Designing a Vacation Bible School program, as opposed to choosing one of the many off-the-shelf packages, is a labor of love. It considers the unique perspective of children and invests accordingly. It's a home-cooked meal compared to fast food. It sends a message to parents that a church values children enough to identify and meet their specific needs in their community at a particular moment in time. Well-designed VBS programs speak to children with respect, love, and patience, offering opportunity for authentic spiritual growth, not to mention an intentional theology that is reflective of the church. Finally, custom-designed VBS programs are a way to fully include children in the mission and ministry of the church rather than confine their unique gifts. This book provides Christian educators with the tools they need to assess the needs and resources in their congregation, and to craft a creative program in response to that assessment. *The Best VBS Workbook Ever* offers direction and suggestions on theme, structure, logistics, program, activities, staffing and promotion.

The idea for this book came suddenly in a vivid snapshot while thinking about how Jesus talked about His love for children and displayed it in His actions. He would continue to tell people about His love for us as His children. So, I set out to make simple what many people have made complicated, the love of God through His son Jesus Christ as displayed through children.
