instruction for students in grades K-4 who use the language variety that many linguists call African American English, but which, as explained in the Introduction, the author calls Black Communications (BC). Throughout, considerable attention is given to discussing the integral and complex interconnections among African American language, culture, and history, drawing significantly on examples from African American historical and literary sources. Although it is theoretical in its description of the BC system and its discussion of research on language socialization in African American communities, the major focus of this book is pedagogy. Many concrete examples of successful classroom

practices are included so that teachers can readily visualize and use the strategies and principles presented. *Part I, “What is Black Communications?” presents an overview of the BC system, providing a basic introduction to the major components of the language—phonology, grammar, lexicon, and pragmatics, and illustrating how these components work in synchrony to create a coherent whole. *Part II, “Language Socialization in the African American Discourse Community,” examines existing research on African American children’s language socialization. *Part III, “Using African American Children’s Literature,” draws connections between strategy instruction and the linguistic and rhetorical abilities discussed in Part II. Each chapter ends with suggestions for using African American literature to help children develop their speaking and writing abilities. *Part IV, “Children Using Language,” moves from a focus on teaching comprehension strategies to helping BC speakers learn to decode text. This volume is directed to researchers, faculty, and graduate students in the fields of language and literacy education and linguistics, and is well-suited as a text for graduate-level courses in these areas.

“Puleo has found a new way to tell the story with this well-researched and splendidly written chronicle of the Jamestown, its captain, and an Irish priest who ministered to the starving in Cork city...Puleo’s tale, despite the hardship to come, surely is a tribute to the better angels of America’s nature, and in that sense, it couldn’t be more timely.” —The Wall Street Journal The remarkable story of the mission that inspired a nation to donate massive relief to Ireland during the potato famine and began America’s tradition of providing humanitarian aid around the world More than 5,000 ships left Ireland during the great potato famine in the late 1840s, transporting the starving and the destitute away from their stricken homeland. The first vessel to sail in the other direction, to help the millions unable to escape, was the USS Jamestown, a converted warship, which left Boston in March 1847 loaded with precious food for Ireland. In an unprecedented move by Congress, the warship had been placed in civilian hands, stripped of its guns, and committed to the peaceful delivery of food, clothing, and supplies in a mission that would launch America’s first full-blown humanitarian relief effort. Captain Robert Bennet Forbes and the crew of the USS Jamestown embarked on a voyage that began a massive eighteen-month demonstration of soaring goodwill against the backdrop of unfathomable despair—one nation’s struggle to survive, and another’s effort to provide a lifeline. The Jamestown mission captured hearts and minds on both sides of the Atlantic, of the wealthy and the hardscrabble poor, of poets and politicians. Forbes’ undertaking inspired a nationwide outpouring of relief that was unprecedented in size and scope, the first instance of an entire nation extending a hand to a foreign neighbor for purely humanitarian reasons. It showed the world that national generosity and brotherhood were not signs of weakness, but displays of quiet strength and moral certitude. In *Voyage of Mercy*, Stephen Puleo tells the incredible story of the famine, the Jamestown voyage, and the commitment of thousands of ordinary Americans to offer relief to Ireland, a groundswell that provided the collaborative blueprint for future relief efforts, and established the United States as the leader in international aid. The USS Jamestown’s heroic voyage showed how the ramifications of a single decision can be measured not in days, but in decades.

The story is based on a fictional disaster that occurred in Peru on July 20, 1714. A rope bridge woven by the Incas on the road between Lima and Cuzco collapsed when five people were crossing it. They all fell into the river from a great height and were killed. Brother Juniper, a Franciscan friar who was about to cross the bridge himself, witnessed the tragedy. Being deeply pious, he saw in what happened a possible divine providence. Did the dead deserve to have their lives cut short in such a terrible way? The monk tries to learn as much as he can about the five victims, finding and questioning people who knew them. As a result of years of investigation, he compiles a voluminous book with all the evidence he has gathered that the beginning and end of human life are part of God’s plan... The Bridge of San Luis Rey won the 1928 Pulitzer Prize for the Novel, and remains widely acclaimed as Wilder’s most famous work. In 1998, the book was rated number 37 by the editorial board of the American Modern Library on the list of the 100 best 20th-century novels. Time magazine included the novel in its TIME 100 Best English-language Novels from 1923 to 2005.

