Lakeland is one of several small, African American communities along the U.S. Route 1 corridor between Washington, D.C., and Laurel, Maryland. With Lakeland's central geographic location and easy access to train and trolley transportation, it became a

natural gathering place for African American social and recreational activities, and it thrived until its self-contained uniqueness was undermined by the federal government's urban renewal program and by societal change. The story of Lakeland is the tale of a community that was established and flourished in a segregated society and developed its own

institutions and traditions, including the area's only high school for African Americans, built in 1928. *BMW 5 Series (E39) Service Manual* Features- Engine and cylinder head service, repair and reconditioning, including camshaft toothed belt setup and adjustment.- Coverage of Motronic 5.9, 7.5 and Diesel Turbo Direct Injection (TDI) engine management systems.- Drivetrain maintenance,
