Gandhi: The
Years That
Changed the
World,
1914-1948
Oxford
University
Press
An
extraordinary
history of
resistance and
the fight for
Indian

independence
—the little-
known story of
seven
foreigners to
India who
joined the
movement
fighting for
freedom from
British colonial
rule. Rebels
Against the
Raj tells the
story of seven
people who
chose to
struggle for a
country other
than their
own:
foreigners to
India who
across the late
19th to late
20th century
arrived to join
the freedom
movement
fighting for
independence
from British
colonial rule.
Of the seven,
four were
British, two

American, and one Irish. Four men, three women. Before and after being jailed or deported they did remarkable and pioneering work in a variety of fields: journalism, social reform, education, the emancipation of women, environmentalism. This book tells their stories, each renegade motivated by idealism and genuine sacrifice; each connected to Gandhi, though some

as acolytes where others found endless infuriation in his views; each understanding they would likely face prison sentences for their resistance, and likely live and die in India; each one leaving a profound impact on the region in which they worked, their legacies continuing through the institutions they founded and the generations and individuals they inspired.

Through these entwined lives, wonderfully told by one of the world's finest historians, we reach deep insights into relations between India and the West, and India's story as a country searching for its identity and liberty beyond British colonial rule. Who Was Gandhi? Phaidon Press
 *Includes pictures
 *Includes Gandhi's own quotes about his life and career
 *Includes

footnotes and a bibliography for further reading "In judging myself I shall try to be as harsh as truth, as I want others also to be." - Gandhi "I am not pleading for India to practice nonviolence because it is weak. I want her to practice nonviolence being conscious of her strength and power." - Gandhi Mohandas Karamchand Gandhi, or Mahatma Gandhi as he is more popularly known, was

called "Mahatma," or "Great Soul" not only because of his extraordinary achievements as leader of the Indian independence movement, but also because of his beliefs, practices, and principles that demonstrated to the world the depths that one's soul could have. Widely considered the father of India, the preeminent leader of the Indian struggle against British imperialism, and one of the

most influential minds of the 20th century, Gandhi emerged to become one of the greatest advocates of peace and nonviolent resistance that the world has known. By leading a life of austerity and integrity, Gandhi became one of those rare leaders who preached through his own practices, motivating millions of people - rich and poor, men and women, adults and children, Hindus,

Muslims, and Christians - to follow his principles of freedom and peace. Gandhi saw with his own eyes the negative impact of British colonialism on the Indian economy, culture, and identity, as did millions of other Indians. What made Gandhi unique was the fact that he also saw the enormously negative impact the diversity of the Indian population had on the struggle for Indian

independence; divisions were rife between Hindus, Muslims, and dozens of other faiths, and the population was divided into hundreds of different ethnic groups, each with its own traditions and culture, and each unwilling to unite with other groups for the common cause of a free India. The caste system in India, as a long-standing social stratification system that placed severe and often

permanent social restrictions on individuals according to which social classes they were born into, also played a large role in dividing Indian society. Gandhi recognized that these divisions were what weakened India's chances to effectively oppose British imperialism and establish independence. As nationalism and independence movements began forming and spreading in the mid and

late 1800s, Gandhi was able to unite these various ethnic groups, religious groups, and social groups and lead a unified Indian independence movement. The impact that Gandhi made was lasting, and his legacy can still be seen today. Gandhi was not a theorist or scholar in the traditional sense, and never professed to be one; he prided himself on instead being a reformer and a true activist,

for he famously stated that "I am not built for academic writings...Action is my domain." And yet, the action that Gandhi spoke of was not the violent and terror-invoking action that many other resistance movements took elsewhere in the world; Gandhi was guided by strict values, principles, and ideas of peace and nonviolence that remained remarkably enduring throughout his

life. Mahatma Gandhi: The Life and Legacy of the Father of India chronicles the life and career of the man who shaped civil disobedience in the 20th century and led his country to independence. Along with pictures of important people, places, and events, you will learn about Gandhi like never before, in no time at all. [Mahatma Gandhi and His Apostles](#) Indiana University

