Punctilious to a fault, Sidney Lumet favored intense rehearsal, which enabled him to bring in most of his films under budget and under schedule. An energized director who captured the heart of New York like no other, he created a vast canon of work that stands as a testament to his passionate concern for justice and his great empathy for the hundreds of people with whom he collaborated during a career that spanned more than five decades. This is the first full-scale biography of a man who is generally regarded as one of the most affable directors of his time. Using the oral testimonies of those who worked with him both behind and in front of the camera, this book explores Lumet's personality and working methods.

CinemaScope One Penguin

Collection of the five hundred films that have been selected, to date, for preservation by the

National Film Preservation Board, and are thereby listed in the National Film Registry.

Time Sterling Publishing Company, Inc.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 Penguin

The Political, Social, and Literary History of France: Brought Down to the Middle of the Year 1871

Edinburgh University Press

Militarizing Outer Space explores the dystopian and destructive dimensions of the Space Age and

challenges conventional narratives of a bipolar Cold War rivalry. Concentrating on weapons, warfare and violence, this provocative volume examines real and imagined endeavors of arming the skies and conquering the heavens. The third and final volume in the groundbreaking European Astroculture trilogy, *Militarizing Outer Space* zooms in on the interplay between security, technopolitics and knowledge from the 1920s through the 1980s. Often hailed as the site of heavenly utopias and otherworldly salvation, outer space transformed from a promised sanctuary to a present threat, where the battles of the future were to be waged. Astroculture proved instrumental in fathoming forms and functions of warfare's futures past, both on earth and in space. The allure of dominating outer space, the book shows, was neither limited to the early twenty-first century nor to current American space force rhetorics.

Provate a immaginare 12 film che hanno rivoluzionato la storia del cinema. Fatto? Poi concentrate tale incredibile talento e passione tra il 1959 e il 1960. Ecco che avremo 24 mesi da ripercorrere a rotta di collo tra sparatorie di cowboys e baci che risvegliano dalla morte. Film che raccontano il passato della settima arte e ne anticipano il futuro. Una storia del cinema come non l'ha mai raccontata nessuno. Tra il 1959 e il 1960 il cinema è nel mezzo del suo cammino. Per uno strano scherzo del destino, in quei 24 mesi vengono girati ed escono nelle sale una incredibile serie di film destinati a segnare per sempre la storia della settima arte: da Un dollaro d'onore di Hawks, trionfo del cinema americano, a Fino all'ultimo respiro di Godard, che segna la nascita della Nouvelle Vague; da La dolce vita di Fellini a La grande guerra di Monicelli; da Psycho di Hitchcock a I magnifici sette; da L'appartamento di Billy Wilder a La bella addormentata nel bosco della Disney. Questi film sono poi l'occasione per partire per altri viaggi, lungo percorsi che vanno all'indietro fino ai Lumière, e anche prima, e in avanti fino all'oggi, ai tempi delle piattaforme, della serialità, di un modo inedito e rivoluzionario di farsi raccontare storie attraverso le immagini. Non pensate però a un saggio di critica cinematografica bensì a un vorticoso e appassionante racconto di 'dietro le quinte' di grandi film, di incontri personali, di ritratti dei personaggi che hanno immaginato e realizzato queste pellicole con la loro genialità, le loro debolezze, i loro sogni e le loro follie.

Billboard Xlibris Corporation

Can you name ten actors who played women or ten actresses who played prostitutes in the movies? What about anyone who gained weight or got into shape for a movie role? And, there are those who fell in love on a movie set, performed together, and were paid big bucks for a divorce. The answers are in this book, although you might have a preference for someone I didn't recognize. You might even learn something new about the movies or your favorite stars. Did you know that television's Police Squad! ran for only six episodes, but it led to three movies. Do you remember when Paul Newman played himself on The Simpsons? The idea for the book was based on a childhood pastime similar to hopscotch, but without the hopping or standing on one leg. This book is sure to bring hours of entertainment. There are over 1000 entries, organized into ten chapters with ten sections each. Sit down, keep reading, and enjoy!

Militarizing Outer Space Hal Leonard Corporation

"Mr. Thomas has understood [the Spanish Civil War] incredibly well and has written it superbly. A

full, vivid and deeply serious treatment of a great subject."—Vincent Sheean, The New York Times Book Review A masterpiece of the historian's art, Hugh Thomas's The Spanish Civil War remains the best, most engrossing narrative of one of the most emblematic and misunderstood wars of the twentieth century. Revised and updated with significant new material, including new revelations about atrocities perpetrated against civilians by both sides in this epic conflict, this "definitive work on the subject" (Richard Bernstein, The New York Times) has been given a fresh face forty years after its initial publication in 1961. In brilliant, moving detail, Thomas analyzes a devastating conflict in which the hopes, dreams, and dogmas of a century exploded onto the battlefield. Like no other account, The Spanish Civil War dramatically reassembles the events that led a European nation, in a continent on the brink of world war, to divide against itself, bringing into play the machinations of Franco and Hitler, the bloodshed of Guernica, and the deeply inspiring heroics of those who rallied to the side of democracy. Communists, anarchists, monarchists, fascists, socialists, democrats -- the various forces of the Spanish Civil War composed a fabric of the twentieth century itself, and Thomas masterfully weaves the diffuse and fascinating threads of the war together in a manner that has established the book as a genuine classic of modern history. "Stands without rivals as the most balanced and comprehensive book on the subject."—American Historical Review

"Impossible to put down." - Kirkus, starred review Nishat doesn't want to lose her family, but she also doesn't want to hide who she is, and it only gets harder once a childhood friend walks back into her life. Flávia is beautiful and charismatic, and Nishat falls for her instantly. But when a school competition invites students to create their own businesses, both Flávia and Nishat decide to showcase their talent as henna artists. In a fight to prove who is the best, their lives become more tangled—but Nishat can't quite get rid of her crush, especially since Flávia seems to like her back. As the competition heats up, Nishat has a decision to make: stay in the closet for her family, or put aside her differences with Flávia and give their relationship a chance.