For fans of *Hatchet* and *Island of the Blue Dolphins* comes Theodore Taylor’s classic bestseller and Lewis Carroll Shelf Award winner, *The Cay*. Phillip is excited when the Germans invade the small island of Curaçao. War has always been a game to him, and he’s eager to glimpse it firsthand—until the freighter he and his mother are traveling to the United States on is torpedoed. When Phillip comes to, he is on a small raft in the middle of the sea. Besides Stew Cat, his only companion is an old West Indian, Timothy. Phillip remembers his mother’s warning about black people: “They are different, and they live differently.” But by the time the castaways arrive on a small island, Phillip’s head injury has made him blind and dependent on Timothy. “Mr. Taylor has provided an exciting story...The idea that all humanity would benefit from this special form of color blindness permeates the whole book...The result is a story with a high ethical purpose but no sermon.”—New York Times Book Review “A taut tightly compressed story of endurance and revelation...At once barbed and tender, tense and fragile—as Timothy would say, ‘outrageous good.’”—Kirkus Reviews * “Fully realized setting...artful, unobtrusive use of dialect...the representation of a hauntingly deep love, the poignancy of which is rarely achieved in children’s literature.”—School Library Journal, Starred “Starkly dramatic, believable and compelling.”—Saturday Review “A tense and moving experience in reading.”—Publishers Weekly “Eloquently underscores the intrinsic brotherhood of man.”—Booklist “This is one of the best survival stories since Robinson Crusoe.”—The Washington Star · A New York Times Best Book of the Year · A School Library Journal Best Book of the Year · A Horn Book

Black Communications and Learning to Read Basic Books

A new 100th anniversary edition of the only adult book on one of the odder disasters in US history—and the greed, disregard for poor immigrants, and lack of safety standards that led to it. Around noon on January 15, 1919, a group of firefighters were playing cards in Boston’s North End when they heard a tremendous crash. It was like roaring surf, one of them said later. Like a runaway two-horse team smashing through a fence, said another. A third firefighter jumped up from his chair to look out a window—“Oh my God!” he shouted to the other men, “Run!” A 50-foot-tall steel tank filled with 2.3 million gallons of molasses had just collapsed on Boston’s waterfront, disgorging its contents as a 15-foot-high wave of molasses that at its outset traveled at 35 miles an hour. It demolished wooden homes, even the brick fire station. The number of dead wasn’t known for days. It would be years before a landmark court battle determined who was responsible for the disaster.

Ever Is a Long Time Penguin

Like the renowned classics *Praying for Sheetrock* and *North Toward Home*, *Ever Is a Long Time* captures the spirit and feel of a small Southern town divided by racism and violence in the midst of the Civil Rights era. Part personal journey, part social and political history, this extraordinary book reveals the burden of Southern history and how that burden is carried even today in the hearts and minds of those who lived through the worst of it. Author Ralph Eubanks, whose father was a black county agent and whose mother was a schoolteacher, grew up on an eighty-acre farm on the outskirts of Mount Olive, Mississippi, a town of great pastoral beauty but also a place where the racial dividing lines were clear and where violence was always lingering in the background. *Ever Is a Long Time* tells his story against the backdrop of an era when churches were burned, Medgar Evers and Martin Luther King were murdered, schools were integrated forcibly, and the state of Mississippi created an agency to spy on its citizens in an effort to maintain white supremacy. Through Eubanks’s evocative prose, we see and feel a side of Mississippi that has seldom been seen before. He reveals the complexities of the racial dividing lines at the time and the price many paid for what we now take for granted. With colorful stories that bring that time to life as well as interviews with those who were involved in the spying activities of the State Sovereignty Commission, *Ever Is a Long Time* is a poignant picture of one man coming to terms with his southern legacy.

The Congressional Globe Beacon Press

The acclaimed author of *American Dirt* reveals the devastating effects of a shocking tragedy in this landmark true crime book—the first ever to look intimately at the experiences of both the victims and their families. A Rip in Heaven is Jeanine Cummins’ story of a night in April, 1991, when her two cousins Julie and Robin Kerry, and her brother, Tom, were assaulted on the Old Chain of Rocks Bridge, which spans the Mississippi River just outside of St. Louis. When, after a harrowing ordeal, Tom managed to escape the attackers and flag down help, he thought the nightmare would soon be over. He couldn’t have been more wrong. Tom, his sister Jeanine, and their entire family were just at the beginning of a horrific odyssey through the aftermath of a violent crime, a world of shocking betrayal, endless heartbreak, and utter disillusionment. It was a trial by fire from which no family member would emerge unscathed.