 Two wars--the
 1857 Revolt in
 PBI - India and
 the American
 Civil
 War--seeming
 ly fought for
 very different
 reasons,
 occurred at
 opposite ends
 of the globe in
 the middle of
 the nineteenth
 century. But
 they were
 both fought in
 a PBI - World
 still

dominated by Great Britain and the battle cry in both conflicts was freedom. Rajmohan Gandhi brings the drama of both wars to one stage in *A Tale of Two Revolts*. He deftly reconstructs events from the point of view of William Howard Russell—an Irishman who was also perhaps the PBI - World's first war correspondent—and uncovers significant connections between the

histories of the United States, Britain and PBI - India. The result is a tale of two revolts, three countries and one century. Into this fascinating story Rajmohan Gandhi weaves the choices of five extraordinary inhabitants of PBI - India—Sayyid Ahmed Khan, Ishwarchandra Vidyasagar, Jotiba Phule, Allan Octavian Hume and Bankimchandr a Chatterjee—a nd of three towering

figures of PBI - World history—Karl Marx, Leo Tolstoy and Abraham Lincoln—to show the continuities between the nineteenth century and the PBI - World we live in today. Scholarly, insightful and gripping, *A Tale of Two Revolts* raises new questions about these wars that changed the PBI - World. Bharat Macmillan + ORM
In the year 1965, Sonia Maino, a 19-year-old

Italian student met a young Indian boy, Rajiv Gandhi, while they were both studying in Cambridge. She was born into a modest family in suburban Turin, where her father was a strict man who kept a close eye on his three daughters. Much to his chagrin, his painfully-shy middle daughter, of whom he was especially protective, fell in love with a man belonging to the most powerful family in India.

This marked the beginning of a story unlike any other - of a carefree Italian girl who was compelled to take on the murky world of rajneeti. With information sourced from close friends and colleagues, this book examines how Sonias courage, honesty and dedication have made her a leader in the eyes of one-sixth of humanity. From her idyllic childhood to

her passionate love affair and from her days as a docile daughter-in-law to her current status of being the only Indian politician to have refused prime ministership. [The Life of Mahatma Gandhi](#) Vintage Here is the first volume of a magisterial biography of Mohandas Gandhi that gives us the most illuminating portrait we have had of the life, the work and the historical context of one

of the most abidingly influential—and controversial—men in modern history. Ramachandra Guha—hailed by Time as “Indian democracy’s preeminent chronicler”—takes us from Gandhi’s birth in 1869 through his upbringing in Gujarat, his two years as a student in London and his two decades as a lawyer and community organizer in South Africa. Guha has uncovered

myriad previously untapped documents, including private papers of Gandhi’s contemporaries and co-workers; contemporary newspapers and court documents; the writings of Gandhi’s children; and secret files kept by British Empire functionaries. Using this wealth of material in an exuberant, brilliantly nuanced and detailed narrative, Guha describes the social, political

and personal worlds inside of which Gandhi began the journey that would earn him the honorific Mahatma: “Great Soul.” And, more clearly than ever before, he elucidates how Gandhi’s work in South Africa—far from being a mere prelude to his accomplishments in India—was profoundly influential in his evolution as a family man, political thinker, social reformer and, ultimately, beloved

leader. In 1893, when Gandhi set sail for South Africa, he was a twenty-three-year-old lawyer who had failed to establish himself in India. In this remarkable biography, the author makes clear the fundamental ways in which Gandhi's ideas were shaped before his return to India in 1915. It was during his years in England and South Africa, Guha shows us, that Gandhi came to understand the nature of

imperialism and racism; and in South Africa that he forged the philosophy and techniques that would undermine and eventually overthrow the British Raj. *Gandhi Before India* gives us equally vivid portraits of the man and the world he lived in: a world of sharp contrasts among the coastal culture of his birthplace, High Victorian London, and colonial South Africa. It explores in abundant

