Harry Potter 2020-2021 Weekly Planner Workman Publishing
Marina Petrocelli's life is about as mundane as it gets for the sister of an infamous psychic/paranormal PI. Which is why she's pretty shocked when a couple of vampires try to kidnap her on her way home from work. And don't even get her started on the sexy-as-all-hell Irish dhampyre who gallantly (if somewhat drunkenly) rushes to her rescue out of nowhere, kisses the ever-lovin' crap out of her, then disappears without a trace. It's all too weird to comprehend! Quinn Connell's life is anything but mundane. As an ex-convict with a shady past and an even shadier employment history, all he has to do is obey the terms of his parole, which are exceedingly simple: get a job, and stay out

of trouble. Unfortunately, getting involved with Marina is the very definition of trouble for someone like him. And, as it turns out, her sister is the only employer in town willing to hire him. Quinn's head tells him Marina's officially off limits. Too bad his heart-and body, which can't seem to stop touching her-didn't get the memo. But when Quinn and Marina find themselves in the middle of a brutal life-or-death situation, Quinn knows keeping his distance and staying out of trouble is no longer an option. He'll do anything to keep Marina safe, even if it means relying on a few of his quirky (and sometimes scary) new coworkers and utilizing the very same dubious skills that landed him in prison in the first place. Nab the bad guys, stay out of prison, and (hopefully) get the girl. Easy, right? Yeah, not so much.

Experience the zombie apocalypse with this illustrated survivor's journal full of chilling tales of terror. The year is 2012, and what starts as a pervasive and inexplicable illness ends up as a zombie infestation that devastates the world's population. Taking the form of a biologist's illustrated journal found in the aftermath of the attack, this pulse-pounding, suspenseful tale of zombie apocalypse follows the narrator as he flees from city to countryside and heads north to Canada, where he hopes the undead will be slowed by the colder climate. Encountering scattered humans and scores of the infected along the way, he fills his notebook with graphic drawings of the zombies and careful observations of their behavior, along with terrifying tales of survival that will keep readers on the edge of their seats right up to the very end. Praise for *Zombies* "Influenced by Richard Matheson's *I Am Legend*, *Zombies* is a genuinely chilling and logical look at a zombie invasion. The matter-of-fact descriptions of the symptoms and effects, coupled with the detailed drawings of both victims and scenarios make it a creepy read A tremendous addition to any zombie book collection."

Really Important Stuff My Kids Have Taught Me Forever

Netflix's *BoJack Horseman* has quickly become one of the most critically acclaimed animated comedy series in recent memory. Set in an off-kilter, cynically spun rendering of modern-day

Hollywood, the show follows washed-up horse actor BoJack Horseman (voiced by Will Arnett) as he attempts to turn his life around. *BoJack Horseman: The Art Before the Horse* is the official behind-the-scenes companion to this cult-hit series. Part oral history sourced from original interviews with the show's cast and crew, part art book—including sketches, storyboards, and background art—this book will trace the series from conception to post-production. Beginning with the initial development of creator/showrunner Raphael Bob-Waksberg and production designer Lisa Hanawalt's inimitable aesthetic vision, *The Art Before the Horse* goes on to reveal all of the moving parts—direction, writing, casting, animation, and music—that come together to form this uniquely bleak, emotionally potent, very funny show. The Fifth Risk Sphere

The Wizarding World journey continues . . . The powerful Dark wizard Gellert Grindelwald was captured in New York with the help of Newt Scamander. But, making good on his threat, Grindelwald escapes custody and sets about gathering followers, most of whom are unsuspecting of his true agenda: to raise pure-blood wizards up to rule over all non-magical beings. In an effort to thwart Grindelwald's plans, Albus Dumbledore enlists Newt, his former Hogwarts student, who agrees to help once again, unaware of the dangers that lie ahead. Lines are drawn as love and loyalty are tested, even among the truest friends and family, in an increasingly divided wizarding world. *Fantastic Beasts: The Crimes of Grindelwald* is the second screenplay in a five-film series to be written by J.K. Rowling, author of the internationally bestselling Harry Potter books. Set in 1927, a few months after the events of *Fantastic Beasts and Where To Find Them*, and moving from New York to London, Paris and even back to Hogwarts, this story of mystery and magic reveals an

extraordinary new chapter in the wizarding world. Illustrated with stunning line art from MinaLima with some surprising nods to the Harry Potter stories that will delight fans of both the books and films.
