AVILA ELVIS

The Old Regime and the Revolution Routledge
 This comprehensive three-volume work on the French Revolution and Napoleon's rule and campaigns covers a wide range of military, political, social, and cultural events and personalities during a time of dramatic change in Europe. In three extraordinarily rich volumes, *The Encyclopedia of the French Revolutionary and Napoleonic Wars* captures the full sweep and legacy of the transformation of Europe from 1792 to 1815. Its nearly 900 alphabetically organized, fully cross-referenced entries provide students and general readers with vivid biographies of politicians, sovereigns, and commanders; accounts of battles, weaponry, and diplomatic affairs; insights into the art, music, and culture of the times; and much more. Unlike other works on the subject, this encyclopedia combines coverage of Napoleon's rule with that of the crucial Revolutionary years in

France that set the stage for his rise to power. It includes contributions from the most wide-ranging group of international experts ever assembled for a work on this era. Students will see the full continent-wide impact of France's evolution from aristocracy to democracy to military autocracy and explore the effects of nationalism, empire-building, industrialization, and international conflict, which resonate with more relevance today than ever.

Napoléon's Last Will and Testament Apollo

A biography of Georges-Jacques Danton, a leading French revolutionary—from his rural upbringing to his death five years after the storming of the Bastille. One of the Western world's most epic uprisings, the French Revolution ended a monarchy that had ruled for almost a thousand years. Georges-Jacques Danton was the driving force behind it. Now David Lawday, author of *Napoleon's Master*, reveals the larger-than-life figure who joined the fray at the storming of the Bastille in 1789 and was dead five years later. To hear Danton speak, his booming

voice a roll of thunder, excited bourgeois reformers and the street alike; his impassioned speeches, often hours long, drove the sans-culottes to action and kept the Revolution alive. But as the newly appointed Minister of Justice, Danton struggled to steer the increasingly divided Revolutionary government. Working tirelessly to halt the bloodshed of Robespierre's terror, he ultimately became another of its victims. True to form, Danton did not go easily to the guillotine; at his trial, he defended himself with such vehemence that the tribunal convicted him before he could rally the crowd in his favor. In vivid, almost novelistic prose, Lawday leads us from Danton's humble roots to the streets of revolutionary Paris, where this political legend acted on the stage of the revolution that altered Western civilization. "A gripping story, beautifully told . . . Danton was a headstrong firebrand, a swashbuckling political showman with a prodigious memory, whose spectacular oratory held audiences in thrall." —The Economist

Modern France ABC-CLIO

From an award-winning historian, a "vivid" (Wall Street Journal) account of the revolution that created the modern world The French Revolution's principles of liberty and equality still shape our ideas of a just society—even if, after more than two hundred years, their meaning is more contested than ever before. In *A New World Begins*, Jeremy D. Popkin offers a riveting account of the revolution that puts the reader in the thick of the debates and the violence that led to the overthrow of the monarchy and the establishment of a new society. We meet Mirabeau, Robespierre, and Danton, in all their brilliance and vengefulness; we witness the failed escape and execution of Louis XVI; we see women demanding equal rights and Black slaves wresting freedom from revolutionaries who hesitated to act on their own principles; and we follow the rise of Napoleon out of the ashes of the Reign of Terror. Based on decades of scholarship, *A New World Begins* will stand as the definitive treatment of the French Revolution.

The First Total War Routledge

Stephane Kirkland gives an engrossing account of Napoleon III, Baron Haussmann, and one of the greatest transformations of a major city in modern history Traditionally known as a dirty, congested, and dangerous city, 19th Century Paris, France was transformed in an extraordinary period from 1848 to 1870, when the government launched a huge campaign to build streets, squares, parks, churches, and public buildings. The Louvre Palace was expanded, Notre-Dame Cathedral was restored and the French masterpiece of the Second Empire, the Opéra Garnier, was built. A very large part of what we see when we visit Paris today originates from this short span of twenty-two years. The vision for the new Nineteenth Century Paris belonged to Napoleon III, who had led a long and difficult climb to absolute power. But his plans faltered until he brought in a civil servant, Georges-Eugène Haussmann, to take charge of the implementation. Heedless of controversy, at tremendous cost, Haussmann pressed ahead with the giant undertaking until, in 1870, his political enemies brought him down, just months before the collapse of the whole regime brought about the end of an era. *Paris Reborn* is a must-read for anyone who ever wondered how Paris, the city universally admired as a standard of urban beauty, became what it is.