detail Gandhi's experiments with dissident cults such as the Tolstoyans; his friendships with radical Jews, heterodox Christians and devout Muslims; his enmities and rivalries; and his often overlooked failures as a husband and father. It tells the dramatic, profoundly moving story of how Gandhi inspired the devotion of thousands of followers in South Africa as he mobilized a

cross-class and inter-religious coalition, pledged to non-violence in their battle against a brutally racist regime. Researched with unequaled depth and breadth, and written with extraordinary grace and clarity, *Gandhi Before India* is, on every level, fully commensurate with its subject. It will radically alter our understanding and appreciation of twentieth-century India's

greatest man. *Gandhi for Kids* Vintage Pramod Kapoor, the founder and publisher of Roli Books (established in 1978), is a connoisseur of images. A sepia aficionado, he has over the course of his illustrious career conceived and produced award-winning books that have proven to be game changers in the world of publishing. Be it the hit 'Then and Now' series and the seminal *Made for Maharajas*,

or even the internationally acclaimed New Delhi: *The Making of a Capital*. In 2016, he was conferred with the prestigious 'Chevalier de la Legion d'Honneur (Knight of the Legion of Honour), the highest civil and military award in France, for his contribution towards producing books that have changed the landscape of Indian publishing and to promoting India's tangible and intangible

heritage within the country and abroad. His first book as author, *Gandhi: An Illustrated Biography*, is the result of years of painstaking research on a subject close to his heart. Kapoor is dedicated towards decoding Gandhi for the modern generation. *India of My Dreams* Obscure Press This is the extraordinary story of how one man's indomitable spirit inspired a nation to

triumph over tyranny. This is the story of Mahatma Gandhi, a man who owned nothing-and gained everything. *Gandhi* Penguin UK A biography detailing Gandhi's twenty-year stay in South Africa and his attitudes and behavior in the nation's political context. In the pantheon of freedom fighters, Mohandas Karamchand Gandhi has pride of place. His fame and influence extend far

beyond India and are nowhere more significant than in South Africa. "India gave us a Mohandas, we gave them a Mahatma," goes a popular South African refrain. Contemporary South African leaders, including Mandela, have consistently lauded him as being part of the epic battle to defeat the racist white regime. The South African Gandhi focuses on Gandhi's first leadership experiences and the

complicated man they reveal—a man who actually supported the British Empire. Ashwin Desai and Goolam Vahed unveil a man who, throughout his stay on African soil, stayed true to Empire while showing a disdain for Africans. For Gandhi, whites and Indians were bonded by an Aryan bloodline that had no place for the African. Gandhi's racism was matched by his class prejudice

towards the Indian indentured. He persistently claimed that they were ignorant and needed his leadership, and he wrote their resistances and compromises in surviving a brutal labor regime out of history. The South African Gandhi writes the indentured and working class back into history. The authors show that Gandhi never missed an opportunity to show his loyalty to Empire, with a

particular penchant for war as a means to do so. He served as an Empire stretcher-bearer in the Boer War while the British occupied South Africa, he demanded guns in the aftermath of the Bhambatha Rebellion, and he toured the villages of India during the First World War as recruiter for the Imperial army. This meticulously researched book punctures the dominant

narrative of Gandhi and uncovers an ambiguous figure whose time on African soil was marked by a desire to seek the integration of Indians, minus many basic rights, into the white body politic while simultaneously excluding Africans from his moral compass and political ideals. Praise for *The South African Gandhi* "In this impressively researched study, two South African scholars of Indian

background bravely challenge political myth-making on both sides of the Indian Ocean that has sought to canonize Gandhi as a founding father of the struggle for equality there. They show that the Mahatma-to-be carefully refrained from calling on his followers to throw in their lot with the black majority. The mass struggle he finally led remained an Indian struggle."
—Joseph

