 Shira Spector,  
 whose  
 drawing is  
 visceral,  
 symbolic and  
 naturalistic,  
 literally paints

a vivid portrait  
 of the most  
 eventful 10  
 years of her  
 life,  
 encompassing  
 her tenacious  
 struggle to get  
 pregnant, the  
 emotional  
 turmoil of her  
 father's  
 cancer  
 diagnosis and  
 eventual  
 death, and her

recollections  
 of past  
 relationships  
 with her  
 parents and  
 her partner.  
 Set in a  
 kaleidoscope  
 of Montreal  
 and Toronto,  
 Red Rock  
 Baby Candy  
 begins in  
 subtle, tonal  
 shades of  
 black ink and

introduces color slowly over the next 50 pages until it explodes into a glorious full color palette. The visual storytelling eschews traditional comics panels in favor of a series of unique page compositions that convey both a stream of consciousness and the tactile reality of life, both the subjective impressions of the author at each moment of the life she depicts and the objective series of

events that shape her narrative. *Philippine Teacher* WaterBrook What makes somebody a Loser, a person doomed to unfulfilled dreams and humiliation? Nobody is born to lose, and yet failure embodies our worst fears. The Loser is our national bogeyman, and his history over the past two hundred years reveals the dark side of success, how economic striving reshaped the self and soul

of America. From colonial days to the Columbine tragedy, Scott Sandage explores how failure evolved from a business loss into a personality deficit, from a career setback to a gauge of our self-worth. From hundreds of private diaries, family letters, business records, and even early credit reports, Sandage reconstructs the dramas of real-life Willy Lomans. He unearths their confessions

and denials, foolish hopes and lost faith, sticking places and changing times. Dreamers, suckers, and nobodies come to life in the major scenes of American history, like the Civil War and the approach of big business, showing how the national quest for success remade the individual ordeal of failure. Born Losers is a pioneering work of American cultural history, which

connects everyday attitudes and anxieties about failure to lofty ideals of individualism and salesmanship of self. Sandage's storytelling will resonate with all of us as it brings to life forgotten men and women who wrestled with The Loser--the label and the experience--in the days when American capitalism was building a nation of winners. Hestia feels unseen at Mount Olympus Academy in this eighteenth Goddess Girls adventure. Hestia, the sweet goddess of the hearth, loves to cook, but is too shy to share her passion with other students. Her famous yambrosia salad is a MOA favorite—but no one has any idea that was her recipe! When she has to pick a symbol that represents her

highest self for a Service to Humankind contest, her classmates laugh at her first choice of an ordinary cooking pot. After initial embarrassment, Hestia becomes determined to break out of her shell and stop feeling so invisible around everyone at Mount Olympus Academy. With the help of PHEME, and a lizard-tailed boy named Asca, she begins to see that she has much to offer others. But

will her quest not show her best self after all?

 A page-turning novel that is also an exploration of the great philosophical concepts of Western thought, Jostein Gaarder's *Sophie's World* has fired the imagination of readers all over the world, with more than twenty million copies in print.

One day fourteen-year-old Sophie Amundsen comes home from school to find in her mailbox two notes, with one question on each: "Who are you?" and "Where does the world come from?" From that irresistible beginning, Sophie becomes obsessed with questions that take her far beyond what she knows of her Norwegian village. Through those letters, she enrolls in a kind of correspondenc

e course, covering Socrates to Sartre, with a mysterious philosopher, while receiving letters addressed to another girl. Who is Hilde? And why does her mail keep turning up? To unravel this riddle, Sophie must use the philosophy she is learning—but the truth turns out to be far more complicated than she could have imagined.

**Hestia the Invisible**

Shepherds Voice

Publications, Inc. Bad food has a history. Swindled tells it. Through a fascinating mixture of cultural and scientific history, food politics, and culinary detective work, Bee Wilson uncovers the many ways swindlers have cheapened, falsified, and even poisoned our food throughout history. In the hands of people and corporations who have prized profits above the

health of consumers, food and drink have been tampered with in often horrifying ways--padded, diluted, contaminated, substituted, mislabeled, misnamed, or otherwise faked. Swindled gives a panoramic view of this history, from the leaded wine of the ancient Romans to today's food frauds--such as fake organics and the scandal of Chinese babies being fed bogus milk

powder. Wilson pays special attention to nineteenth- and twentieth-century America and England and their roles in developing both industrial-scale food adulteration and the scientific ability to combat it. As *Swindled* reveals, modern science has both helped and hindered food fraudsters-- increasing the sophistication of scams but also the means to

detect them. The big breakthrough came in Victorian England when a scientist first put food under the microscope and found that much of what was sold as "genuine coffee" was anything but-- and that you couldn't buy pure mustard in all of London. Arguing that industrialization, laissez-faire politics, and globalization have all hurt the quality of food, but also that food swindlers have always

