## **PRECIOUS GIOVANNA**

**Trial Manual 6 for the Defense of Criminal Cases Volume One** Oxford University Press

Providing an easily accessible source for students studying the law of evidence, this title fulfils the roles of both textbook and materials book, containing extracts from key cases and published articles.

Criminal Law Concentrate Oxford University Press, USA

Over the last 30 years, risks and costs associated with legal conflicts, compliance breaches, litigation, regulatory investigations, criminal prosecution, trials, and arbitration have increased exponentially in frequency and financial harm. Peter Kurer, former business lawyer, GC and chairman of UBS, and board member from various industries, presents his unique insight into the challenges of managing legal risk in a climate of globalization, corporate governance, and shifting political agendas. *Legal & Compliance Risk: A Strategic Response to a Rising Threat for Global Business* offers an overview of the global ascent of legal risk and outlines the ways in which companies have reacted to it. It presents the key processes that can be used to combat legal and compliance risk, including setting the proper strategy and risk governance on board level, organizing internal operations, allocation of work to internal and external legal and risk experts, developing effective internal reporting systems, using cutting-edge technology, and managing ethical conduct of employees as well as integrating these different processes within a business to build an effective business model for combating legal risk.

Offering analytics, management tools, real-life examples, and practical advice in a user-friendly format, this is an accessible guide to managing legal risk for board members, senior managers, and professionals dealing with legal risk in and for global companies.

**Contract Law Revision Concentrate Pack** Oxford University Press, USA

The examiner-reviewed F4 (Eng) Practice and Revision Kit contains over 100 exam standard questions and three complete mock exams. It tackles all the main syllabus areas and provides plenty of advice on important syllabus areas such as the law of tort, corporate governance and ethics. Through practice, students are armed with BPP's ISAC approach for approaching legal questions, providing the structure and method to earn the maximum marks possible.

**Tort Law Concentrate** Oxford University Press

These two revision and study guides have been packaged together to offer you great value when you're looking to get the most out of your revision. *EU Law Concentrate* is the essential revision and study guide for law students looking to consolidate knowledge and achieve the best possible marks. Providing clear, succinct coverage of all the key topics, it enables you to quickly grasp the fundamental principles of this area of law and excel in your exams and coursework. *Concentrate Q&A EU Law* contains model exam questions and answers, with expert advice on recognising what examiners are looking for, structuring a first class answer, avoiding common exam mistakes and making your answer stand out from the crowd.

**Criminal Law Revisions** Cambridge University Press

The Criminal Law Concentrate is written and designed to help you succeed. Written by experts and covering all key topics, Concentrate guides help focus your revision and maximise your exam performance. Each guide includes revision tips, advice on how to achieve extra marks, and a thorough and focused breakdown of the key topics and cases. Revision guides you can rely on: trusted by lecturers, loved by students... "I have always used OUP revision and Q&A books and genuinely believe they have helped me get better grades" - Anthony Poole, law student, Swansea University "The detail in this revision textbook is phenomenal and is just what is needed to push your exam preparation to the next level." - Stephanie Lomas, law student, University of Central Lancashire "It is a little more in-depth than other revision guides, and also has clear diagrams and teaches ways to obtain extra marks. These features make it unique" - Godwin

Tan, law student, University College London "The concentrate revision guides stand out against other revision guides" - Renae Haynes Williams, law student, Bangor University "The exam style questions are brilliant and the series is very detailed, prepares you well" - Frances Easton, law student, University of Birmingham "The accompanying website for Concentrate is the most impressive I've come across" - Alice Munnely, law student, Kings College London "- it is a fantastic book. It covers absolutely all topics you need for the course". - Emma McGeorge, law student, Strathclyde University

**Digital Copyright** Oxford University Press, USA

This is a guide to recommended practices for crime scene investigation. The guide is presented in five major sections, with sub-sections as noted: (1) Arriving at the Scene: Initial Response/Prioritization of Efforts (receipt of information, safety procedures, emergency care, secure and control persons at the scene, boundaries, turn over control of the scene and brief investigator/s in charge, document actions and observations); (2) Preliminary Documentation and Evaluation of the Scene (scene assessment, "walk-through" and initial documentation); (3) Processing the Scene (team composition, contamination control, documentation and prioritize, collect, preserve, inventory, package, transport, and submit evidence); (4) Completing and Recording the Crime Scene Investigation (establish debriefing team, perform final survey, document the scene); and (5) Crime Scene Equipment (initial responding officers, investigator/evidence technician, evidence collection kits).

**Crime Scene Investigation** Oxford

University Press on Demand  
Provides the only comprehensive analysis of the key issues in relation to mental capacity in 52 jurisdictions, delivered by renowned experts in the field. Contains full details of the practical issues involved in advising in cases involving Convention XXXV.