Lelyveld, author of *Great Soul: Mahatma Gandhi and His Struggle with India* "This is a wonderful demonstration of meticulously researched, evocative, clear-eyed and fearless history writing. It uncovers a story, some might even call it a scandal, that has remained hidden in plain sight for far too long. The South African Gandhi is a big book. It is a serious challenge to

the way we have been taught to think about Gandhi.” —Arundhati Roy, author of *The God of Small Things* *The South African Gandhi* Doubleday Canada Ved Mehta's brilliant Mahatma Gandhi and his Apostles provides an unparalleled portrait of the man who led India out of its colonial past and into its modern form. Travelling all over India and the rest of the world, Mehta gives a nuanced and

complex, yet vividly alive, portrait of Gandhi and of those men and women who were inspired by his actions. *Gandhi's Search for the Perfect Diet* Knopf Dhirendra Jha's deeply researched history places Nathuram Godse's life as the juncture of the dangerous fault lines in contemporary India: the quest for independence and the rise of Hindu nationalism. On a wintry Delhi evening on 30 January

1948, Nathuram Godse shot Gandhi at point-blank range, forever silencing the man who had delivered independence to his nation. Godse's journey to this moment of international notoriety from small towns in western India is, by turns, both riveting and wrenching. Drawing from previously unpublished archival material, Jha challenges the standard account of Gandhi's assassination,

and offers a stunning view on the making of independent India. Born to Brahmin parents, Godse started off as a child mystic. However, success eluded him. The caste system placed him at the top of society but the turbulent times meant that he soon became a disaffected youth, desperately seeking a position in the infant nation. In such confusing times, Godse was one of

hundreds, and later thousands, of young Indian men to be steered into the sheltering fold of early Hindutva, Indian nationalism. His association with early formations of the RSS and far-right thinkers such as Sarvakar proves that he was not working alone. Today he is considered to be a patriotic hero by many for his act of bravery, despite being found guilty in court and executed in

1949.

The Man Before the Mahatma
Penguin UK
For all of India's myths, stories and moral epics, Indian history remains a curiously unpeopled place. In *Incarnations*, Sunil Khilnani fills that space, recapturing the human dimension of how the world's largest democracy came to be. His trenchant portraits of emperors, warriors, philosophers, film stars and corporate

titans—some famous, some unjustly forgotten—bringing feeling, wry humour and uncommon insight to dilemmas that extend from ancient times to our own.

The Red Sari

Random House India
The Ramayana is the oldest poem in Sanskrit. Hence its author is known as the Adi Kavi or pristine poet. This is a lavishly illustrated 160-page rendering of the great epic

for all ages. The Ramayana is an integral part of life for millions of Indians. As Hind Swaraj Penguin Gandhi's ideas are as meaningful today as they were during his long and inspiring life. His enlightening thoughts and beliefs, especially on violence and the atomic bomb, reveal his eloquent foresight about our contemporary world. The words of one of the greatest men of the

twentieth century, chosen by the award-winning director Richard Attenborough from Gandhi's letters, speeches, and published writings, explore the prophet's timeless thoughts on daily life, cooperation, nonviolence, faith, and peace. This bestselling volume includes an introduction by Attenborough and an afterword by Time magazine Senior Foreign

Gandhi
Routledge
"My purpose,"
Mahatma
Gandhi writes
of this book,
"is to describe
experiments
in the science
of Satyagraha,
not to say how
good I am."
Satyagraha,
Gandhi's
nonviolent
protest
movement

(satya = true, agraha = firmness), came to stand, like its creator, as a moral principle and a rallying cry; the principle was truth and the cry freedom. The life of Gandhi has given fire and fiber to freedom fighters and to the untouchables of the world: hagiographers and patriots have capitalized on Mahatma myths. Yet Gandhi writes: "Often the title [Mahatma, Great Soul]

has deeply pained me. . . . But I should certainly like to narrate my experiments in the spiritual field which are known only to myself, and from which I have derived such power as I possess for working in the political field." Clearly, Gandhi never renounced the world; he was neither pacifist nor cult guru. Who was Gandhi? In the midst of resurging interest in the man who freed India, inspired the American Civil Rights