been helped by consumer ignorance, *Swindled* ultimately calls for both governments and individuals to be more vigilant. In fact, Wilson suggests, one of our best protections is simply to reeducate ourselves about the joys of food and cooking. *Red Rock Baby Candy* Bloomsbury Publishing USA These exciting new TreeTops Myths and Legends are guaranteed to appeal to all

your junior readers - whatever their cultural background, gender or enthusiasms. These are the oldest and most enduring stories in the world, retold by leading contemporary children's authors to bring out all of the action, drama, humour and depth of the original stories in a way that makes them as exciting and meaningful today as ever. The strand is comprised of 24 books,

telling a total of around 65 traditional stories from around the world. All of the stories are fully illustrated with stunning, vibrant images. The stories are carefully levelled, making them accessible to the average 7-11 year old reader. A thought-provoking letter from the author explains something about the background of the stories and the process of writing or

retelling them. The letter also encourages the reader to make links between stories in a collection - prompting a fascinating investigation of the similarities and differences between stories that have evolved from different cultures around the world. Free teaching notes with each pack offer suggestions on how to develop higher order comprehension and writing skills. They

also provide short introductions to many of the stories and discussion points to promote meaningful speaking and listening, and reflective reading. The stories are ideal formaking strong links to other areas of curriculum.

internet. Users can browse, search and view photos of today's people and events. They have free access to share, print and post images for personal use.

The Sweet Book of Candy Making

Vintage Too many salespeople are focused on the end result, the outcome—the close—and another notch on their gun! But, what if you approached "sales" from a heart-centered standpoint,

with curiosity and playfulness, as though the world were your sandbox? What if you created relationships for no other reason than to help others and make new friends? I know what you are saying, "How can it not be about results when it comes to business?" The bottom line is important, but if you detach from this burden while you are creating relationships, you will find that the

health of your bottom line will improve on its own!" In the 1950's life was much simpler. In today's culture of hustle and bustle, Stan's message in Giving Candy To Strangers is a welcome and thought-provoking way to grow your business and enhance your life while having fun at the same time. Please read it, practice it, and share it!" - Jerry Mathers, actor, Leave It To Beaver" Stan Holden

models serving before deserving in every personal relationship and this has catapulted him to the highest echelons of business success. Fortunately, in his new book Giving Candy to Strangers, Stan shares his friendship formulas with the rest of us. I am glad he did. I felt like highlighting every sentence, for every page was filled with entertaining stories packed with wisdom jewels that

when applied will produce better results both personally and professionally. "-Orrin Woodward, Guinness World Record holder, NY Times Bestselling Author, and Inc. Magazine Top 20 Leader" Stan Holden's Giving Candy to Strangers is aimed at people in the 'business' world ...however, this book is really for people looking to simply improve the business of their lives. It's

an easy fun read and every time you put it down you feel better about how to go about your life. Stan has given great simplistic clarity on how to run your life ... and your business while maintaining your soul."- Ted McGinley, actor, Married with Children, Happy Days, Love Boat

 David Fickling Books  
 If you thought vegan food was brown and bland, think again. V is for Vegan

blows that myth out of the water. Kerstin Rodgers' 150 recipes are game-changing, with ideas for breakfast treats, soups and salads, dips, snacks, naturally vegan dinners, and desserts you never thought possible without eggs or dairy. Kerstin offers easy ideas for flavor bombs like vegan parmesan, vegan mayonnaise, and super tasty condiments, and spice

mixes to maximize the flavor of your food. This is the book for anyone who's ever thought about cutting back their meat and dairy intake, or who's already vegan or vegetarian and wants imaginative recipes.  
**Born Losers**  
 Lulu.com  
 From New York magazine's award-winning restaurant critic, "a timely and delectable smorgasbord of dishes and dishing . . . honest, revealing and

funny.” —New York Times Book Review A wildly hilarious and irreverent memoir of a globe-trotting life lived meal-to-meal by one of our most influential and respected food critics As the son of a diplomat growing up in places like Hong Kong, Taiwan, and Japan, Adam Platt didn’t have the chance to become a picky eater. Living, traveling, and eating in some of the most far-flung

locations around the world, he developed an eclectic palate and a nuanced understanding of cultures and cuisines that led to some revelations which would prove important in his future career as a food critic. In Tokyo, for instance—“a kind of paradise for nose-to-tail cooking”—he learned that “if you’re interested in telling a story, a hair-raisingly bad meal is much better than a

good one.” From dim sum in Hong Kong to giant platters of Peking duck in Beijing, fresh-baked croissants in Paris and pierogi on the snowy streets of Moscow, Platt takes us around the world, re-tracing the steps of a unique, and lifelong, culinary education. Providing a glimpse into a life that has intertwined food and travel in exciting and unexpected ways, *The Book of Eating*

is a delightful and sumptuous trip that is also the culinary coming-of-age of a voracious eater and his eventual ascension to become, as he puts it, “a professional glutton.” “A scarfable recounting of his travels, told through meals.” —Food52 “Gastronomes and fans of Platt will savor this behind-the-scenes look at real life as a restaurant critic.” —Publishers Weekly “A