BPP Learning Media

This book provides practical guidance on what remains the single most important statutory basis for police duties and powers in England and Wales, the Police and Criminal Evidence Act 1984 and its Codes of Practice. The second edition has been fully updated and includes revised and expanded case studies and diagrams. There is further information dealing with the application of the Act for those outside the police charged with investigating offences, such as Revenue and Customs, the Armed Forces, security officers and Community Support Officers. Amendments to the Codes of Practice, including Code A (December 2008), Codes B, C and D (January 2008), and Codes E and F (April 2010), are also included. With the aid of check-lists, flow-charts and illustrative examples, this book gives excellent guidance on how the procedures and requirements of the Act apply to common every day scenarios facing police officers, as well as other persons charged with the investigation of offences. The appendices contain the full text of the Act, in addition to the latest version of the Codes of Practice. This is an essential reference source which the busy police officer or legal practitioner cannot afford to be without.

**Complete Equity and Trusts** Oxford University Press

Amoral, cunning, ruthless, and instructive, this multi-million-copy New

York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

"I have always used OUP revision and Q&A books and genuinely believe they have helped me get better grades" - Anthony Poole, law student, Swansea University "The detail in this revision

textbook is phenomenal and is just what is needed to push your exam preparation to the next level." - Stephanie Lomas, law student, University of Central Lancashire "It is a little more in-depth than other revision guides, and also has clear diagrams and teaches ways to obtain extra marks. These features make it unique" - Godwin Tan, law student, University College London "The concentrate revision guides stand out against other revision guides" - Renae Haynes Williams, law student, Bangor University "The exam style questions are brilliant and the series is very detailed, prepares you well" - Frances Easton, law student, University of Birmingham "The accompanying website for Concentrate is the most impressive I've come across" - Alice Munnely, law student, Kings College London "-it is a fantastic book. It covers absolutely all topics you need for the course." - Emma McGeorge, law student, Strathclyde University

Wrongful Allegations Oxford University Press

In this new book, Aruna Nair sets out her arguments for a re-evaluation of the law of tracing. A new model of the law of tracing is proposed and the book demonstrates how current problems can be solved using this new model. The rules of tracing are not shown not to be pure rules of evidence, aimed at resolving factual uncertainties; rather, they are explained as substantive rules of law, delineating the scope of a defendant's legal responsibility to a claimant. The book draws out the practical implications of this theoretical model, showing how a focus on defendant autonomy and claimant vulnerability can both explain the current state of English law and provide a critical perspective on potential future

developments. The first part of the book considers the nature of tracing, providing an overview of the analytical and doctrinal questions raised by the current law, re-framing the dominant 'value' account of tracing, and proposing a new model which can solve problems in the current law. The second part of the book focusses on circumstances in which the tracing remedy is available to a claimant, demonstrating the practical application of such claims to specific problems. Finally, the third part of the book considers how the tracing remedy relates to other private law remedies, and the role it plays within the law of unjust enrichment.

of advice on newly examinable UN Model Laws, as well as important syllabus areas such as corporate governance and ethics. Through practice, students are armed with BPP's ISAC approach for approaching legal questions, providing the structure and method to earn the maximum marks possible.

*Legal and Compliance Risk* Oxford University Press, USA

In *The Dual Penal State*, Markus Dubber addresses the rampant use of penal power in Western liberal democracies. The interference with the autonomy of the very persons upon whose autonomy the legitimacy of state power is supposed to rest is systemically normalized, rather than continuously scrutinized. The fundamental challenge of the penal paradox-the prima facie illegitimacy of modern punishment-remains unaddressed and unresolved. Focusing on the United States and Germany, and drawing on his influential account of the patriarchal origins of police power, Dubber exposes the persistence of a two-sided criminal justice regime: the dual penal state. The dual penal state combines principled punishment of equals under the rule of law, on one side, with punitive discipline of others under the rule of police, on the other. Slavery has long played a central role in drawing the line between the two sides of the dual penal state. In Europe, the slave appears in the classic and still foundational accounts of liberal punishment (from Beccaria to Kant) as the paradigmatic other beyond the protection of law, not a legal subject but a mere object of the master's or the state's discretionary discipline. In America, the patriarchal power to police portrays the continuum from the antebellum slaveholder's whipping of his slaves in private and the racial terror

perpetrated by slave patrols in public, to the apartheid regime of Jim Crow and the treatment of prisoners as "slaves of the state," and eventually to the late 20th century's systemic racial violence of the "war on crime" and the widespread killing of Black suspects by an increasingly militarized and armed police force that triggered the global Black Lives Matter movement.

Witness testimony in sexual cases is a complex and controversial topic and this practical guide provides comprehensive and balanced advice for criminal justice professionals at all stages of involvement in the legal process. It draws together essential legal and scientific information for all professionals working in this field.

Criminal Law Concentrate Oxford University Press

Complete Equity & Trusts is supported by clear author commentary, choice extracts, and useful learning features. The explanations and examples in this textbook have been crafted to help students hone their understanding of trusts law. The Complete titles are ambitious in their scope; they've been carefully developed with teachers to offer law students more than just a presentation of the key concepts. Instead they offer a complete package. Only by building on the foundations of the subject, by showing how the law works, demonstrating its application through extracts from cases and judgments, and by giving students the tools and the confidence to think critically about the law will they gain a complete understanding. This book is accompanied by free online resources, which feature resources for students and lecturers including the following: - Guidance for answering end-of-chapter questions in the book - Self-test question with instant feedback - A flashcard glossary of key terms - Updates on

legislation and case law