The French Revolution and Napoleon Houghton Mifflin Harcourt

In the last generation the classic Marxist interpretation of the French Revolution has been challenged by the so-called revisionist school. The Marxist view that the Revolution was a bourgeois and capitalist revolution has been questioned by Anglo-Saxon revisionists like Alfred Cobban and William Doyle as well as a French school of criticism headed by François Furet. Today revisionism is the dominant interpretation of the

Revolution both in the academic world and among the educated public. Against this conception, this book reasserts the view that the Revolution - the capital event of the modern age - was indeed a capitalist and bourgeois revolution. Based on an analysis of the latest historical scholarship as well as on knowledge of Marxist theories of the transition from feudalism to capitalism, the work confutes the main arguments and contentions of the revisionist school while laying out a narrative of the causes and unfolding of the Revolution from the eighteenth century to the Napoleonic Age.

A New World Begins Open Road + Grove/Atlantic

In this miraculously compressed, incisive book David Andress argues that it was the peasantry of France who made and defended the Revolution of 1789. That the peasant revolution benefitted far more people, in more far reaching ways, than the revolution of lawyerly elites and urban radicals that has dominated our view of the revolutionary period. History has paid more attention to Robespierre, Danton and Bonaparte than it has to the millions of French peasants who were the first to rise up in 1789, and the most ardent in defending changes in land ownership and political rights. 'Those furthest from the center rarely get their fair share of the light', Andress writes, and the peasants were patronized, reviled and often persecuted by urban elites for not following their lead. Andress's book reveals a rural world of conscious, hard-working people and their struggles to defend their ways of life and improve the lives of their children and communities.

The French Revolution and Napoleon Grosset & Dunlap

Toussaint L'Ouverture was the leader of the Haitian Revolution in the late eighteenth century, in which slaves rebelled against their masters and established the first black republic. In this collection of his writings and speeches, former Haitian politician Jean-Bertrand Aristide demonstrates L'Ouverture's profound contribution to the struggle for equality.

The French Revolution and Napoleon Basic Books

French Revolution: The Basics is an accessible and concise introduction to the history of the revolution in France. Combining a traditional narrative with documents of the era and references to contemporary imagery of the revolution, the book traces the long-and short-term causes of the French Revolution as well as its consequences up to the dissolution of the Convention and the ascendancy of Napoleon. The book is written with an explicit aim for its reader to acquire understanding of the past whilst imparting knowledge using underlying historical concepts such as evidence, continuity and change, cause and effect, significance, empathy, perspectives, and contestability. Key topics discussed within the book include: The structure of French society before 1789. The long- and short-term factors that contributed to the French Revolution. How ordinary French people, including women and slaves, participated in the revolution. What brought about the end of the ancien régime. The major reforms of the National Assembly, 1789-1791, and how they lead to the division and radicalisation of the revolution. How the alternative visions of the new society divided the revolution and what were the internal and external pressures on the revolution that contributed to its radicalisation. The forms of terror which enabled reality to triumph over the idealism. The rise of Napoleon Bonaparte as military leader and Emperor. This book is an ideal introduction for anyone wishing to learn more about this influential revolution in the shaping of modern Europe and the world.

The Sans-Culottes The Rosen Publishing Group, Inc

This eleventh edition was developed during the encyclopaedia's transition from a British to an American publication. Some of its articles were written by the best-known scholars of the time and it is considered to be a landmark encyclopaedia for scholarship

and literary style.

The French Revolution Farrar, Straus and Giroux

The wars of Napoleon are among the best-known and most exciting episodes in world history. Less well known is the uproar the armies stirred up in their path, and even more, the chaos they left in their wake. The 'knock-on effect' of Napoleon's sweep across Europe went further than is often remembered: his invasion of Spain triggered the collapse of the Spanish Empire in Latin America, and his meddling in the Balkans destabilised the Ottomans. Many places had been riven with banditry and popular tumult from time immemorial, characteristics which worsened in the havoc wrought by the wars. Other areas had known relative calm before the arrival of the French in 1792, but even the most pacific societies were disrupted by these conflagrations. Behind the battle fronts raged other conflicts, 'little wars' - the guerrilla (the term was born in these years) - and bigger ones, where whole provinces rose up in arms. Bandits often stood at the centre of these 'dirty wars' of ambushes, night raids, living hard in tough terrain, of plunder, rapine and early, violent death, which spread across the whole western world from Constantinople to Chile. Everywhere, they threw up unlikely characters - ordinary men who emerged as leaders, bandits who became presidents, priests who became warriors, lawyers who became murdering criminals. In studying these varying fortunes, Michael Broers provides an insight into a lost world of peasant life, a world Napoleon did so much to sweep away.