candid, entertaining look at an often bizarre new gustatory landscape.” —Kirkus Reviews “Entertaining.” —Booklist “A delicious peek behind the scenes of a storied career.” —BookPage, starred review **Sophie's World** Monsa Publications A range of simple stories for new readers, with beautiful colour illustrations. Mike and his dog Bowow are relaxing in the Chocolate Hills when the

ground starts to tremble and the next moment a gaping hole appears. Before Mike can stop him, Bowow jumps into the hole. Then a note floats up... Party. Come now. Just fall up. There's no time to wonder what it means - Mike jumps in and falls into the most topsy-turvy of adventures. A joyous story celebrating the power of unexpected friendships by award-winning author Candy Gourlay, beautifully

brought to life with stunning illustrations by Carles Ballesteros.	<i>volumes]</i> Charlesbridge Publishing A compassionate, shame-free guide for your darkest days	depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But
<u>Tall Story</u> Simon and Schuster Joy the Baker Cookbook includes everything from "Man Bait" Apple Crisp to Single Lady Pancakes to Peanut Butter Birthday Cake.	“A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.” —Kay Warren, cofounder of Saddleback Church	
What happens when loving Jesus doesn’t cure you of		
Joy's philosophy is that everyone loves dessert; most people are just looking for an excuse to eat cake for breakfast.		
<i>Cultural History of Reading</i> [2		

there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural

insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

**Why Is My**

**Forever Taking Forever?**

Hachette UK  
This book, written by historian Dawn Bohulano Mabalon with writer Gayle Romasanta, richly illustrated by Andre Sibayan, tells the story of Larry Itliong's lifelong fight for a farmworkers union, and the birth of one of the most significant American social movements of all time, the farmworker's struggle, and its most

enduring union, the United Farm Workers. **Of Mice and Men** Rizzoli Publications Minamoto Yoshitsune should not have been a samurai. But his story is legend in this real-life saga. This epic warrior tale reads like a novel, but this is the true story of the greatest samurai in Japanese history. When Yoshitsune was just a baby, his father went to war with a rival samurai family—and

lost. His father was killed, his mother captured, and his surviving half-brother banished. Yoshitsune was sent away to live in a monastery. Skinny, small, and unskilled in the warrior arts, he nevertheless escaped and learned the ways of the samurai. When the time came for the Minamoto clan to rise up against their enemies, Yoshitsune answered the call. His daring feats and impossible bravery

earned him immortality. **Philippine Education Magazine** Harvard University Press Andi is short. And she has lots of wishes. She wishes she could play on the school basketball team, she wishes for her own bedroom, but most of all she wishes that her long-lost half-brother, Bernardo, could come and live in London where he belongs. Then Andi's biggest wish comes true and she's

minutes away from becoming someone's little sister. As she waits anxiously for Bernardo to arrive from the Philippines, she hopes he'll turn out to be tall and just as crazy as she is about basketball. When he finally arrives, he's tall all right. Eight feet tall, in fact—plagued by condition called Gigantism and troubled by secrets that he believes led to his phenomenal

growth. In a novel packed with quirkiness and humor, Gourlay explores a touching sibling relationship and the clash of two very different cultures. *Swindled* Cambridge University Press From the 1960s to the 1990s, seven members of the Quimpo family dedicated themselves to the anti-Marcos resistance in the Philippines, sometimes at

profound personal cost. In this unprecedented memoir, eight siblings (plus one by marriage) tell their remarkable stories in individually authored chapters that comprise a family saga of revolution, persistence, and, ultimately, vindication, even as easy resolution eluded their struggles. *Subversive Lives* tells of attempts to smuggle weapons for the New People's Army

(the armed branch of the Communist Party of the Philippines); of heady times organizing uprisings and strikes; of the cruel discovery of one brother's death and the inexplicable disappearance of another (now believed to be dead); and of imprisonment and torture by the military. These stories show the sacrifices and daily heroism of those in the movement. But they also reveal its messy legacies: sons

alienated from their father; daughters abused by the military; friends betrayed; and revolutionary affection soured by intractable ideological differences. The rich and distinctive contributions span the martial law years of Ferdinand Marcos's rule. *Subversive Lives* is a riveting and accessible primer for those unfamiliar with the era, and a resonant history for

those with a personal connection to what it meant to be Filipino at that time, or for anyone who has fought political repression.

### **The House That Lou**

**Built** Colour Fiction

What is it about some books that makes them timeless? *Cultural History of Reading* looks at books from their earliest beginnings through the present day, in both the U.S. and regions all over the

world. Not only fiction and literature, but religious works, dictionaries, scientific works, and home guides such as Mrs. Beeton's all have had an impact on not only their own time and place, but continue to capture the attention of readers today. Volume 1 examines the history of books in regions throughout the world, identifying both literature and nonfiction that was influenced by cultural events of its time. Volume 2 identifies books from the pre-colonial era to the present day that have had lasting significance in the United States. History students and book lovers alike will enjoy discovering the books that have impacted our world.