Movement, and is revered, respected, and misunderstood all over the world, the time is proper to listen to Gandhi himself -- in his own words, his own "confessions," his autobiography . Gandhi made scrupulous truth-telling a religion and his Autobiography inevitably reminds one of other saints who have suffered and burned for their lapses. His simply narrated

account of boyhood in Gujarat, marriage at age 13, legal studies in England, and growing desire for purity and reform has the force of a man extreme in all things. He details his gradual conversion to vegetarianism and ahimsa (non-violence) and the state of celibacy (brahmacharya, self-restraint) that became one of his more arduous spiritual trials. In the political realm he outlines the beginning of

Satyagraha in South Africa and India, with accounts of the first Indian fasts and protests, his initial errors and misgivings, his jailings, and continued cordial dealings with the British overlords. Gandhi was a fascinating, complex man, a brilliant leader and guide, a seeker of truth who died for his beliefs but had no use for martyrdom or sainthood. His story, the path to his vision of Satyagraha and human

dignity, is a critical work of the twentieth century, and timeless in its courage and inspiration. Gandhi Before India University of Washington Press Gay is a phase. Not something people go through in adolescence, but, like feminism, a cultural, historical movement, on the way to something bigger. Through the prism of his own sexual past and present, with a wide array

of references to pop culture, literature and history, Archer traces the rise and imminent fall of gay. Along the way, he cites historical examples of greater sexual liberation, embracing the lessons of these precedents as models for our own less inhibited times. Celebrating art that expresses love and passion unfettered by gender, Archer claims Shakespeare and Prince, Goethe and

Madonna, as icons for a new, more open age of sex. Stimulating, engaging and entertaining, *The End of Gay* is a bold work that looks forward to the vast possibilities of love without labels. *Makers of Modern Asia* Pan Macmillan Sonia Gandhi's story represents the greatest transformational journey made by any world leader in the last four decades. Circumstance and tragedy, rather than

ambition, paved her path to power. Born into a traditional, middle-class Italian family, Sonia met and fell in love with Rajiv Gandhi, son of future Indian prime minister Indira Gandhi and grandson of Jawaharlal Nehru, while studying English in Cambridge. Cruelly tested by the assassinations of her mother-in-law and of her husband, Sonia grew into a strong, authoritative but always private figure, now president

of a coalition ruling over a billion people in the world's largest democracy. Through exclusive interviews with members of Sonia's party, political opponents and family friends, Rani Singh casts new light on Sonia. In the first mainstream biography of this inspirational figure, the author's compelling narrative retraces the path of the brave and beautiful Sonia Gandhi,

examining what her life and legacy mean for India. *Gandhi & Churchill* Random House Canada Mohandas Karamchand Gandhi was born in 1869 in British-occupied India. Though he studied law in London and spent his early adulthood in South Africa, he remained devoted to his homeland and spent the later part of his life working to make India an independent nation. Calling for non-violent civil

disobedience, Gandhi led India to independence and inspired movements for civil rights around the world. Gandhi is recognized internationally as a symbol of hope, peace, and freedom. *The Words of Gandhi* Alfred a Knopf Incorporated An epic and revelatory biography of one of the most abidingly influential--and controversial--men in modern history. Opening with Gandhi's triumphant

return to India in 1915 after decades abroad, and ending with his tragic assassination in 1949, Gandhi: The Years that Changed the World is a remarkable, moving portrait that provides a crucial re-evaluation of India's iconic leader for a new generation. Drawing on a wealth of newly uncovered materials

unavailable to previous biographers, acclaimed historian and author Ramachandra Guha brings the past to life with extraordinary grace and clarity. Deploying his gifts as a storyteller and scholar, Guha presents Gandhi as both a fascinating human being-- a man of fierce hope, eccentric personal beliefs, and sometimes

dark and alarming contradictions --as well as a dynamic political force and global icon. Sharp, insightful, balanced, and impeccably researched, this free-standing sequel to Guha's magisterial biography Gandhi Before India is an indispensable resource for a contemporary understanding of Gandhi's ever-evolving legacy.