The French Revolution and Napoleon Oxford Paperbacks

"First published in Great Britain by Allan Lane"--Title page verso.

The French Revolution Taylor & Francis

Ancient and Modern Democracy is a comprehensive account of Athenian democracy as a subject of criticism, admiration and scholarly debate for 2,500 years, covering the features of Athenian democracy, its importance for the English, American and French revolutions and for the debates on democracy and political liberty from the nineteenth century to the present. Discussions were always in the context of contemporary constitutional problems. Time and again they made a connection with a long-established tradition, involving both dialogue with ancient sources and with earlier phases of the reception of Antiquity. They refer either to a common cultural legacy or to specific national traditions; they often involve a mixture of political and scholarly arguments. This book elucidates the complexity of considering and constructing systems of popular self-rule.

The French Revolution Rowman & Littlefield

This book is suitable for children age 9 and above. Napoleon Bonaparte was the first emperor of France. He was a very successful military general and he led his army into many victorious battles. This is the story of how a lawyer's son rose to become a powerful emperor.

The French Revolution: A Very Short Introduction Pen and Sword Military

The Napoleonic Empire played a crucial role in reshaping global landscapes and in realigning international power structures on a worldwide scale. When Napoleon died, the map of many areas had completely changed, making room for Russia's ascendancy and Britain's rise to world power.

The Giant of the French Revolution Penn State Press

A specialist in Napoleonic history reveals the legendary leader's influence on the City of Light in this illustrated visitor's guide. Historian David Buttery explores the many connections between Napoleon and Paris, where many remarkable buildings and monuments date from his time in power. Many of the city's most famous sites were built or enhanced on Napoleon's instructions, while others are closely associated with him and the First French Empire. Buttery explores the Napoleonic history of the Arc de Triomphe, the Louvre, the Hôtel des Invalides, Musée de l'Armée, Notre Dame Cathedral, Père-Lachaise Cemetery, and other fascinating sites. Full of evocative detail and practical information, Napoleon's Paris is essential reading for every history buff who visits the French capital.

French Revolution: The Basics Verso Books

Darnton offers a reasoned defense of what the French revolutionaries were trying to achieve and urges us to look beyond political events to understand the idealism and universality of their goals.

War, Demobilization and Memory Bloomsbury Publishing

Beginning with a discussion of familiar images of the French Revolution, this work looks at how the ancien régime became ancien as well as examining cases in which achievement failed to match ambition.

The Encyclopedia of the French Revolutionary and Napoleonic Wars Cengage Learning

The catalysts, major events, and consequences of one of history's bloodiest revolutions are presented in a thrilling and academically rigorous way in this guide to the French Revolution. The stories of this historic episode's key players are narrated, including the tales of such well-known characters as Marie Antoinette and Napoleon Bonaparte. There is a thorough treatment of France's economy, government, and social life both before, during the various phases of, and after the Revolution. Napoleon's post-Revolutionary European conquests and subsequent downfall and exile are also narrated in this title sure to captivate all readers.

Napoleon's Paris Princeton University Press

The wars between 1792 and 1815 saw the making of the modern world, with Britain and Russia the key powers to emerge triumphant from a long period of bitter conflict. In this innovative book, Jeremy Black focuses on the strategic contexts and strategies involved, explaining their significance both at the time and subsequently. Reinterpreting French Revolutionary and Napoleonic warfare, strategy, and their consequences, he argues that Napoleon's failure owed much to his limitations as a strategist. Black uses this framework as a foundation to assess the nature of warfare, the character of strategy, and the eventual ascendance of Britain and Russia in this period. Rethinking the character of strategy, this is the first history to look holistically at the strategies of all the leading belligerents from a global perspective. It will be an essential read for military professionals, students, and history buffs alike.
